Hi Jan,

Can you please address the Court's request below. I looked through my e-mails and I initially had forwarded this request on to Don Shaff. I have his reply stating that he would start looking on the 22nd. There was a whole list of things that needed to be addressed and apparently these are last four issues from that list. It appears that the Court is pretty anxious to get this resolved. Thanks!

RE: Uncontested Rights 02-00001; 02-00004; 02-02161; 02-07139

Our records indicate that on June 15, 2009, Diana emailed IDWR regarding a missing quarter-quarter on each of these four rights. It's been two years and they are still pending. Could you please check on these to see if we can get them decreed soon.

Thanks so much!

02-10037 – The quantity element and the quantity under the Purpose of Use element are different?

02-2161 – ¼ ¼ are missing from a few of the place of use descriptions. Also, the Period of Use and the shoulder remark for the Period of Use don't jive.

02-1, 02-2 and 02-4, 02-7139 – ¼ ¼ are missing from Place of Use?

For all of the following rights, the Period of Use and the shoulder remark don't seem to jive. One or the other appears to need fixing. The remark extends use to November 15, but the Period of Use is November 15. Should the remark be eliminated or the Period of Use changed?

Please let me know if you are aware of any others. I need to get the edited lists of unclaimed water right to the SRBA Court by tomorrow.
