

WATERMASTER'S REPORT

From FEBRUARY 2ND, 20 16 To FEBRUARY 7TH, 20 17

Water District No. 130

Name of Watermaster NATHAN ERICKSON

P.O. Address 650 ADDISON AVE. WEST SUITE 500, TWIN FALLS, ID

AFFIDAVIT OF WATERMASTER

STATE OF IDAHO }
COUNTY OF TWIN FALLS } ss.

RECEIVED

MAR 02 2017

DEPT OF WATER RESOURCES
SOUTHERN REGION

NATHAN ERICKSON, being first duly sworn, deposes and says that he is Watermaster of Water District 130, having been lawfully appointed by GARY SPACKMAN, Director, Idaho Department of Water Resources, and that the volumes of water, as stated in this report and prorated by him to the water right holders of the district are correct.

Nathan Erickson

(Deputy) Watermaster District No. 130

Subscribed and sworn to before me, this _____ day of _____, 20____.

Notary Public

(SEAL)

My Commission expires _____

Boise, Idaho, _____, 20____

I HEREBY CERTIFY, that _____ was lawfully appointed by me as Water Master of Water District No. _____, and that the information contained in this report, as herein sworn to, is, to the best of my knowledge and belief, correct.

Water District 130 Diversion Report for 2017

Compiled by: Nathan Erickson, Watermaster

Pursuant to Idaho Code 42-606, all Watermasters shall file an annual report to the Idaho Department of Water Resources, which includes the amount of water delivered by the Watermaster in the prior water year(s). The report of diversions is then used to determine annual assessment amounts to each water user.

Up to five years' diversion records may be averaged for each water user, and the average annual diversion used for assessment purposes. The following report averages diversion data for years 2011 through 2015. Data for 2016 are not included in this report, but will be included in the 2018 report.

The attached workbook is organized into reporting units and also includes non-reporting (small user) water users. Non-reporting water users are assessed a nominal administrative fee by Water District 130 but are not required to measure and report annual diversions at this time. Nonconsumptive water users are required to measure and report in Water District 130, and are assessed pursuant to Idaho Code 42-605A and the Water District 130 Adopted Resolutions.

Each worksheet contains specific diversion identification information (WMIS number, Metal Tag Number, Diversion Name, Measurement Option(OP)), owner information and annual use data in acre-feet. All data are averaged over the period 2011 to 2015. Data qualifiers (DQ) have been attached to some data. The Measurement Option and Data Qualifier keys appear below.

All data appearing within this report are proprietary and may be updated by Water District 130. Water District 130 and subdistricts conduct ongoing measurement of diversions and measuring device certifications. Calibration factors for flow meters and coefficients for power consumption estimates are recomputed every three years. As these numbers are updated, prior years' data may be adjusted.

Measurement Option key (OP)

- 1 - Totalizing flow meter on irrigation diversion
- 2 - Power Consumption Coefficient (PCC)
- 3 - Alternate method
- 4 - non use of well due to CRP
- 6 - non use of well, other reasons
- 7 - Time clock or Hour meter
- 8 - Totalizing flow meter on non-irrigation diversion
- 9 - Open channel or non-totalizing device

Data Qualifier key (DQ)

Flow meter or timeclock qualifiers-

- est - diversion volume estimated or water right volume used
- NEW - new diversion, has not yet reported
- NM - no reported data, diversions are occurring and may be estimated
- ND - no measuring device installed, diversions are occurring and may be estimated
- OW - data reported combined with another diversion
- EM - reported data are erroneous, and could be higher or lower than actual diversions
- Z - no diversions as confirmed by user, hydrographer or watermaster

PCC qualifiers

- 1 Simple systems, one operating condition
- 2 Systems with multiple operating conditions and PCC for measured conditions varies by 10% or less
- 3 Systems with multiple operating conditions and PCC for measured conditions varies more than 10%.
- 4 Systems with multiple operating conditions, using low PCC (high flow) condition to estimate volume
- 5 Systems with multiple operating conditions, not all conditions known or measured
- 6 Known problem with reported kwh data
- 7 Measured PCC during flowmeter check
- 8 Complex system where flow meters or time clocks should be used
- 9 PCC not measured but may have been estimated
- N PCC not measured
- Z no power consumption as confirmed by user, hydrographer or watermaster

Minutes

Of the Water District 130 Annual Meeting
Tuesday February 2, 2016
IDFG Regional Office Meeting Room, Jerome Idaho

RECEIVED
MAR 15 2016
DEPT OF WATER RESOURCES
SOUTHERN REGION

The meeting was called to order at 2:00 pm by 2015 Chairman Phyllis Beard. Approximately 45 members and guests were in attendance.

Dean Stevenson made a motion to nominate Phyllis Beard to be the meeting Chairman for the 2016 meeting. The nomination was seconded and the motion was passed on a voice vote. Faye Featherly was nominated to be the meeting secretary; it was passed by a voice vote.

Chairman Beard read the 2015 meeting minutes. Randy MacMillan moved the minutes be accepted as read. It was seconded and passed on a voice vote.

Chairman Beard proceeded to the selection of Advisory Committee members and Chairperson. After a general member caucus, the following Advisory committee and alternates were identified:

Commercial, Industrial, and Municipal: Phyllis Beard (Amalgamated), Dane Higdem (Glanbia)
Alternates: Brian Reiter (City of Burley) Faye Featherly (Dan Willie Enterprises), Bob Simpson (City of Carey)

Basin 37 groundwater irrigator: Maribeth Lompkin (Dept of Lands)
Alternates: none

North Snake GWD: Lynn Carlquist
Alternates: Bob Shepard —

Magic Valley GWD: Dean Stevenson
Alternates: Orlo Maughan —

A&B Irrigation District: Dan Temple
Alternates: Bart Webster —

Spring Users: Gary Lemmon (Ten Springs), Gary Marquardt (Sea Pack), Randy MacMillan (Clear Springs Foods), Jon Bowling (IPCO), Stan Standal (B37)
Alternates: Linda Lemmon, Glade Wood

Carey Valley GWD: Bob Simpson
Alternate: none

Sub districts were invited to report on any activities. Dean Stevenson reported on the Rangen project and the progress from one year ago. There have been no serious issues since the project was completed.

Watermaster, Cindy Yenter and Lynn Carlquist gave Financial Report & Presentation of the Proposed Budget. Cindy reported there would be an estimated balance of \$25,200.48 on March 1, 2016. Budget was adopted then moved and seconded to be accepted by a voice vote.

SCANNED
MAR 28 2016

Cindy Yenter announced she has been appointed as Watermaster of the Upper Salmon Area. It was moved and adopted for Nathan Erickson to become Water Master for Water District 130 and Lynn Carlquist to be Treasurer.

Chairman Beard then presented the WD130 resolutions. There were no major changes. The Resolutions were adopted, and accepted by a voice vote.

The meeting was then adjourned at approximately 2:40 pm.

Respectfully submitted,

Faye Featherly

**WATER DISTRICT NO. 130
THOUSAND SPRINGS AREA
2016 ADOPTED RESOLUTIONS**

RECEIVED
MAR 15 2016
DEPT OF WATER RESOURCES
SOUTHERN REGION

The water users of the Thousand Springs Area Water District, designated as Water District 130, meeting at the annual district meeting on Tuesday, February 2, 2016 at Jerome, Idaho HEREBY ADOPT THE FOLLOWING RESOLUTIONS:

1. That the watermaster perform the duties as required by Chapter 6, Title 42, Idaho Code and in accordance with the duties described in the Final Order Creating Water District 130¹, signed by the Director of the Idaho Department of Water Resources (IDWR), February 19, 2002.
2. The Idaho Department of Water Resources be elected to provide the watermaster services for Water District 130 and that the Director of IDWR appoint Nathan Erickson, an employee of IDWR, or other employees of IDWR as may be necessary, to serve as the watermaster for the ensuing fiscal year or as otherwise provided in Idaho Code § 42-608(4) and the Memorandum of Understanding dated February 13, 2009 and executed July 13, 2013.²
3. Lynn Carlquist be elected Water District 130 treasurer. The duties of the treasurer will be to approve expenses, oversee disbursement of Water District funds, and to prepare or authorize a review of financial affairs of the district at the end of each fiscal year, in accordance with Idaho Code Section 42-619.
4. The budget for Water District 130 for the fiscal year 2016 beginning March 1, 2016 and ending on February 28, 2017, be as follows: Fifty-nine Thousand Forty Nine Dollars (\$59,049) for Watermaster duties, and Ten Thousand Eight Hundred Fifteen Dollars (\$10,815) for measuring and reporting of diversions not reporting to a subdistrict, for a total budget amount of Sixty-Nine Thousand Eight Hundred Sixty Four Dollars (\$69,864). An itemized budget sheet is attached. Carryover amounts from the budget of 2015 in the amount of \$20,000 will be used to offset the amount assessed in 2016.
5. The Watermaster of Water District 130 is hereby authorized to collect the assessments of the Water District in accordance with Idaho Code § 42-618.
6. Given that the water district cost for administering water for many water users is greater than their normal assessments would be based upon their total annual use of water, it is resolved that pursuant to Idaho Code § 42-612 (4) the watermaster of Water District 130 is authorized to assess a \$25 minimum charge for watermaster services for water users within his or her jurisdiction.
7. In accordance with Idaho Code § 42-612 (5), the assessment amount for each individual user as shown in the annual adopted budget shall constitute a final determination of the amount due for that year. In the computation of assessments, the watermaster shall use a 5-year rolling average of

¹ Final Order Creating Water District 130 may be found on the IDWR website at http://www.idwr.idaho.gov/WaterManagement/WaterDistricts/ThousandSprings/wd130_1000_springs.htm

SCANNED
MAR 28 2016

diversions for each water user.

8. Water users in Water District 130 who are not reporting annual diversions to one of the sub-districts created herein shall report diversions directly to the watermaster of Water District 130. A separate annual fee will be charged by Water District 130 for direct measurement and reporting; this fee will cover costs of periodic evaluation and certification of the measurement device or other method (typically every third year), plus the cost of annual year-end data collection for the diversion. Measurement and reporting fees will appear as a separate line-item charge on the Water District assessment statement. *Measuring and reporting charges paid either to a subdistrict or directly to Water District 130 will not be used to determine voting shares.*
9. An advisory committee shall be elected to provide input to the watermaster and the Director of IDWR. The number and composition of the advisory committee for the ensuing year shall total 11 seats as follows:
 - 1 member of the North Snake Ground Water District;
 - 1 member of the Magic Valley Ground Water District;
 - 1 member of A&B Irrigation District;
 - 1 Basin 37 ground water irrigator
 - 2 ground water users holding commercial, industrial or municipal water rights;
 - 5 spring water users, with at least one representing Basin 37

Additional seats may be added to the committee in subsequent years depending on further revisions or expansions of the water district boundaries, to be determined annually. Each group represented will also select an alternate for each seat. Candidates will be voted on at caucus during the annual meeting. The advisory committee will meet as often as needed to address the structure, governance and operation of the district. Decisions or recommendations of the advisory committee must be made with at least 70% of advisory members present in favor.

10. The elected chair of the Advisory Committee for current Fiscal Year is Phyllis Beard. The water users of Water District 130 hereby empower the elected chairman of the advisory committee created herein to do the following as approved by the committee:

Enter into a Memorandum of Understanding between Water District 130 and the Department of Water Resources

Enter into a service contract between Water District 130 and any qualified party, in exchange for monetary compensation, as necessary and as authorized by the adopted annual budget.

Authorize and schedule external financial reviews as needed.

SCANNED
MAR 28 2016

11. Water District 130 includes one or more ground water districts, irrigation districts, municipalities, or other geographical areas where the source of water or nature of water use is common among water right owners and users. Pursuant to the Order creating Water District 130, the following subdistricts are recognized within Water District 130:

- North Snake Ground Water District
- Magic Valley Ground Water District
- Carey Valley Ground Water District
- A&B Irrigation District
- City of Rupert
- City of Burley
- Thousand Springs Area
- Basin 37 Area

12. The sub-districts designated above may have employees or agents who measure and report diversions to Water District 130, and who may provide other services to the sub-district. The Director of IDWR therefore may appoint employees or agents of the sub-districts as assistant watermasters for purposes of measuring and reporting water use to the watermaster of Water District 130. The water district watermaster and the Director of IDWR will provide direction and guidance to assistant watermasters for measuring and reporting of diversions in sub-districts, including but not limited to the following:

- a. Each sub-district shall prepare an annual report of diversion data to the water district watermaster in accordance with Idaho Code § 42-606, § 42-708, § 42-709, and the direction provided by the Director of IDWR.
- b. Assistant watermasters from sub-districts shall cooperate and coordinate with the water district watermaster and IDWR in sharing water use information and in the investigation of water uses within sub-districts, including but not limited to investigation of water use to confirm reductions of water use when required, and confirm and report compliance of water use with valid water rights.
- c. The regulation of diversions, including curtailment of diversions and other water right enforcement actions, shall be the primary responsibility of the water district watermaster or IDWR.
- d. Sub-districts and sub-district assistant watermasters may cooperate and participate with the water district and IDWR in resolution of unauthorized diversions or other enforcement matters.
- e. To the extent that sub-district assistant watermasters may otherwise be involved in the regulation or enforcement of diversions, such involvement will be under the instruction of the watermaster or the Director of IDWR.

13. The watermaster, working with the water district advisory committee, shall prepare a proposed budget prior to the annual meeting of the water users of Water District No. 130 in accordance with Idaho Code § 42-615, 42-612 and 42-605(A). It is resolved that the recognized costs of delivery of non-consumptive rights in Water District 130 shall be equal to one-half the approved administrative budget. Such costs shall be apportioned among non-consumptive diversions on a pro-rata basis.

14. The advisory committee shall make available a copy of the recommended resolutions, including the recommended budget, at least 5 (five) days prior to the annual meeting by posting the copy on IDWR's website. Any proposed changes to the resolutions made prior to the annual meeting will be highlighted. This shall not preclude any member from proposing any new resolution or proposing changes to resolutions at the annual meeting.
15. Current year assessments shall be due to Water District 130 on or before April 1 of each year.
16. All payments for assessments not received by January 1 of the year following the billing date shall accrue penalties in the amount of 10% of the charge plus interest in the amount of 1% per month, as of the April 1 due date and as provided pursuant to Idaho Code Section 42-617. It is resolved that the Watermaster is authorized pursuant to Idaho Code Section 42-618, to withhold or suspend deliveries of water to any water user who has not paid their assessment charges by January 1 of the year following the billing date.
17. The annual Water District 130 meeting shall hereafter be held on the first Tuesday of February, of each year unless the Director of IDWR should find it necessary to change the meeting date or unless changed by resolution of the district at any annual meeting.
18. The watermaster, deputy watermasters and watermaster assistants are authorized as employees of IDWR under Idaho Code § 42-1701(5) to make reasonable entry on lands within the district, in accordance with IDWR policy, to carry out the duties of the watermaster as instructed by IDWR.
19. In the event that a vote by shares pursuant to Idaho Code § 42-605 (4), is requested during any annual meeting, a credentials committee will be assembled to determine the number of votes cast by individual water users or by subdistricts. The credentials committee shall be comprised of the following parties:
 - a. the current Watermaster
 - b. the assistant Watermaster or a representative from each subdistrict present at the meeting, which is authorized to measure and report diversions
 - c. an IDWR representative

Any water user who is a member of either the North Snake Ground Water District or the Magic Valley Ground Water District, and who, in the event of a vote by shares at the annual meeting, wishes to vote his or her own shares, must notify the ground water district board and the water district in writing prior to the annual meeting. After all individuals have cast votes, any unvoted subdistrict shares may be cast by proxy by the Ground Water District Chairman as authorized under Idaho Code § 42-5224(7).

Re: Preliminary Order in the Matter of Water District Administration and Assessment of Water Rights 37-4112 and 37-21595 Held by King Hill Irrigation District

Dear Water Right Holder,

Enclosed please find a copy of the Preliminary Order ("Order") regarding the above referenced matter. The Order clarifies water district administration of certain water rights held by the King Hill Irrigation District ("KHID"). The clarification is necessary because KHID's water rights identify the lower Malad River as the source of water but KHID re-diverts its Malad River water from the Snake River. The lower Malad River is located within Water District 130 but KHID's water rights are regulated primarily by the Water District 02 watermaster because of KHID's multiple points of re-diversion on the Snake River. This order provides that KHID's water rights shall be administered and assessed by Water District 02.

Also enclosed is an informational sheet that explains options for responding to preliminary orders. Please note that any party subject to the order may file a petition for reconsideration within fourteen (14) days of the service date of the order, which is the date of this letter. The Idaho Department of Water Resources ("IDWR") will act upon petitions within twenty-one (21) days of their receipt.

Please contact this office (phone number above) or the IDWR regional offices in Boise (208-334-2190) or Twin Falls (208-736-3033) if you have any questions concerning the attached order.

Sincerely,

Tim Luke
Water Compliance Bureau

Enclosures: *Preliminary Order*
Responding to Preliminary Orders issued by IDWR

OF THE STATE OF IDAHO**

IN THE MATTER OF WATER DISTRICT)
ADMINISTRATION AND ASSESSMENT)
OF WATER RIGHTS 37-4112 AND 37-21595)
HELD BY KING HILL IRRIGATION)
DISTRICT)
_____)

PRELIMINARY ORDER

The purpose of this Preliminary Order is to clarify water district administration and assessments of King Hill Irrigation District's ("KHID") water rights 37-4112 and 37-21595. The clarification is necessary because KHID's water rights are within Water District 130 but KHID's water rights are regulated primarily by the Water District 02 watermaster because of KHID's multiple points of re-diversion on the Snake River. This order provides that KHID's water rights shall continue to be administered by Water District 02 and shall be assessed by Water District 02.

KHID owns five separate pump stations on the Snake River between Milner Dam and Murphy Gage. The pump stations are authorized points of re-diversion for KHID's water rights from the Malad River, a tributary to the Snake River near Hagerman Idaho. The authorized point of diversion for KHID's Malad River water rights is the Lower Malad Diversion Dam, which diverts water to a flume that is shared with the Idaho Power Company ("IPC"). Water diverted to the KHID-IPC shared flume is conveyed through IPC's Lower Malad Gorge power plant for hydropower generation and discharged to the Snake River. The point of discharge to the Snake River from the IPC Lower Malad Gorge power plant is described as the point of injection on KHID's Malad River water rights. KHID constructed the pump stations on the Snake River after a 1978 landslide damaged an inverted siphon extending from the KHID-IPC diversion flume across the Snake River to KHID's main canal.

The lower Malad River or Malad River Gorge is included in Water District 130 ("WD130"). KHID's pumping stations on the Snake River are located within Water District 02 ("WD02").

FINDINGS OF FACT

1. On November 14, 2006, the Idaho Department of Water Resources ("Department" or "IDWR") issued *Preliminary Order Revising the Boundaries of Water District No. 130* to include administration of surface water rights in that portion of IDWR Administrative Basin 37 overlying the Eastern Snake Plain Aquifer. The revised boundaries include surface water rights in Basin 37 from spring sources in the Thousand Springs area near Hagerman, Idaho, including the Malad River.

2. On May 1, 2012, the Department issued a preliminary order creating WD02 to administer water rights and diversions from the Snake River between Milner Dam and the Murphy Gage below Swan Falls Dam. See *Preliminary Order in the Matter of the Creation of Water District No. 2, Snake River from Milner Dam to the Murphy Gage Below Swan Falls Dam* ("WD02 Preliminary Order"). The Director of IDWR signed the *Final Order Creating Water District No. 2* ("WD02 Final Order") on July 10, 2012. The WD02 Final Order adopted the WD02 Preliminary Order in its entirety.

SCANNED

DEC 30 2015

3. On September 17, 2013, the Department modified several water districts in IDWR's Administrative Basin 37. See *Preliminary Order in the Matter of the Proposed Combination of Water District Nos. 37, 37A, 37C and 37M and the Inclusion of Both Surface Water and Ground Water Rights in the Combined District; and in the Matter of Abolishing the Upper Wood Rivers Water Measurement District*. This order clarified that Water District No. 37 excluded the lower portion of the Malad River and tributaries downstream and west of the approximate point where Interstate 84 crosses the Malad River. The portion of the river excluded from Water District No. 37 is commonly known as the lower Malad River or the Malad River Gorge.

4. KHID holds two water rights that are summarized as follows:

Water Right No.:	37-4112	37-21595
Source:	Malad River	Malad River
Priority Date:	3/26/1902	4/1/1909
Diversion Rate:	300 cfs*	70 cfs
Purpose and Period of Use:	Irrigation: 3/15 to 11/15 Stockwater* : 1/1 to 12/31	Irrigation: 3/1 to 10/31
Place of Use and Irrigated Acres	KHID service boundary (11,573 acres)	KHID service boundary (11,573 acres)
Point of Diversion:	T06S, R13E, Sec. 35 NENW (Lower Malad Diversion Dam)	T06S, R13E, Sec. 35 NENW (Lower Malad Diversion Dam)
Point of Injection:	T06S, R13E, Sec. 27 SWSW (L2)	T06S, R13E, Sec. 27 SWSW (L2)
Points of Re-diversion:	T05S, R10E, Sec. 12 NENE (L7) T05S, R10E, Sec. 28 SWNW (L7) T06S, R08E, Sec. 3 SENE (L8) T06S, R11E, Sec. 9 NWSW (L6) T06S, R12E, Sec. 12 NWSW (L7)	T05S, R10E, Sec. 12 NENE (L7) T05S, R10E, Sec. 28 SWNW (L7) T06S, R08E, Sec. 3 SENE (L8) T06S, R11E, Sec. 9 NWSW (L6) T06S, R12E, Sec. 12 NWSW (L7)

*Diversion rates for right 37-4112 is 300 cfs for irrigation and 30 cfs for stockwater use; total authorized diversion rate is 300 cfs during the irrigation season from 3/15 to 11/15.

The total combined rate of diversion for rights 37-4112 and 37-21595 is 370 cfs.

SCANNED

DEC 30 2015

5. Information in KHID's water right files includes the following narrative summarizing KHID's diversion system¹:

"Irreparable damage to the inverted siphon extending from the diversion flume, across the Snake River, to the main canal of the District, necessitated construction of four pumping stations to pump water from the Snake River. The original point of diversion is retained, and by agreement with Idaho Power Company the water is diverted at the original point of diversion and used to generate electrical power at the Lower Malad power plant of the Idaho Power Company. After passing through the generating facilities of Idaho Power Company, the water is discharged into the Snake River and thence carried in the natural channel of [the] Snake River to the pumping stations located at the points described in the original claim and Transfer No. 2315. By reason of the provisions in Idaho Code § 42-105, King Hill regards this procedure as turning its water into the channel of another stream, mingling the water, and then reclaiming the water at the pump stations, so long as the water is diverted through the Lower Malad power plant of Idaho Power Company."

6. The point of diversion described for KHID's water rights listed in Finding of Fact No. 4 is the Lower Malad Diversion Dam on the Malad River. This diversion dam is also used as the point of diversion for IPC's water rights at the Lower Malad Gorge power plant.

7. The authorized water right rate of diversion for IPC's hydropower water rights used at the Lower Malad Gorge power plant is 1,500 cfs. See *Final Order Regarding Instructions to Water District 02 Watermaster and Water District 130 Watermaster, IDWR, June 28, 2014*. WD130 water delivery records for the period 2007 through 2014 show that average monthly diversions to the IPC Lower Malad Gorge power plant range from 0 cfs to about 1,300 cfs. Mean monthly diversions typically range from about 500 cfs to 1,300 cfs. The sum of the discharge records for the Lower Malad Gorge power plant and the IPC Malad River gage station located near the mouth of the Malad River indicate that the total flow of the Malad River always exceeds the total combined diversion rate under KHID's water rights, which is 370 cfs.

8. KHID's five water right points of re-diversion or pump stations are located on the Snake River between 5.5 and 43 miles downstream of the Lower Malad Gorge power plant. Numerous water right diversions on the Snake River between KHID's pump stations are measured and administered by WD02.

9. Since 2007, the WD130 watermaster has reported the diversions from the lower Malad River for the IPC Upper Malad Gorge and Lower Malad Gorge power plants. The WD130 watermaster has assessed IPC for its Malad Gorge power plant diversions since 2007.

10. The WD130 watermaster has never measured or reported any water diverted by KHID at its Snake River pump stations, nor has the WD130 watermaster ever assessed KHID for any WD130 annual expenses.

11. KHID benefitted from a funding grant secured by the Idaho Water Resources Board ("IWRB") on behalf of WD02 to assist with acquisition and installation of water diversion measuring devices and telemetry equipment. The IWRB obtained the grant to help fund installation of measuring and monitoring equipment for numerous diversion facilities on the Snake River in WD02, including KHID's Snake River pumping plants. In 2014, KHID committed to participate in the grant with a cost share arrangement (*KHID Letter of Commitment – Bureau of Reclamation WaterSMART Water and Energy Efficiency Grant, Idaho Water Resource Board Application for Water District 02 Water Diversion Measurement and Telemetry, January 10, 2014*).

¹ Narrative accompanying: 1) SRBA Notice to Claim of a Water Right No. 37-21595, September 13, 2005; and 2) Application for Transfer of Water Right No. 2315 – Statement of Reason of King Hill Irrigation District for Applying for Additional Points of Diversion, March 14, 1979.

CONCLUSIONS OF LAW

1. Idaho law declares all surface water, when in natural channels or springs or lakes, and all ground water within the State of Idaho to be the property of the state, whose duty it is to supervise the appropriation and allotment of the water to those diverting the same for beneficial use. *See* Idaho Code §§ 42-101, 42-103, and 42-226.
2. The Director, acting on behalf of the State of Idaho, has the statutory authority to control the appropriation and use of all surface and ground waters within the state in accordance with, but not limited to, Idaho Code §§ 42-101, 42-103, 42-202(1), 42-220, 42-226, 42-237a.g., 42-351, and 42-602 et seq.
3. The Director has responsibility for direction and control over the distribution of water in accordance with the prior appropriation doctrine as established by Idaho law within water districts to be accomplished through watermasters supervised by the Director, and subject to removal by the Director, as provided in chapter 6, title 42, Idaho Code.
4. Idaho Code § 42-604 authorizes the Director to form water districts as necessary to properly administer uses of water from public streams, or other independent sources of water supply, for which a court having jurisdiction thereof has adjudicated the priorities of appropriation.
5. Idaho Code § 42-105(1) authorizes the holder of a valid water right to commingle the water from the source of the right with water in another natural water way and reclaim the commingled water as long as the amount of water to which prior appropriators may be entitled is not diminished. Further, Idaho Code § 42-105(1) states that “the use of natural waterways to commingle and reclaim water shall be subject at all times to the supervision and control of the director of the department of water resources and shall be subject to regulation of the watermaster within an established water district.”
6. Idaho Code § 42-701 requires holders of water rights to install and maintain, when required by the Director of IDWR, measuring devices on each diversion for the purpose of assisting the watermaster or Department in determining the amount of water that may be diverted from the public source of water.
7. Measurement of diversions from the Snake River within WD02, including KHID’s water right points of re-diversion, is necessary for the proper distribution of water within the water district in accordance with the prior appropriation doctrine. Measurement of diversions also allows for the equitable, defensible and legal means for determining water user assessments since Idaho law requires the expenses of the water district be based on water delivery.
8. Idaho Code § 42-612 outlines lawful procedures for the assessment of water rights in water districts for compensation of the watermaster and other expenses of delivering water to water users in the district. Pursuant to Idaho Code § 42-612, water users are assessed based on water delivered to the diversions during the past season or seasons, not exceeding five (5) seasons.
9. Based upon the above statutory authorities and the Finding of Facts herein, the Director of the Department should order the WD02 watermaster to administer KHID’s water right nos. 37-4112 and 37-21595. Specifically, the WD02 watermaster should be responsible for measuring and reporting water diverted at KHID’s Snake River points of re-diversion. The WD02 watermaster should also be responsible for any necessary regulation of KHID’s points of re-diversion on the Snake River. WD02 should assess KHID’s water rights and Snake River re-diversions consistent with other water rights and diversions in the water district and in accordance with Idaho Code § 42-612. The WD130 watermaster should monitor the KHID-IPC shared diversion from the Malad River and coordinate with the WD02 watermaster as to the total available supply of water from the Malad River to fill KHID’s water rights that are diverted from the Snake River.

SCANNED

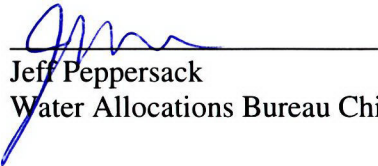

DEC 30 2015

ORDER

IT IS HEREBY ORDERED that:

1. The watermaster of WD02 shall administer KHID's diversions from the Snake River authorized by water right nos. 37-4112 and 37-21595. The watermaster of WD02 shall measure and report the delivery of water at KHID's diversions from the Snake River authorized by water right nos. 37-4112 and 37-21595.
2. KHID must install and maintain measuring devices at its Snake River diversions in accordance with the Department's *Final Order in the Matter of Requiring Measuring Devices for Diversions in Water District No. 2, Snake River From Milner Dam to the Murphy Gage Below Swan Falls Dam*.
3. The watermaster of WD02 shall, starting in 2016, assess KHID's water right nos. 37-4112 and 37-21595 in accordance with the provisions of Idaho Code § 42-612.
4. The watermaster of WD130 shall continue to measure, report and assess the diversions and water rights that are diverted from the Malad River to the IPC Lower Malad Gorge power plant for hydropower purposes. The WD130 watermaster shall coordinate with the WD02 watermaster regarding the total available supply of water from the Malad River to fill KHID's water rights that are diverted from the Snake River.
5. This Preliminary Order does not prohibit KHID from using the Lower Malad Diversion Dam and conveyance flume in the future to directly irrigate all or a portion of the lands within its service boundary. The Director of IDWR may issue further orders or instructions clarifying administration of KHID water rights contingent on changes that KHID may make to its diversions or re-diversions from the Malad and Snake Rivers.

DATED this 29th day of December 2015.

Jeff Peppersack
Water Allocations Bureau Chief

CERTIFICATE OF SERVICE

I HEREBY CERTIFY that on this 30th day of December 2015, the above and foregoing document was served on each individual or entity on the service list for this matter on file at the Idaho Department of Water Resources, 322 East Front Street, Boise, Idaho, and posted on the Department's website: www.idwr.idaho.gov. Each individual or entity on the service list was served by placing a copy of the above and foregoing document in the United States mail, postage prepaid and properly addressed.

Sarah Shaul
Technical Records Specialist
Idaho Department of Water Resources

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Hahn, Carrie

From: Shaul, Sarah
Sent: Monday, January 11, 2016 3:57 PM
To: Hahn, Carrie; Yenter, Cindy
Cc: Erickson, Nathan
Subject: WD130 Meeting Notice

Carrie and Cindy,

WD130 annual meeting notices were sent today, January 11. I updated the Water District Management app to show today's date as the sent date. I plan to send WD140 on Thursday. I will email you when they are sent.

Best Regards,
Sarah Shaul
Technical Records Specialist
