James Hardcastle and I first met sometime last winter. We have met 4 (ish) times since then. Here is a summary of what was completed in those meetings. Nothing has been paid for or submitted yet and James has all of the copies. Hardcastle Bern Ranch LLC will have 4+ Stockwater only claims and multiple Form 113s which are \$25/each.

### Hardcastle Bern Ranch LLC:

- 11-1103: Irrigation from the Bear River, Decreed, DOP: 6/1/1960
- 11-2149: Irrigation from Ground Water, Licensed, DOP: 12/16/1966

-----Licensed/Decreed (above)-----Beneficial Use/Statutory Claims (below)-----

- 11-4232: Irrigation/Stockwater from Springs around property ("the grove") DOP: 12/7/1887
  - Still have one more developed spring in 1998 that is piped to hydrants at the barn for Stockwater and irrigation. That aren't sure how they want to claim. (Based on what they said, I don't think Form 113 is appropriate and might have to be permitted. Unless use can fall under previously established right for 11-4232)
- 11-4233: Flow well for Stockwater near Ovid
- 11-4234: Stockwater for Segas Springs
- 11-4235: In-stream stock for Sheep Corral Creek, also a BU 11-XXXX for Sheep Corral Creek
- 11-4236: In-stream stock for Red Pine Hollow, Also a BU 11-XXXX for Red Pine Hollow
- Accomplished Transfer, Change in POD for house being supplied by a spring
- (Many) In-stream Stockwater and notice of diversions to in-stream Stockwater throughout properties in the name of Hardcastle Bern Ranch LLC. Lots of Stockwater springs that were developed after 1971, but meet the exceptions for in-stream Stockwater.

### James B and Shannan M Hardcastle:

- 11-7642: "Harper House", also well on property used for irrigation of a small orchard
- Misc. Stockwater
- Accomplished Transfer, Change in POD for two houses being supplied by a spring, spring has changed due to contamination from the cows

### Last Meeting on 11/13/2023, Still TO DO:

- 11-4272 and 11-4115: Flood Irrigation in Ovid. Worked with Jonie (in Eastern) to get change of ownership but didn't have a complete chain of deeds to change the ownership. They own the land and the water rights and will be claiming under Hardcastle Bern Ranch LLC.
- Stockwater South of Bern: Parcel, 13S43E021200. Developed in trough, need to do a claim and Notice of Diversion as an alternative to in-stream stock (Form 113).
- Ranch Hand and helping Derrick Peterson with his claims for BERN DAM.
