## **SUMMARY**

## **2010 WATERMASTER REPORT**

### **2010 Watermaster Summary for WD110**

Our water measurement agent, Heather Bohac, accomplished a remarkable amount of work in 2010. She completed 257 well measurements within the district and conducted field investigations on 27 other wells. According to protocol, about 250 wells of the 750 wells within the district are scheduled to be visited every year. Data for the well measurements have been recorded in the WMIS records for each of the respective wells. Our staff also verified the 2010 diversion volumes for all of the wells within the district. In addition to our measurement effort, we assisted water users within the district in completing transfer applications to address some possible violations. All of the work within the district was completed in an efficient and professional manner. Financial reports, diversion records, and assessment records are summarized in separate documents. James Cefalo (watermaster)

**PERSONNEL LISTING**

**WATER DISTRICT 110**  
**2010 PERSONNEL**

James Cefalo	Watermaster

Daren Bitter  
Lynn Wood

**MINUTES OF ANNUAL MEETING**

WD110 Annual Meeting  
02/10/2010, 1:00 p.m.  
West Jefferson High School  
Terreton, ID

Meeting was called to order at 1:15 p.m. Those in attendance were Lyle Swank (IDWR), James Cefalo (IDWR), Wendy Murphy (IDWR), Kenda Jones (IDWR), Heather Bohac (IDWR), Kirk Jacobs, Scott Clawson, Mike Cope, and Don Parker. There were 12 other attendees.

Election of Chairman and Secretary were addressed. Don Parker motioned to elect Kirk Jacobs as chairman and Kenda Jones as secretary. Jerry Dalling seconded the motion and it passed without opposition.

Kirk Jacobs talked about the responsibilities of IDWR in relation to WD110. Lyle Swank introduced the IDWR staff and gave a brief description of the duties they perform for WD110. Kirk talked about the retirement of Ernie Carlsen and the appointment of a new watermaster, James Cefalo.

Minutes were reviewed and in the first sentence of the 2<sup>nd</sup> paragraph, the name Don Carlsen was changed to Don *Parker*. In the second paragraph, second sentence, Carl Downs was changed to *Farrel* Downs. No other changes were made. Lynn Burtenshaw motioned to accept the minutes, with corrections. Don Parker seconded the motion and the minutes were passed.

Wendy Murphy presented the financial report. Profit loss shows assessment income is \$69,692, finance charges \$71, interest income \$35, for total income of \$69,798. It is slightly more than the projected budget of \$69,673. Expenses include travel \$50, IDWR contract \$55,814, operating expense \$682 for total expenses of \$56,547. Net income for 2009 is \$13,251. Current balance sheet shows \$26,356 in checking/savings account. Accounts receivable is \$428, which includes past due balances and refunds, for total assets of \$26,785. Accounts payable is \$5766, which is a projected invoice from IDWR for total current liabilities of \$5766. Open balance equity is \$15,583, negative retained earnings of \$7,815. Net income is \$13,251 for total equity of \$21,018. Total liabilities and equity is \$26,785. Final bill from IDWR has not been received for January. Wendy discussed the Audit report and everything is in order. Don Parker moved to accept the financial report, Lynn Wood seconded and it passed without opposition.

Lyle Swank gave an update on the water supply situation and current snow pack and reservoir levels. System wide, reservoirs are looking good right now. Palisades is currently at 78%, American Falls is at 84%. At the same rate, American Falls should be full by April 1<sup>st</sup>. Palisades, at the same rate will be full late April. Snow Pack definitely factors into water levels as well as rain fall. The basins in Eastern Idaho are looking worse than other parts of the state. Ririe reservoir may be difficult to fill year. Snow

Water Equivalent graph shows we are well below average for the year compared to previous years.

Heather Bohac gave the watermaster report. She talked about department protocols, which is to measure 1/3 of all wells every three years. A break down of well measurements was given. There were 220 PCC measurements, 3 flowmeters, 3 timeclocks, 1 alternate, 8 unused and 4 were unable to be measured. Heather discussed the importance of turning in pump cards. She is trying to eliminate the monthly pump cards and go to one per year method. Data was evaluated this year and letters were sent to people whose systems were too complicated to be accurately measured. Data from this year has been entered into our database and is current. Any questions can be answered by calling IDWR office.

Wendy Murphy reviewed changes to the 2010 Resolutions. James Cefalo was introduced and he spoke about his experience and education. He has extensive experience with water rights, measurements, and resolving issues within the department and has been with IDWR since 2007. Changes are as follows:

Dates will change to reflect the current year, 2010  
#2 of the resolutions James Cefalo will replace Ernie Carlsen as watermaster of WD110.  
#16 of the resolutions will be deleted, as it no longer applies. CAMP has replaced The Eastern Snake Plain Aquifer Management Committee. Subsequent numbers will be changed to reflect the deletion of #16. Jerry Dalling made a motion to accept the resolutions with changes, Don Parker seconded the motion and resolutions were passed without opposition.

WD110 was under budget for the year. The budget will increase slightly to include a leave calculation that was not included in last year's budget. Assessments will remain the same. Lynn Burtenshaw motioned to accept the budget as proposed with changes, Lynn Wood seconded and the budget passed without opposition.

Election of advisory committee was discussed. No changes will be made at this time. Lynn Burtenshaw motioned to leave committee members in place. Lynn Wood seconded the motion was passed.

Don Parker motioned to adjourn, Mike Cope seconded and the meeting adjourned at 2:00 p.m.

**APPROVED RESOLUTIONS**

**Water District 110  
2010 Resolutions**

1. That the watermaster perform the duties as required by Chapter 6, Title 42, Idaho Code and in accordance with:
  - 1) The duties described in the Final Order Creating Water District 110, signed by the Director of the Idaho Department of Water Resources (IDWR), April 17, 2006, including:
    - a) Measure, record and report diversions of ground water right included in Water District NO. 110;
    - b) Administer and enforce water rights in Water District No. 110 in priority;
    - c) Curtail unauthorized or excessive diversions in Water District No. 110 (i.e., any diversion without a water right or in excess of the elements or conditions of a water right);
    - d) Curtail out-of-priority diversions under ground water rights in Water District No. 110 determined by the Director to be causing injury to senior priority water rights if not covered by a stipulated agreement or a mitigation plan approved by the Director;
    - e) Enforce the provisions of any stipulated agreements or mitigation plans approved by the Director and applicable in Water District No. 110.
  - 2) Direction and guidance provided by the Director of IDWR pursuant to Idaho Water Law.
  - 3) The annual water district resolutions as adopted herein.
2. James Cefalo\_be elected the watermaster for Water District 110. That the Director of IDWR appoints James Cefalo an employee of IDWR, to provide watermaster services for the ensuing year.
3. As provided in Idaho Code § 42-608(4), the watermaster shall serve until the next annual meeting of the water district after election at this meeting and upon appointment by the Director.
4. The water users of Water District 110 hereby empower the elected advisory committee to enter into a Memorandum of Understanding between the Water District and the Director of IDWR that will provide for the following:
  - a) Water District 110 will provide compensation of the watermaster for all administrative watermaster duties (all duties other than measurement and reporting) for the term of service as specified in item 3 of these resolutions.

- b) The 2010 budget for Water District No. 110 includes expenses related to measurement and reporting, and will be set at this annual meeting in accordance with item 7 of these resolutions.
  - c) Water District No. 110 will provide compensation to IDWR for clerical and financial account support services.
  - d) The watermaster shall maintain an office for the ensuing year within the IDWR Eastern Regional Office, located in Idaho Falls, Idaho.
  - e) IDWR will provide office space, vehicles and the use of all necessary office and field equipment in exchange for compensation as set in the budget for the ensuing year. This arrangement shall not give Water District No. 110 any ownership interest in any IDWR office space and equipment.
- 5. Water District No. 110 includes one or more canal companies, government entities, or other water delivery entities. The following canal companies and government entities had cooperative agreements or other arrangements with the North Water Measurement District to annually measure and report diversions on their own and to the measurement district in order to promote efficiency in the administration of water rights and water management. But will pay a pro rata portion of the Watermaster salary.
  - 1) Montview Canal Company
  - 2) Producers Canal Company
  - 3) Jefferson Irrigation Company
  - 4) United States Fish & Wildlife Service Camas National Wildlife Refuge
- 6. The entities designated above may have employees who measure and report diversions to the watermaster of Water District No. 110. The watermaster of Water District No. 110 may therefore appoint employees or agents of these entities as assistant watermasters for purposes of measuring and reporting water use to the watermaster of Water District No. 110. The water district watermaster and the Director of IDWR will provide direction and guidance to assistant watermasters for measuring and reporting of diversions in these entities, including but not limited to the following:
  - a) Each entity responsible for data collection shall provide an annual report of diversion data to the water district watermaster in accordance with Idaho Code § 42-606, § 42-708, § 42-709, and the direction provided by the Director of IDWR.
  - b) Assistant watermasters shall cooperate and coordinate with the water district watermaster and IDWR in sharing water use information.
  - c) The regulation of diversions, including curtailment of diversions and other water right enforcement actions, shall be the primary responsibility of the water district watermaster and IDWR.

- d) The designated districts will first be given the opportunity to resolve unauthorized diversions, or other enforcement matters before action is taken by the watermaster or IDWR.
  - e) To the extent that assistant watermasters may otherwise be involved in the regulation or enforcement of diversions, such involvement will be under the instruction of the watermaster and the Director of IDWR.
7. The budget of Water District No. 110 for the fiscal year 2010 beginning February 1, 2010, and ending on January 31, 2011, be as follows:
- See attached Budget
8. Assessment basis for measurement & reporting expenses: Diversions in Water District 110 that are not already measured by one of the canal companies or government entities identified in item 5 of these resolutions, and also have a diversion rate allowed by their water right in excess of 0.24 cfs and/or irrigation of more than five acres shall be measured directly by the water district in the ensuing year and assessed for measuring and reporting at the following rate;
- a) \$25 per diversion, and;
  - b) A pro-rata share of the total expense for measuring and reporting, minus the total amount charged for all the diversions in the district required to measure, determined by the fraction of the recorded diversion rate for each water right is to the total recorded diversion rate of all water rights being measured in the district.
9. Alan Kelsch be elected Water District No. 110 Treasurer. The duties of the treasurer will be to approve the expenses and disburse water district funds, and to prepare or oversee preparation of a written statement of the financial affairs of the district at the end of each fiscal year, in accordance with Idaho Code, Section 42-619.
10. An advisory committee shall be elected at each regular annual session to represent the interests of the water users and to provide input to the watermaster and the Director of IDWR. The advisory committee will consist of two water users from Hamer, two water users from Montevieu, and two from Mud Lake/Terreton Area.
11. WHEREAS Idaho Code 42-605 provides for voting by water users and election of an advisory committee, the water users of Water District No. 110 hereby resolve that the credentials for voting in any district meeting and for serving on the district advisory committee will be as follows:
- a) Must be a water user of the district as evidenced by a valid water right or
  - b) Must have paid all assessments owed to the water district.

12. The annual Water District No. 110 meeting shall hereafter be held on the second Wednesday of February, of each year unless the Director of IDWR or the Water District No. 110 advisory committee should find it necessary to change the meeting date or unless changed by resolution of the district at any annual meeting.
13. Copies of the minutes of the annual meeting, the budget as approved, all resolutions approved, and the report prepared in accordance with Idaho Code § 42-615, shall be filed with the director of the Department of Water Resources in accordance with Idaho Code § 42-617.
14. The watermaster of Water District No. 110 shall be responsible for submitting to IDWR annual reports showing water use and such other information that may be deemed necessary by the Director of IDWR in accordance with Idaho Code § 42-606, § 42-708, and § 42-709.
15. The watermaster and assistant watermasters are authorized under Idaho Code § 42-1701(5) to make reasonable entry on lands within the district to carry out the duties of the watermaster as instructed by IDWR. These duties include but are not limited to:
  - a) Monitoring diversion and measuring rate and volume of water diverted from ground water and other public water sources.
  - b) Measuring the depth to water in wells.
  - c) Monitoring the place, period, and nature of use of water to identify unauthorized diversion and use and to determine compliance with mitigation provisions required by agreement or order of IDWR.
16. All payments for assessments not received by May 1, 2010 shall accrue penalties in the amount of 10% of the charge and interest in the amount of 1% per month, as provided pursuant to Idaho Code § 42-617.
17. Be it also resolved, that the Watermaster is authorized pursuant to Idaho Code § 42-618, to withhold or suspend deliveries of water to any water users who have not paid their assessment charge by January 1 of the year following the billing date.

## WATER DISTRICT 110 BUDGET 2010

**OTHER MINUTES**

Water District 110 Advisory Meeting  
02/03/2010, 1:30 P.M.  
IDWR, Idaho Falls

Meeting was called to order at 1:30 p.m. Those in attendance were Lyle Swank, Wendy Murphy, Heather Bohac, Tim Luke, James Cefalo, Kenda Jones, Kirk Jacobs, Don Parker, Daren Bitter, Mike Cope, and Lynn Wood.

Minutes were reviewed from 11/05/2009 advisory meeting. Late assessments were discussed. Letters were sent to Larry Lee and Dan Murdock regarding non-payment. Tim Luke discussed Idaho code which states: "...that the watermaster is authorized pursuant to Idaho Code Section 42-618 to withhold or suspend deliveries of water to any water user who has not paid their assessment charges by January 1 of the year following the billing date." Don Parker motioned to accept minutes as read, Daren Bitter seconded and the minutes were passed.

Wendy Murphy presented the financial report. Current balance sheet shows \$26,356 in checking/savings account, total current assets of \$26,785. Total liabilities and equity is \$26,785. Wendy explained the negative retained balance. Profit loss shows assessment income is \$69,692, finance charges \$71, interest income \$35, for total income of \$69,798. Expenses include travel \$50, IDWR contract \$55,814, operating expense \$682 for total expenses of \$56,547. Net income for 2009 is \$13,251. Don Parker motioned to accept the financial report, Lynn Wood seconded the motion and the motion passed.

Wendy reviewed the Audit, which is all in order. Members discussed whether or not an audit is necessary. Idaho code states that "the governing body of a local government entity whose annual expenditures from all sources do not exceed \$100,000 has no minimum audit requirement under this section". The budget to date has been under \$100,000 so an audit is not necessary. Kirk Jacobs suggests WD110 have one every two years.

Heather Bohac presented the watermaster report. She discussed NOV letters that were sent last year. They have all been resolved. Power data has been entered from data received. Pump cards were discussed and ways to simplify tracking the information. Some have a hard time getting the information to us. Flowmeters were discussed at length and the accuracy of the data that we get from them. "Once per year" cards were discussed and we will eventually go to this method. Systems change so measurements still need to be done every three to five years. Orders were sent from Boise to four people in WD110 regarding systems that were too complicated for agents to measure. Only one person has responded to the order so far. Don Parker motioned to accept Heather's watermaster report as read. Daren Bitter seconded and the motion was passed without opposition.

Lyle presented the water supply report. Handouts were given that show water levels around the area. Good news for this year is that we have good carry over from Palisades,

American Falls and Jackson. This is due in part to snow pack and the wet spring we had last year. We are almost 78% full at this time. Palisades is storing a small amount of water; Jackson Lake is passing inflow through, which is normal operation for that reservoir. American Falls is likely to fill and is projected to be full by April 1<sup>st</sup>. Ririe Reservoir's releases are shut off all winter and it is not likely to fill. Lyle is still working with the Bureau of Reclamation to study whether or not Ririe can retain additional storage during fall and winter. It would help with storage, rentals and water calls. The reservoir was built by the Corp as a flood control reservoir to prevent Idaho Falls and surrounding area from being flooded. Some progress is being made with respect to this issue. Discussion was held regarding whether or not it is prudent to continue with the current flood control rule curve. Snow water equivalent is not looking great this year and it will be difficult to get where we need to be, even with more snow/rain. Snotel site information shows we are below average for the year and runoff is not expected to be great this year.

Wendy reviewed the 2010 resolutions and changes to them. Dates will be changed to reflect the current year. Resolution 4 recommends James Cefalo for replacing Ernie Carlsen as watermaster for WD110. Lyle discussed James' credentials and experience which includes a civil engineering degree and law degree from Colorado University. He joined IDWR in 2007 and has extensive experience resolving issues within the department. Lyle reassured the board that James will continue to be an advocate for them as well as the state. Concerns were addressed, discussions were held and a recommend will come at the annual WD110 meeting to be held 02/10/2010. Resolution 16 will be deleted, as it no longer applies. CAMP has replaced The Eastern Snake Plain Aquifer Monitoring Committee. Subsequent numbers will be changed to reflect the deletion of #16.

Wendy discussed the proposed budget for 2010. It has been raised slightly from last year to include a leave calculation that was not included in last year's budget. Hours will remain the same. Overall, WD110 was under budget for 2009, fewer hours were worked than were budgeted for which offset the leave calculation. Total budget for 2010 is \$82,548. Assessments will remain the same and carryover will be used for any extra hours and expenses that may be incurred. MOU was discussed and new signatures will be obtained from the interim director. Jerry Dalling moved to accept the 2010 Resolutions as amended, Don Parker seconded and the Resolutions passed without opposition.

Daren Bitter motioned to adjourn meeting, Don Parker seconded the motion and the meeting adjourned at 3:31 p.m.
