Water District 36A – Annual Meeting

January 15, 2019

American Legion Hall, Hagerman, ID

(1-3) Call to Order, Meeting Chairman Election & Welcome

Gary Lemmon, Advisory Board Chairman, opened the meeting at 1:44 pm and welcomed all in attendance. IDWR Staff from the Twin Falls office (Kent Aasa, Jana Reeder) introduced themselves. Frank Erwin asked for nominations for a meeting Chairman. ***Bud Huntley nominated and Catherine Daily seconded Gary Lemmon as meeting Chair.*** No other nominations were received and nominations were closed. ***Gary Lemmon was elected 2019 Meeting Chair by voice vote with none opposed.***

Handouts available at the sign in sheet included: Agenda for today's meeting, Minutes from the January 16, 2018 Annual Meeting, the 2018 Treasurer's Report and Proposed 2019 Water District Budget, and the proposed 2019 Resolutions. Thirty one people were in attendance representing 46 of the 72 assessed diversions in the District.

(4) Approval of FY 2018 Annual Meeting Minutes

A motion was made by Bud Huntley and seconded by Russell Lemoyne to approve the minutes from the January 16, 2018 Annual Meeting as written and presented. Motion carried by voice vote, with none opposed.

(5) Adoption of 2019 Resolutions

Frank Erwin reviewed the handout titled ***Water District 36A - Proposed Resolutions for 2019*** which described the rules under which the District operates annually. The proposed resolutions had been reviewed and approved previously by the Advisory Board at their annual meeting in December 2018. Frank explained that proposed ***resolutions #1-9 & 11*** were essentially the same as last year – only the years were updated. ***Resolution #10***, requiring a minimum \$100 assessment, was also unchanged.

Frank also explained that he proposed dropping ***Resolution #12*** for 2019, originally approved in 2018 as a way for the District to resolve conflicts between “winter water” users having wildlife and storage rights, because IDWR had enforcement capabilities that enabled the Department to resolve those conflicts more effectively than the District.

Gary added that adoption of the 2019 resolutions also meant that Frank Erwin would serve as Water Master and Linda Lemmon as Secretary/Treasurer for FY 2019, unless changes were proposed to those specific resolutions. No changes were proposed.

Bud Huntley moved and Jim Henderhan seconded that the 2019 proposed resolutions be adopted as written. There was no further discussion. ***Motion carried by voice vote, with none opposed.***

(6) Adoption of Proposed 2019 Budget

Frank Erwin reviewed the handout titled ***Water District 36A Budget Summary (as of 12/31/18)*** which included both the 2018 Treasurer's Report (adopted and actual budgets) and the 2019 Proposed Budget. He explained that the assessment rate of \$ 0.050/24-hr second ft and the minimum charged per diversion were the same as last year. The proposed assessment total was a bit less than last year because the 2019 assessment calculation used flows diverted in 2017 and those flows were less than those used for last year's calculations.

Frank reminded everyone that he plans to retire after next year and that he would like to see the funds in the contingency category used as a signing bonus for the new Water Master to offset time spent training, and suggested that the signing bonus could be tied to a commitment to serve for a specific number of years. Linda reviewed the budgets set by other Districts for Water Master services and said while there are Districts that are significantly smaller and larger in size than WD36A with both full time and part time Water Masters, many

SCANNED

JAN 24 2019

in the middle tend to budget \$25,000-50,000 or more per year for Water Master salary above the other expenses in the District. Frank has not interviewed anyone for the position yet.

A motion to accept the proposed budget as presented was made by Bud Huntley and seconded by Jim Henderhan. There was no further discussion. Motion carried by voice vote, with none opposed.

(7) Election of Water District 36A Advisory Board for FY 2019

Gary Lemmon explained that there was no minimum/maximum number of people that could be on the board and that the current board members represented a majority of the beneficial uses in the district. He noted that Brandon Tycz was moved to another office in IDFG, and that Skyler Farnsworth was willing to serve in his place as the IDFG rep. Gary Lemmon asked for nominations from the floor. Jim Henderhan nominated Camoran Hollan from Evaqua Farms as an additional Advisory Board member.

Bud Huntley moved and Catherine Dailey seconded that the Advisory Board members who served in 2018 be re-elected to serve in 2019, with the substitution of Skyler Farnsworth as the IDFG representative, and with the addition of Camoran Hollan of Evaqua as an additional representative. No other nominations were offered and the nominations were closed. ***Motion passed by voice vote, with none opposed.***

2019 Advisory Board Members are: Skyler Farnsworth, Idaho Fish & Game
Camoran Hollan, Evaqua Farms
Bud Huntley, Big Bend Irrigation & Mining Co.
Gary Lemmon, Big Springs Water Users Assoc.
John Mavencamp, Brailsford Ditch
Billy McCarthy, Buckeye Farms (Curren Ditch, Hunt Ditch)
Howard Morris, Hoagland Tunnel
Dan Yore, Buckeye Ditch

(8) Water Master's Report & Goals for 2019

Frank reported that a main goal for 2019 will be to start training a new Water Master. Frank also reminded those with water meters of the importance to complete the meter information portion on the flow report form with specific details on the meter so that flows can be correctly calculated from the totalizer readings. This is particularly important when a meter is replaced. He also reminded open-channel reporters that they should be reporting the flow in cfs, not simply the staff gage reading, so that they know immediately if they are diverting what is allowed under their water rights.

(9) District News

Frank reported that, in general, Billingsley Creek flow had improved this year by as much as 5-10 cfs on average. He attributed this to a combination of recharge on the ESPA plain, curtailment per the Surface Water Coalition/GW User agreement, and good weather.

Meeting adjourned at 2:12 pm.

WATER DISTRICT 36A – ADOPTED RESOLUTIONS FOR 2019

- 1 **BE IT RESOLVED**, that hereafter the annual meeting of Water District 36A shall be held on the third Tuesday in January each year.
- 2 **BE IT RESOLVED**, that the amounts payable by each ditch, association, canal company, or other water user, as shown by the approved budget, shall become due and payable upon receipt and delinquent on April 15th, and said amount, if not paid, shall bear a penalty of 10% and interest from that date until paid, at a rate of 1% per month.
- 3 **BE IT RESOLVED**, that no ditch, association, canal company, or other water user shall have the right to demand and receive water, and the Water Master shall not deliver to such person(s) or entity(ies), until the amount due and payable from such user(s), as fixed by the budget, has been paid.
- 4 **BE IT RESOLVED**, that the Water Master shall be in service for a full year, commencing on February 1st of each year and continuing until the following January 31st, or until his successor as been duly qualified and elected.
- 5 **BE IT RESOLVED**, that Frank Erwin be elected Water Master of Water District 36A for the ensuing year, beginning February 1, 2019, and ending January 31, 2020.
- 6 **BE IT RESOLVED**, that Linda Lemmon be elected Secretary/Treasurer for Water District 36A for the ensuing year, beginning February 1, 2019, and ending January 31, 2020.
- 7 **BE IT RESOLVED**, that the elected Treasurer of Water District 36A should only disburse monies from the Water District accounts upon a voucher approved by the Water Master. Water District checks can be signed either by the Treasurer or Chairman, but must be co-signed by an Advisory Board Member. Advisory Board Members Howard Morris and Billy McCarthy shall serve for the purpose of co-signing all Water District 36A checks.
- 8 **BE IT RESOLVED**, that Water District 36A assessments shown in the adopted budget shall constitute a final determination of the amount due for that year (per Idaho Code 42-612).
- 9 **BE IT RESOLVED**, that Water District 36A assessments shall be based on the most recent reliable data available to the Water Master and shall be assessed in 24-hour second feet (per Idaho Code 42-612).
- 10 **BE IT RESOLVED**, that for the year 2019, a minimum charge of \$100.00 shall be assessed to each individual or entity that owns a water right, whose share of the total budget is less than the above specified amount.
- 11 **BE IT RESOLVED**, that for all mitigation and replacement water rights administered within the boundary of Water District 36A, the Water Master shall require lockable and controllable structures at all points of delivery and measuring devices approved by both the Water District 36A Water Master and IDWR. Costs for structures and devices shall be paid by the owner of the water right being used for mitigation or replacement purposes

Water District 36A – Annual Meeting

January 16, 2018

American Legion Hall, Hagerman, ID

(1-3) Call to Order, Meeting Chairman Election & Welcome

Frank Erwin, 36A Water Master, opened the meeting at 1:30 pm and introduced IDWR Staff from the Twin Falls office (Nathan Erickson, Corey Skinner). Frank asked for nominations for a meeting Chairman. **Bud Huntly nominated and David Cropper seconded Gary Lemmon as meeting Chair.** No other nominations were received and nominations were closed. **Gary Lemmon was elected Meeting Chair by hand vote with none opposed.**

Handouts available at the sign in sheet included: Agenda for today's meeting, Minutes from the January 17, 2017 Annual Meeting, the 2017 Treasurer's Report and Proposed 2018 Water District Budget, and the proposed 2018 Resolutions. Forty people were in attendance representing 25 of the 69 assessed diversions in the District.

(4) Approval of FY 2017 Annual Meeting Minutes

A motion was made by Bill Jones and seconded by Rudy Shokal to approve the minutes from the January 17, 2017 Annual Meeting as written and presented. Motion carried by voice vote, with none opposed.

(5) Adoption of 2018 Resolutions

Gary Lemmon reviewed the handout titled **Water District 36A - Proposed Resolutions for 2018** which described the rules under which the District operates annually. Gary explained that proposed **resolutions #1-9 & 11** were essentially the same as last year – only the years were updated.

Gary explained that Frank had proposed increasing the annual minimum assessment from \$50 to \$100 (**resolution #10**). Frank explained that the proposed increase was partially to offset increasing costs to administer water to smaller diversions and partly to be fairer to all diverters.

Frank explained that new **resolution #12** described how “winter water” rights were to be administered and assessed. The resolution detailed (a) what beneficial uses were involved, (b) how to accomplish the diversions, and (c) how to assess those diversions without adding costs to other water users in the district. Frank explained that some of the private water rights were already being delivered by ditch companies and that others were outside organized ditch company service areas. Nathan Erickson, IDWR, commented that winter water diversions delivered by ditch companies were already contributing toward District assessments as part of their ditch company annual assessments. Frank explained that this resolution would require combining the winter water rights, whether originally located in or outside ditch company service areas, into a common assessment category separate from the ditch companies.

Comments on Resolution #12: ** dropped this*

A winter water right user asked why a diversion not being delivered by a ditch company would need to be administered under the new resolution #12 when the two users using that particular source got along well without disputes. Frank explained that because one winter water user within the District boundaries had already called for his water, all water users would have to be administered.

Bud Huntley of Big Bend Ditch asked about fees for wheeling water. Frank explained that the District assessment to cover his Water Master services for administration of the winter water rights would be in addition to any assessment levied by the ditch company for maintenance and/or delivery. Asked for an estimate of the total cost, Frank estimated about \$1.00/24-hr cubic ft per second (or per 2 acre feet). Butch Morris projected about \$2,000 annually to be split among the winter water users. Frank also discussed the need to measure water after it leaves the fish hatchery and goes under HWY 30 to the other uses. Installation fees would have to be billed to Big Bend members.

Frank explained the overall purpose of this resolution will be to regulate the annual storage volume limitation of each water right. The most extreme example in the District is a water right volume that would be fulfilled 4 hr and 17 minutes after starting the diversion. Each year the water user must decide over what time period he wants to divert that volume. Another administration difficulty is that many of the winter rights were not adjudicated with an additional carrying volume. Frank also cautioned the road to the diversion

structure must be maintained unobstructed throughout the year. Frank will work with canal managers and individuals to schedule a set day each week for access.

John Mavencamp moved and Butch Morris seconded that the 2018 proposed resolutions be adopted as written. There was no further discussion. **Motion carried by voice vote, with none opposed.**

(6) Adoption of Proposed 2018 Budget

Frank Erwin reviewed the handout titled **Water District 36A Budget Summary (as of 12/31/17)** which included both the 2017 Treasurer's Report (adopted and actual budgets) and the 2018 Proposed Budget. He explained that the assessment rate of \$ 0.050/24-hr second ft was the same as last year and that the budget included the increased minimum fee adopted by resolution. Additional funds generated would be put toward Water Master and Secretary wages.

A motion to accept the proposed budget as presented was made by David Cropper and seconded by Rudy Shokal. There was no further discussion. **Motion carried by voice vote, with none opposed.**

(7) Election of Water District 36A Advisory Board for FY 2018

Gary Lemmon explained that there was no minimum/maximum number of people that could be on the board and that the current board members represented a majority of the beneficial uses in the district, including winter water rights and the State (eg. IDFG). Gary Lemmon asked for nominations from the floor.

Peggy Candy moved and Bud Huntley seconded that the Advisory Board members who served in 2017 be re-elected to serve in 2018. No other nominations were offered and the nominations were closed. **Motion passed by voice vote, with none opposed.**

2018 Advisory Board Members are: *Bud Huntley, Big Bend Irrigation & Mining Co.
Gary Lemmon, Big Springs Water Users Assoc.
John Mavencamp, Brailsford Ditch
Howard Morris, Hoagland Tunnel
Billy McCarthy, Buckeye Farms (Curren Ditch, Hunt Ditch)
Brandon Tycz, Idaho Fish & Game
Dan Yore, Buckeye Ditch*

(8-9) Water Master's Report & Goals for 2018

Frank reported that his main goal for 2018 will be winter water right accounting/scheduling for 2019. Frank also expressed his disappointment that other diverters were not signing or filling out annual flow reports completely. He also wanted diverters using meters to supply serial numbers annually. He reminded open channel diverters to record flow measurements weekly not monthly.

Frank reported that, in general, Billingsley Creek flow had improved this past year by as much as 5-7 cfs. He attributed this to a combination of recharge on the ESPA plain, positive hydrostatic pressure from water in the W-canal on the rim, and to the number of deep well conversions near the rim that substituted canal water for pumped well water.

Meeting adjourned at 2:15 pm.

Minutes recorded by

Linda Lemmon, Secretary

Minutes certified for submission to IDWR by

Gary Lemmon, Meeting Chairman

WATER DISTRICT 36A – ADOPTED RESOLUTIONS FOR 2018

- 1 **BE IT RESOLVED**, that hereafter the annual meeting of Water District 36A shall be held on the third Tuesday in January each year.
- 2 **BE IT RESOLVED**, that the amounts payable by each ditch, association, canal company, or other water user, as shown by the approved budget, shall become due and payable upon receipt and delinquent on April 15th, and said amount, if not paid, shall bear a penalty of 10% and interest from that date until paid, at a rate of 1% per month.
- 3 **BE IT RESOLVED**, that no ditch, association, canal company, or other water user shall have the right to demand and receive water, and the Water Master shall not deliver to such person(s) or entity(ies), until the amount due and payable from such user(s), as fixed by the budget, has been paid.
- 4 **BE IT RESOLVED**, that the Water Master shall be in service for a full year, commencing on February 1st of each year and continuing until the following January 31st, or until his successor as been duly qualified and elected.
- 5 **BE IT RESOLVED**, that Frank Erwin be elected Water Master of Water District 36A for the ensuing year, beginning February 1, 2018, and ending January 31, 2019.
- 6 **BE IT RESOLVED**, that Linda Lemmon be elected Secretary/Treasurer for Water District 36A for the ensuing year, beginning February 1, 2018, and ending January 31, 2019.
- 7 **BE IT RESOLVED**, that the elected Treasurer of Water District 36A should only disburse monies from the Water District accounts upon a voucher approved by the Water Master. Water District checks can be signed either by the Treasurer or Chairman, but must be co-signed by an Advisory Board Member. Advisory Board Members Howard Morris and Billy McCarthy shall serve for the purpose of co-signing all Water District 36A checks.
- 8 **BE IT RESOLVED**, that Water District 36A assessments shown in the adopted budget shall constitute a final determination of the amount due for that year (per Idaho Code 42-612).
- 9 **BE IT RESOLVED**, that Water District 36A assessments shall be based on the most recent reliable data available to the Water Master and shall be assessed in 24-hour second feet (per Idaho Code 42-612).

10 BE IT RESOLVED, that for the year 2018, a minimum charge of \$100.00 shall be assessed to each individual or entity that owns a water right, whose share of the total budget is less than the above specified amount.

11 BE IT RESOLVED, that for all mitigation and replacement water rights administered within the boundary of Water District 36A, the Water Master shall require lockable and controllable structures at all points of delivery and measuring devices approved by both the Water District 36A Water Master and IDWR. Costs for structures and devices shall be paid by the owner of the water right being used for mitigation or replacement purposes

12 BE IT RESOLVED, by July 1st, all owners of water rights and permits with a beneficial use of wildlife, wildlife storage, aesthetic, aesthetic storage, recreation, recreation storage, and/or diversion to storage that are delivered by a canal or ditch company shall provide the Lateral Manager of said canal or ditch company, on a form approved by the Lateral Manager and Water Master of Water District 36A, a schedule of the dates for rate of flow to fill the annual diversion limit on the water right for the following year beginning January 1 and ending December 31. By November 1st, the Lateral Manager of the canal or ditch company must approve all deliveries requested and submit to the Water Master of WD 36A, on a form supplied by the Water Master, the approved schedule detailing the delivery of all water rights subject to the beneficial uses described above. Also by November 1st, all water right owners of water rights with the beneficial uses listed above but not delivered through a canal or ditch company shall provide the Water Master of WD 36A, on a form approved by the Water Master of WD 36A, the schedule of the dates for rate of flow to fill the annual diversion limit on the water right for the following year. Water will be delivered on a weekly basis and flow rates will be adjusted weekly.

Any request for water delivery not approved by the Lateral Manager and Water Master of WD36A will not be delivered.

Assessments for delivery of these water rights will be based on the most recent reliable data available to the Water Master. However, assessments for 2019 will be based on an estimate determined by the Water Master using the approved flow requests and schedules submitted by the aforementioned dates in 2018.

WATER DISTRICT 36A

WATER DISTRICT 36A – DRAFT RESOLUTIONS FOR 2019

- 1 BE IT RESOLVED**, that hereafter the annual meeting of Water District 36A shall be held on the third Tuesday in January each year.
- 2 BE IT RESOLVED**, that the amounts payable by each ditch, association, canal company, or other water user, as shown by the approved budget, shall become due and payable upon receipt and delinquent on April 15th, and said amount, if not paid, shall bear a penalty of 10% and interest from that date until paid, at a rate of 1% per month.
- 3 BE IT RESOLVED**, that no ditch, association, canal company, or other water user shall have the right to demand and receive water, and the Water Master shall not deliver to such person(s) or entity(ies), until the amount due and payable from such user(s), as fixed by the budget, has been paid.
- 4 BE IT RESOLVED**, that the Water Master shall be in service for a full year, commencing on February 1st of each year and continuing until the following January 31st, or until his successor as been duly qualified and elected.
- 5 BE IT RESOLVED**, that Frank Erwin be elected Water Master of Water District 36A for the ensuing year, beginning February 1, 2019, and ending January 31, 2020.
- 6 BE IT RESOLVED**, that Linda Lemmon be elected Secretary/Treasurer for Water District 36A for the ensuing year, beginning February 1, 2019, and ending January 31, 2020.
- 7 BE IT RESOLVED**, that the elected Treasurer of Water District 36A should only disburse monies from the Water District accounts upon a voucher approved by the Water Master. Water District checks can be signed either by the Treasurer or Chairman, but must be co-signed by an Advisory Board Member. Advisory Board Members Howard Morris and Billy McCarthy shall serve for the purpose of co-signing all Water District 36A checks.
- 8 BE IT RESOLVED**, that Water District 36A assessments shown in the adopted budget shall constitute a final determination of the amount due for that year (per Idaho Code 42-612).
- 9 BE IT RESOLVED**, that Water District 36A assessments shall be based on the most recent reliable data available to the Water Master and shall be assessed in 24-hour second feet (per Idaho Code 42-612).
- 10 BE IT RESOLVED**, that for the year 2019, a minimum charge of \$100.00 shall be assessed to each individual or entity that owns a water right, whose share of the total budget is less than the above specified amount.
- 11 BE IT RESOLVED**, that for all mitigation and replacement water rights administered within the boundary of Water District 36A, the Water Master shall require lockable and controllable structures at all points of delivery and measuring devices approved by both the Water District 36A Water Master and IDWR. Costs for structures and devices shall be paid by the owner of the water right being used for mitigation or replacement purposes

Subject: Problems with Hagerman Wings Permits MEasuring Devices

MEMORANDUM

To: Nathan Erickson, IDWR

From: Frank Erwin, WD36A Water Master

RE: Measuring Devices for Hagerman Wings Permits

Nathan,

Per our recent discussion, the following summarizes problems I have noted with the measuring devices associated with Hagerman Wings permits 36-17069 and 36-17116.

The rated section of the Sands Ditch, which measures the water diverted in connection with Permit 36-17069, is not in compliance with IDWR standards. It consists of a staff gage attached to a steel fence post driven into the bottom of the ditch. The staff gage is located too far into the ditch to be cleaned effectively prior to being read, and requires wading into the ditch to be cleaned and read. Because of variable vegetative growth throughout the year, the reading on the staff gage won't always be accurate.

For permit 36-17116, there are two measuring devices, one at the inlet to the pond and one at the outlet. Each is constructed of a rectangular steel box, with a wooden board to check the water level rather than a proper weir plate. Neither device is level. The head is measured with a staff gage attached to a steel fence post that is driven into the bottom of the ditch upstream of each measuring device. The staff gages are inaccessible without wading into the ditch to be cleaned and read. Neither device is in compliance with IDWR standards.

Please call if you need any additional details.

Regards,
Frank

Subject: RE: WD36A address list updates for annual meeting

Hi Linda,

I added in Connie Blackburn but now Clayton and her have the same address. I am sending them separate envelopes and they might get me Clayton's address from that. I will send Frankie Alvarez's to the tax lot address under 'water user' and see if it come back. If I get a good address then maybe we can find out who has it now. Dave Lawrence's is fixed and we will see how the Holmes and Robinson's address do in the return mail. Thanks for all the help with this.

Sincerely,

Carrie Hahn

Subject: WD36A address list updates for annual meeting

Hello Carrie,

Frank Erwin and I spoke about updating the address list you sent. Five of the addresses were listed as undeliverable:

We believe Betty Jo & Robert Harney sold to Connie & Clayton Allen. Connie divorced Clayton last year and supposedly had water rights split between she and Clayton after the divorce. She said someone in the Twin Falls office was helping her with the changes, but I didn't see any reference to such on the IDWR website. Connie has remarried and her mailing address is: Connie Blackburn, 17910 Hwy 30, Hagerman, ID 83332.

Carolyn and Dean Holmes may be using a PO Box: PO Box 385, Hagerman, ID 83332

We believe Dave Lawrence sold to Layne & Judy Osborne, 18208 Hwy 30, Hagerman, ID 83332.

We aren't sure what to do with the Frankie Alvarez's water right. We believe his son-in-law has the property but don't know how to reach him.

We don't have a better address for George & Jacqueline Robinson.

Feel free to call me if you have any questions (208-539-1730).

Linda

Re: Annual Water District Meeting Information Form

Please complete this annual water district meeting information form and return it to IDWR (contact information below). Upon receipt of the completed form, IDWR sends meeting notice to each water user and interested party in the district. The meeting notice must be mailed no later than three weeks prior to the meeting. Therefore, to provide IDWR adequate time to create and mail the notice, please return the completed form to IDWR as soon as possible or no later than four weeks before the meeting.
