Subject: Re: Basin and Range Resource Company, LLC - SF5s

Thank you for the amended SF5 cover sheets.

With regard to the two Explanatory Material remarks that reference "Transfer 77052" on each of the irrigation rights would IDWR have any objection to us writing in and initialing the word "Amended" before "Transfer 77052"? An Amended Transfer Approval was issued on June 26, 2012 (shortly after the original Transfer approval of June 19, 2012) and it is important that the amended approval is not overlooked.

With regard to the following condition on 63-7533 "Place of use does not include federal public lands."- would BLM object to replacing this language with "The place of use within the NWSW of S24, T6N, R5W is limited to the west half of that quarter-quarter." This would make the language consistent with the irrigation rights.

Thank you,
Dana

Hi Diana,

As I was going through these I decided to just make my changes on the paper copy and scan them in. It seems easier to fix than if I tried to explain each one in an email. The changes are not that bad, just thought it would make it easier when the SF5s come in hopefully in the next couple of weeks.

Can you let me know if you find anything strange in my changes and then if you could let me know when it's done I will have Lori get the SF5s ready for mailing. Fingers crossed and crossed again.

Thanks,
Jan
