Water District 130 Diversion Report for 2018

Compiled by: Nathan Erickson, Watermaster

Pursuant to Idaho Code 42-606, all Watermasters shall file an annual report to the Idaho Department of Water Resources, which includes the amount of water delivered by the Watermaster in the prior water year(s). The report of diversions is then used to determine annual assessment amounts to each water user.

Up to five years' diversion records may be averaged for each water user, and the average annual diversion used for assessment purposes. The following report averages diversion data for years 2013 through 2017. Data for 2018 are not included in this report, but will be included in the 2019 report.

The attached workbook is organized into reporting units and also includes non-reporting (small user) water users. Non-reporting water users are assessed a nominal administrative fee by Water District 130 but are not required to measure and report annual diversions at this time. Nonconsumptive water users are required to measure and report in Water District 130, and are assessed pursuant to Idaho Code 42-605A and the Water District 130 Adopted Resolutions.

Each worksheet contains specific diversion identification information (WMIS number, Metal Tag Number, Diversion Name, Measurement Option(OP)), owner information and annual use data in acre-feet. All data are averaged over the period 2013 to 2017. Data qualifiers (DQ) have been attached to some data. The Measurement Option and Data Qualifier keys appear below.

All data appearing within this report are proprietary and may be updated by Water District 130. Water District 130 and subdistricts conduct ongoing measurement of diversions and measuring device certifications. Calibration factors for flow meters and coefficients for power consumption estimates are recomputed every three years. As these numbers are updated, prior years' data may be adjusted.

Measurement Option key (OP)

- 1 - Totalizing flow meter on irrigation diversion
- 2 - Power Consumption Coefficient (PCC)
- 3 - Alternate method
- 4 - non use of well due to CRP
- 6 - non use of well, other reasons
- 7 - Time clock or Hour meter
- 8 - Totalizing flow meter on non-irrigation diversion
- 9 - Open channel or non-totalizing device

Data Qualifier key (DQ)

Flow meter or timeclock qualifiers-

est - diversion volume estimated or water right volume used

NEW - new diversion, has not yet reported

NM - no reported data, diversions are occurring and may be estimated

ND - no measuring device installed, diversions are occurring and may be estimated

OW - data reported combined with another diversion

EM - reported data are erroneous, and could be higher or lower than actual diversions

Z - no diversions as confirmed by user, hydrographer or watermaster

PCC qualifiers

- 1 Simple systems, one operating condition
- 2 Systems with multiple operating conditions and PCC for measured conditions varies by 10% or less
- 3 Systems with multiple operating conditions and PCC for measured conditions varies more than 10%.
- 4 Systems with multiple operating conditions, using low PCC (high flow) condition to estimate volume
- 5 Systems with multiple operating conditions, not all conditions known or measured
- 6 Known problem with reported kwh data
- 7 Measured PCC during flowmeter check
- 8 Complex system where flow meters or time clocks should be used
- 9 PCC not measured but may have been estimated
- N PCC not measured
- Z no power consumption as confirmed by user, hydrographer or watermaster

**WATER DISTRICT NO. 130
THOUSAND SPRINGS AREA
2018 ADOPTED RESOLUTIONS**

The water users of the Thousand Springs Area Water District, designated as Water District 130, meeting at the annual district meeting on Tuesday, February 6, 2018 at Jerome, Idaho HEREBY ADOPT THE FOLLOWING RESOLUTIONS:

1. That the watermaster perform the duties as required by Chapter 6, Title 42, Idaho Code and in accordance with the duties described in the Final Order Creating Water District 130¹, signed by the Director of the Idaho Department of Water Resources (IDWR), February 19, 2002.
2. The Idaho Department of Water Resources be elected to provide the watermaster services for Water District 130 and that the Director of IDWR appoint Nathan Erickson, an employee of IDWR, or other employees of IDWR as may be necessary, to serve as the watermaster for the ensuing fiscal year or as otherwise provided in Idaho Code § 42-608(4) and the Memorandum of Understanding dated February 13, 2009 and executed July 13, 2013.²
3. Lynn Carlquist be elected Water District 130 treasurer. The duties of the treasurer will be to approve expenses, oversee disbursement of Water District funds, and to prepare or authorize a review of financial affairs of the district at the end of each fiscal year, in accordance with Idaho Code Section 42-619.
4. The budget for Water District 130 for the fiscal year 2018 beginning March 1, 2018 and ending on February 28, 2019, be as follows: Sixty-two Thousand Six Hundred Ninety Dollars (\$62,690) for Watermaster duties, and Twelve Thousand Fifteen Dollars (\$12,015) for measuring and reporting of diversions not reporting to a subdistrict, for a total budget amount of Seventy Five Thousand Eight Hundred and One Dollars (\$75,801). An itemized budget sheet is attached. Carryover amounts from the budget of 2017 in the amount of \$21,100 will be used to offset the amount assessed in 2018.
5. The Watermaster of Water District 130 is hereby authorized to collect the assessments of the Water District in accordance with Idaho Code § 42-618.
6. Given that the water district cost for administering water for many water users is greater than their normal assessments would be based upon their total annual use of water, it is resolved that pursuant to Idaho Code § 42-612 (4) the watermaster of Water District 130 is authorized to assess a \$25 minimum charge for watermaster services for water users within his or her jurisdiction.
7. In accordance with Idaho Code § 42-612 (5), the assessment amount for each individual user as shown in the annual adopted budget shall constitute a final determination of the amount due for that year. In the computation of assessments, the watermaster shall use a 5-year rolling average of diversions for each water user.

¹ Final Order Creating Water District 130 may be found on the IDWR website at http://www.idwr.idaho.gov/WaterManagement/WaterDistricts/ThousandSprings/wd130_1000_springs.htm

- 1 member of the North Snake Ground Water District;

The Director of IDWR therefore may appoint employees or agents of the sub-districts as assistant watermasters for purposes of measuring and reporting water use to the watermaster of Water District 130. The water district watermaster and the Director of IDWR will provide direction and guidance to assistant watermasters for measuring and reporting of diversions in sub-districts, including but not limited to the following:

- a. Each sub-district shall prepare an annual report of diversion data to the water district watermaster in accordance with Idaho Code § 42-606, § 42-708, § 42-709, and the direction provided by the Director of IDWR.
- b. Assistant watermasters from sub-districts shall cooperate and coordinate with the water district watermaster and IDWR in sharing water use information and in the investigation of water uses within sub-districts, including but not limited to investigation of water use to confirm reductions of water use when required, and confirm and report compliance of water use with valid water rights.

13. The watermaster, working with the water district advisory committee, shall prepare a proposed budget prior to the annual meeting of the water users of Water District No. 130 in accordance with Idaho Code § 42-615, 42-612 and 42-605(A). Such costs shall be apportioned among non-consumptive diversions on a pro-rata basis.

14. The advisory committee shall make available a copy of the recommended resolutions, including the recommended budget, at least 5 (five) days prior to the annual meeting by posting the copy on IDWR's website. Any proposed changes to the resolutions made prior to the annual meeting will be highlighted. 16. All payments for assessments not received by January 1 of the year following the billing date shall accrue penalties in the amount of 10% of the charge plus interest in the amount of 1% per month, as of the April 1 due date and as provided pursuant to Idaho Code Section 42-617. It is resolved that the Watermaster is authorized pursuant to Idaho Code Section 42-618, to withhold or suspend deliveries of water to any water user who has not paid their assessment charges by January 1 of the year following the billing date.
17. The annual Water District 130 meeting shall hereafter be held on the first Tuesday of February, of each year unless the Director of IDWR should find it necessary to change the meeting date or unless changed by resolution of the district at any annual meeting.
18. The watermaster, deputy watermasters and watermaster assistants are authorized as employees of IDWR under Idaho Code § 42-1701(5) to make reasonable entry on lands within the district, in accordance with IDWR policy, to carry out the duties of the watermaster as instructed by IDWR.

**WATER DISTRICT NO. 130
THOUSAND SPRINGS AREA
201~~87~~ ADOPTED RESOLUTIONS**

The water users of the Thousand Springs Area Water District, designated as Water District 130, meeting at the annual district meeting on Tuesday, February ~~67~~, 201~~87~~ at Jerome, Idaho HEREBY ADOPT THE FOLLOWING RESOLUTIONS:

1. That the watermaster perform the duties as required by Chapter 6, Title 42, Idaho Code and in accordance with the duties described in the Final Order Creating Water District 130¹, signed by the Director of the Idaho Department of Water Resources (IDWR), February 19, 2002.
2. The Idaho Department of Water Resources be elected to provide the watermaster services for Water District 130 and that the Director of IDWR appoint Nathan Erickson, an employee of IDWR, or other employees of IDWR as may be necessary, to serve as the watermaster for the ensuing fiscal year or as otherwise provided in Idaho Code § 42-608(4) and the Memorandum of Understanding dated February 13, 2009 and executed July 13, 2013.²

4. The budget for Water District 130 for the fiscal year 201~~87~~ beginning March 1, 201~~87~~ and ending on February 28, 201~~98~~, be as follows: ~~Sixty-three Thousand Six Hundred Seventy Five Dollars (\$63,675)~~Sixty-two Thousand Six Hundred Ninety Dollars (\$62,690) for Watermaster duties, and ~~Thirteen Thousand Two Hundred and Twenty Two Dollars (\$13,222)~~Twelve Thousand Fifteen Dollars (\$12,015) for measuring and reporting of diversions not reporting to a subdistrict, for a total budget amount of ~~Seventy-six Thousand Eight Hundred Ninety Seven Dollars (\$76,897)~~ Seventy Five Thousand Eight Hundred and One Dollars (\$75,801). 5. The Watermaster of Water District 130 is hereby authorized to collect the assessments of the Water District in accordance with Idaho Code § 42-618.
6. Given that the water district cost for administering water for many water users is greater than their normal assessments would be based upon their total annual use of water, it is resolved that pursuant to Idaho Code § 42-612 (4) the watermaster of Water District 130 is authorized to assess a \$25 minimum charge for watermaster services for water users within his or her jurisdiction.
7. In accordance with Idaho Code § 42-612 (5), the assessment amount for each individual user as shown

A separate annual fee will be charged by Water District 130 for direct measurement and reporting; this fee will cover costs of periodic evaluation and certification of the measurement device or other method (typically every third year), plus the cost of annual year-end data collection for the diversion. Measurement and reporting fees will appear as a separate line-item charge on the Water District assessment statement. *Measuring and reporting charges paid either to a subdistrict or directly to Water District 130 will not be used to determine voting shares.*

Maribeth,

Thank you for reviewing the documents. I think what you are looking for is on the document labeled 'WD 130 2018 Cost Share', that shows the total proposed administrative assessment after the carryover was taken off. It also then splits that assessment in half, with half to be paid by the consumptive diversions and the other half to be paid by the nonconsumptive diversions. Then at the bottom it also has the assessment to the users that report directly to WD 130. If you still have questions please let me know. I appreciate the feedback.

Thanks,
Nathan

Hi Nathan,

I looked through the attachments and I only have one question. I suspect that I just don't know what I'm looking at, but I'm not sure that the proposed budget matches the requirement in resolution 13 that the "recognized costs of delivery of non-consumptive rights in WD 130 shall be equal to ½ the approved administrative budget".

Other than that question, it all looks good.

Thanks.
Meribeth

Subject: WD130 Documents for Annual Meeting

Hello Everyone,

I apologize for getting the documents for the annual meeting out so late. If you have time please take a look at the attached documents. The budget is similar to last year however there was not as much carryover so the assessments will go up slightly. I did calculate and show the carryover for the measuring and reporting charges as requested last year, this shows up in the proposed budget. If you have any questions or changes that need to be made please let me know.

The annual meeting is Tomorrow:
