WATERMASTER'S REPORT

RECEIVED

JAN 18 2017

Department of Water Resources
Eastern Region

From April 1 2016 To October 31 2016

Water District No. 29

Name of Watermaster Steven S. Hebdon

P.O. Address 190 No. Meadowview - Arimo, Idaho 83214

AFFIDAVIT OF WATERMASTER

STATE OF IDAHO

COUNTY OF Bannock } ss.

Steven S. Hebdon, being first duly sworn, deposes and says that he is Watermaster of Water District 29, having been lawfully appointed by Gary Spackman, Director, Idaho Department of Water Resources, and that the volumes of water, as stated in this report and prorated by him to the water right holders of the district are correct.

Steven Hebdon

(Deputy) Watermaster District No. 29

Subscribed and sworn to before me, this 27 day of Dec, 2016

Pam Bissegger
Notary Public

(SEAL)

My Commission expires 1-3-2018

McCamm, ID, 2016
~~Brise~~ Idaho,

I HEREBY CERTIFY, that Steve S Hebdon was lawfully appointed by me as Water Master of Water District No. 29, and that the information contained in this report, as herein sworn to, is, to the best of my knowledge and belief, correct.

Gary Spackman

Director, Department of Water Resources

By Dennis Duwa

WATER DISTRICT #29

Dear Watermaster:

Enclosed herewith is a copy of the Watermaster's Annual Report for the past season.

The same has been prepared by the watermaster and approved by this Department in conformity with Sections 42-610, 42-614 and 42-615, Idaho Code.

During the 1993 legislative session, the legislature enacted a new law which amends Section 42-619(9), Idaho Code and removes the independent financial audit requirement for most state water districts. The new law, referenced by Section 67-450B, Idaho Code (copy enclosed) identifies minimum audit requirements for all local government entities. Under the new statute, the governing body of any local government entity (i.e.; water district) whose annual budget does not exceed one hundred thousand dollars (\$100,000) has no minimum audit requirements under this section. This means that any district which handles its own money and whose budget is one hundred thousand dollars (\$100,000) or less does not have to have an independent public account firm conduct a financial audit every few years as previously required by Section 42-619(9).

Please note that only the statutory requirement regarding the independent financial audit has been changed. Districts handling their own fund (i.e.; districts who collect and / or disburse their own funds) must still submit their own statement of the water district's financial affairs at the end of each fiscal year. As recommended in the Department's February 16, 1993 letter and the 1993 Watermaster Handbook, a copy of the financial statement may be submitted either with the annual water masters report or with the minutes of the annual meeting for the ensuing year. An example of an annual financial statement may be found in Appendix C of the 1993 Watermaster Handbook.

SCANNED
JAN 19 2017

The purpose of this letter is to remind all water districts that workers compensation insurance is required for all water district employees. This requirement applies to all water districts in Idaho, regardless of annual budget. Insurance should be applicable at least to all paid water district staff, including the water master as well as watermaster assistants, advisory committee, secretary and treasurer. The costs associated with workers compensation insurance is paid directly by the water district and should be considered an expense of the district. For information about obtaining insurance costs etc., please contact the Idaho State Insurance Fund. The State Insurance Fund has offices in Boise, Coeur d'Alene, Idaho Falls, Pocatello and Twin Falls. Water Districts are also reminded that all paid water district staff may be subject to state and federal taxes. These tax requirements will vary depending on salaries and total income of each watermaster or employee. In many water districts, particularly smaller districts with part-time staff, payment of watermaster or each employee. Districts may wish to contact the State Tax Commission or the Internal Revenue Service for information about state and federal withholding taxes.

Sincerely,

Sharla Cox
Administrative Assistant

MEMO

TO: Steve Hebdon, Watermaster for Water District 29
Ken Andrus
McCammon Ditch Company

FROM: James Cefalo JRC

DATE: September 30, 2016

RE: Futile Call Determination on East Bob Smith Creek

In recent years, the Department has been contacted multiple times by Steve Hebdon, watermaster for Water District 29, about the implementation of futile call on East Bob Smith Creek. After speaking with all of the parties about the issue, I wondered if there might be a way to provide more certainty to the parties moving forward. For example would it be possible to devise a system that would simplify the determination of futile call in future years?

East Bob Smith Creek flows into the Portneuf River and, when connected to the river during the summer months, contributes to the water supply of McCammon Ditch Company ("McCammon"). Priority date curtailment on the Portneuf River often settles on McCammon's senior right (29-57: 6/11/1889, 50 cfs) during the irrigation season. In other words, in mid- to late-summer, water right 29-57 is only partially filled. Any excess water in the river would go to fill McCammon's senior water right.

Except for some minor stockwater rights, Ken Andrus ("Andrus") is the only water user on East Bob Smith Creek. Andrus diverts water from East Bob Smith Creek through a ditch a short distance to a pipeline intake. The Andrus Rights are as follows:

Water Right No.	Priority Date	Source	Diversion Rate	Acres
29-13401	7/6/1868	East Bob Smith Cr.	0.72 cfs	36
29-13399	5/1/1896	East Bob Smith Cr.	0.56 cfs	28
29-188	7/1/1902	East Bob Smith Cr.	0.80 cfs	40
29-187	7/2/1902	East Bob Smith Cr.	0.70 cfs	35
29-193	7/2/1902	East Bob Smith Cr. / Springs	1.00 cfs	50
29-11678	3/1/1903	East Bob Smith Cr.	3.00 cfs	150
29-191	11/1/1903	East Bob Smith Cr.	2.06 cfs	103
29-11681	8/7/1932	East Bob Smith Cr. / Springs	6.55 cfs	327.4
29-11679	3/15/1963	Springs	1.28 cfs	64
Combined Totals			6.55 cfs	327.4

The only Andrus water right senior to McCammon is water right 29-13401, which authorizes a diversion rate of 0.72 cfs. If McCammon's water right 29-57 is only partly filled because of a lack of water on the Portneuf River, and upper East Bob Smith Creek is (or could be) physically connected to the river, then Andrus must be cut back to a maximum diversion rate of 0.72 cfs. Andrus acknowledges that he is limited to a diversion rate of 0.72 cfs if East Bob Smith Creek is connected to the Portneuf River and McCammon's water right 29-57 is only partly filled.

SCANNED
OCT 05 2016

The futile call issue arises as the creek flow declines over the summer. During the summer, upper East Bob Smith Creek (where the Andrus pipeline diversion is located) can become physically disconnected from lower East Bob Smith Creek and the Portneuf River. The creek channel would dry up entirely, even if Andrus were limited to his senior water right (0.72 cfs). At this point, the call for water on the Portneuf River becomes futile against upper East Bob Smith Creek, and Andrus would be able to take the full stream under his senior and junior water rights.

In recent years, the watermaster has required Andrus to cut back to a certain number of sprinkler heads (representing his senior water right 29-13401) for multiple days to see if upper East Bob Smith Creek connects to the lower, spring-fed part of the creek. Counting sprinkler heads is a rough way of estimating flow, particularly on the Andrus property where there is significant elevation differences across the property. Varying pressures, nozzle sizes, nozzle conditions and leaks in the pipe fittings can all create error in the flow estimate. Without a more accurate means of measurement, it is difficult to know whether Andrus is truly limited to 0.72 cfs during the futile call evaluation.

On September 19, 2016, I conducted a field exam of East Bob Smith Creek to better understand the dynamics of the system. I conducted a measurement of the creek upstream of the Andrus pipe intake. I measured approximately 1.2 cfs in the creek. The creek channel was 4 feet wide below the Andrus diversion. The distance between the Andrus diversion and the area where springs restore the flow in the creek is approximately 5,300 feet. Assuming a seepage rate of 2.55 feet per day (taken from the USGS soil identification tool), the estimated flow rate needed to overcome channel loss would be 0.62 cfs. The theoretical futile call breakpoint would be 1.34 cfs ($0.72 + 0.62$).

Recommendation

Because of the large variance in the stream channel profile and the thick vegetation down the stream channel corridor, it is difficult to calculate the channel loss between the Andrus diversion and the East Spring with any precision. I recommend conducting a formal measurement of the loss in the early summer when East Bob Smith Creek is flowing through the entire Andrus property. The stream should be measured in two locations: (1) Right below the Andrus pipeline diversion return flow and (2) Right above the East Spring. The measured loss between these points can then be established as the channel loss component. When the stream flow at the Andrus diversion drop below the critical level (Andrus's senior water right (cfs) + channel loss (cfs)), futile call is active and Andrus can divert all of the water. When the stream flow is greater than the critical level and McCammon's water right 29-57 is only partly filled, Andrus should be limited to his senior rights.

The watermaster should contact the Department in the 2017 irrigation season when conditions would be ideal to conduct the measurement of the channel loss.

RE: WATER DISTRICT #29

Dear Watermaster:

Your CERTIFICATE OF APPOINTMENT is enclosed herewith. You will, therefore, take charge of the waters of such district and distribute the same in accordance with the law and the decrees of the courts to the various users in such district in accordance with the terms and conditions of their respective rights, and perform such other duties as may be required by the Department of Water Resources, under the laws of the State of Idaho. You are hereby requested to assume your duties at once and continue thereat until the necessity therefore shall cease.

Please feel free to call upon this office whenever we can be of assistance to you. We have a personal interest in the success of your year's work and desire to keep in as close touch with you as conditions will permit.

Respectfully submitted,

Sharla Cox
Administrative Assistant

Portneuf River Water Users District #29
Water users meeting Held at Lava Community Building

March 7th 2016 at 2:00 P.M.

**Advisory Board Present Craig Crandall, President. Jim Andrus, Vice President
Wayne Avery, Secretary. Bryon Allen, Randy Morris, Tom Barnes,**

Craig Crandall called the meeting to order at 2:05 P.M. and welcomed everyone and asked everyone to sign in and put the stream or organization they represent. Craig asked the Secretary to read the minutes for March 2nd, 2015. Craig asked if there was correction to the minutes or comments, there was none. Craig asked for a motion to accept minutes as read, Steve Gravis 2nd the motion, motion passed. Craig asked if there was any discussion, Some commits on Steve Hebdon insurance for medical. Craig asked for a motion to accept financial statement, Earl Smith made the motion to accept the financial statement as read, Bryon Allen 2nd the motion. Motion passed.

Craig asked that Jim Andrus, Randy Morris, Wayne Avery serve the Credentials committee, and that use the 2015 billing for water if needed to vote. Steve Gravis made the motion to accept the people listed above, Chet Davids 2nd the motion, Motion passed.

Craig had the secretary go over the proposed budget from the secretary, It was decided to accept the proposed budget Steve Hebdon turned in of \$44,050.00. Tom Barnes made the motion to accept Steve Hebdon proposal budget for 2016, Jim Andrus 2nd the motion, Motion passed.

Craig said that the board recommends that Steve Hebdon be hired as Water Master for 2016 irrigation season for \$16,000.00 wages and 10,000.00 expenses with Linda Hebdon as assistant ad be paid \$100.00 a month out of Steve Hebdon wages, and Kevin Hebdon as assistant and be paid \$50.00 out of Steve Hebdon wages. There is to be no additional cost to the river district for assistant, Steve Hebdon was not hired for a 3rd year.

SCANNED
JUN 06 2016

Mark Bennet made the motion to accept the board recommendations, David Banks 2nd the motion, Motion passed.

Craig said that the board recommends that we round water assessments to the nearest dollar and not use credit and debit system for billing. Earl Smith made the motion to accept the board recommendation, Steve Gravis 2nd the motion, Motion passed.

Craig said that the board recommends using resolution B for collecting water assessments and use 2015 water figures for billing in 2016. Steve Gravis made the motion to accept the board recommendation, Randy Morris 2nd the motion, motion passed.

Craig opened the meeting up for elections of an advisory board, Bryon Allen made the motion to leave the board as it is presently constituted with Craig Crandall as President, Jim Andrus as Vice President, Wayne Avery as Secretary, Tom Barnes, Bryon Allen, Randy Morris as members. Steve Gravis 2nd motion, Motion passed.

Craig opened the meeting up for other business, Glen Christiansen said that he wants the problem of the river flooding his place every year; Tom Barnes said that it is moss and nothing can be done about it. Earl Smith said that some people from ISU came up and he took them up and the looked at it and did a study on the problem and made some recommendation and some chemicals to use on the moss and he had that information at his house. Bryon Allen recommended that we put together a committee to look into the problem some more. The committee will be Bryon Allen, Jim Andrus, Tom Barnes, Urban Green, Wayne Avery with Earl Smith as a person to consult with. Contact NRLS and talk to the people there. Robert Hauhn said that he was not getting any water to his place. Steve said that he needs to clean his ditch. Craig asked for any information from IDWR no one was there from IDWR.

SCANNED
JUN 06 2016

Randy Morris moved to adjourn meeting. Tom Barnes 2nd motion, Motion Passed. Meeting adjourned at 2:45 P.M.
