REMARKS

1. Use the official daily record book. Do not use substitutes. If you prefer to record notes in another text, transcribe to the daily record book immediately.
2. Use a separate daily record book for each stream you administer. Do not mix the users of several streams into one daily record.
3. If the water being delivered is measured and the headgate set on a particular day, record the flow in cubic feet per second in the proper grid space. If water diverted at a particular diversion is not measured on a given day, but you believe that water continues to be delivered without a change in the flow or headgate setting, place an "A" in the grid space for that day. The "A" represents that the previous flow and headgate setting is "assumed." An "A" must always be preceded by an actual numerical flow rate.
4. If the water being delivered is not actually measured, enter an "E" in the fraction portion of the grid space for the particular day that the flow rate is estimated. An "E" should always follow an estimated numerical flow that is observed and set in the field.
5. If water is not being delivered, enter a "0" (zero) in the proper grid space. If the water right is cut off because of unavailability of water, a zero may be entered in the grid space corresponding to the day the right could no longer be satisfied, and all subsequent days when water is not deliverable may be designated with a horizontal line through the grids that represent the days of nondelivery.
6. A blank grid space means that the watermaster has no knowledge of the amount of water being delivered on that day. A grid should never be blank while the watermaster is delivering water.
7. If possible, please list the water right no. in the daily record rather than a number assigned by the district or by the decree. Future users of the records will likely look for a water right reference.
8. Record unusual or noteworthy happenings. For instance, if a senior downstream right holder's water right is no longer available because the creek dries up upstream, and junior upstream rightholders are allowed to divert remaining water upstream, this event should be recorded on the day it happens.

WATER DISTRICT #75D

Dear Watermaster:

Enclosed herewith is a copy of the Watermaster's Annual Report for the past season.

The same has been prepared by the watermaster and approved by this Department in conformity with Sections 42-610, 42-614 and 42-615, Idaho Code.

During the 1993 legislative session, the legislature enacted a new law which amends Section 42-619(9), Idaho Code and removes the independent financial audit requirement for most state water districts. The new law, referenced by Section 67-450B, Idaho Code (copy enclosed) identifies minimum audit requirements for all local government entities. Under the new statute, the governing body of any local government entity (i.e.; water district) whose annual budget does not exceed one hundred thousand dollars (\$100,000) has no minimum audit requirements under this section. This means that any district which handles its own money and whose budget is one hundred thousand dollars (\$100,000) or less does not have to have an independent public account firm conduct a financial audit every few years as previously required by Section 42-619(9).

Please note that only the statutory requirement regarding the independent financial audit has been changed. Districts handling their own fund (i.e.; districts who collect and / or disburse their own funds) must still submit their own statement of the water district's financial affairs at the end of each fiscal year. As recommended in the Department's February 16, 1993 letter and the 1993 Watermaster Handbook, a copy of the financial statement may be submitted either with the annual water masters report or with the minutes of the annual meeting for the ensuing year. An example of an annual financial statement may be found in **Appendix C of the 1993 Watermaster Handbook**.

The purpose of this letter is to remind all water districts that workers compensation insurance is required for all water district employees. This requirement applies to all water districts in Idaho, regardless of annual budget. Insurance should be applicable at least to all paid water district staff, including the water master as well as watermaster assistants, advisory committee, secretary and treasurer. The costs associated with workers compensation insurance is paid directly by the water district and should be considered an expense of the district. For information about obtaining insurance costs etc., please contact the Idaho State Insurance Fund. The State Insurance Fund has offices in Boise, Coeur d'Alene, Idaho Falls, Pocatello and Twin Falls. Water Districts are also reminded that all paid water district staff may be subject to state and federal taxes. These tax requirements will vary depending on salaries and total income of each watermaster or employee. In many water districts, particularly smaller districts with part-time staff, payment of watermaster or each employee. Districts may wish to contact the State Tax Commission or the Internal Revenue Service for information about state and federal withholding taxes.

Sincerely,

Sharla Cox

✓✓ The annual meeting of water district 75d was held at Carmen Hall at Carmen Idaho on Monday March 7, 2016 at 1:30 p.m. Dave McFarland was elected chairman for the meeting. Cheryl Milhalka was nominated and elected as Secretary Treasurer for the 2016 seasons with the condition she accepts. In the event she declines the position will revert back to Kevin Keller. Minutes will be kept by Kevin Keller during this meeting as Cheryl is not in attendance. KK

Clarification of a \$25 based fee and a \$5 donation to County treasurer was made by Brian Keller

Watermaster compensation was set at \$400 expenses and \$1600 salary for the 2016 season.

The Watermaster's Report and 2016 budget were presented and approved as follows;

Watermaster compensation	\$ 1600
Watermaster expense	400
Watermaster social security Tax	264
Watermaster workman's comp. Ins.	300
Office expense	200
Lemhi County Treasurer	325
Total	3089

Brian Keller was elected as Watermaster for the 2016 season. John Milhalka was elected as watermaster's assistant to be paid from watermaster's salary.

Watermaster services will start by petition for services and end October 31, 2016. Although the petition paperwork is completed at the time the minutes are mailed to the state, it was agreed upon that the watermaster will not spent his time frivolously. He will provide service when he is contacted by water users and when need arises.

Compensation will be paid when Sec/treasurer receives the 2016 Watermaster's report and the 2017 proposed budget. The amount billed to 75D water users is due and payable at the county Treasurers' office on June 20, 2016 to coincide with the collection of the second half of property taxes. 8% interest will be charged on delinquent water user accounts.

Bill Slavin, Bruce McFarland, and John Burns were elected to serve on the advisory board for the 2016 season, they will advise the Watermaster. Disputes will be brought before the board.

Meeting for 2017 will be the first Monday in March, which is March 6, 2017 at 1:30pm.

Discussion about measuring recharge was brought up by Tom McFarland, NRCS and Model Watershed want to help water users gather information in order to increase our knowledge of this water system and possible effects from changes in irrigation practices.
