From: Brett Hanson – Porter Creek Water Master

Subject: 2016 Porter Creek Summary

SUMMARY

No issues that I was made aware of, however, I did receive two questions in July.

- 1) First week in June - Roger Miller was wondering how Randy was watering with Porter Creek on his property off Cooks Gulch. I looked into it, Randy did have a permit (65-23277) with rights to use the water until the district finished issuing the water right. I updated Roger with this information.
- 2) First week in July - Ryan McHugh (Double Diamond) was running low on pressure and wanted to ensure that no one else was watering this late in the season. I checked out all the gates and they were all closed except for the one for Double Diamond, there were receiving all the water. However, did determine the highway department had built a small dam and were taking water from Porter Creek to fill up their water trucks from the upper portion of Porter Creek.
