Dear Rene,
Attached is the Agreement for Use of School Facilities form that I have signed. I was informed by our fiscal section that the \$50.00 use fee went directly into your account. Thanks again for all of your help with this matter.
Please contact me if you have any questions.

Subject: Agreement For Use of School Facilities

Dear Kimi,
Attached you will find the "Agreement for Use of School Facilities". I will combine the fee to use the building and cleaning fee, so it will just be \$50.00 for the use of the building. I will make sure that someone is here to open the building for you on the evening of the event, Thursday, May 25, 2017.

Please do not hesitate to call me if you have any other questions.

I would like to apologize for not getting this to you as I said that I would. We were not in school on Friday or yesterday and I had left the form on my desk. I had put it out to send from home Friday as I only work part time, then I forgot to take it with me. I was in a meeting this morning, sorry I missed your call.

Sincerely,

Rene' Maestrejuan

Re: Notice of Public Meeting – Creation of a Water District for Jordan Creek and Tributaries

The Idaho Department of Water Resources ("Department" or "IDWR") intends to initiate steps for the administration of water rights diverted in Idaho from Jordan Creek and tributaries to Jordan Creek by creating a new water district. The Department is considering this action because:

1. The Snake River Basin Adjudication ("SRBA") was completed on August 25, 2014. Idaho law specifies that the Department shall create or modify water districts for the administration of water rights where the water supplies of such rights have been adjudicated.
2. The Department has received complaints from senior water right holders on Jordan Creek that they are not receiving the water they are legally entitled to receive.

The Department has scheduled a public information meeting as follows:

Date: May 25, 2017
Time: 6:30 pm
Location: Pleasant Valley Elementary-Junior High School
28026 Juniper Mountain Road
Jordan Valley, Oregon 97910

The purpose of the meeting will be to inform water users of the requirements of a water district, the anticipated schedule for creation of a new water district, and to gather feedback. Department representatives will be on hand to answer questions.

The meeting will be conducted in a facility that meets the accessibility requirements of the Americans with Disabilities Act. Should you require special accommodations in order to attend, participate in, or understand the meeting, please contact the Department at least five days prior to the meeting.

A copy of this notice has been sent to all holders of water rights diverting surface water in Idaho from Jordan Creek and tributaries to Jordan Creek within Idaho.

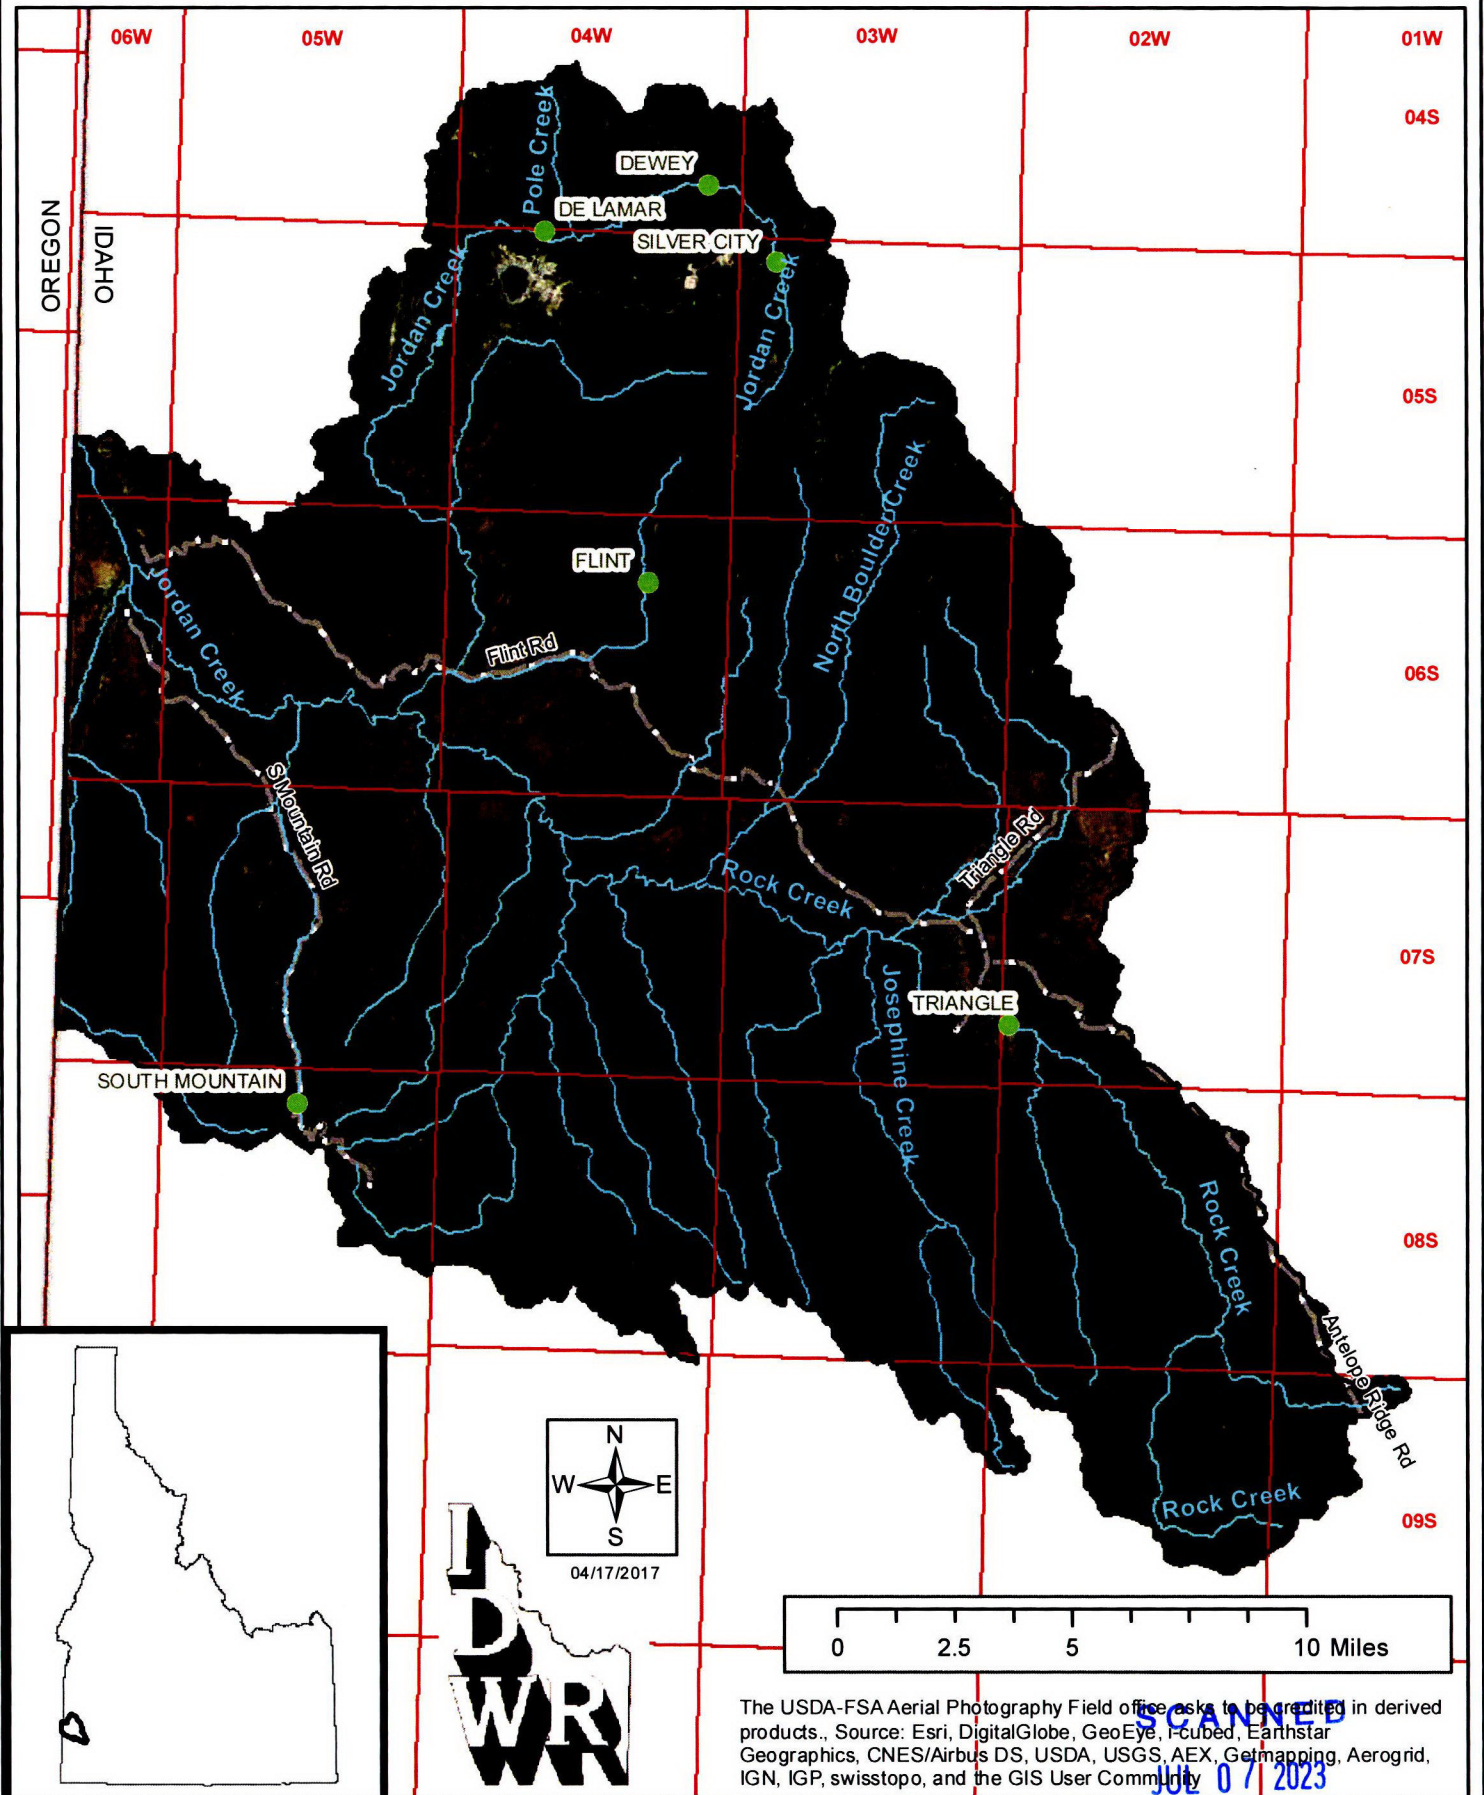

For further information regarding this meeting, please contact Nick Miller at the IDWR Western Region Office in Boise at 208-334-2190.

The map attached to this notice shows the potential boundaries of a water district. The boundaries represent the Jordan Creek drainage in Idaho, including Jordan Creek and all tributaries. Trout Creek, located in Idaho but tributary to Jordan Creek in Oregon, is omitted from the boundaries shown on the attached map. Notice of this meeting was not sent to holders of water rights from Trout Creek or tributaries to Trout Creek.
