Counsel for the Nez Perce Tribe

**IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT
OF THE STATE OF IDAHO IN AND FOR THE COUNTY OF TWIN FALLS**

IN RE: PRBA

Case No. 59576

**Consolidated Subcase Nos. – See
Attachment A**

**NEZ PERCE TRIBE’S INITIAL RULE
26(b)(4)(A) DISCLOSURE**

The Nez Perce Tribe (“Tribe”) by and through its counsel of record and, pursuant to the December 12, 2024, Order on Motion to Enter Litigation Schedule for Federal Claims, and as agreed upon by the parties, provides this initial disclosure pursuant to Idaho Rules of Civil Procedure (“I.R.C.P.”) 26(b)(4)(A). This disclosure will be supplemented pursuant to the I.R.C.P. and in accordance with the deadlines established in the Special

SCANNED

MAR 07 2025

Master's December 12, 2024, Order on Motion to Enter Litigation Schedule for Federal Claims.

1. Allison Lebeda, Water Rights Program Coordinator, Nez Perce Tribe

A copy of Ms. Lebeda's current *curriculum vitae* is attached [NPTPRBA00001 - NPTPRBA00004].

Ms. Lebeda is a current Nez Perce Tribe employee.

Ms. Lebeda will testify regarding the Nez Perce Tribe's provisional springs claims, subcases 87-12159 through 87-12176.

2. Mario Battaglia, Algonquin Consultants, Inc.

A copy of Mr. Battaglia's current *curriculum vitae* is attached [NPTPRBA00005 - NPTPRBA00012].

Mr. Battaglia's hourly rate for his work is \$85.00/hour.

Mr. Battaglia will testify regarding the Nez Perce Tribe's traditional relationship to and use of waters, lands, and resources within the Palouse River basin and Basin 87 of the Palouse River Basin Adjudication as well as identification of the Nez Perce Tribe's provisional springs claims, subcases 87-12159 through 87-12176.

3. The Tribe reserves the right to use the relevant deposition testimony of any of the Tribe's expert witnesses disclosed in *In re SRBA*, No. 39576, Subcases 03-10022 (Nez Perce Tribe Instream Flow Claims) and 67-13701 (Nez Perce Tribe's Springs or Fountains Claims) to the extent such testimony meets the requirements of Idaho Rules of Evidence 804(a) and 804(b)(1) including, but not limited to, the deposition testimony of Dennis C. Colson.

DATED this 3rd day of March, 2025.

Michael A. Lopez
Senior Staff Attorney
Nez Perce Tribe

Thomas L. Murphy
Staff Attorney
Native American Rights Fund

EDUCATION AND RELEVANT COURSEWORK

- Master of Science: Biology (Aug 2020)
 - Murray State University, Murray, Kentucky
 - Thesis: *Population Demographics and Reproduction of Silver Carp in Kentucky Lake*
 - Applied Statistics | Remote Sensing
- Bachelor of Science: Natural Resources with Wildlife Ecology and Fisheries Emphasis (May 2014)
 - Northland College, Ashland, Wisconsin
 - Senior Capstone: *Evaluated How Releasing Commercially-caught Lake Trout in the Lake Whitefish Fishery Impacts the Sustainability of the Apostle Islands Lake Trout Population*
 - Statistical Concepts & Analysis | Biometry | Limnology | General Chemistry | Introduction to Geographic Information Systems (GIS) | Intermediate GIS Applications | Natural Resources Policy

PROFESSIONAL SUMMARY

Experienced project leader with expertise in water rights, environmental management, and multi-year contract oversight. Skilled in coordinating with federal, state, and Tribal entities to advance Nez Perce Tribe's environmental and water resource goals. Proven success in managing large teams, securing funding, and advocating for Tribal interests in high-stakes negotiations.

SELECTED PROFESSIONAL WORK EXPERIENCE

WATER RIGHTS PROGRAM COORDINATOR: (Sep 2021 – present)

Nez Perce Tribe Water Resources Division

- Manages multiple large-scale, multi-year projects, including the Tribe's water rights protests and adjudications. Directs strategy development, coordinates with federal, state, and Tribal entities, and ensures regulatory compliance across multiple projects.
- Exercises constant problem-solving, review of professional literature, and application of scientific, administrative, legal, and managerial methods in a dynamic environment with frequent exposure to adverse viewpoints, simultaneous deadlines, and attention to detail to ensure accurate results
- Helped develop and oversees the Water Rights Administration Program, enforcing Nez Perce Tribal Code §3-3 to protect the Tribe's water rights and ensure compliance with Tribal, federal, and state regulations. Manages program initiatives with a ~\$500,000 annual budget and supervises the program's implantation to safeguard Tribal water resources
- Directs a team of three permanent staff to achieve complex, multi-year project deliverables under the Water Rights Administration Program. Successfully oversees Tribal water rights adjudications, protests, and resource monitoring
- Administers the Tribe's decreed 50,000 acre-feet water right, which requires cooperative work across multiple Tribal government departments, understanding of federal, state, and Tribal regulations, and technical knowledge of surface water, groundwater, and other natural resources of interest to the Tribe
- Develops and implements streamflow monitoring program to determine Idaho's compliance with negotiated instream flows; oversees fieldwork with year-round field seasons that cover multiple years
- Guides and oversees data collection, compilation, analysis, and synthesis in reports and oral presentations
- Reviews and protests non-Tribal water rights to ensure the Tribe's water rights and interests are not injured
- Represents the Tribe's Water Resources Division in water rights protests and hearings, which often involves persuading non-Tribal water right applicants to reduce their water use to keep water instream

NPTPRBA00001

- Represents Tribal interests in critical discussions related to the Palouse River Basin Adjudication
- Developed, reviewed, and submitted 14 grant proposals to date, of which \$954,707 have been awarded so far
- Develops budgets and manages expenditures with signature authority in compliance with Tribal policies
- Collaborates with private, state, and federal partners to manage at least 10 diversified contracts
- Oversee 3 permanent employees through recruitment, training, assigning work, signing pay vouchers, and evaluating performance; requires excellent communication, interpersonal, and decision-making skills
- Leads division-wide database management using specialized WISKI software for high-quality data tracking and reporting
- Coordinates project activities, develops policies, and serves as acting Director with signatory authority when required

FISHERIES TECHNICIAN II: (Apr 2018 – Sep 2021)

Pacific States Marine Fisheries Commission/Idaho Department of Fish and Game (IDFG)

- Led and implemented creel surveys, generating effort and catch estimates to inform in-season management decisions for ESA-listed anadromous steelhead and Chinook Salmon non-tribal fisheries
- Directed data collection field operations, supervising and leading up to 15 technicians across 300 river miles
- Analyzed how novel fall Chinook Salmon fisheries in the Clearwater River influenced steelhead anglers and presented project results professionally, to the public, and to members of a working group
- Organized collaboration among federal, state, and tribal agencies and hundreds of public volunteers to collect angler-caught steelhead broodstock in the largest program of its kind in Idaho
- Led state and tribal collaborative efforts to collect Chinook Salmon broodstock using innovative methods
- Authored accessible public outreach articles for the agency website, effectively communicating technical information in lay terms and within established agency guidelines
- Authored 10 comprehensive technical reports detailing the outcomes of anadromous fisheries creel monitoring activities

GRADUATE RESEARCH ASSISTANT: (Feb 2015 – Nov 2016)

Murray State University

- Partnered with state biologists and commercial fishermen to assess baseline population demographic information of Silver Carp in a large reservoir
- Assisted with evaluating competition between native and invasive fish species, fish habitat use, invasive fish species movements using acoustic telemetry, and monitoring fish communities in a large reservoir
- Applied for grants to offset research project costs and assembled volunteers and field equipment
- Analyzed data in tabular and graphic form using statistical programs (e.g., R, Microsoft Excel)
- Presented project results at academic, state, and regional conferences and meetings
- Prepared scientific documents to be submitted for publication in peer-review journals

STUDENT CONTRACTOR/STUDENT INTERN: (Apr 2014 – Apr 2015/Jan 2013 – Apr 2014)

U.S. Geological Survey, Lake Superior Biological Station

- Characterized morphological variation of Great Lakes Cisco and Lake Superior coregonid species
- Analyzed data to understand how ice cover influences Cisco recruitment success in Lake Superior
- Presented results of data analyses to inter-agency partners at lakewide technical committee meetings

NPTPRBA00002

SELECTED TRAINING, CERTIFICATIONS, AND COURSE AUDITS

TRAINING AND CERTIFICATIONS

- Environmental Research Institute of the States | Managed Aquifer Recharge Training | Feb 2024
- U.S. Geological Survey Technical Training in Support of Native American Relations (TESNAR)

Algonquin Consultants, Inc.

Mario Battaglia

Northwest Region General Manager

Principal Investigator

Ethnographer and Ethnoarchaeologist

Mario is the NW Regional Manager and an ethnographer for Algonquin Consultants' CRM Division providing expertise in ethnography, cultural anthropology, traditional land use studies, and traditional cultural property (TCP) evaluations and nominations to the National Register. Mario's M.A. is in Applied Archaeology with a focus on collaboration with Tribes and descendant communities. Mario has fieldwork experience in the Northwest and Inland Northwest, Southwest, and Plains including recent ethnographic project experience in California. For over 10 years, he has worked and collaborated with multiple tribes and tribal organizations on capacity building, grant writing, archaeological and ethnographic surveys, National Historic Preservation Act (NHPA) projects, Traditional Cultural Property (TCP) studies, Native American Graves Protection and Repatriation Act (NAGPRA) projects, and related issues. Recently, he has published several articles on collaboration with Tribes and descendant communities, as well worked on multiple capacity building projects for Tribes and First Nations in the Northwest.

EDUCATION

2015 M.A. Applied Archaeology. University of Arizona, School of Anthropology. Emphases on CRM archaeology, applied ethnoarchaeology, Tribal land use and TCP studies, and collaboration with Tribes and descendant communities. Thesis – a collaborative study on the efficacy of multivocal lessons as a public education and outreach strategy for archaeology.

2008 B.A. Anthropology. University of Oregon. Emphases on cultural anthropology and archaeology, Latin American studies, Native American history, and ethnic studies. Senior thesis – A study of the U.S. policies and broken treaties in relation to the Rogue River Tribes of Oregon.

PROFESSIONAL EXPERIENCE

August 2018 – present Project Manager, PI. Algonquin Consultants, Inc.

May 2015 – July 2019 Tribal Ethnographer and Ethnography Program Manager, Nez Perce Tribe Cultural Resource Program, Nez Perce Tribe, Lapwai, Idaho.

January 2016 – August 2018 Grants Writer, Chief Joseph Foundation, Lapwai, Idaho.

December 2014 – May 2015 Field Technician and Report Writer, Anthropological Research, L.L.C., Tucson, Arizona.

May 2014 – August 2014 THPO Intern, Blackfeet Nation, Browning, Montana.

September 2012 – July 2013 Publicity Specialist, Archaeology Legacy Institute, Eugene, OR.

January 2011 – April 2012 Environment and Agricultural Volunteer, Peace Corps Mali, West Africa.

January 2007 – June 2007 Museum Curator, Museum of Natural and Cultural History, University of Oregon, Eugene, Oregon.

October 2005 – June 2006 Lab Assistant, University of Oregon Archaeology Lab, Eugene, Oregon.

NPTPRBA00005

EXAMPLES OF TCP AND ETHNOGRAPHIC, PLACE-BASED PROJECTS (last 10 years)

- 2023 (ongoing) – Comprehensive Cultural Context for the Cascade-Siskiyou National Monument for the BLM with participation from: Confederated Tribes of the Grand Ronde Community of Oregon, Confederated Tribes of Siletz Indians, Klamath Indian Tribe of Oregon, Modoc Nation, and Shasta Nation Tribe.
- 2022 (ongoing) – Ethnographic Study of the Berryessa Snow Mountain National Monument, working with the (1) Elem Indian Colony, (2) KOI Nation, (3) Middletown Rancheria of Pomo Indians, and (4) Yocha Dehe Wintun Nation, (5) Cachil Dehe Band of Wintun Indians, (6) Kletsel Dehe Band of Wintun Indians, and (7) Grindstone Indian Rancheria of Wintun-Wailaki. (Agency: BLM).
- 2021 – 2022 Ethnographic documentation of Ishi sites in the Ishi Wilderness area of the Lassen National Forest in Northern California. Worked with the Yana/Yahi Tribes and local tribal members, including Beverly Ogle and representatives from the Redding Rancheria, the Pit River Tribe, and the Susanville Indian Rancheria to define and delineate cultural sites of Ishi and his family (Agency: U.S. Forest Service)
- 2021 – 2022 Ethnographic study documenting Tribal perspectives on the effects of Portland General Electric Company's Perpetual Cultural Practices Easement at Willamette Falls in Oregon. Documentation analyzed the effects of the proposed undertaking and recommendations to the Federal Energy Regulatory Commission. (Agency: FERC and PGE)
- 2019 – 2022 Conducted ethnographic research and TCP/historic property documentation as part of the Pensacola Dam Relicensing Process in eastern Oklahoma for the Grand River Dam Association (GRDA) to assist the Federal Energy Regulatory Commission in meeting its compliance requirements under Section 106 of the NHPA. The study included outreach and coordination with the following tribes: Alabama-Quassarte Tribal Town, Caddo Nation, Cherokee Nation, Delaware Nation, Delaware Tribe, Eastern Shawnee Tribe, Iowa Tribe of Oklahoma, Kiowa Tribe, Little Traverse Bay Band of Odawa Indians, Miami Nation, Muskogee Creek Nation, Osage Nation, Peoria Tribe, Otoe-Missouria Tribe, Ottawa Tribe, Quapaw Tribe, Sac and Fox Nation, Seneca-Cayuga Tribe, Shawnee Tribe, Tonkawa Tribe, United Keetoowah Band of Cherokee Indians in Oklahoma, Wichita Tribe, and Wyandotte Nation (Agency: FERC and GRDA).
- 2020 – 2022 Documentation of sites of Federally recognized Tribes associated with the Trail of Tears in Alabama, Georgia, Tennessee, Kentucky, Illinois, and North Carolina resulting in a robust site inventory, annotated bibliography of sources and geodatabase. Agency: NPS, federal, state, and private lands.
- 2021 Development of a TCP Monitoring Plan for the Nez Perce Tribe Cultural Resource Program (CRP). (Agency: USACE). Working with the Nez Perce Tribe CRP to develop a TCP Monitoring Plan to be used for Nez Perce TCPs associated with the Columbia River in the Bonneville, The Dalles, and John Day pools and surrounding ethnographic landscape.
- 2020 Ethnographic Study of the Columbia Riverscape for the Confederated Tribes of the Umatilla Indian Reservation (CTUIR). (Agency: USACE). Working with the CTUIR Cultural Resources Protection Program (CRPP) to identify traditional cultural sites along the Columbia River in the Bonneville, The Dalles, and John Day pools and surrounding ethnographic landscape.
- 2020 Section 106 Monitoring and TCP Studies Training for Kaw Nation Heritage Resource Technicians. Presented on the development of traditional land use studies for the identification, evaluation, nomination to the National Register (if desired), and management of TCPs and other cultural properties.
- 2019 Ethnographic and ethnohistoric research and TCP documentation, Mouth of the Kalamazoo River. For the Match-E-Be-Nash-She-Wish Band of Pottawatomi Indians (Gun Lake Tribe) (Agency: USACE).
- 2018 Miami Tribe of Oklahoma Repatriation and Reburial Project, Indiana –Worked with the Miami Tribe to rebury human remains, funerary objects, sacred objects, and associated items of cultural patrimony as part of the NAGPRA process. Reburied the remains in the same contexts from which they were excavated.
- 2015-2018 Federal Columbia River Power Systems (FCRPS) Cooperative Working Group, USACE, Portland District, and Bonneville Power Administration (BPA) – Nez Perce Tribe, Confederated Tribes of the Umatilla Indian Reservation, Confederated Tribes of the Warm Springs Reservation, and the Confederated Tribes of the Yakama Nation. Consulted with the USACE and BPA on a number of Columbia River operations and maintenance projects in the Bonneville, John Day, and The Dalles pools.

- 2015-2017 Native American Graves Protection & Repatriation Act Consultation for the Kennewick Man (Ancient One) repatriation and reburial – Nez Perce Tribe, Idaho. As a tribal representative of the Nez Perce Tribe, worked to help repatriate and rebury the remains of the Ancient One. A coordinated effort between the Nez Perce Tribe, Confederated Tribes of the Umatilla Indian Reservation, Confederated Tribes of the Warm Springs Reservation, the Confederated Tribes of the Yakama Nation, and the Confederated Tribes of the Colville Indian Reservation resulted in the reburial of the remains in 2017.
- 2015-2017 National Historic Preservation Act Traditional Cultural Properties (TCP) Nominations to the National Register of Historic Places – Nez Perce Tribe. As a Tribal Ethnographer for the Nez Perce Tribe, conducted a traditional land use study of the Lochsa River Corridor which led to its recognition of the property as a Tribal TCP and subsequent nomination to the National Register of Historic Places.
- 2015-2017 National Historic Preservation Act Traditional Cultural Properties (TCP) Nominations to the National Register of Historic Places – Nez Perce Tribe. As a Tribal Ethnographer for the Nez Perce Tribe, conducted a traditional land use study of Rapid River which led to its recognition of the property as a Tribal TCP and its subsequent nomination to the National Register of Historic Places as a historic site.
- 2013-2015 Blackfeet Nation – In coordination with the Blackfeet Nation and the Blackfeet Tribal Historic Preservation Office (THPO), developed a curriculum on the 10,000-year significance of bison for Montana elementary and middle schools. Curriculum is available at <https://projectarchaeology.org/blog/the-10000-year-significance-of-bison>. Also conducted a Blackfeet Nation Saint Mary Lake Trail Study in coordination with the Blackfeet THPO and designed trailside signs that reflected Blackfeet worldviews and knowledge.

ETHNOGRAPHIC, ARCHAEOLOGICAL, AND TCP PROJECT EXPERIENCE

Mario has worked in the Northwest and Inland Northwest (Washington, Oregon, Idaho, Montana, California, Colorado, Nevada, and BC Canada), in the Midwestern US and Southern US (Oklahoma, Arkansas, Kansas, eastern Texas, Michigan, and Indiana), and in the Southwestern US (Arizona, New Mexico, and western Texas). Projects included ethnographic studies, traditional land use studies, TCP identifications and evaluations, oral history studies, historic property evaluations and nominations to the National Register of Historic Places, archaeological surveys, and collaborative, place-based projects with and for Native American tribes.

NORTHWEST AND INLAND NORTHWEST U.S.

Washington – Ethnographic Projects and Traditional Land Use Studies

- 2024 Traditional Use Study of the Wooten Parcel. Funding Agency: Confederated Tribes of the Umatilla Indian Reservation. Ethnographer and lead author.
- 2024 Traditional Use Study of the Hanford Site. Funding Agency: Confederated Tribes of the Umatilla Indian Reservation. Ethnographer and lead author
- 2023 Traditional Use Study of the Rattlesnake Unit. Funding Agency: Confederated Tribes of the Umatilla Indian Reservation. Ethnographer and lead author.
- 2022 Ethnographic and TCP Study for the Seattle City Light Skagit River Hydroelectric Project. Co-lead Ethnographer. Subcontracted through HDR, Inc.
- 2022 Ethnographic Study and completion of 10-900 Forms for the CTUIR. Columbia River, Washington and Oregon. Confederated Tribes of the Umatilla Indian Reservation. Ethnographer.
- 2021 Documentation and nomination for a Nlaka'pamux TCP in the Upper Skagit River Valley, Washington. Nlaka'pamux First Nation. Ethnographer.
- 2021 Traditional Use Study of the Goldendale Energy Storage and Hydroelectric Project area, Klickitat County, Washington. Work conducted for the Confederated Tribes of the Umatilla Indian Reservation.
- 2018 Snake River Road Ethnographic Survey, Asotin County, Washington. Funding Agency: Asotin County; public and private land. Tribal Ethnographer and lead author of report.
- 2017 Ethnographic Study of Heller Bar in Asotin County, Washington. Funding Agency: Washington Department of Fish and Wildlife; public and private land. Tribal Ethnographer and lead author of report.
- 2017 Ethnographic Study of the Snake River Road Corridor in Asotin County, Washington. Funding Agency: Asotin County; public and private land. Tribal Ethnographer and lead author of report.
- 2016 Ethnographic Study of Kamiak Butte in Whitman County, Washington. Funding Agency: Verizon Wireless; public and private land. Tribal Ethnographer and lead author of report.

- 2015 Ethnographic Study of Steptoe Butte in Whitman County, Washington. Funding Agency: Verizon Wireless; public and private land. Tribal Ethnographer and lead author of report.
- Ethnographic Study of Nez Perce Oral Histories associated with Ancient One (Kennewick Man). Funding Agency: US Army Corps of Engineers. Tribal Ethnographer and lead author of report.

Oregon – Ethnographic Projects and Traditional Land Use Studies

- 2024 Cascade-Siskiyou National Monument Comprehensive Cultural Context Study. Funding Agency: BLM. Co-ethnographer and co-author.
- 2022 Study of Adverse Effects and the Willamette Falls TCP. Funding agency: Portland General Electric Company. Ethnographer and co-author.
- 2022 TCP Site Visits tied to the Nez Perce Tribe Cultural Resource Program Site Condition Monitoring Plan for ongoing monitoring of TCPs in the Bonneville, The Dalles, and John Day pools in the Columbia River in Oregon. Technical Advisor.
- 2021 TCP Monitoring Plan for the Nez Perce Tribe Cultural Resource Program for use in the USACE ongoing monitoring of TCPs in the Bonneville, The Dalles, and John Day pools in the Columbia River in Oregon. Lead Author and project manager.
- 2020 Historic Context Statement of the Columbia River from Bonneville Dam to John Day Dam. Funding Agency: USACE, subcontracted via Confederated Tribes of the Umatilla Indian Reservation, public and private lands. Ethnographer and lead report author.
- 2017 The Dalles Housing Project, Wasco County, Oregon. Funding Agency: USACE, Portland District; public and private land. Tribal Ethnographer and lead author of report.
- 2017 Ethnographic Study of the John Day Lock and Dam, Sherman County, Oregon. Funding Agency: USACE, Portland District; public and private land. Tribal Ethnographer and lead author of report.
- 2017 Ethnographic Study of the Hood River Transmission Line and Surrounding Region in Hood River County, Oregon. Funding Agency: Bonneville Power Administration; public and private land. Tribal Ethnographer. Project Supervisor and lead author of report.
- 2017 Ethnographic Study of Celilo Falls in Wasco County, Oregon. Funding Agency: USACE, Portland District; public and private land. Tribal Ethnographer and lead author of report.
- 2016 Ethnographic Study of Celilo Falls and Village in Wasco County, Oregon, Phase 2. Funding Agency: USACE, Portland District; public and private land. Tribal Ethnographer and lead author of report.
- 2016 Ethnographic Study of Celilo Falls and Village in Wasco County, Oregon, Phase 1. Funding Agency: USACE, Portland District; public and private land. Tribal Ethnographer and lead author of report.
- 2016 Ethnographic Study of Lower Joseph Creek in Wallowa County, Oregon. Funding Agency: U.S. Forest Service; public and private land. Tribal Ethnographer and lead author of report.

Idaho – Ethnographic Projects and Traditional Land Use Studies

- 2020 TCP and Section 106 Training for the Nez Perce Tribe Cultural Resource Program. Lead Trainer.
- 2018 Ethnographic Study of White Bird Hill and surrounding region, Idaho. Funding Agency: Inland Cellular; public and private land. Tribal Ethnographer and lead author of report.
- 2018 Ethnographic Study of Kamiah and surrounding region, Idaho. Funding Agency: Department of Justice; public and private land. Tribal Ethnographer and lead author of report.
- 2018 Ethnographic Study of the Stibnite Mine and Payette Forest, Idaho. Funding Agency: Midas Gold, Inc.; public and private land. Tribal Ethnographer and lead author of report.
- 2017 Ethnographic Study of the Clearwater River in Nez Perce County, Idaho. Funding Agency: Bonneville Power Administration; public and private land. Tribal Ethnographer and lead author of report.
- 2017 Nomination of Rapid River, Idaho, to the National Register of Historic Places. Funding Agency: Idaho State Historic Preservation Office; public lands. Project Coordinator and co-author of nomination.
- 2016 Ethnographic Study of the Dworshak Dam and Reservoir in Clearwater County, Idaho. Funding Agency: USACE, Walla Walla District and the Bonneville Power Administration; public and private land. Tribal Ethnographer and lead author of report.
- 2016 Ethnographic Study of Teakan Butte in Clearwater County, Idaho. Funding Agency: Bonneville Power Administration; public and private land. Tribal Ethnographer and lead author of report.
- 2016 Ethnographic Study of the Lochsa River in Clearwater and Idaho Counties, Idaho and Nomination to the National Register. Funding Agency: U.S. Forest Service; Tribal Ethnographer and lead author.

Montana – Ethnographic and Traditional Land Use Studies

- 2015 Master's Thesis Ethnographic Study of the Significance of Bison to Native People in Montana. Funding Agency: Montana Department of Transportation; public and private land. Independent Researcher. Project Supervisor and sole author of master's thesis.
- 2014 Class I Background Research and Class III Survey of teepee rings affected by road improvements in Glacier County, Montana. Funding Agency: Montana Department of Transportation; public and private land. THPO Intern. Project technician.
- 2014 Archaeological Excavations at St. Mary's Lake in Glacier County, Montana. Funding Agency: Blackfeet Nation. THPO Intern. Project technician.
- 2014 Ethnographic Study of Badger Two Medicine in Glacier County, Montana. Funding Agency: Blackfeet Nation. THPO Intern. Project technician and co-author of findings report.
- 2014 Study of the Upper Missouri River Breaks National Monument. Funding Agency: Bureau of Land Management; public and private lands. Contracted Researcher and co-author of report.

California – Ethnographic and Traditional Land Use Studies

- 2023 (ongoing) Landscape Level Collaborative Cultural Context for the Cascade-Siskiyou National Monument. Funding Agency: BLM. Co-ethnographer and co-author of report.
- 2022 (ongoing) Ethnographic study of the Berryessa Snow Mountain National Monument in Northern California. Funding Agency: BLM. Lead Ethnographer and co-author of report.
