SECTION 42-606 IDAHO CODE

REPORTS OF WATERMASTERS. All watermasters shall make an annual report to the department of water resources prior to the expiration of the watermaster's appointment for the current year. This report shall show the total amount of water delivered by the watermaster during the preceding year, the amount delivered to each water user, the total expense of delivery and the apportionment of expenses among users and all debits and credits to be carried over to the following year. Such report shall also include records of stream flow the watermaster used or made in the process of distributing water supplies. The director may ask for other information deemed necessary in assuring proper distribution of water supplies within the district. The reports of watermasters to the department of water resources shall be filed and kept in the office of the department.

Instructions For Completing Annual Watermaster's Report

This form has been developed to assist the watermaster in complying with some of the annual reporting requirements of Section 42-606, Idaho Code. The form provides for summary of the amount of water delivered by the watermaster to each user, the total expense of delivery and the apportionment of expenses among water users, including debits and credits. Water distribution and hydrologic information including stream flow records, daily diversion data, water right information and water right priority cut summaries should be presented in a separate water distribution report.

Complete this annual report form of delivery and costs as follows:

- 1) Enter water right holder name, corresponding IDWR water right number or numbers, and corresponding diversion name and/or remarks on page 2;
- 2) Enter the total amount of water delivered to each user as total 24-hour second feet under column 1, page 3. Total 24-hour second feet is a flow rate expressed in terms of one day or 24 hours. For example, a continuous diversion of 2 cfs over 20 days would equal 40 24-hour second feet.
- 3) Under column 3, page 3, enter the amount of money assessed or billed to each user at the beginning of the year. The assessment may be found in the previous year's adopted budget report.
- 4) In the work space provided on the right hand side of page 3, add up total watermaster salary costs and expenses and enter as 'TOTAL COST'. Then divide this total cost by the total number of 24-hour second feet delivered (sum of column 1) to obtain the cost per 24 hour second feet delivered, or the unit cost factor.
- 5) Under column 2, page 3, multiply the unit cost factor (obtained in step number 4 above) by each user's total 24-hour second feet delivery in column 1 to obtain the total cost against each user.
- 6) For each user, subtract the total cost amount in column 2 from the adopted budget in column 3 and enter the difference either as a credit or debit (negative differences entered as debits, positive differences entered as credits).
- 7) Sign the report before a notary public and submit the original to the appropriate regional office of the Department of Water Resources. Retain one copy for the Water District.

Dear Water District Secretary or Watermaster,

Enclosed are several documents related to the annual water district meeting.

- 1) **Information form to provide the Idaho Department of Water Resources (IDWR) the date, time, and location of the next annual water district meeting.** Please complete the meeting information form and return it to IDWR. Upon receipt of the completed form, IDWR will send a meeting notice to each water user and interested party in the district. Meeting notices must be mailed no later than three weeks before to the meeting date. Therefore, to provide IDWR adequate time to create and mail the notices, please **return the completed form to IDWR as soon as possible or at least four weeks before the meeting dates.**
- 2) **List of water right owners within your district.** Look over the list and mark any name or address changes or additions. An accurate review of the list will ensure all users and interested parties are informed of the meeting. Return the corrected list with the completed meeting information form.
- 3) **Annual Meeting Checklist.** Per Idaho Code Title 42 Chapter 6 (Distribution of Water Among Appropriators), annual water district meetings must include (at a minimum) the actions outlined on the checklist. Fill out this form during the meeting and return with the meeting minutes or ensure your meeting minutes describe each of these actions.

If you are no longer the water district secretary or watermaster, please forward this to the current secretary or watermaster or return this correspondence to IDWR as soon as possible.

If you or water users have any questions or concerns about the annual water district meeting or ownership/address changes, please contact Rachel Neely at (208)334-2190 or Rachel.Neely@idwr.idaho.gov.

Sincerely,

Anna Kaiser
