Re: Original Notice of Claim to a Water Right No. 63-161N
Renumbered to Notice of Claim to a Water Right No. 63-161CD

Dear Claimant:

We have received and processed a Change of Ownership for a portion of your Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of the original claim, per a request from Farwest LLC to have their portion of the water right decreed separately in their name.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by issuing a new water right number to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new water right for your records. Please refer to your new claim number when corresponding with our office.

Also enclosed is a copy of the Notice of Completed Administrative Proceedings, which has been sent to the Snake River Basin Court as notification of the change.

If you have any questions concerning this ownership change, or the enclosed information, please feel free to contact this office.

Sincerely,

Lori Harris

Attention: Jan Shurte

Subject: 63-161N – Ownership change for Boyack Portion

Dear Jan,

Enclosed on behalf of Farwest, LLC is a Notice of Change in Water Right Ownership for the Boyack portion of claim 63-161N. Farwest, LLC has acquired approximately 60 acres from Boyack located at T4N R1E Section 30, ^{*}SE₁ and ^{*}SW₁, as evidenced by the attached deeds. Per my discussion with you on November 23, 2005, you indicated that Boyack had acquired a 0.20 cfs portion of the right per the 1949 transfer from Consumer Water Corp, and which became appurtenant to the property described by these deeds. Therefore, Farwest, LLC acquired the 0.20 cfs portion of 63-161N.

Please contact Terry Scanlan or me with any questions or requests for additional information.

Sincerely,

Scott N. King, P.E.
Senior Project Engineer
