PROVISIONAL DATA - Subject to change

Boise River system (Anderson Ranch, Arrowrock, Lucky Peak) is at 45 % of capacity.

Total space available: 520040 AF

Total storage capacity: 949700 AF

Natural Flow: 538 CFS

Payette River system (Cascade, Deadwood) is at 58 % of capacity.

Total space available: 333947 AF

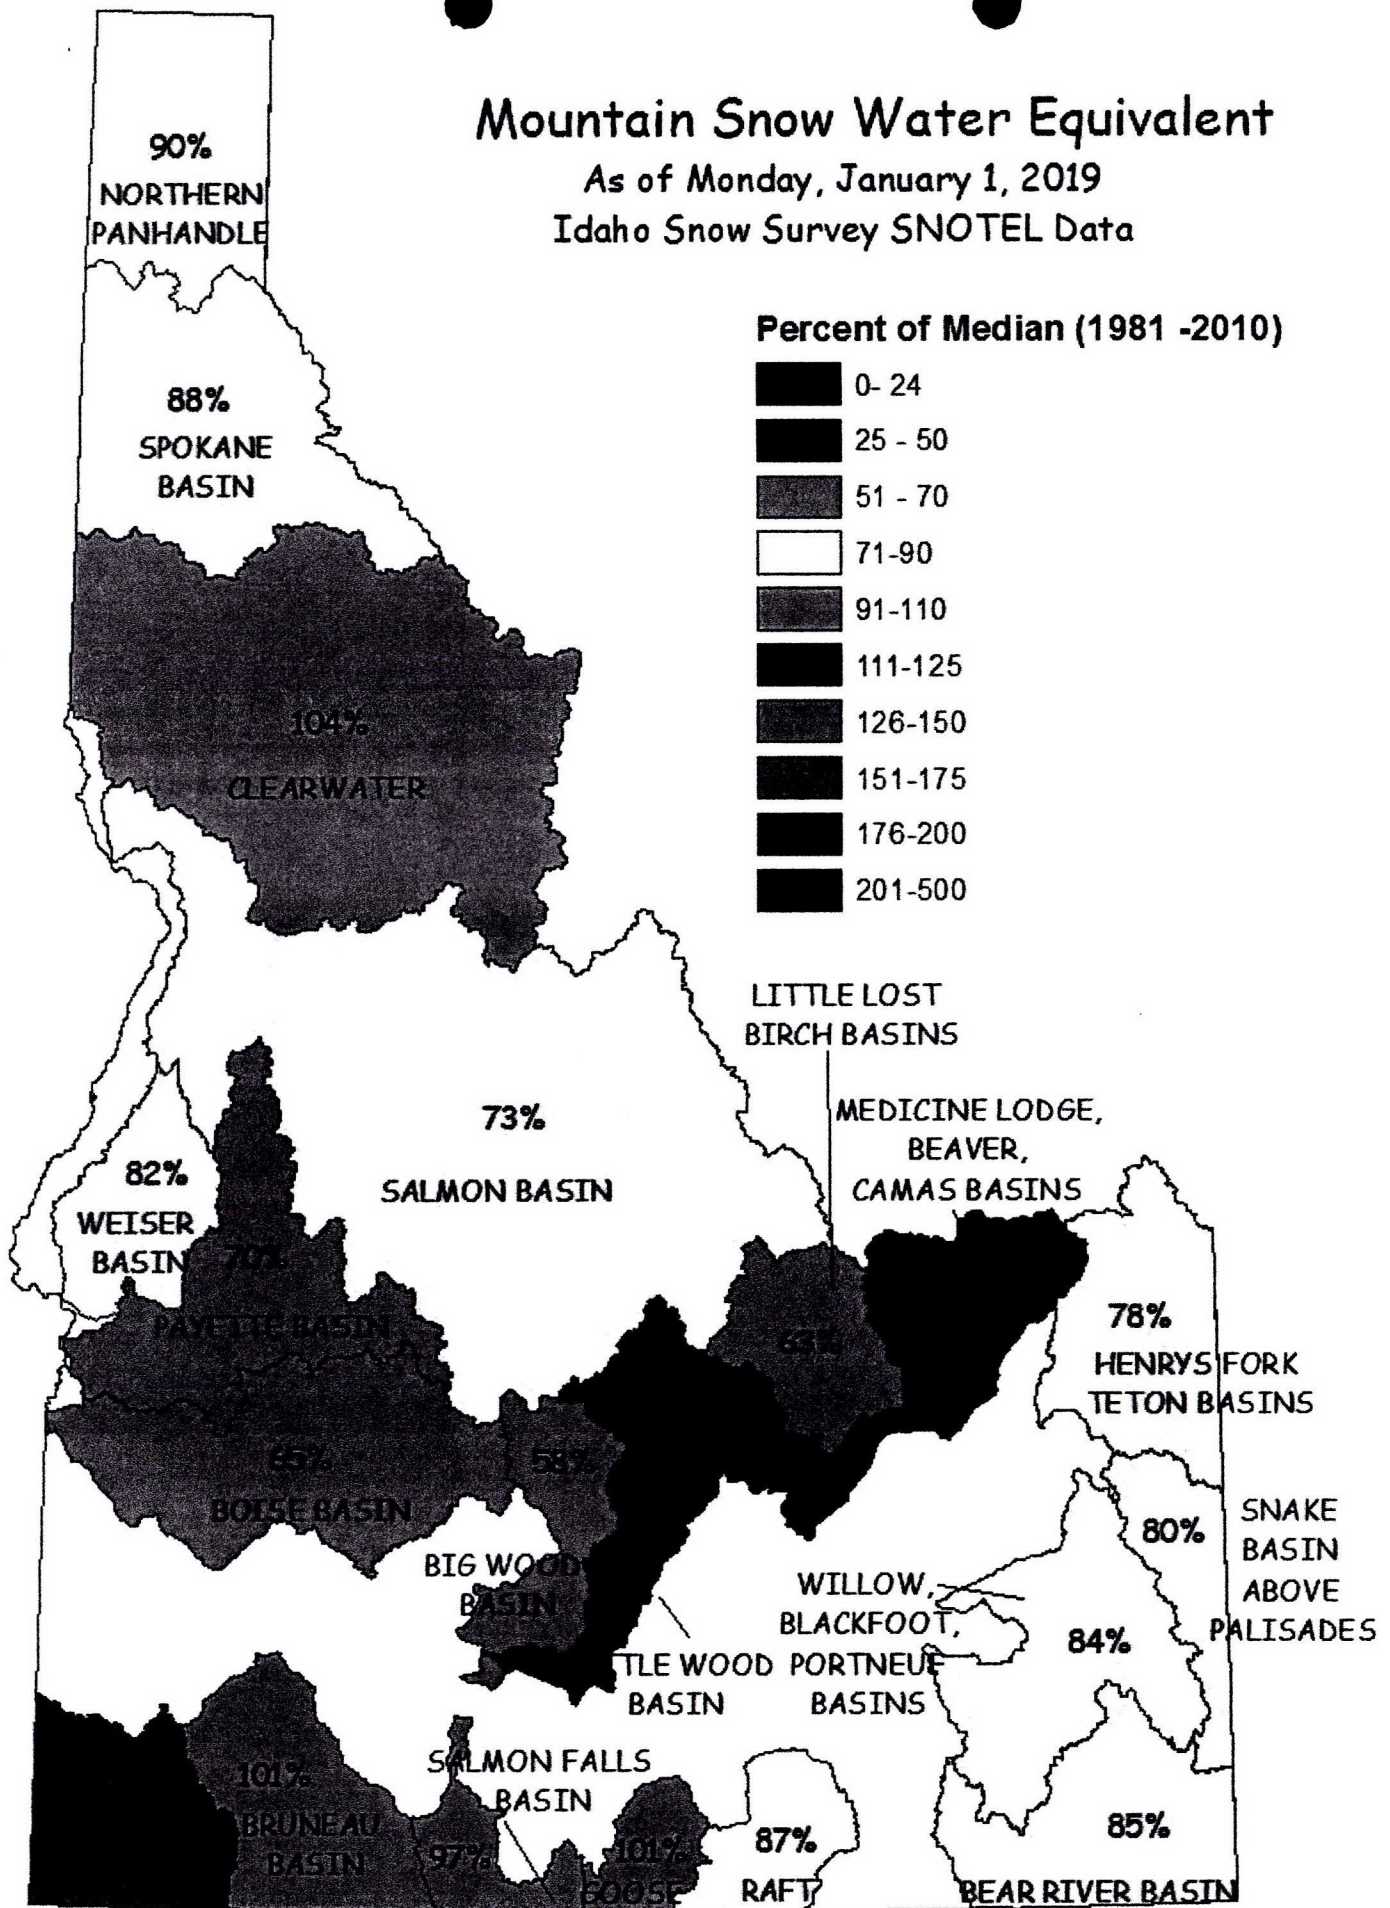

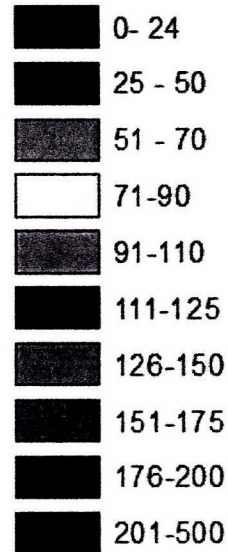

Total storage capacity: 800452 AF

Natural Flow: 710 CFS

Mountain Snow Water Equivalent

As of Monday, January 1, 2019
Idaho Snow Survey SNOTEL Data

Percent of Median (1981 -2010)

RESOLUTION A

RESOLVED, that the water users of Water District #63 do hereby agree to vote by acclamation the resolutions to be adopted in this meeting, unless a request is made by a qualified voter to vote on any resolution by casting a roll call vote counting the numbers of voting shares: each person or corporation with a right equal to the average annual dollar amount and any fraction thereof assessed for that water right for the previous five years.

RESOLUTION B

A motion to be made and seconded, that the budget, to include Resolutions I and J be adopted as read and that the items of salary and other expenses be fixed as contained therein.

RESOLUTION C

A motion to be made and seconded, that _____ REX R. BARRIE _____
Be authorized to serve as Watermaster for Water District #63 from the election at this annual meeting until the next election at the next annual meeting.

RESOLUTION D

A motion to be made and seconded, that the Watermaster shall be authorized to appoint such assistants as are necessary, and for such time as may be necessary, for the sufficient distribution of water of Water District #63 for the ensuing year.

RESOLUTION E

A motion to be made and seconded, that the costs be determined by the total amount of water delivered to each canal, both storage and natural flow, and that the Secretary/Treasurer be authorized to collect the Watermaster's Tax directly from the water users in Water District #63.

RESOLUTION F

A motion to be made and seconded, that the amounts payable by each ditch, canal company or other water user, as shown by the approved budget, shall become due and payable on April 10th of this year and said amounts, if not paid, shall bear interest from that date until paid at the rate of 8% per annum, and that no ditch canal company or other water user shall have the right to demand and receive water, and that the Watermaster shall not deliver water to such person until the amount of the tax due and payable from such user, as fixed by the budget, shall be paid.

RESOLUTION G

A motion be made and seconded, that the Chairman, Secretary/Treasure, and Advisory Board Members be elected by the water users to serve from this annual meeting until elected at the next annual meeting.

RESOLUTION H

A motion to be made and seconded, that the water users of Water District #63 pay the necessary expense for the Watermaster to attend the State and National Water Users Convention and any other meeting that are necessary for the ensuing year.

RESOLUTION I

All budget items except wages and benefits shall be paid thru the MMI account.
(Wages and benefits are paid thru the assessments.)

RESOLUTION J

That two signatures shall be required on all checks, and that the Chairman, Secretary/Treasure and the Watermaster shall be authorized to sign said checks.

Lucky Peak Dam and Reservoir O&M Costs

Background

- Lucky Peak Dam and Reservoir is owned and operated by the U.S. Army Corps of Engineers (USACE) for flood risk management, water supply, recreation and fish & wildlife
- Reclamation is authorized to contract for water storage at USACE facilities
- Reclamation has contracted with approximately 20 entities (Contractors) for a total of 71,018 AF of storage in Lucky Peak Reservoir
- Contracts require Contractors to pay their proportionate share of the Lucky Peak operation and maintenance (O&M) costs based upon their percentage of active capacity (“space-based”)
- In early 2017, Contractors requested Reclamation review the methodology it uses to determine the O&M rate

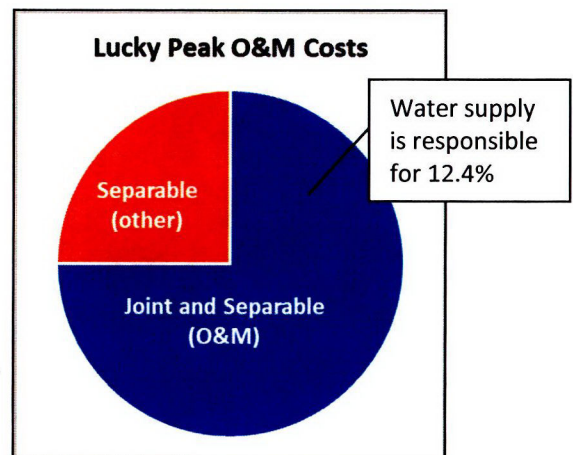

Rate Methodology for O&M Costs

- Beginning in 1982, Reclamation established a rate methodology based on categories of costs that was unique to Lucky Peak and not easily understood
- Based on the request from Contractors, Reclamation updated the rate methodology to a space-based approach in 2018:
 - ✓ O&M costs will be categorized as joint or separable, consistent with practices at other reservoirs and as described in Reclamation Manual policy
 - ✓ Reclamation will apply a space-based rate to all joint costs and to separable costs related to O&M for purposes of storing and releasing water under the terms of the contracts
 - ✓ Reclamation will not include separable costs related to other purposes (e.g., recreation management and fish & wildlife)

- The use of space at Lucky Peak Reservoir is as follows:

Flood Control (278,200 af)	48.7%
Water Supply (71,018 af)	12.4%
Streamflow Maintenance (152,300 af)	26.7%
Recreation (28,800 af)	5.0%
Flow Augmentation (40,932 af)	7.2%
Total <u>Use</u> of Space (571,250 af)	100.0%

* Active capacity is 278,200 af. Space is designated for more than one use

Planning for Annual O&M Charges

- Lucky Peak Dam facilities are reaching an age requiring major non-routine O&M activities
- Reclamation and USACE will provide Contractors 5-year planning projections for known non-routine O&M activities that may significantly impact the billing rate (e.g., bulkhead hoist system, slide gate cylinder repairs, emergency gate hoist replacement, fire suppression line)
- Reclamation will send 2019 billing rate notice letters to Contractors in January – letters will include 2019 bill amounts and billing rate projections for the next four years

Vern Case
Chairman - Called to Order @ 1:05 pm.

Rex -> Mike Meyers hired as deputy WM. Ray Nebraska maybe
as advisory committee

BOR - Roland

Lucky Peak O&M cost handout

Cloud Seeding program - success here...

Reclamation funding separate from rest of Dept. of Interior
co-funded. USFS + USDA + National Parks not operating.
Sec of Interior resigned last week. David Bernhardt
Deputy Sec now @ head / acting sec. for now. Dept of
Interior being re-organized (boundaries of regions, etc).
Likely not see much diff in Idaho.

Columbia River treaty w/ Canada + US, being worked
on (~1 wk a month) activity.

Boise River basin feasibility study - mainly in
Dec... looked @ raising dam heights all 3 dams. IDPB
providing 50% funding for study. Focus on Anderson
Ranch & Water Infrastructure... WILN Act funding...
Need to be approved by end of 2020 (feasibility study).
29,000 AF ~~add~~ add capacity left raise @ Anderson.
Working on design now. E.I.S. + Feasibility contract
awarded to Sundance + Jacobs. May-June next
public ~~inter~~ interaction on E.I.S. Website "Boise River
Basin Feasibility" google. New space would not
fill every year @ Anderson but still feasible.
Snowrock didn't pencil out 'cause of flood control

Elmore Co. has shown interest in water. Who contracts for space pays to build dam. Costs screening level estimates. \$2000 per AF estimate rough @ this point. New storage = new contracts or amend existing would affect O&M costs. Don't expect change to O&M substantially but will be part of study.

• Cat Creek - "lease of power privilege" To pull water out of Anderson daily cycle water btwn reservoirs.

~~Estimated~~ "20,000 AF reservoir for power generation!"

E.I.S. have to be funded by Cat Creek... so T.B.D. Once BOR start to do studies ↑ costs. Intend to line reservoir to eliminate seepage. Don't know what real proposal is yet fully. E.I.S. will be public process. E.I.S. ~ millions rather than 10s of millions.

⇒ Lucky Peak O&M is Corps fault but BOR authorized to contract space or BOR is "middleman" collect O&M from spaceholders. Outlet gates work ↑ costs. Looked @ contracts and methods for a year to modernize approach...

278,200 AF is entire reservoir capacity. Ultimately less cost to spaceholders w/ new method.

Paul Arrington - Internship programs... attract talent

1/2 to re-imburse expenses + 1/2 to attract intern w/ trip to Washington DC... Morgan Howard - U of I Agricultural degree graduated...

⇒ Columbia River treaty... telling us little. Last nego. in Canada... primary issue flood control operations... since Gov't

shutdown nothing happening. Flood control released all at once (historically) makes Canada mad. Other driving control is power generation.

Rebill Issue - Gary Spackman

= Legislation proposed addresses concerns about future development. If approved or not... next step go to adjudication judge. Supreme Court tentative Dec 2019 hope don't have.

=> Letter Gary sent out recently... Issue Barber Dam operation when goes off line users to users starts @ Kidenbrough to Nampa-Meridian propagates down. Letter to Ada Co + ENEL (operates power plant @ dam) operation can not affect water supply to senior WR holders.

Chuck Saleo engineer @ ENEL called this am to talk find a solution... ~~change~~ When power plant goes off no flow past perotocks then have to build pool behind Barber before water passes! "§12-701 order issued if can't solve w/ letter"
=> Acknowledge Rex + others service.

Paul Arrington - Idaho Water Users Assoc.

Federal level => Not a lot going on w/ shutdown. Lands bill was being negotiated - streamline title transfers, etc. Continue to talk infrastructure - like WINN Act (\$130 million added - \$1300 million find now). => Anderson Ranch moving forward now. Funding success w/ smaller infrastructure projects.

Regional level => Power systems operation EIS being drafted

"Rex-communicated issue to us but didn't make it over to state office"

on. NEPA analysis to be done. Columbia Basin partnership
NOST did study on salmon fights. = issue is not common
goals = partnerships (2 years been going) find common
ground... worked out list of goals to be finalized later next
month. Phase 2 how to get there (tweak harvest, breach dams,
etc...) Paul to take Norm's space there.

State level → legislative session starts today. Refill
Bill = HB 1. Jan 21 legislative meeting/banquet.

21-24 is IWRU convention. Sessions start Tues afternoon.

Matt Anders - IWRU Accounting.

⇒ Storage last year right @ 30 year avg. Storage
use ↑ due to dry July, Aug + earlier day of allocation.
Operational loss water passing by Middleton.

Carryover ~ avg. Not as good as 2017 but avg. 2018.

2018 ~ 100% reservoir fill. Anderson + Lucky Peak last to fill.

Oct 31 how much storage had, used + left over/carryover.

Late fill is Sept Oct when reservoir rights come back into priority.

⇒ Flood Water rights added to accounting (like Hicross)
Implement 2019 irrigation season.

⇒ Refill WRS do coding in May + update accounting, test
in July 2019 likely implement in 2020 if all goes as planned.

Rex → Focus on ~~up~~ above dams w/ deputy WRT so maybe
towards end of year be able to run double accounting report.

BOR - Peter Cooper

2018 below median snowpack. Temp 6° \uparrow normal melted quicker. Reached max fill end of May then did some flood control. June releases for flow augmentation.

46% capacity now = normal. Contents tracking @ normal. Boise River snowpack 62% of avg. as of Jan 6th. Bogus opened 20 days earlier. Picked up 7" last 24 hours. Trinity Mtn Snotel good indicator of basin conditions = approaching minimums there so pretty low snowpack so far, but was same in 2017 anything can happen.

0-10 forecast not too promising. 3-14 day little better warmer + wetter than normal. Jan 2019 warmer + drier than normal. 3 month forecast warmer + below/normal precip. El Niño conditions - tend to be drier than normal. Forecast 77% of avg = 6th lowest since 1993. No plans to increase space for flood control. 50% chance won't fill. 25% chance of flood control operations this year.

RE: Permit No. 63-34519

Dear Permit Holder:

Water District #63 has been made aware of your water permit No. 63-34519 that was issued to you by the Idaho Department of Water Resources. In condition #6 of your permit it calls for lockable controlling works and a measuring device. When you have met the requirements of the condition please contact our office so we may do an onsite inspection. Upon completion we will begin administration of your water right. Administration of this right will include access to this diversion.

Administration of water rights under Water district #63 will include an annual assessment beginning in 2020. Currently the minimum assessment charge is \$150.00 a year.

Should you have any questions please contact our office.

Sincerely,

Mike Meyers
Deputy Watermaster

Enclosed is your certificate of appointment as Treasurer of Water District 63 Boise River. The secretary's terms of service follows that of the Treasurer: *"throughout the year, extending until the annual meeting for the ensuing year, or until a successor is appointed"* (Idaho Code §42-619(5)). Based on the code, the Treasurer's appointment is from one annual meeting to the next, generally speaking.

Thank you for serving the State of Idaho and your community. Feel free to contact this office with any questions or concerns.

Sincerely,

A handwritten signature in cursive script, reading 'Anna Kaiser'.

2109 ADVISORY COMMITTEE MEETING

DECEMBER 11, 2019 STAR CITY HALL

Chairman Vernon Case called the meeting to order at 1:03 P.M. There were 6 guests at the meeting. Committee members present Vernon Case, Sam Rosti, Richard Durrant, Alan Newbill, Jim Payne, Larry Story, Mike Houston, Clintion Pline, Roland Springer, Martin Galvin, Randy Davison and Ray Nebeker. Guest: Bob Carter, Tom Rithaller, Ron Platt, Bryan Horsburgh. Matt Anders and Matt Weaver with IDWR

Minutes: Chairman Case asked for the minuities to be reviewed and approved. Motion to approve the minutes was made by Richard Durrant and second by Allen Newbil passed all in favor.

Barber Dam Water Call: Chairman Case asked Rex Barrie to go over the water call on Barber Dam. Rex gave an overview of the dam outages and explained to the committee that there were 2 notice of violations levied against Ada County and ENEL. Rex also informed the committee that he and Mike Meyers would be meeting with ENEL the week of the 16th to discuss ENEL plans for fixing the problem.

Elmore County Water Right and Cat Creek: Chairman Case asked Matt Weaver with IDWR to give an overview of Elmore County Water Right. Matt informed the Committee that the water right for Elmore County had been approved and that Elmore County had 5 years to start the building of the project and show beneficial use on the water right. Matt also stated that Elmore County could file for an extension if they do not make any progress. Elmore County's water right is for 200 CFS and 10,000 AF total storage out of Anderson only during flood control operations. Matt also spoke on Cat Creek project and informed the committee that there water right had not yet been approved by IDWR. There was no new information to report.

SCANNED

DEC 23 2020

Anderson Ranch Dam Raise: Chairman Case asked Roland Springer to speak on Anderson Ranch Dam Raise. Roland informed the committee that the EIS study is still on going and that the study should be released in February to the public. Roland also stated that the Idaho Water Recourses Board has filled for the water rights on the Anderson Ranch raise. Roland informed the committee that the project cost could be released as early as the fall of 2020.

Arrowrock Clam Shell Gates: Chairman Case asked Rex Barrie to speak on the Arrowrock clam shell gates that failed this summer. Rex gave an overview of what happened on the clam shell gates. Rex informed the committee that the water that went past the Middleton Gage due to the failure of the clam shell gates would be charged to operational loss until the Bureau of Reclamation can make a decision on where the water will be charged. Roland informed the committee that the hydraulic lines will be replace every 5 years going forward the lines that failed where on the gates for 10 years.

Weather Modification: Chairman Case asked Rex Barrie to talk about weather modification. Rex informed the committee that our agreement with Idaho power will end this water season and the committee needed to decide if they want to continue with cloud seeding. The committee decided that they did want to continue with cloud seeding a motion was made by Richard Durrant and second by Jim Payne motion passed all in favor.

New Business:

Winter Stream Flow Maintenance: Chairman Case asked Rex Barrie to speak on winter stream flow maintenance. Rex informed the committee that Idaho Fish and Game is looking at changing the flow regimen on the Boise River during the winter months to help improve the fishery on the Boise River. Rex also informed the committee that fish and game would like to make a presentation at the annual meeting to go over their proposal for possible change in the flows.

Fill/Refill Accounting: Chairman Case asked Matt Anders with Idaho Department of Water Recourses to give his presentation on Refill 1 & 2 accounting process. Matt informed the

committee that refill 1 & 2 have water right numbers associated with them now and that they are now in accounting the new water right numbers are 63-33734A and 63-33734B. Matt informed the committee that these new water rights will be used by the Bureau of Reclamation to turn flood control on and off in the accounting. BOR will need to let the watermaster know when flood control will be on and off and then the watermaster will change the accounting accordingly.

Resolutions: Chairman Case asked Rex Barrie to review the resolution's and the changes to resolution F, I, and J. Rex reviewed the changes and there was a motion to adopt the resolutions as corrected by Clinton Pline and second by Richard Durrant motion passed all in favor.

Dixie Slough Water Call: Chairman Case asked Rex Barrie to speak about the Dixie Slough water call. Rex deferred the topic to Mike Meyers. Mike gave the committee an over view on what happened with the city of Boise and what the water call means for the administration of the Dixie Slough. Mike stated that there will be added time to the route every week on checking diversions and that there could be up to a dozen new diversions that Water District 63 could have to administer this upcoming water season. Rex gave an overview on how this water call happened. Rex also told the committee that Greg Obendorf will receive a notice of violation for not installing a weir on his diversion off the Dixie.

Advisory Committee: Chairman Case informed the committee that he is stepping down from the Advisory Committee of Water District 63 effective at our annual meeting January 11th 2020. Vern suggested his replacement to be Ron Platt. A motion to have Ron Platt on the Advisory Committee was made by Richard Durrant and a second by Clinton Pline.

Watermaster Report: Chairman Case Asked Rex Barrie to give the Watermaster's report. Rex Gave an overview of the Watermaster's report. Rex also went over the Profit and Loss for 2019 through December. Rex then went over the new budget for 2020. Rex than gave an over view of the auditor's finical report. There was a motion made to accept the Watermasters and audit report by Richard Durrant and a second by Ray Nebeker passed all in favor. The Committee went into executive session at 3:00 and returned to open meeting at 3:20.

Deputy Watermaster Report: Chairman Case asked Mike Meyers to give the Deputy Watermaster's report. Mike gave the committee an over view of the progress in the upper basin and what next year will look like in the upper basin.

Marty Galvin asked the Chairman and the committee if Water District 63 if we would be donating to Karen Edwards retirement. It was decided that Water District 63 would donate \$500 to her retirement. A motion was made to approve by Marty Galvin a second by Mike Houston and passed all in favor.

There being no further business the meeting was Adjourned at 4:06 P.M.

Clinton C. Plaine

Mr. Rob Whitney
Water Distribution Section Manager
Idaho Department of Water Resources
322 East Front Street
Boise, ID 83720

Dear Mr. Whitney:

The intent of this letter is to provide joint written instructions from the U.S. Bureau of Reclamation (BOR) and Idaho Department of Fish and Game (IDFG) to the Idaho Department of Water Resources (IDWR), for conveyance to the water master, regarding release of streamflow maintenance pursuant to water right 63-03618. Historically, a winter release of 240 cfs is utilized from the water right when the streamflow maintenance water supply is adequate. Given the adequacy of the water supply in 2019, BOR and IDFG request that 240 cfs be held in the Boise River over the winter of 2019-2020 beginning no later than November 1, 2019.

If you have questions regarding the information provided in this letter please contact Bryan Horsburgh, BOR, Snake River Area Office Deputy Area Manager at 208-383-2251 or Bill Bosworth, IDFG, Southwest Region, Staff Biologist at 208-854-8967.

Sincerely,

Bryan Horsburgh

Mr, Randy Carr

I'm writing this letter to go over what we discussed at your diversion on 7/19/2019. First of all, thank you for meeting with me. In regards to the order put out by the Idaho Department of Water Recourses your diversion is half way to compliance you have a locking power panel so there is no need for any further work there you will need to install a flow meter. We are giving you one year to do so from the date of this letter 7/19/2019. When you complete the work of the flow meter call me so I can inspect it. I will be sending you an email after you install your flow meter with a spread sheet so it is easy for you to report the usage of your pump. If you have any questions feel free to call me. Thanks again for you time.

Sincerely

Mike Meyers

Mr. John Krempa,

Thanks for meeting Rex and myself the other day. I wanted to go over with you what we talked about, I want to give you the Idaho Department of Water Resources link for approved flow meters.
<https://idwr.idaho.gov/files/water-measurement/approved-flow-meter-list.pdf> . As we discussed we will give you 1 year to install an acceptable flow meter. There will be an assessment every year coming in January most likely you will fall in the minimum assessment which is \$150.00 as you grow your business that might change but I don't think you will divert that much water. Thanks again for taking time to meet with us. If you have any questions or need assistance with you water rights don't hesitate to contact us.

Sincerely,

Mike Meyers

**WATER DISTRICT #63
MINUTES OF THE ANNUAL MEETING
JANUARY 7, 2019
Star City Hall, Star, Idaho**

RECEIVED
JAN 11 2019
WATER RESOURCES
WESTERN REGION

Chairman Vernon Case called the meeting to order at 1:04 P.M. There were 55 water users and guests at the meeting.

Chairman Case asked Rex Barrie to inform the water users about Oscar Baumhoff retiring from the committee and he has asked that Ray Nebeker replace him.

Minutes: Chairman Case asked if anyone wanted the minutes read. No request was made to read the minutes. Brian McDevitt moved to accept the minutes. Second by Richard Durrant. Motion passed with all in favor.

Roland Springer, US Bureau of Reclamation:

Roland talked about the current cloud seeding program and said from the BOR's point of view it was a successful program. The Federal Government shutdown has not affected the Bureau, as its budget was approved earlier in the year. The Department of Interior has begun a re-organization process that the Regional and Snake River offices will have to participate in. The Columbia River Treaty process is moving forward but with little information being made public. Roland also reported on the Boise River Feasibility study to look at increasing storage behind the three existing dams on the system. Priority has been given to Anderson Ranch as it has the most cost effective review. If Anderson is raised by 6 feet it would increase capacity to 29 KAF. Early cost estimates are approximately \$2000.00 per acre foot. This amount will change when final numbers are calculated.

Cat Creek still has not been funded so the BOR will not begin the feasibility study until they receive funds from Cat Creek.

Roland also report on the O&M costs associated with Lucky Peak. They have worked on these costs with space holders to try and lower annual costs.

Adopt Resolution A: Brian McDevitt moved to adopt resolution A. second by Richard Durrant. Motion passed with all in favor.

Elect Secretary: Jim Payne moved to elect Sam Rosti as secretary for 2019. Second by Neil Allison. Motion passed with all in favor.

Elect Chairman: Oscar Baumhoff moved to elect Vernon Case as Chairman for 2019. Second by Richard Durrant. Motion passed with all in favor.

SCANNED
JAN 15 2019

Elect Advisory Committee: Rex Barrie explained that Oscar Baumhoff was stepping down from the committee and asked that Ray Nebeker be appointed for his position. It was moved by Oscar Baumhoff to appoint Vernon Case, Sam Rosti, Jim Payne, Randy Davison, Clinton Pline, Alan Newbill, Martin Galvin, Mike Houston, Larry Story, Richard Durrant, Ray Nebeker and Roland Springer to the Advisory committee. Second by Ron Sedlacek. Motion passed with all in favor.

Watermasters Report: Rex Barrie reported on the 2018 water year including snowpack, run off, day of allocation, rental pool operations and financial statements. All storage accounts were considered filled by the Flood Control Committee. (Watermaster, Boise Project Board of Control and Bureau of Reclamation) the day of allocation was June 12, 2018. Flood control operations began on March 21, 2018 and ended on June 11, 2018.

Storage at the end of December was 429,094 acre feet in the system.

Rental pool operations were reported at, 65,016 acre feet for flow augmentation, 40,932 AF from the BOR, 20,754 AF was leased to BOR from space holders and 3330 AF was leased for in basin use.

Bank balances at the end of December were reported as follows. Money Market \$630,855.03, Checking \$9,209.76 and State Investment at \$49,576.43. Rental Pool payments will be \$409,428.00 to space holders and \$34,440.12 to the Idaho Water Resources Board. After payments are made the balance in the money market account will be \$196,196.67

The committee hired Mike Meyers as Deputy Watermaster and began work on January 2, 2019.

Rex also reported on the cost of the Black Book Watermasters report and that he would be looking into putting the report on CDs next year to cut costs on the printing and binding of the reports. 15 books cost the district over \$800.00. Gail Glasgow Moved to accept the Watermasters report as presented. Second by Mike Houston. Motion passed with all in favor.

Budget Review and Approval: Chairman Case asked Rex to present the budget review and the 2019 proposed budget. After review it was moved by Brian McDevitt to adopt the 2019 budget as presented. Second by Ron Platt. Motion passed with all in favor.

Old Business:

Chairman Case introduced Mike Meyers and asked him to tell the water users a little about himself. Mike stated that he was from Idaho and had worked in the water arena for Pioneer Irrigation District and was looking forward to his position at Water District #63.

Boise Basin Refill: Director Gary Spackman reported on the proposed settlement agreement concerning the refill issue and said he expected it to be presented early in the 2019 legislative session. He has hopes that it will be adopted without any challenges. Gary also reported that he was made aware of the Barber Dam issues regarding reduction in flows to the river when they stop generation. This has a potential to interrupt flows to senior right holders and he has sent a letter to Ada County addressing these concerns.

Weather Modification: Rex reported on the current cloud seeding operations with Idaho Power including the amount of time ground generator's had operated and the amount of flares used by aircraft.

Columbia River Treaty: Chairman Case asked Paul Arrington to bring us up to speed on the current status of the treaty. Paul reported that negotiations with Canada were continuing but that not much information was being made public at this time.

New Business:

Minimum Assessments: Rex Barrie reported that the Advisory Committee had approved an increase to the minimum assessment from \$100.00 to \$150.00 and asked the water users to approve this increase. It was moved by Gail Glasgow to increase the minimum assessment to \$150.00. Second by Brian McDevitt. Motion passed with all in favor.

Adopt Resolution B thru J: Rex reported that a change was needed in the resolutions. Resolution I addressing wages and benefits should be removed so the Deputy Watermaster wages can be collected from general assessments. Brian McDevitt moved to strike Resolution I and to move Resolution J to I and to pass Resolutions B thru J. Second by Richard Durrant. Motion passed with all in favor.

Elect Watermaster: Mack Meyers moved to elect Rex Barrie as Watermaster for 2019. Second by Ron Platt. Motion passed with all in favor.

Elect Assistant Watermaster: Mack Meyers moved to elect Mike Meyers as assistant Watermaster for 2019. Second by Clinton Pline. Motion passed with all in favor.

Audit Report: Sam Rosti stated that the audit was prepared by Gary Merkle and reviewed by the committee and anyone wanting to review the audit to contact Rex for a copy. Motion to accept the Audit Report by Richard Durrant. Second by Ron Sedlacek. Motion passed with all in favor.

Guests:

Gary Spackman, Director, Idaho Department of Water Resources.
Gary's report is listed above.

Paul Arrington, Idaho Water User's Association:

Paul reported on the Columbia River Treaty and introduced Morgan Howard as the new intern for IWUA. Paul stated that he wanted to thank the water users of District #63 for their continued support of the intern program. Paul reported that the Federal Government shut down has had

some effect on the land bill including a review of removal of the four lower Snake River Dams. The President of the U.S. would like this review completed by 2020. Paul also reported on the Columbia Basin Partnership and the Salmon discussions within that group. The Idaho Water Users Association annual convention will be January, 21 thru January 24, 2019.

Matt Anders, IDWR: Matt reviewed the 2018 water accounting and provided information on the storage account and operational losses to the system.

Peter Cooper, BOR: Peter reported on the current conditions in the basin and compared them to 2018. His report included end of year storage and current forecasted runoff in the basin.

Adjourn: there being no other business the meeting was adjourned at 3:32 P. M.

Vernon Case, Chairman

Sam Rosti, Sect/Treas.

Dear Water District Secretary or Watermaster,

I have enclosed are several documents related to the annual water district meeting.

- 1) **Information form to provide the Idaho Department of Water Resources (IDWR) the date, time, and location of the next annual water district meeting.** Please complete the meeting information form and return it to IDWR. Upon receipt of the completed form, IDWR will send a meeting notice to each water user and interested party in the district. The Department must mail meeting notices no later than three weeks before to the meeting date. Therefore, to provide IDWR adequate time to create and mail the notices, please **return the completed form to IDWR as soon as possible or at least four weeks before the meeting dates.**
- 2) **List of water right owners within your district.** Look over the list and mark any name or address changes or additions. An accurate review of the list will ensure all users and interested parties are informed of the meeting. Return the corrected list with the completed meeting information form.
- 3) **Annual Meeting Checklist.** Per Idaho Code Title 42 Chapter 6 (Distribution of Water Among Appropriators), annual water district meetings must include (at a minimum) the actions outlined on the checklist. Fill out this form during the meeting and return with the meeting minutes or ensure your meeting minutes describe each of these actions.

If you are no longer the water district secretary or watermaster, please forward this to the current secretary or watermaster or return this correspondence to IDWR as soon as possible.

If you or water users have any questions or concerns about the annual water district meeting or ownership/address changes, please contact Anna Kaiser at (208)334-2190 or Anna.Kaiser.@idwr.idaho.gov.

Sincerely,

Anna Kaiser
Administrative Assistant

Re: Annual Water District Meeting Information Form

Please **complete this annual water district meeting information form and return it to IDWR** (contact information below). Upon receipt of the completed form, IDWR sends meeting notices to each water user and interested party in the district. Notices must be mailed no later than three weeks prior to the meeting day. Therefore, to provide IDWR adequate time to create and mail the notices, please **return the completed form to IDWR by as soon as possible or no later than four weeks before the meeting day.**

Annual Water District Meeting Checklist

Per Idaho Code Title 42 Chapter 6 (Distribution of Water Among Appropriators), annual water district meetings must include (at a minimum) the actions listed below.

IDWR wants to ensure each water district is meeting these minimum standards. Please return this completed checklist to the appropriate IDWR regional office with the annual meeting minutes (this list does not replace meeting minutes) *or* ensure that all of these actions are clearly addressed in the meeting minutes.

Water District Number and Name:

Meeting Date:

- ☐ Election of meeting chairman and secretary
- ☐ Election of water district watermaster
- ☐ Election of water district assistant watermaster(s) (optional)
- ☐ Election of water district secretary/treasurer (optional)
- ☐ Approval of adopted budget
- ☐ Next year's meeting date, location, and time

By signing below I verify that all required actions have been addressed at the water district annual meeting

Completed by:

Water District Representative

Miller, Nick

Subject: 2019 Annual Water District meeting WD 63
Attachments: 63_MeetingInfo Req 2019.pdf; WD63 MailingList (12-03-18).xls

Rex,

Got your phone message this morning. Rachel Neely has left the department, so I am scrambling to get these things caught up.

I am mailing out the attached letter tomorrow morning, but if you could work with Sam to review the attached mailing list and get me the info sheet within about a week or so, we can get the meeting notices out in time.

Feel free to give me a call if you have any questions.

Nick.
