Water District 120 Advisory Meeting

6/17/2008
1:30 PM
900 N. Skyline Dr.
IDWR Large Conference Room

Agenda

Call the Meeting to Order	Tim Deeg
Minutes	Lisa Purvis
Financial Report	Wendy Murphy
Water Supply and Rental Pool	Joe Kaufman
IDWR Activities	Ernie Carlsen
Watermaster's Report	Ernie Carlsen and Gene Hansen
Chairman's Report	Tim Deeg
Other Business	
Adjournment	

Additional Information

Water District 120
Advisory Committee Meeting
Minutes (Draft)
Tuesday, January 29, 2008
1:30 pm. – IDWR Conference Room

Attendees: Scott Clawson, Nic Behrend, Richard Mayer, Blake Jordan(IDWR), Tim Deeg, Lisa Purvis(IDWR), Stephanie Mickelsen, Gaylen Van Oder, Dane Watkins, Wendy Murphy(IDWR), Wendy Murphy(IDWR), Gene Hansen(IDWR), Craig Evans and M. Dan Hammond.

Tim Deeg called the meeting to order at 1:30 pm.

Stephanie Mickelsen motioned to accept the minutes as read and Dane Watkins seconded. The minutes were approved by all in attendance.

Wendy Murphy presented the Financial Report from November 2006 to October 2007. The Auditor adjusted the allowances for doubtful accounts. Actual expenses of the district were considerably under budget due to the following factors: Blake was not hired until mid season and Ernie under charging for his services. The budget presented is \$112,100 for the IDWR contract and \$500 for meeting expenses. The total amount proposed to assess to water users is \$112,000 but can be reduced because the district currently has equity in excess of \$160,000.

Dane Watkins moved to adjust the budget as follows: Resolution 5 b) changed from Per AF charge for measurement based on portion of measurement cost to measurement of \$.27. Resolution 5 c) was changed from \$.10 per AF to .05 per AF for Administrative purposes. Resolution 10 changes the Assessment Income: \$112,000 to \$91,180, adding projected Interest Income of \$7,200. Expenses were changed by adding Misc. Hydrographer Expense of \$360 and reducing the Meeting Expense from \$500 to \$140.00. If the expenses exceed the \$98,380 projected income the water district will use funds from savings. Stephanie seconded the motion. The motion was approved by all those in attendance.

Gene Hansen gave the Watermaster's report. Out of the 306 points of diversion in Water District 120, 87 site visits were done (40 Flow Meters, 8 Time Cards, 27 PCC, 7 Alternatives and 33 Audits). There were attempts to another 67 PODs that could not be measured. Either the wells were off, people were not available. The protocol of measuring 1/3 of the wells was not met. Considerable amount of time was spent reviewing the compliance of water users within their water rights.

2008 Goals:

1. Re-visit and Re-measure questionable measurements.
2. Re-visit and Re-measure 2005 measurements.

The resolutions that are to be proposed at the 2008 annual meeting were then reviewed. Stephanie motioned to accept the resolutions, Dane seconded the motions. All those in attendance approved the resolutions.

There is a bill in the legislature that would provide the funding for the ESPA monitoring cost for the next 10 years. The Watermaster felt the bill would be passed and did not include these costs in the 2008 budget.

Blake Jordan informed the board about Notices of Violation. Five were sent out for WD120: Robert Reed, Deloy Ward, Reed Barrett, FGS Farms, and Wride Farms. In order to resolve the violation, the violators will have to attain a water right or rent water from a water bank. There will be more Notices of Violation mailed out in the future. Tim Deeg talked about a permissible place of use. Blake and Gene mentioned that the users could get a temporary water right in some circumstances.

Tim Deeg spoke about updates on the hearings. He said the recent decision by Judge Schroder was not a clear victory for spring users. The groundwater users motioned for reverification and redetermination. No Spring users have filed reconsideration as of last night.

Ron Carlsen is being called as a witness at the hearings. He happened to be in the building and Tim Deeg asked him to speak. He said that a lot of the decision was based on the Eastern Snake Plain Aquifer Model. He questioned the validity of the model. Stephanie asked when the Department is going to take responsibility for their decisions.

Stephanie motioned that the meeting be adjourned. Craig seconded the motion. The meeting adjourned at 3:30 pm.

Draft

Water District 120
Advisory Committee Meeting
Minutes (Draft)
Tuesday, January 29, 2008
1:30 pm. – IDWR Conference Room

Attendees: Scott Clawson, Nic Behrend, Richard Mayer, Blake Jordan(IDWR), Tim Deeg, Lisa Purvis(IDWR), Stephanie Mickelsen, Gaylen Van Oder, Dane Watkins, Wendy Murphy(IDWR), Gene Hansen(IDWR), Craig Evans and M. Dan Hammond.

Tim Deeg called the meeting to order at 1:30 pm.

Stephanie Mickelsen motioned to accept the minutes as read and Dane Watkins seconded. The minutes were approved by all in attendance.

Wendy Murphy presented the Financial Report from November 2006 to October 2007. The Auditor adjusted the allowances for doubtful accounts. Actual expenses of the district were considerably under budget due to the following factors: Blake was not hired until mid season and Ernie under charging for his services. The budget presented is \$112,100 for the IDWR contract and \$500 for meeting expenses. The total amount proposed to assess to water users is \$112,000 but can be reduced because the district currently has equity in excess of \$160,000.

Dane Watkins moved to adjust the budget as follows: Resolution 5 b) changed from Per AF charge for measurement based on portion of measurement cost to measurement of \$.27. Resolution 5 c) was changed from \$.10 per AF to .05 per AF for Administrative purposes. Resolution 10 changes the Assessment Income: \$112,000 to \$91,180, adding projected Interest Income of \$7,200. Expenses were changed by adding Misc. Hydrographer Expense of \$360 and reducing the Meeting Expense from \$500 to \$140.00. If the expenses exceed the \$98,380 projected income the water district will use funds from savings. Stephanie seconded the motion. The motion was approved by all those in attendance.

Gene Hansen gave the Watermaster's report. Out of the 306 points of diversion in Water District 120, 87 site visits were done (40 Flow Meters, 8 Time Cards, 27 PCC, 7 Alternatives and 33 Audits). There were attempts to another 67 PODs that could not be measured. Either the wells were off, people were not available. The protocol of measuring 1/3 of the wells was not met. Considerable amount of time was spent reviewing the compliance of water users within their water rights.

2008 Goals:

1. Re-visit and Re-measure questionable measurements.
2. Re-visit and Re-measure 2005 measurements.

The resolutions that are to be proposed at the 2008 annual meeting were then reviewed. Stephanie motioned to accept the resolutions, Dane seconded the motions. All those in attendance approved the resolutions.

There is a bill in the legislature that would provide the funding for the ESPA monitoring cost for the next 10 years. The Watermaster felt the bill would be passed and did not include these costs in the 2008 budget.

Blake Jordan informed the board about Notices of Violation. Five were sent out for WD120: Robert Reed, Deloy Ward, Reed Barrett, FGS Farms, and Wride Farms. In order to resolve the violation, the violators will have to attain a water right or rent water from a water bank. There will be more Notices of Violation mailed out in the future. Tim Deeg talked about a permissible place of use. Blake and Gene mentioned that the users could get a temporary water right in some circumstances.

Tim Deeg spoke about updates on the hearings. He said the recent decision by Judge Schroder was not a clear victory for spring users. The groundwater users motioned for reverification and redetermination. No Spring users have filed reconsideration as of last night.

Ron Carlsen is being called as a witness at the hearings. He happened to be in the building and Tim Deeg asked him to speak. He said that a lot of the decision was based on the Eastern Snake Plain Aquifer Model. He questioned the validity of the model. Stephanie asked when the Department is going to take responsibility for their decisions.

Stephanie motioned that the meeting be adjourned. Craig seconded the motion. The meeting adjourned at 3:30 pm.

Water District 120
Regular Advisory Committee Meeting
Minutes
Tuesday, December 11, 2007
1:30 pm. – DEQ Conference Room, Idaho Falls

Attendees: Richard Mayer, Marla Tribble, Dane Watkins, Blake Jordon, Gene Hansen, Neal Powell, Gaylen Van Order, Stephanie Mickelson, Lyle Swank, Wendy Murphy, Lisa Purvis, Ernie Carlsen, Tim Deeg.

Tim Deeg called the meeting to order at 1:39 pm. Stephanie Mickelson moved to accept the September 11, 2007 minutes as printed. Dane Watkins seconded this motion, all those in attendance approved.

Wendy Murphy then presented the financial report. The draft Profit and Loss statement as of October 2007 showed income totaling \$119,937.78 and expenses of \$60,141.26. ESPA monitoring expenses were budgeted but spent. The legislators appropriated the money for 2007 and there is a bill proposed for 2008 as well. Net income so far is \$59,256.52. The Balance Sheet shows checking and savings accounts with \$171,312.96, accounts receivable with \$1,609.90 and funds held by IDWR of \$8,194.84. The total assets and equity of WD120 is \$181,117.70. The one Accounts receivable seriously past due balance (Gillenwater) after 5 years her water rights could be forfeited. The current balance is \$578.27. Dane Watkins motioned to approve the financial reports. Stephanie Mickelson seconded the motion.

There was some discussion about the February 11, 2008 Annual meeting. Tim Deeg brought up that it should be at American Falls this year since it was in Blackfoot last year. Stephanie mentioned that for better representation it should rotate each year. Blackfoot City Council Chambers was reserved. Tim Deeg will get back with Lisa about reserving a place in American Falls.

Lyle Swank spoke about water supply. Water District 1 this year had highest consumption of irrigation rights and 11 months below average precipitation. Palisades was reduced to 2% this past season (which is the lowest it has been since 1989 storage). Palisades is currently at 14% and American Falls at 34%. Average carryover would be about ½ full. We need a lot of snow pack to catch up. There was then some discussion about if there are groups in the western states that lobby together for water rights. Lyle mentioned The National Water Resource Group.

Ernie Carlsen gave the IDWR report. IDWR is still working through the list of NOV's. Some just need to file transfers to correct the shape files. Those that are just clerical changes with no hydrological impact will not require advertising and should be a one day approval. We are working on developing flow chart in house to follow the transfer process.

Wendy asked when was a good time to notify districts of transfers. Tim Deeg said the sooner the better even if it means a monthly report. Stephanie said that ground water districts are not notified on property ownership changes. Tim Deeg said sometimes that the rights are held in escrow. Marla asked if the department kept track of ownership changes. Tim Deeg recommended to cross check the County Assessor Change of Ownership with Boise report. Gene said that he thought that water rights should be completed within 1 year but that he visited a site where they were taking 3 years. Wendy Murphy said she went to a conference where a ground water district secretary was very proactive, the secretary, Angie, checked the transfers with the county monthly.

Blake Jordon is working on field measurement with Gene Hansen.

Ernie Carlsen presented the Watermaster report. The designated measurements for this year were completed.

Chairman's report was presented by Tim Deeg. Draft from IDWR says WD120 owes 16,132 acre feet. This is currently being reviewed by IGWA. IGWA rented 68,000 acre-feet of water (55,000 acre-feet bought for WD130, 13,000 acre-feet still available for WD120. Only people that can carryover are the person paying for storage space. He just spent 8 days at hearings. Surface Water Coalitiation and spring users had 28 exhibits – no access and not admissible in court. The Surface Water Coalition call hearing will begin on January 16, 2008 in the Department of Water Resource Building in Boise. The hearings usually start at 9:00.

The advisory meeting prior to the annual meeting will on Tuesday, January 29, 2008 in the IDWR Conference room from 1:30 to 4 pm.

Neal motion that the meeting be adjointed at 3:45 pm and Marla seconded the motion.

Water District 120
20072008 Resolutions

1. That the watermaster perform the duties as required by Chapter 6, Title 42, Idaho Code and in accordance with:
 - 1) The duties described in the Final Order Creating Water District 120, signed by the Director of the Idaho Department of Water Resources (IDWR), February 19, 2002, including:
 - a) Curtail illegal diversions;
 - b) Measure and report the diversions under water rights;
 - c) Enforce the provisions of the stipulated agreements approved by the Director, and;
 - d) Curtail out-of-priority diversions determined by the director to be causing injury to senior priority water rights if not covered by a stipulated agreement or a mitigation plan approved by the Director.
 - 2) Direction and guidance provided by the Director of IDWR pursuant to Idaho Water Law.
 - 3) The annual water district resolutions as adopted herein.
2. Ernest Carlsen be elected the watermaster for Water District 120. That the Director of IDWR appoint Ernest Carlsen, an employee of IDWR, to provide watermaster services for the ensuing year.
3. As provided in Idaho Code § 42-608(4), the watermaster shall serve throughout the entire year after election at this meeting and upon appointment by the Director.
4. The water users of Water District 120 hereby empower the elected advisory committee to enter into a Memorandum of Understanding between the Water District and the Director of IDWR that will provide for the following:
 - a) Compensation of the watermaster and all related water district expenses for the 20072008 fiscal year shall be provided by the water district.
 - b) The budget for Water District 120 for the ensuing year will be set at this annual meeting in resolution 10. Appointment of a district treasurer for fiscal year 20072008 will occur during a regular or special meeting of the advisory committee of Water District 120 before assessments from the water district are sent.
 - c) The watermaster shall maintain an office for the ensuing year within the IDWR Eastern Regional Office, located in Idaho Falls, Idaho.
 - d) IDWR will provide office space, vehicles and the use of all necessary office and field equipment in exchange for compensation as set in the 20072008 budget. This arrangement shall not give Water District 120 any ownership interest in any IDWR office space and equipment.

- e) Districts identified herein are expected to fund, at their own expense during the ~~2007~~2008 fiscal year, personnel and equipment necessary for measurement and reporting of diversions within these districts.
 - f) Water District 120 will assume full responsibility for all expenses of Water District 120 following this annual meeting on the second Monday of February ~~2007~~2008.
5. Diversions in Water District 120 that are not already measured by one of the districts identified herein and also have a diversion rate allowed by their water right in excess of 0.24 cfs shall be measured directly by the water district in the ensuing year and assessed for measuring and reporting at the following rate;
- a) \$75 per diversion
 - b) Per AF charge for measurement of \$0.27 ~~based on portion of measurement cost~~
 - c) ~~\$0.05~~10 per AF for Administrative purposes
6. Water District 120 includes one or more ground water districts, irrigation districts or other geographical areas where the source of water or nature of water use is common among water right owners and users. The following ground water districts and irrigation districts may already be measuring and reporting diversions on their own to promote efficiency in the administration of water rights and water management.
- 1) Aberdeen-American Falls Ground Water District
 - 2) Bingham Ground Water District
 - 3) Bonneville-Jefferson Ground Water District
 - 4) Falls Irrigation
7. These districts designated above may have employees who measure and report diversions to the water master of Water District 120 and IDWR. The water master of Water District 120 may therefore appoint employees or agents of these districts as assistant watermasters for purposes of measuring and reporting water use to the watermaster of Water District 120. The water district watermaster and the Director of IDWR will provide direction and guidance to assistant watermasters for measuring and reporting of diversions in these districts, including but not limited to the following:
- a) Each district responsible for data collection shall provide an annual report of diversion data to the water district watermaster in accordance with Idaho Code § 42-606, § 42-708, § 42-709, and the direction provided by the Director of IDWR.
 - b) Assistant watermasters shall cooperate and coordinate with the water district watermaster and IDWR in sharing water use information.
 - c) The regulation of diversions, including curtailment of diversions and other water right enforcement actions, shall be the primary responsibility of the water district watermaster and IDWR.

- d) The designated districts will first be given the opportunity to resolve unauthorized diversions, or other enforcement matters before action is taken by the watermaster or IDWR.
- e) To the extent that assistant watermasters may otherwise be involved in the regulation or enforcement of diversions, such involvement will be under the instruction of the watermaster and the Director of IDWR.

8. WHEREAS, the water district meets in regular annual session, as provided by state law, and;

WHEREAS, an advisory committee shall be elected at each regular annual session to represent the interests of the water users and to provide input to the watermaster and the Director of IDWR, and;

WHEREAS Idaho Code 42-605 provides for voting by water users and election of an advisory committee,

BE IT RESOLVED that the credentials for voting in any district meeting and for serving on the district advisory committee will be as follows:

- a) The advisory committee shall consist of 11 members, of which no more than 3 of these shall represent non-irrigation water users. And be it further resolved that when available there shall be at least three committee members from both the Aberdeen-American Falls Ground Water District and the Bingham Ground Water District and at least two committee members from the Bonneville-Jefferson Ground Water District.
- b) Must be a water user of the district as evidenced by a valid water right or an assessment for water delivery the previous year.
- c) Must have paid all assessments owed to the water district.

BE IT FURTHER RESOLVED, that Water District 120 advisory committee shall be charged with the responsibility for the appointment of member(s) to serve as its representative the Eastern Snake Plain Aquifer Monitoring Committee as defined by Idaho Code 42-620.

9. BE IT RESOLVED that the Water District 120 budget will be approved for a fiscal year that begins November 1 and ends October 31.

BE IT FURTHER RESOLVED that the Water District 120 advisory committee shall hereby be authorized to adapt an interim water district budget for the period between November 1 and the next annual meeting.

10. WHEREAS, Water District 120 is self-sufficient and responsible for all costs incurred,

BE IT RESOLVED that the budget for fiscal year ~~2007~~2008 be set at this annual meeting as follows:

Income	
Assessment Income	<u>\$11091,180</u> <u>\$112,000</u>
Total Income	<u>\$11091,180</u> <u>\$112,000</u>
Expenses	
IDWR Contract	70,953 <u>112,100</u>
WD1 Support	11,088 <u>360</u>
Services Misc –	
Hydrographer Expense	
Meeting Expense	<u>140</u> 500
Sub Total	<u>\$82,541</u> <u>\$112,600</u>
ESPA Monitoring	<u>32,740</u>
Total Expense	<u>\$115,281</u> <u>\$112,600</u>

BE IT FURTHER RESOVLED that the stated budget represents an assessment of \$~~0.05~~10 per acre-foot for the average yearly water use for the period between ~~2004~~2002 and ~~2005~~2006. Also included is the measurement assessment as stated in resolution 5 and a \$25.00 per diversion minimum assessment for those diversions that are in the water district, not measured by the water district or any other entity, and have an allowed diversion rate below 0.24 cfs but not including domestic water rights as described in Idaho Code §42-111.

All payments for assessments not received by May 1, ~~2007~~2008 shall accrue penalties in the amount of 10% of the charge and interest in the amount of 1% per month, as provided pursuant to Idaho Code § 42-617.

11. The annual Water District 120 meeting shall hereafter be held on the second Monday of February, of each year unless the Director of IDWR or the Water District 120 advisory committee should find it necessary to change the meeting date or unless changed by resolution of the district at any annual meeting.
12. Copies of the minutes of the annual meeting, the budget as approved, all resolutions approved, and the report prepared in accordance with Idaho Code § 42-615, shall be filed with the director of the Department of Water Resources in accordance with Idaho Code § 42-617.
13. The watermaster of Water District 120 shall be responsible for submitting to IDWR annual reports showing water use and such other information that may be deemed necessary by the Director of IDWR in accordance with Idaho Code § 42-606, § 42-708, and § 42-709.

14. The watermaster and assistant watermasters are authorized under Idaho Code § 42-1701(5) to make reasonable entry on lands within the district to carry out the duties of the watermaster as instructed by IDWR. These duties include but are not limited to:

- a) Monitoring diversion and measuring rate and volume of water diverted from ground water and other public water sources.
- b) Measuring the depth to water in wells.
- c) Monitoring the place, period, and nature of use of water to identify unauthorized diversion and use and to determine compliance with mitigation provisions required by agreement or order of IDWR.

15. WHEREAS some small diversions would have regular assessments less than the amount required by the Water District to maintain their account,

WHEREAS many of these small diversions are not currently measured by the Water District, ground water districts, or the irrigation district. and;

WHEREAS measurement of diversions smaller than 0.24 cfs that irrigate 5 or less acres is cost prohibitive and the water use for many of these diversions can be estimated.

BE IT RESOLVED that Water District 120 will have a minimum charge of \$25.00.

16. Be it also resolved, that the Watermaster is authorized pursuant to Idaho Code § 42-618, to withhold or suspend deliveries of water to any water user who has not paid their assessment charge by January 1 of the year following the billing date.

The following list represents the current WD 120 advisory committee and alternates. Please note that not all of the advisors are members of the ground water districts. They are listed according to geographic area.

Watermaster's Report

From 01 February, 2008 To 31 January, 2009

Water District No. 120

Name of Watermaster: Ernie Carlsen

900 N. Skyline Dr. Ste. A, Idaho Falls, ID 83402

Affidavit of Watermaster

STATE OF IDAHO, COUNTY OF BONNEVILLE }ss.

Ernie Carlsen, being first duly sworn, deposes and says that he is Watermaster in the American Falls Area in District 120, having been lawfully appointed by the Director, Department of Water Resources Dave Tuthill and that the volumes of water, stated in this report, prorated by him to the several users, are correct.

Ernie Carlsen

Watermaster District No. 120

Subscribed and sworn before me, this 2nd day of January, ~~2008~~ 2010

Wendy J. Murphy
My Commission expires 11/6/2013

I HEREBY CERTIFY, That _____ was lawfully appointed by me Watermaster of District No. _____, and that his bill for services rendered prorated to the several users, as herein sworn to, is to the best of my knowledge and belief, correct.

Director, Department of Water Resources

Minutes of Annual Meeting

Water District 120 Annual Meeting Minutes
Blackfoot City Council Chambers
Blackfoot, ID
February 11, 2008

Ernie Carlsen called the meeting to order at 1:12 p.m. Board members present were Scott Clawson, Tim Deeg, Nic Behrend, Richard Mayer, Dane Watkins, Stephanie Mickelsen, and Craig Evans. Neal Powell, Steve Howser and Marla Tribble were the alternates in attendance. Others in attendance include IDWR employees, Lyle Swank, Ernie Carlsen, Gene Hansen, Wendy, Murphy, Lisa Purvis, Blake Jordan and Corin Knowles; Dale Rockwood, Treasurer; and 42 meeting attendees who signed the roll.

Ernie asked for nominees for meeting chairman and secretary. Stephanie Mickelsen nominated Tim Deeg for chairman and Ernie Carlsen for secretary. Kathryn McLain seconded the motion and the motion was carried.

Nic Behrend motioned to dispense the reading of the minutes and Stephanie Mickelsen seconded the motion and the motion was carried.

Dale Rockwood presented the draft financial report (attached). Water District 120 expenses were \$59,218 under budget due to the ESPA monitoring costs being covered by the legislature and several staff changes/transitions during the 2007 year. Dale also presented the 2008 proposed budget. He is proposing assessments to be collected of \$91,182 and interest of \$7200. The contract with IDWR is expected to be \$112,100 which includes the secretarial support previously provided by WD1. Total expenditures are projected to be \$112,600. Dane Watkins moved to accept the reading of the financial report and proposed budget. Stephanie Mickelsen seconded the motion and it carried.

Corbin Knowles presented the IDWR report. During 2007, audits were done on 4453 WMIS points of diversions. PCC audits measure for accuracy of water use by comparing PCC calculations to actual measurements taken in 2006. The goal is to have PCC calculations within 5% variance of actual measurements. Corbin noticed that about nine out of 15 points of diversions are not suitable for PCC calculations. Problems with these calculations include multiple loads on same power meter, variable frequency drives, and multiple operating conditions. Corbin felt magnetic meters would be a better alternative for a measurement option when the PCC is not appropriate; there is a 2% variance for their accuracy. He also indicated there cost to be about \$1,000 with a life span of 25 years. Tim Deeg recommended have further discussions regarding mag meters at the quarterly meetings.

Ernie presented the watermaster report. He said the snow pack was at 105% and there probably would not be curtailment for Water District 120. He stated the director denied the A & B Petition because he found no material injury. In 2007, Water District 120 sent 25 letters concerning water violations. Seventeen notices of violation were resolved. Eight letters of violation were recently sent in 2008. Ernie also mentioned the hydropower license of North Side Canal and Twin Falls should be completed within the next 30 days. Mr. Murdock felt recharge water would be available 1 to 10 years.

Gene Hansen talked how converting the power kilowatts into acre-feet use. He also presented the US drought monitor. The Water District 1 storage system is 45% of capacity. Gene also presented snow water equivalent and well depth measurement charts

In 2007, there were 87 site visits and 67 attempts. Protocol of measuring 1/3 of the wells was not met. The 87 site visits included: 30 flow meters, 8 timeclock, 7 alternative methods, 10 unused, and 5 waived. In 2007, out of 72 pump cards sent to water users, 60 were good reporting, 10 poor reporting and 2 no card sent back. His goals for 2008 include revisit and re-measuring diversion with questionable data and revisiting and re-measuring diversions measured in 2005.

Tim Deeg reviewed the resolutions for this year. The proposed changes for the 2008 resolutions were: Resolution #5 b – deleting “based on portion of measurement cost” and replacing with “of \$0.27”. and #5 c – changing the administrative charge from \$0.10 to \$0.05. Neal Powell motioned to accept the resolutions with changes and Dane Watkins seconded the motion and the motion carried without dissent.

After a short break to select advisory committee members a spokesman from each district made the following recommendations:

<u>Aberdeen Am. Falls GWD</u>	<u>Bingham GWD</u>	<u>Bonneville Jeff GWD</u>
Tim Deeg – AAFGWD	Craig Evans – BGWD	Marla Tribble
Nick Behrend	Ron Harwell	Dane Watkins – BJGWD
Terrell Sorensen – Falls Irrigation	Gaylen Van Orden –BGWD	Stephanie Micklesen - BJGWD
Richard Mayer – City of Aberdeen	LaVerelle Stricklin	
<u>Alternates</u>	<u>Alternates</u>	<u>Alternates</u>
Richard Line - AAFGWD	Neal Powell-BGWD	Lynn Erickson
Steve Howser		Kathryn McLain
Todd Lowder		Max Hahn
Dan Hammond		Randy Skidmore

Dane Watkins motioned to accept the advisory committee members and Neal Powell seconded and the carried without dissent.

Tim Deeg gave the chairman’s report. He felt Water District 120 needs to take responsibility if curtailment takes place. He thanked the staff at IDWR for their work and Steve Howser for his work with the Aberdeen rental pool. Members should be proactive and tell neighbors to correct records at IDWR before they change their system without proper approval. This year has been a year of litigation. During the Thousand Springs Surface Water Hearing, the testimony has been given and he felt the record was complete at this point. He was impressed with the judge, and felt the ground water users presented a good argument. The order from the hearing officer will be in issued within 21 to 60 days. Tim also discussed the Camp Process.

The meeting adjourned at 3:45 p.m.

Approved Resolutions

**Water District 120
2008 Resolutions**

1. That the watermaster perform the duties as required by Chapter 6, Title 42, Idaho Code and in accordance with:
 - 1) The duties described in the Final Order Creating Water District 120, signed by the Director of the Idaho Department of Water Resources (IDWR), February 19, 2002, including:
 - a) Curtail illegal diversions;
 - b) Measure and report the diversions under water rights;
 - c) Enforce the provisions of the stipulated agreements approved by the Director, and;
 - d) Curtail out-of-priority diversions determined by the director to be causing injury to senior priority water rights if not covered by a stipulated agreement or a mitigation plan approved by the Director.
 - 2) Direction and guidance provided by the Director of IDWR pursuant to Idaho Water Law.
 - 3) The annual water district resolutions as adopted herein.
2. Ernest Carlsen be elected the watermaster for Water District 120. That the Director of IDWR appoint Ernest Carlsen, an employee of IDWR, to provide watermaster services for the ensuing year.
3. As provided in Idaho Code § 42-608(4), the watermaster shall serve throughout the entire year after election at this meeting and upon appointment by the Director.
4. The water users of Water District 120 hereby empower the elected advisory committee to enter into a Memorandum of Understanding between the Water District and the Director of IDWR that will provide for the following:
 - a) Compensation of the watermaster and all related water district expenses for the 2008 fiscal year shall be provided by the water district.
 - b) The budget for Water District 120 for the ensuing year will be set at this annual meeting in resolution 10. Appointment of a district treasurer for fiscal year 2008 will occur during a regular or special meeting of the advisory committee of Water District 120 before assessments from the water district are sent.
 - c) The watermaster shall maintain an office for the ensuing year within the IDWR Eastern Regional Office, located in Idaho Falls, Idaho.
 - d) IDWR will provide office space, vehicles and the use of all necessary office and field equipment in exchange for compensation as set in the 2008 budget. This arrangement shall not give Water District 120 any ownership interest in any IDWR office space and equipment.

- e) Districts identified herein are expected to fund, at their own expense during the 2008 fiscal year, personnel and equipment necessary for measurement and reporting of diversions within these districts.
 - f) Water District 120 will assume full responsibility for all expenses of Water District 120 following this annual meeting on the second Monday of February 2008.
5. Diversions in Water District 120 that are not already measured by one of the districts identified herein and also have a diversion rate allowed by their water right in excess of 0.24 cfs shall be measured directly by the water district in the ensuing year and assessed for measuring and reporting at the following rate;
- a) \$75 per diversion
 - b) Per AF charge for measurement of \$0.27
 - c) \$0.05 per AF for Administrative purposes
6. Water District 120 includes one or more ground water districts, irrigation districts or other geographical areas where the source of water or nature of water use is common among water right owners and users. The following ground water districts and irrigation districts may already be measuring and reporting diversions on their own to promote efficiency in the administration of water rights and water management.
- 1) Aberdeen-American Falls Ground Water District
 - 2) Bingham Ground Water District
 - 3) Bonneville-Jefferson Ground Water District
 - 4) Falls Irrigation
7. These districts designated above may have employees who measure and report diversions to the water master of Water District 120 and IDWR. The water master of Water District 120 may therefore appoint employees or agents of these districts as assistant watermasters for purposes of measuring and reporting water use to the watermaster of Water District 120. The water district watermaster and the Director of IDWR will provide direction and guidance to assistant watermasters for measuring and reporting of diversions in these districts, including but not limited to the following:
- a) Each district responsible for data collection shall provide an annual report of diversion data to the water district watermaster in accordance with Idaho Code § 42-606, § 42-708, § 42-709, and the direction provided by the Director of IDWR.
 - b) Assistant watermasters shall cooperate and coordinate with the water district watermaster and IDWR in sharing water use information.
 - c) The regulation of diversions, including curtailment of diversions and other water right enforcement actions, shall be the primary responsibility of the water district watermaster and IDWR.

- d) The designated districts will first be given the opportunity to resolve unauthorized diversions, or other enforcement matters before action is taken by the watermaster or IDWR.
- e) To the extent that assistant watermasters may otherwise be involved in the regulation or enforcement of diversions, such involvement will be under the instruction of the watermaster and the Director of IDWR.

8. WHEREAS, the water district meets in regular annual session, as provided by state law, and;

WHEREAS, an advisory committee shall be elected at each regular annual session to represent the interests of the water users and to provide input to the watermaster and the Director of IDWR, and;

WHEREAS Idaho Code 42-605 provides for voting by water users and election of an advisory committee,

BE IT RESOLVED that the credentials for voting in any district meeting and for serving on the district advisory committee will be as follows:

- a) The advisory committee shall consist of 11 members, of which no more than 3 of these shall represent non-irrigation water users. And be it further resolved that when available there shall be at least three committee members from both the Aberdeen-American Falls Ground Water District and the Bingham Ground Water District and at least two committee members from the Bonneville-Jefferson Ground Water District.
- b) Must be a water user of the district as evidenced by a valid water right or an assessment for water delivery the previous year.
- c) Must have paid all assessments owed to the water district.

BE IT FURTHER RESOLVED, that Water District 120 advisory committee shall be charged with the responsibility for the appointment of member(s) to serve as its representative the Eastern Snake Plain Aquifer Monitoring Committee as defined by Idaho Code 42-620.

9. BE IT RESOLVED that the Water District 120 budget will be approved for a fiscal year that begins November 1 and ends October 31.

BE IT FURTHER RESOLVED that the Water District 120 advisory committee shall hereby be authorized to adapt an interim water district budget for the period between November 1 and the next annual meeting.

10. WHEREAS, Water District 120 is self-sufficient and responsible for all costs incurred,

BE IT RESOLVED that the budget for fiscal year 2008 be set at this annual meeting as follows:

Income	
Assessment Income	91,180
Total Income	<u>\$91,180</u>
Expenses	
IDWR Contract	112,100
Misc – Hydrographer Expense	360
Meeting Expense	140
Sub Total	<u>\$112,600</u>
ESPA Monitoring	0
Total Expense	<u>\$112,600</u>

BE IT FURTHER RESOVLED that the stated budget represents an assessment of \$0.05 per acre-foot for the average yearly water use for the period between 2002 and 2006. Also included is the measurement assessment as stated in resolution 5 and a \$25.00 per diversion minimum assessment for those diversions that are in the water district, not measured by the water district or any other entity, and have an allowed diversion rate below 0.24 cfs but not including domestic water rights as described in Idaho Code §42-111.

All payments for assessments not received by May 1, 2008 shall accrue penalties in the amount of 10% of the charge and interest in the amount of 1% per month, as provided pursuant to Idaho Code § 42-617.

11. The annual Water District 120 meeting shall hereafter be held on the second Monday of February, of each year unless the Director of IDWR or the Water District 120 advisory committee should find it necessary to change the meeting date or unless changed by resolution of the district at any annual meeting.
12. Copies of the minutes of the annual meeting, the budget as approved, all resolutions approved, and the report prepared in accordance with Idaho Code § 42-615, shall be filed with the director of the Department of Water Resources in accordance with Idaho Code § 42-617.
13. The watermaster of Water District 120 shall be responsible for submitting to IDWR annual reports showing water use and such other information that may be deemed necessary by the Director of IDWR in accordance with Idaho Code § 42-606, § 42-708, and § 42-709.
14. The watermaster and assistant watermasters are authorized under Idaho Code § 42-1701(5) to make reasonable entry on lands within the district to carry out the duties

of the watermaster as instructed by IDWR. These duties include but are not limited to:

- a) Monitoring diversion and measuring rate and volume of water diverted from ground water and other public water sources.
- b) Measuring the depth to water in wells.
- c) Monitoring the place, period, and nature of use of water to identify unauthorized diversion and use and to determine compliance with mitigation provisions required by agreement or order of IDWR.

15. WHEREAS some small diversions would have regular assessments less than the amount required by the Water District to maintain their account,

WHEREAS many of these small diversions are not currently measured by the Water District, ground water districts, or the irrigation district. and;

WHEREAS measurement of diversions smaller than 0.24 cfs that irrigate 5 or less acres is cost prohibitive and the water use for many of these diversions can be estimated.

BE IT RESOLVED that Water District 120 will have a minimum charge of \$25.00.

16. Be it also resolved, that the Watermaster is authorized pursuant to Idaho Code § 42-618, to withhold or suspend deliveries of water to any water user who has not paid their assessment charge by January 1 of the year following the billing date.

The following list represents the current WD 120 advisory committee and alternates. Please note that not all of the advisors are members of the ground water districts. They are listed according to geographic area.

Aberdeen Am. Falls GWD

Tim Deeg - AAFGWD
Nic Behrend
Terrell Sorenson - Falls Irrigation
Richard Mayer – City of Aberdeen

INDEPENDENT AUDITOR'S REPORT

Department of Water Resources
Water District 120
Idaho Falls, Idaho

We have audited the accompanying financial statements of the business-type activities and each major fund of Water District 120 (the "District"), as of and for the fiscal year ended October 31, 2008, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and each major fund of Water District 120 as of October 31, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 28, 2009 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

The District has not presented the management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

The statement of revenues, expenses and changes in fund net assets - budget to actual on page 12 is not a required part of the basic financial statements but is supplementary information. The statement has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WATER DISTRICT 120

Notes to Financial Statements

October 31, 2008

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

Water Districts were established in 1903 by the Idaho Legislature with the duty of directing and controlling the distributions of water within each District assigned to the State Reclamation Engineer (later changed to the Idaho Department of Water Resources). The Idaho Code was amended in 1986 to clarify the status of the Districts in that each shall be "considered an instrumentality of the State of Idaho".

Water District 120 is governed by the Director of the Idaho Department of Water Resources who appoints the Watermaster. The Watermaster is elected by the members of Water District 120 at their annual meeting. During the annual meeting members adopt various resolutions governing the activities of the District.

Water District 120 is responsible to the Director of the Department of Water Resources and water right holders of the District to make proper distribution of available water supplies within the District as appropriated.

In evaluating how to define the Water District for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in Generally Accepted Accounting Principles. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the Water District is able to exercise oversight responsibilities.

Based upon the application of these criteria, there are no component units to be included in the financial statement presentation of Water District 120.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements, which are the statement of net assets and the statement of activities, report information on all of the nonfiduciary activities of the primary government. Water District 120 reports only business-type activities, which rely to a significant extent on fees and charges for support, and has no governmental or fiduciary activities.

WATER DISTRICT 120
Notes to Financial Statements
October 31, 2008

The statement of net assets presents the financial condition of the business-type activities for the District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District's business-type activities. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

FUND FINANCIAL STATEMENTS

Separate financial statements are provided for the different funds maintained by the District. Individual "major" funds are reported as separate columns in the fund financial statements.

**MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND
FINANCIAL STATEMENT PRESENTATION**

The government-wide financial statements and the proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The District reports the following major proprietary funds:

The Water District Operating Fund. It accounts for the general operations of the District.

Amounts reported as program revenues include charges to customers for goods and services, operating grants and contributions, and capital grants and contributions.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

BUDGETS

The District adopts a budget for the Operating Fund at the annual meeting. The budget is prepared on a basis generally consistent with generally accepted accounting principles, except that expenses for capital acquisitions are budgeted. The reported operating expense amounts exclude actual capital acquisitions since they are capitalized and depreciated.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents are identified as cash and short-term, highly liquid investments. Cash and cash equivalents for the District include cash in checking and savings accounts.

WATER DISTRICT 120
Notes to Financial Statements
October 31, 2008

INVENTORY

Inventories are valued at cost. The purchase method is used to account for inventories. Under the purchase method, inventories are recorded as expenditures when purchased; however, material amounts of inventories are reported as an asset at year end.

CAPITAL ASSETS

Capital assets, which include property and equipment, are recorded at cost. Depreciation is provided using the straight-line method over the estimated useful life of the asset, which is five to ten years for assets of the District. Depreciation of fixed assets is charged as an expense against operations. Capital assets are reported net of accumulated depreciation on the statement of net assets. When an asset is disposed of, cost and related accumulated depreciation are removed from the District's financial statements, and any gain or loss arising from the asset's disposal is credited or charged to operations. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

POLICY FOR USE OF RESTRICTED AND UNRESTRICTED RESOURCES

The District's policy is to first apply unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

NOTE 2: DEPOSITS AND INVESTMENTS

Deposits: Custodial credit risk, in the case of deposits, is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District has no deposit policy for custodial credit risk. At year end, none of the District's bank deposits were exposed to custodial credit risk due to being uninsured and uncollateralized.

Investments: Custodial credit risk, in the case of investments, is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At year end, the District held the following investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Weighted Avg Maturity (days)</u>
Idaho State Local Government Investment Pool	\$ 140,737	43

The Idaho State Investment Pool is an unrated external investment pool sponsored by the Idaho State Treasurer's Office. It is classified as an "Investment in an External Investment Pool" and is exempt from custodial credit risk and concentration of credit risk reporting. Interest rate risk is summarized as follows: Asset-backed securities are reported using weighted average life to more accurately reflect the projected term of the security, considering interest rates and repayment factors.

WATER DISTRICT 120
Notes to Financial Statements
October 31, 2008

The elected Idaho State Treasurer, following Idaho Code, Section 67-2328, is authorized to sponsor an investment pool in which the District voluntarily participates. The Pool is not registered with the Securities and Exchange Commission or any other regulatory body - oversight is with the State Treasurer, and Idaho Code defines allowable investments. All investments are entirely insured or collateralized with securities held by the Pool or by its agent in the Pool's name.

Credit Risk: The District's policy is to comply with Idaho State statutes which authorize the District to invest in obligations of the United States, obligations of the State or any taxing district in the State, obligations issued by the Farm Credit System, obligations of public corporations of the State of Idaho, repurchase agreements, tax anticipation notes of the State or taxing district in the State, time deposits, savings deposits, revenue bonds of institutions of higher education, and the State Treasurer's Pool and Diversified Bond Fund.

NOTE 3: ASSESSMENTS RECEIVABLE

Assessments are billed at the end of the water year in the spring. No allowance for uncollectible accounts has been recorded, as the District believes all assessments can reasonably be expected to be collected.

NOTE 4: CAPITAL ASSETS

The district has no capital assets.

NOTE 5: LONG-TERM LIABILITIES

The District had no long-term liabilities as of October 31, 2008.

NOTE 6: LITIGATION, CONTINGENT LIABILITIES AND COMMITMENTS

The District is not aware of any pending or threatened litigation against the District as of October 31, 2008.

NOTE 7: RISK MANAGEMENT/INSURANCE COVERAGE

The District is subject to various risks of loss related to tort claims; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Treasurer is bonded for errors and omissions. As an instrumentality of the State of Idaho, other risks of loss are covered by the State's liability insurance policy.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Department of Water Resources
Water District 120
Idaho Falls, Idaho

We have audited the accompanying financial statements of the business-type activities and each major fund of Water District 120 (the "District"), as of and for the year ended October 31, 2008, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 28, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District's financial statements that is more than inconsequential will not be prevented or detected by the District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the District's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Evans & Poulsen

EVANS & POULSEN, PA

January 28, 2009

Evans & Poulsen P.A.

Certified Public Accountants

Members of the American Institute of CPA's
and the Idaho Society of CPA's

Edward G. Evans, CPA

Jeffrey D. Poulsen, CPA

To the Advisory Committee
Water District 120
Idaho Falls, Idaho

We have audited the financial statements of Water District 120 for the year ended October 31, 2008, and have issued our report thereon dated January 28, 2009. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Water District 120 are described in Note 1 to the financial statements. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates affecting the financial statements.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No misstatements were discovered during the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated January 28, 2009.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board and management of Water District 120 and is not intended to be and should not be used by anyone other than these specified parties.

Other Minutes

Water District 120
Advisory Committee Meeting
Minutes
Tuesday, January 29, 2008
1:30 pm. – IDWR Conference Room

Attendees: Scott Clawson, Nic Behrend, Richard Mayer, Blake Jordan(IDWR), Tim Deeg, Lisa Purvis(IDWR), Stephanie Mickelsen, Gaylen Van Oder, Dane Watkins, Wendy Murphy(IDWR), Wendy Murphy(IDWR), Gene Hansen(IDWR), Craig Evans and M. Dan Hammond.

Tim Deeg called the meeting to order at 1:30 pm.

Stephanie Mickelsen motioned to accept the minutes as read and Dane Watkins seconded it.

Wendy Murphy presented the Financial Report which goes from November 06 to October 07. Auditor made bad debt adjustment. The budget was low due to the following factors: Blake was not on board, a lot of charges missed WD120 and Ernie not fully charging for his services.

Dane moved to adjust the budget. Stephanie seconded the motion. Resolution 5 b) changed from Per AF charge for measurement based on portion of measurement cost to measurement of \$.27. Resolution 5 c) was changed from \$.10 per AF to .05 per AF for Administrative purposes. Resolution 10 changes from Assessment Income: \$112,000 to \$91,180, added Income of Interest: \$7,200, added Misc. Hydrographer Expense of \$360 and the Meeting Expense was reduced from \$500 to \$140.00. If the expenses go higher than \$98,380 the water district will use funds from checking and savings account which total \$171,312.96.

Gene Hansen did the Watermaster's report. There are 306 points of diversion in Water District 120. There were 87 site visits which included: 40 Flow Meters, 8 Time Cards, 27 PCC, 7 Alternatives and 33 Audits. There were 67 failed attempts that could not be measured. The protocol of measuring 1/3 of the wells was not done.

2008 Goals:

1. Re-visit and Re-measure questionable measurements.
2. Re-visit and Re-measure 2005 measurements.

Stephanie motioned to accept the resolutions and Dane seconded the motions.

There is a bill on the floor today that would provide for covering of the ESPA monitoring cost for 10 years.

Blake Jordan talked about Notices of Violation. There were 5 sent out: Robert Reed, Deloy Ward, Reed Barrett, FGS Farms, and Wride Farms. In order to resolve the violation, the violators will have to attain a water right or rent water from a water bank. There will be more Notices of Violation mailed out in the future. Tim Deeg talked about a permissible place of use. Blake and Gene mentioned that the users could get a temporary water right in some circumstances.

Tim Deeg spoke about updates on the Water Hearings. He said it was not a clear victory for Spring users. Judge did not withhold spring flow. Degree did not shield judge from looking back. Groundwater users motioned for reverification and redetermination. No Spring users have filed reconsideration as of last night.

Ron Carlsen is being called as a witness at the hearings. He happened to be in the building and Tim Deeg asked him to speak. He said that a lot of the decision was based on the East Plain Aquifer Model. He questioned the validity of the model. Stephanie asked when the Department is going to take responsibility for their decisions.

Stephanie motioned that the meeting be adjourned. Craig seconded the motion. The meeting adjourned at 3:30 pm.

Water District 120 Advisory Meeting
June 17, 2008
IDWR – Idaho Falls, Idaho

Tim Deeg called the meeting to order at 1:37 pm. Those present include: Lisa Purvis (IDWR), Dane Watkins (BJGWD), Tim Deeg (AAFGWD), Richard Mayer (City of Aberdeen), LaVerelle Stecklein, Ernie Carlsen (IDWR), and Joe Kaufman (IDWR).

Dane motioned to approve minutes as presented, Richard Mayer seconded this motion, and the minutes were approved.

Wendy presented the financial report as of May 31, 2008. The Balance Sheet indicates a total of \$159,217 in checking and savings, Accounts Receivable total of \$11,964, and Other Current Assets totaling \$10,568. Total Assets of the district are \$181,749. Current Liabilities ending May 31, 2008 were \$5,430, the total equity of the district is \$176,319. The Profit and Loss indicated assessments as of May 31st were \$63,462. Other income includes Penalties and finance charges of \$795, and Interest of \$3,059. Expenses as of May 31st include \$57,038 paid toward the IDWR contract. Expenses are 88.8% of the projected budget. Dane Watkins motioned to approve the financial report, Richard Mayer seconded this motion, and the financial report was approved.

Joe Kaufman presented the watermaster report. Snow pack has had a gradual runoff. Natural flow should be good this year even though the reservoir system will likely not fill. The reservoir system is currently 78.5% full with about another week or two of storage fill remaining. The biggest shortfall will be in the Ririe Reservoir; even though it is almost physically full the water belongs to other storage space holders. He presented information from two Snotel stations. The current rental pool price is \$14.00 per acre-foot.

Tim Luke teleconferenced into the meeting in Idaho. He indicated enforcement letters were sent to water users in 2007. Fifteen of the water users received Notice of Violations, all but 1 or 2 have been resolved. Penalties received from these were approximately \$26,000. The fines varied depending on the actions taken by the water users. Water District 110 had 22 letters sent, 18 Notice of Violations were generated from these letters, and all but two have been resolved. Penalties collected were approximately \$15,000. It is recommended to check on these in the future to make sure they stay in compliance. Most NOV's involved enlargements. Corrections can be done with transfers.

Tim indicated Corbin Knowles and Gene Hansen talked with hydrographers from Bingham Ground Water District ("BGWD") to discuss collection of data for determining the Power Consumption Coefficient ("PCC") on irrigation system measured by the BGWD.

Tim also mentioned delinquent water users in Aberdeen American Falls Ground Water District were sent letters last week indicating they were not protected under code for

mitigation purposes. Watermaster can curtail but only curtail junior rights. IDWR sent out letters in August to water users with water rights affected by water calls not belonging to any ground water district to join a GWD for mitigation purposes.

Gene Hansen indicated he was ahead of schedule for measurement purposes. A process is being worked on to notify ground water districts of transfers and ownership changes.

Ernie provided updates to the Swan Falls case and the suite filed by Idaho Power.

Tim Deeg toured the Pristine Springs area. It provided mitigation for Water District 130. This cost the water users approximately \$11 million but prevents approximately 70,000 acres from being curtailed. He indicated the ground water users were purchasing 35,000 acre-feet of water to mitigation purposes for WD130 mitigation efforts. Water District 120 water users are not expected to have mitigation expenses for 2008. There was an adjustment to the mitigation needed for 2007 of approximately 1,800 acre-feet. This has been purchased and the mitigation requirements for 2007 have been met.

IDWR will be taking over the measurement of return flows at monitoring sites in the Twin Falls area.

Dane Watkins moved to adjourn the meeting, Richard Mayer seconded and the meeting adjourned at 3:00 pm.
