Subject: RE: Draft SF5s for review

Meghan and Jan,

Though I spoke to Jan by phone about the Tree Top SF5s previously, it would probably help if I reduced my observations to writing. So, here it goes...

63-127B: This right was split into C and D splits. The name and address of the original B split owner should be:

Tree Top Ranches LP
PO Box 8126
Boise, Idaho 83707.

This name and address change applies to all of the Tree Top rights, including the splits decreed disallowed because of the further splits of those rights.

63-127C: I find no errors on the recommendation except for the owner address issue discussed above.

63-128B: Please fix the Tree Top address as discussed above.

63-128C: I find no errors on the recommendation except for the owner address issue discussed above.

63-129B: Please fix the Tree Top address as discussed above.

63-129C: I find no errors on the recommendation except for the owner address issue discussed above.

63-130B: Please fix the Tree Top address as discussed above.

63-130C: I find no errors on the recommendation except for the owner address issue discussed above.

63-131B: Please fix the Tree Top address as discussed above.

63-131C: I find no errors on the recommendation except for the owner address issue discussed above.

63-178B: I find no errors on the recommendation except for: (1) the owner address issue discussed above; and (2) a missing comma in the POU combined use limitation remark. The comma is missing between "63-131C" and "63-178B."

63-178C: This is the lest split of 178. I want to make sure the lest POU in the NWSW QQ of Section 23, 5N, 5W does not overlap with that of Tree Top's in the same QQ on IDWR's mapping of the parties' respective rights. Tree Top owns the W1/2 of the NWSW and lest owns the E1/2 of the same QQ. I doubt there is an overlap given the parties' respective irrigated acres in the NWSW (18.0 for Tree Top and 15.2 for lest) because each acreage total is less than 20 acres (again Tree Top owns the west 20 acres and lest owns the east 20 acres), but that overlap issue cannot be determined from the described POU for the QQ alone. Jan, please double check IDWR's mapping to ensure that the lest irrigated acres are located on the east 20 acres of the NWSW QQ. Thanks.

63-21530: I find no errors on the recommendation except for the owner address issue discussed above.

63-33498: Like 178C above, this water right is owned by lest. The same POU concern discussed in the context of 178C applies to this water right as well.

63-33590: I find no errors on the recommendation except for the owner address issue discussed above.

If you or Jan has any questions, please feel free to contact me directly at 385-5418.

Thanks guys.

Subject: Draft SF5s for review

Dana and Andy,

Per my agreement with Dana I am sending the 34 draft SF5s for Tree Top Ranches LP, Obendorf, TheDrake LLC and The Tina Iest Family LLLP for review. I am sending Andy a copy also because I would like both of your reviews so all can be discussed and these SF5s completed.

Dana, you might notice that 63-178C is only in the name of Tina Iest. I don't know if it is supposed to be in the name of The Tina Iest Family LLLP and would need a change of ownership to put whichever name is correct on the right.

I'm ready for questions and problems.

Thanks,
