Certificate of Appointment

SCANNED
MAY 15 2017

This is to certify that I have appointed Ron Shurtleff as *Watermaster* of
Water District 65, from this day until the 2018 annual meeting or until his/her successor is
appointed and qualified under the provisions of Idaho Code Section 42-605, at such rate of compensation as
established by applicable law.

This certificate has been issued and the seal of the
Director fixed at Boise, Idaho, this day, May 15th, 2017.

Gary Spackman
IDWR Director

PAYETTE ID 83661

Dear Mr. Shurtleff,

Enclosed is your certificate of appointment as watermaster of Water District 65 Payette River. Per Idaho Code Section 42-608(1), the watermaster's term of service "*...is throughout the year, extending until the annual meeting for the ensuing year, or until a successor is appointed.*" Based on the code, the watermaster's appointment is from one annual meeting to the next, generally speaking.

Thank you for serving the State of Idaho and your community. Feel free to contact this office with any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rachel Neely', with a long horizontal line extending to the right.

Rachel Neely
Administrative Assistant

NOTICE OF ADVISORY BOARD MEETING

Scheduled for
April 11, 2017

RECEIVED

APR 03 2017

WATER RESOURCES
WESTERN REGION

March 31, 2017

Dear Mr. Miller

The Advisory Board of Water District No. 65 will hold its regular monthly meeting on **Tuesday, April 11, 2017** at 8:00 PM, in the **Payette River Irrigation Office** located at 102 N. Main, Payette, Idaho.

The following tentative agenda items will be considered during this upcoming meeting:

- *Review to approve minutes of the March 14, 2017 meeting*
- *Review to approve the District's Financial Statements*
- *New Season, Water Supply Outlook*
- *Reservoir Condition Report*
- *Discuss Flow Augmentation Program*
- *Cost Share Program, Update*
- *Any other business that should be brought before the board*

Note, Meeting Time, 8:00 p.m. April 11, 2017

I look forward to seeing you on April 11, 2017, in the Payette River Irrigation Office.

Sincerely,

Ron Shurtleff

Regular Board Meeting

Date: March 14, 2017
Time: 8:00 p.m.
Location: Payette River Irrigation office

Attending: Marcia Herr, Letha, Jim Garman EID, Dyke Nagasaka, LPDC, Marc Haws, Letha, Doyle Fackler LCDC, Joan Howell, Letha, Darlene Maxwell LPDC, Jim Standley, EID, John Hartman, BCID, Gene Parks, EID, Betty Knox and Executive Ron Shurtleff

Guests: Brian Sauer, Operation Specialist, Bureau of Reclamation and Lanie Paquim, Snake River Deputy area Manager, USBR.

Absent: Ron Mio Noble, Roy Maxwell, BCID, Dan Surmeier BCID, Walt Garman, Farmer's, Wayne Martin, Washoe, Fred Coburn, Stuart Ditch, Dyke Nagasaka, LPD, Rick York FCI, Norm Collinworth, FCI, Megan Wells Enterprise Ditch, Marc Shigeta, and NDC.

Welcome: Chairman Maxwell called the meeting to order and thanked everyone for attending. Chairman Maxwell mentioned there may not be enough members present to constitute a quorum and asked if the meeting should proceed. The members determined that since nearly all entities were and half of the voting members were present, quorum did exist. Chairman

Because some new people were attending the meeting, Chairman Maxwell asked everyone to introduce themselves, and to state the entity they represent.

Minutes: Chairman Maxwell asked if there were any additions or corrections to be made to the minutes of the previous meeting. **Jim Standley moved and Marc Haws seconded to approve the February 14, 2017, minutes as corrected. The motion carried.**

Financial: Chairman Maxwell asked Ron Shurtleff to report on the financial condition of the District. His report contained the following financial status:

Checking: Wells Fargo	2,529.31
Savings: State Treasury Fund	374,092.11
Current Assets	379,905.76
Accounts Receivable	3284.34
Fixed Assets	<u>38,324.97</u>
Total Assets	\$418,230.73
Total Liabilities	6585.23
Equity: Equipment	38,324.97
Retained Earnings	423,055.50
Net Income	-49,734.97
Total Liability and Equity	\$418,230.73

Chairman Maxwell asked if there were any questions regarding the financial report.

John Hartman moved and Marc Haws seconded to approve the March 14, 2017, financial statement as presented, the motion carried

Chairman Maxwell turned the floor to Ron Shurtleff, Ron introduced Lanie Paquin USBR Deputy Manager, Snake River Area, attending tonight since Mr. Springer was not able to attend.

Ms. Paquin greeted everyone and stated that this is the time of year when the Bureau puts together its plans for the Flow Augmentation program. Because this year appears to be an above normal water year the Bureau intends to acquire 487,000 AF of water for this season's program. Lanie stated the Bureau is requesting 70,000 AF of water to come from the irrigators contracted reservoir space. She went on to say that Reclamation intends to assign their usual 95,000 AF of uncontracted space in Cascade and Deadwood. Ms. Paquin answered some questions pertaining to the timing of augmentation releases and she commented the Boise Basin has been conducting flood releases since early in March.

Brian Sauer
USBR:

Chairman Maxwell introduced Brian Sauer, Bureau of Reclamation and offered him the floor. Mr. Sauer stated that with all the moisture this year the Payette Basin is looking at a promising runoff season for 2017. Currently the Payette Basin is experiencing a composite Snow Water Equivalent of about 123% of normal, with a total precipitation to date of about 134% of normal. Brian reported on several SNOTEL of the site and compared them to prior years. He commented one major difference this year is the lower elevation sites are carrying above average snow water in comparison to the past several years, when low elevation snow has been lacking. Brian predicted the runoff past Horseshoe Bend from March 1st through July 31st to be 139% of normal with a yield around 2,311,000 acre feet. He also showed weather forecasts which indicate the probability of wetter than normal conditions with below normal temperatures. Mr. Sauer also commented that it is likely the Bureau of Reclamation will start releasing water from Cascade Reservoir in the near future to reserve space for flood control.

Watermaster
Report:

Chairman Maxwell asked Watermaster Ron Shurtleff to proceed with his report. Ron commented briefly about the watershed conditions and then reported that wet and cool conditions are predicted to persist for the next 6 to 14 days according to the NOAA prediction center. Ron noted the South Fork of the Payette System received much more snow than the North Fork during December and January. He stated that the more recent storms have targeted the North Fork a little stronger allowing these areas to catch up and actually now record above normal snow

conditions. He noted the northern part of Idaho in general has picked up quite a bit of moisture in these more recent storm events.

Cost Share

Update:

Ron continued and moved on to the 2016 Cost Share Program to report the latest condition of that year's program. He noted all projects are completed and funded except for the Mud Creek project in Long Valley. That project remains as a payable in the amount of \$6,500.

Ron moved on to the current years Cost Share applications which were presented and considered at last month's meeting. Ron directed attention to page 17 of the information packets with a list of 13 projects resulting in a total funding request of \$146,428. Ron reported at the last meeting all of the projects had been approved except for item No. 4 the Noble Ditch, Lateral 188 improvement project. He stated this project had not yet received endorsement by the Noble Ditch Board of Directors, and thus cannot go forward without their approval. Ron also stated that at the previous meeting a quorum was not present and the action taken to approve the applications should be ratified during a meeting when a quorum is present. After some discussion, **John Hartman moved Marc Haws seconded to sanction the action taken at the last meeting to approve all Cost Share Applications presented in the 2017 Cost Share list, except for item No. 4. The vote was all in favor, motion carried.**

Watermaster

Project list:

Ron Included a list in the information packets of the projects he is intending to complete in the next few months. The first is to achieve measurement and monitoring at the Montour Farmers Ditch diversion. The second is monitoring the Davis Cattle Company diversion at Cascade Dam. The third is to help Black Canyon Irrigation District achieve automatic control of their diversion Gate at Black Canyon Dam.

Transmitter

Demonstration:

Ron had set up the equipment that is to be installed at the Davis Cattle Company diversion at Cascade Dam. He demonstrated how it will operate by simulating a pressure differential in the transmitter equipment. He displayed the output result in a chart from which was displayed on the screen. Ron said he was very impressed with the accuracy and operation of the unit and wanted the Advisory Board to have the chance to witness the unit in operation. Ron said he had nothing further and turned the meeting back to Chairman Maxwell.

Adjournment:

Chairman Maxwell asked if there is any other business that should come before this meeting. Hearing none, she declared the meeting adjourned.

Respectfully Submitted

Darlene Maxwell, Chairman

Betty Knox, Recording Secretary

Annual Water District Meeting Checklist

Per Idaho Code Title 42 Chapter 6 (Distribution of Water Among Appropriators), annual water district meetings must include (at a minimum) the actions listed below.

IDWR wants to ensure each water district is meeting these minimum standards. Please return this completed checklist to the appropriate IDWR regional office with the annual meeting minutes (this list does not replace meeting minutes) *or* ensure that all of these actions are clearly addressed in the meeting minutes.

2017 Annual Meeting

Date: January 17, 2017
Time: 1:00 p.m.
Location: USDA Service Center, 1805 Highway 16, Emmett, Idaho

Attending: Ken Mineard, Joan Howell, Roy Maxwell, John Hartman, Fred Coburn, Dan Surmeier, Dennis Lamme, Marcia Herr, Marc Haws, Walter Garman, Jim Standley, D E Burr, Allen Gatfield Jr., Robert Gatfield, Lola Gatfield, Wayne Martin, Marc Shigeta, Doyle Fackler, Betty Knox, Recording Secretary, and Watermaster, Ron Shurtleff

Guests: Angie Grimm, IDWR, Justin Shearer, IDWR, Steve Spencer, Forest Service, Jeff Peppersack, IDWR, Dan Stanaway, IDWR, Kurt Folke, Quest CPAs PC, Tim Hoyt, Quest CPAs PC, Roland Spriger, USBR, Lanie Paguin, USBR, Bryan Sauer, USBR.

Welcome: Vice Chairman Maxwell called the meeting to order and thanked everyone for attending. He reported Chairman Darlene Maxwell could not attend and that he would be conducting the meeting today in her absence. He then suggested that we go around the room and state our name and what entity each person is representing.

Minutes: Vice Chairman Maxwell then directed everyone to the minutes of the previous year Annual Meeting which started on page 2 of the meeting packet. Mr. Maxwell asked everyone to read through the minutes of the previous meeting in preparation for their approval. A few misspellings and typographical errors were identified, but no errors of material significance were pointed out. **Mr. Dan Surmeier moved to approve the Annual Minutes of January 12, 2016. Mr. Marc Haws seconded the motion as corrected, and the motion carried.**

Audit Report: Vice Chairman Maxwell introduced Mr. Kurt Folke, from the Quest Accounting Firm who had performed the Annual Audit for the water district. Mr. Folke stated that the audit is for the recently completed water year of 2016.

Mr. Folke directed everyone to page 10 of the handout which contained a portion of his report titled, Budgetary Comparison Schedule- General Fund. Mr. Folke reported the district entered 2016 with fund balances of \$461,170, and ended the year with a balance of \$461,381. This represents a gain in net position of \$211 or about as close to breakeven as you can get. Mr. Folke stated this is normal for a Non-Profit entity.

Mr. Folke reported the State of Idaho has adopted a different method this year, for entities like this Water District which receive substantial revenue from sources other than assessments. The change is in regard to how Fixed Assets are treated. He stated from this time forward Fixed Assets will be depreciated just as in a proprietary entity. He stated this has caused a reduction in the District's overall net position, but will also reflect a truer value of the District.

Mr. Folke noted the Water District had funded several Cost Share improvement projects during 2016 and that the total amount contributed to the program increased by \$40,000 when compared to the previous year.

Mr. Folke reported this years audited had been performed in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General. Mr. Folke further reported the district appears to be functioning as it should, and is serving the water users well. The financial accounting is being performed in accordance with generally accepted financial accounting methods. Mr. Folke thanked everyone for their attention and asked if anyone had any questions pertaining to the audit. Seeing no questions Vice Chairman Maxwell asked if the members were ready to approve the financial statements of the district. **Doyle Fackler moved to accept the 2016 Audited Financial Report as presented by Mr. Kurt Folke. Wayne Martin seconded the motion, and the motion carried.**

B.O.R
Update:

Vice Chairman Maxwell introduced Mr. Roland Springer the Snake River Area Manager, Bureau of Reclamation. Mr. Springer noted that the change of administration has brought about changes throughout the Bureau. He reported, Ryan Zinky, a Republican from Montana was appointed to the position of Secretary of Interior. Mr. Springer reported the Bureau of Reclamation has an interim Commissioner, with that position being filled by Mr. David Murillo. He also reported the retirement of Deputy Regional Director Terry Kent moved Mr. Robert Skordas to fill this position, and Mr. Dave Mabe, previously with NOAA has also taken a Deputy Regional Director position and will be working on NEPA compliance. Mr. Springer introduced his Staff members that were in attendance: Lanie Paguin, Deputy Area Manager, Brian Sauer, Conservation and Operations Specialist.

Mr. Springer talked about the focus of the Bureau of Reclamation and mentioned some large projects which included the addition of a 12.5 Megawatt Generator unit to be added to Black Canyon Dam. He also mentioned projects under consideration in the Boise Basin in an attempt to gain more storage capacity and improve flood control. Mr. Springer also mentioned the ongoing study at Deadwood Reservoir in regard to Bull Trout which may result in a recommendation to alter operations.

Brian Sauer
USBR:

Vice Chairman Roy Maxwell thanked Mr. Springer and then introduced Mr. Brian Sauer, Bureau of Reclamation, to give his report on the 2017 Water Supply Outlook. Mr. Sauer stated that with all the moisture this year the Payette Basin is looking at a promising runoff for 2017. Last year the runoff at about 99% of normal. SNOTEL sites last year at the higher elevations like Deadwood had above normal snow, in contrast however, the lower elevation sties like Cozy Cove were significantly below normal. And even though the Payette Basin's peak snow water equivalent came in at 125% of average, the early heat in April and May caused an early melt. As a result much of the water came down in May instead of lasting through June to extend our river flows. Brian displayed a comparison of reservoir conditions between this year and last year at this date.

<u>Comparison 2016</u>	<u>Vs</u>	<u>Comparison 2017</u>
The Payette for 2016 = 58%		Payette for 2017 = 61%
The Boise for 2016 = 39%		Boise for 2017 = 48%

Brian reported the winter storms this season have favored the southern part of the State and the lower elevations. This has left the Payette Basin' SNOTEL sites a little below normal. The recent storms have improved our numbers and it appears the forecast is for storms that more closely target the west central mountains.

Mr. Sauer went on to talk about Reclamation's WaterSmart, Cost Share Program, as well as the smaller scale water efficiency grants with awards up to \$75,000. He invited anyone with a project to visit the web page www.grants.gov.

Daniel
Stanaway
IDWR:

Vice Chairman Maxwell thanked Mr. Sauer for his report and introduced Mr. Dan Stanaway, Technical Hydrologist, from The Department of Water Resources.

Mr. Stanaway handed out packets of the presentation that he presented on screen. He reported the 2016 water year in review with a snowpack above normal at 109%. He stated the reservoirs did reach a complete fill, and thus any storage usage prior to the reservoirs becoming full was cancelled on the Day of Allocation. He reported all spaceholders did receive 100% of their allocation as well. He also reported the early season snow melt did not treat us very well by causing an early Day of Allocation, June 29th. This exposed the basin to a longer storage usage season during 2016. Mr. Stanaway stated that data collected over the past 60 years indicates that our usual day of allocation has moved earlier in the season by about two weeks over that same period of years.

Mr. Stanaway reported the Payette Basin Reservoir Storage Reconciliation indicating 893,226 acre feet of Total Storage Available, Total Storage used at 426,923 acre feet, resulting in a computed figure of 466,303 acre feet that should be remaining in storages. This figure is then compared to the actual measured contend of the reservoirs on October 31st. That figure equaled 466,109 acre feet,

a difference of only 194 acre feet. This indicates the accounting is in fact doing what it is designed to do.

Mr. Stanaway reported that Liz Cresto had intended to report on a project being conducted in the Payette Basin by the Idaho Power Company. Ms. Cresto was unable to attend so Dan displayed a slide with the following title: SNOWIE, Seeded & Natural Orographic Wintertime clouds; the Idaho Experiment. Dan invited everyone to visit the Idaho Power Web site to learn about this subject.

**Water Master
Report:**

Vice Chairman Maxwell asked Watermaster Ron Shurtleff to give his 2016 Report.

Watermaster Shurtleff started by pointing out the differences between the past few years. He reported, that in a span of only four years the Payette System has experienced one of the latest days of allocation, July 31, 2011, and one of the earliest day of allocation, which occurred on June 15th of 2015. Ron said he considers July 7th as the normal date of allocation and this year turned out to be quite early since river flow, and river demand coincided on June 29th.

Ron continued his report with actual Storage use figures noting storage usage in 2015 totaled 245,406 acre feet in contrast to this year's usage of 201,023 acre feet a reduction of 43,383 acre feet. He reported the 2016 Flow Augmentation program participation in the Payette Basin was near normal with Irrigators contributing 70,000 acre feet while the Bureau of Reclamation contributed their usual 95,000 acre feet from their uncontracted storage space.

Ron presented some weather prediction slides which indicated below normal temperatures with above normal precipitation forecast for the next 6 to 14 days.

Ron continued by reporting on the District's Cost Share Program which in 2016 had a budget amount of \$134,000. The budget also offered an additional \$3,000 for water quality projects. He displayed the list of completed projects and also showed photos of in progress, and completed projects.

**Budget
Committee:**

Vice Chairman Maxwell called on Dan Surmeier, to give the Budget Committee Report.

Mr. Surmeier reported, the committee had met to prepare the budget and asked everyone to turn to page 29 of the meeting packets. He said there were very few changes to this year's budget from the previous year. He noted they did give the Watermaster an increase in pay of 1.5%. He then asked Watermaster Shurtleff to point out any changes that he may be overlooking. Ron noted the medical insurance had taken a \$2,000 increase. The other notable change was in the interest to lessors which was increased by \$1,600 because interest rates have improved during the past year. Ron pointed out the most significant change is the Cost Share Budget item which moved from \$134,000 to \$150,000 for the 2017 season. Mr. Surmeier stated the Budget Committee would like to presented this

proposed budget to the members at this meeting with a do pass recommendation and asked if there were any questions. After some discussion, **Jim Standley moved to accept the budget as presented on page 29 and to attachment it to the Resolutions as Exhibit A, with a recommendation for approval as the 2017 budget. Doyle Falkner seconded the motion, and the motion carried.**

**Nomination
Committee:**

Vice Chairman Maxwell asked Mr. Surmeier once again for the Nominations Committee report.

Committee Chairman Surmeier had everyone turn to page 31 of the packets to view the prepared list of Advisory Board Members, Advisory Board Officers, and Nominations and Budget Committee Members for the 2017 season. Mr. Surmeier pointed out the officers for this year remain the same as last year with, Darlene Maxwell nominated for Chairman/Treasure, Roy Maxwell for Vice Chairman, and Wayne Martin for Secretary. He stated the Advisory Board member list has been updated and nominated as presented on page 31. Dan also stated the Budget and Nomination Committee, is listed the same as the previous year with one change placing Mr. Jim Standley as Chairman of the committee. He then asked if there were any nominations from the floor. Hearing none he presented the nominations list to the members with a do pass recommendation. **Mr. John Hartman moved to attach the proposed nominations list to the Resolutions as Attachment B. and to do this with a recommendation for approval as the Water District Advisory Board and Officers. Jim Standley seconded the motion and the motion carried.**

**Adoption
Resolutions:**

Vice Chairman Maxwell suggested approving all resolutions, 1 through 15 with one motions but asked Watermaster Shurtleff to read the resolutions so everyone could fully understand their purpose. After discussing the list of resolutions it was decided that Resolution #11 should be amended to state the District's mileage compensation will be set at the federal government allowable rate per mile. **John Hartman moved to approve the Federal mileage compensation rate per mile De Burr seconded the motion, and the motion carried.**

Dan Surmeier moved to approve all Resolutions, No. 1 through No. 15 as amended. Marc Haws seconded the motion, and the motion carried.

A copy of the Resolutions will be attached to these minutes.

**Set 2018 Annual
Meeting Date:**

Vice Chairman Maxwell stated it is time to set the date and time for next year's Annual Meeting. He further stated it has been suggested to set it for this third Tuesday in January which will be January 16, 2018 at 1:00 PM at this same location. **Marc Haws moved, and Dan Surmeier seconded to set the meeting for January 16, 2018 at 1:00 PM in the USDA Service Center, 1805 Highway 16 Emmett, ID. The motion carried.**

Adjournment:

Vice Chairman Maxwell asked if there is any other business that should be brought before this 2017 Annual Meeting. Hearing none, thanked everyone for attending and declared the meeting adjourned.

Respectfully Submitted

Vice Chairman, Roy Maxwell

Betty Knox, Recording Secretary

Water District No 65 Annual Meeting

Proposed Resolutions

January 17, 2017

RESOLUTION NO. 1

RESOLVED, that the water users of Water District No. 65 do hereby agree to vote by acclamation the resolutions to be adopted in this meeting, unless a request is made by a qualified voter to vote on any resolution by casting a roll call vote counting the numbers of voting shares: each share representing one irrigable acre assessed by the District, total of which based on the total acres assessed by Water District No. 65 this past year.

RESOLUTION NO. 2

A motion, to be made and seconded, that the 2017 Budget (Attachment A) be adopted as read and that the items of salary and other expenses be fixed as contained therein.

RESOLUTION NO. 3

A motion, to be made and seconded, that Ron Shurtleff be elected to serve as Watermaster for Water District No. 65, at the prescribed salary fixed in the 2017 Budget (Attachment A), until the next annual meeting of the District.

RESOLUTION NO. 4

A motion, to be made and seconded, that Water District No. 65 assess each water user \$0.50 per acre irrigated, to be based on irrigable acres listed on their water right, and that the Watermaster for Water District No. 65 be authorized to collect the assessment directly from the water users of the District. For non-irrigation water users, a fee of \$200 shall be assessed by the District.

RESOLUTION NO. 5

A motion, to be made and seconded, that the amounts payable by each ditch, canal company, irrigation district, or other water user, as shown by the approved budget, shall become due and payable on June 1, 2017, and said amounts shall, if not paid by the due date, bear interest from that date until paid at a rate of 8.0 % per annum, and that the Watermaster of Water District No. 65 be authorized to withhold or suspend water deliveries from water users who have not paid said assessment.

Water District No 65 Annual Meeting

Proposed Resolutions

January 17, 2017

RESOLUTION NO. 6

A motion, to be made and seconded, that the following persons nominated for Chairman, Vice Chairman, Secretary, Treasurer be elected by the water users to serve for the ensuing year until the next annual meeting of the District.

<u>Darlene Maxwell</u>	Chairman
<u>Roy Maxwell</u>	Vice-Chairman
<u>Wayne Martin</u>	Secretary
<u>Darlene Maxwell</u>	Treasurer

Be it further resolved, that the persons nominated for the 2017 Water District No. 65 Advisory Board (Attachment B) be elected by the water users to serve for the ensuing year until the next annual meeting of the District.

RESOLUTION NO.7

A motion, to be made and seconded, that the water users of Water District No. 65 pay the necessary expense, as listed in the approved budget, to send the Watermaster to the Idaho Water Users Association State Convention as the voting delegate for the District, and any other workshops, meetings or conventions deemed necessary by the Advisory Board of Water District No. 65.

RESOLUTION NO. 8

A motion, to be made and seconded, that the persons duly nominated by the water users of Water District No. 65 (Attachment B) be appointed to serve as the Nominating Committee for the ensuing year until the next annual meeting of the District.

RESOLUTION NO. 9

A motion, to be made and seconded, that the Advisory Board approve any and all expenditures from the "50% Cost Share Incentive Program, Facility Improvement" category, limiting individual requests to 50% cost share of expenditures for improvements to measuring devices, head structures, or for facilities constructed to improved water management within the District, limited to \$ 50,000 per request for the 2016 budget year, except as may be modified by the terms defined in Resolution No.14.

Water District No 65 Annual Meeting

Proposed Resolutions

January 17, 2017

RESOLUTION NO. 10

A motion, to be made and seconded, that the Advisory Board approve any and all expenditures from the "50% Cost Share Incentive Program, Water Quality " category, limiting individual 50% cost share expenditures for water quality monitoring or water treatment projects designed to ultimately improve the water quality entering the Payette, Boise, and Snake Rivers and, in doing so, protecting the ability of water rights to use water from the District to \$ 3,000 per request for the 2017 budget year.

RESOLUTION NO. 11

A motion, to be made and seconded, that the Watermaster is authorized to reimburse the Chairman, Vice Chairman, and Secretary of Water District #65 for any necessary mileage to and from District meetings, at the allowable 2017 federal rate of \$0.535 per mile, as well as any other necessary expenses incurred by these Officers deemed appropriate for reimbursement by the Advisory Board.

RESOLUTION NO. 12

A motion, to be made and seconded, to authorize the Watermaster, with the consent of the Advisory Board, to acquire, hold and disburse of real and personal property, equipment and facilities in the name of Water District No. 65 as necessary for the proper distribution of water.

RESOLUTION NO. 13

A motion, to be made and seconded, that the water users of Water District No. 65 hereby adopt the following policies for the operation of the 2017 Water District No. 65 Advisory Board:

The Advisory board shall conduct a regular monthly meeting on the second Tuesday of each month or as often as deemed necessary by the advisory board. The Advisory board may set the District's annual meeting date between the second Monday and the last day of January each year. The Advisory Board should foster open communications and participation within the Water District No. 65 in a cooperative manner in order to strengthen the positions of the water users of the District. The Advisory Board will operate and vote on issues by consensus or agreement of all members in attendance. If an issue is unresolved through consensus or becomes too divisive, the issue will be tabled until a future meeting when consensus is reached. Otherwise, the issue may be voted on at the next Annual or Special Meeting of the District, if necessary.

Water District No 65 Annual Meeting

Proposed Resolutions

January 17, 2017

RESOLUTION NO. 14

A motion to be made and seconded, that the Advisory Board shall determine during the regular October meeting if all funds within the Facility Improvement Incentive Program Budget will be utilized during that budget year. Funding determined to be uncommitted or released from other projects may become eligible for reapplication by large projects previously funded at a level below 50 % (as determined by Resolution No.9). At the discretion of the Advisory Board these uncommitted funds may be directed to one or more project, limiting the total combined cost share expenditures to a level not to exceed 50% of the project cost.

RESOLUTION NO. 15

A motion to be made and seconded, that the Advisory Board approve payment of the Idaho Water Users Association, Annual Membership Dues for all water using acres and entities included in the Payette River Water Accounting System for 2017, hereby including all acres and entities in the membership list of the Idaho Water Users Association. A complete list of owner members with acreage and or entity type represented, also to be provided to the Idaho Water Users Association by the Water District No. 65. Any individual or entity may retain the right to pay their dues directly if preferred, by informing the Water District 65 of their election.

These Resolutions, numbers 1 through 15, are hereby adopted at this Annual Meeting to serve the Payette River Basin, Water District No. 65, through the Water Year 2017.

Rachel,

I have attached the Annual Meeting information for Water District No. 65

I went through the address list and made some changes. I made a separate sheet to list my changes and added a reference number beside the item where I made a change. I apologize the numbering on the original sheet did not end up in chronological order, but the lines with a number have a corresponding reference number on the additional page. I added three new names as well. The lined out names can be removed.

Please call if you have any questions.

Thanks,

Ron Shurtleff
