Dear Water District 65-D Water Users and Landowners with irrigation ditches/canals rights of ways through properties,

A number of questions have arisen recently regarding the respective rights and responsibilities of Water District 65-D, water users and landowners. This letter intends to summarize Idaho Law, on the subject, in an effort to answer these questions.

In accordance with applicable water rights, Water District 65-D has the duty to deliver water to its users using its system of canals and ditches. *Idaho Code* §42-1201. The district's responsibilities end at the head gates from its canals and ditches where water is delivered to the water users laterals and ditches. *Idaho Code* §42-1202. Water District 65-D has the right to clean, repair and maintain its canals and ditches and other delivery works in order to deliver water efficiently to its water users. *Idaho Code* §42-1204. Water District 65-D employees and agents, including the ditch rider and water master, have the authority to enter properties at any time without notice to maintain facilities and to regulate and distribute water. *Idaho Code* §42-1204. Water District 65-D can remove any encroachment to water delivery at the expense of the encroaching party and without permission, that "unreasonably interferes with its use of the ditch or canal." *Idaho Code* §42-1209; *Pioneer Irrigation District v. City of Caldwell*, 153,288 P.3d 810 (2012).

Under the policies and rules of Water District 65-D, water users are required to order the water they expect to need at least 48 hours in advance and cannot take any that they have not ordered. *Idaho Code* §43-304. Water users also must clean and maintain the ditches below the delivery head gate, take out or point of diversion that serve their own properties to ensure good water flow. It is important to keep in mind that just because a ditch runs through property, that property is not necessarily entitled to Water District 65-D water. If there are any questions about whether Water District 65-D delivers water to a certain property, please contact Water District 65-D Secretary, Linda Duncan. Of course, if assessments are not timely paid to the County, Water District 65-D, by law, may discontinue water deliveries. *Idaho Code* §43-327.

We hope this information is helpful and avoids any future misunderstandings about the respective legal rights and obligations applicable to Water District 65-D's facilities and its delivery of water. If you have any further questions, please do not hesitate to contact us. Thank you.

Sincerely,

George Duncan: 208-634-5387
