

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE STATE OF IDAHO,
IN AND FOR THE COUNTY OF TWIN FALLS

IN RE THE GENERAL ADJUDICATION
OF RIGHTS TO THE USE OF WATER FROM
THE SNAKE RIVER BASIN WATER SYSTEM.

CIVIL CASE NUMBER: 39576

Ident. Number: A63-00120G
Date Received: 3/04/1990
Receipt No: C015828
Received By: DL 3-22-90

NOTICE OF CLAIM TO A WATER RIGHT
ACQUIRED UNDER STATE LAW

1. Name: FARMERS UNION DITCH CO., LTD. 208-939-6949
Address: 4310 N. LINDER RD.
EAGLE, ID 83616

2. Date of Priority: JUN 01, 1864

3. Source: BOISE RIVER Trib. to: SNAKE RIVER

4. Point of Diversion:

Township	Range	Section	1/4 of	1/4 of	1/4 of	Lot	County
03N	02E	5	NE	SE	NE		ADA

5. Description of diverting works:
CONCRETE AND ROCK DAM, CONCRETE CONTROL STRUCTURE, GRAVITY CANAL.

6. Water is used for the following purposes:

Purpose	From	To	C.F.S.	(or)	A.F.A.
IRRIGATION	03/15	11/15	1.800		

7. Total Quantity Appropriated is:
1.800 C.F.S. (and/or) A.F.A.

8. Total consumptive use is 29379.0 Acre Feet Per Annum.

9. Non-irrigation uses:
STOCK WATER FROM DITCHES DURING THE IRRIGATION SEASON

10. Place of Use:

Township	Range	Section	1/4 of	1/4 of	Lot	Use	Acres
04N	01E	3	SW	NE		IRR	40.0
			SE	NE		IRR	12.0
			NE	NW		IRR	20.0

FARMERS UNION DITCH CO

ADDITIONAL INFORMATION

DATE: AUGUST 16, 2004

BY: MEL SCHULTE

The primary contact for Farmers Union is Gene Bailey, president (286-7318). Bert Johnson (939-6790) is their vice-president and ditch rider. Bert is very familiar with the delivery system and operation of the company. Both Gene and Bert assisted in the review of Farmers Union's boundary and place of use map.

Farmers Union delivers water in their system for a lot of entities and individuals other than their own shareholders. They assess and deliver water for Boise Valley Irrigation Ditch Co, Capital View Irrigation District and the users of the Jacobs right (63-123) in addition to their own water.

An issue that will likely be challenged and discussed is the ownership of the Jacobs right 63-123). In a 1916 contract Farmers was given one-third of the right and it appears that Capital View owns about one-third of the right. Who owns the other one-third is a mystery at this time and needs further review and verification. At this time we have recommended about one-third to Capital View and the remainder to Farmers Union. These recommendations are likely to change.

Another issue that could come up for discussion is the allocation of delivery loss. Measurements were done on several stretches of the Farmers Union canal to estimate delivery loss. Gene Bailey thinks Farmers Union should receive credit for all delivery loss rather than prorating it among the users because Farmers delivers all of the water. This issue will have to be resolved after the Jacobs right ownership issue is resolved. IT IS POSSIBLE FARMERS UNION WILL HAVE TO FILE ANOTHER BENEFICIAL USE CLAIM FOR DELIVERY LOSS.

The Boise Valley Irrigation Ditch Co boundary and place of use overlaps within the boundary of Farmers Union due to the fact Farmers Union canal delivers in the main canal 875 inches of Boise Valley water past the Boise Valley diversion head gate in Farmer's canal. These two companies should merge into one organization.

The POD for Farmers Union canal was determined by GPS.

The acre limitation of 8394 acres is based on the claimed acres. The digitized acres total 8857 acres but this number might include some parcels that overlap with Boise Valley because the users are shareholders of both companies.

The total of the diversion rates recommended for Farmers decreed rights include some delivery loss but the exact amount of delivery loss is not known at this time.

40.3 cfs credit water claimed

Ditch loss allocation in Farmers Union Canal

Using licensed and decreed diversion rates only.

From POD to BVID headgate

Boise Valley	50.71 cfs	= 20.9%
Farmers Union	184.47 cfs	= 76.2%
Capitol View	7.0 cfs	= 2.9%
Total	242.18 cfs	100%

From POD to BVID headgate: 12.74 cfs estimated loss

Boise Valley	12.74 cfs x 20.9% =	2.66 cfs
Farmers Union	12.74 cfs x 76.2% =	9.71 cfs
Capitol View	12.74 cfs x 2.9% =	.37 cfs
		12.74 cfs.

From BVID headgate downstream

Boise Valley	15.7 cfs	= 7.6%
Farmers Union	184.47 cfs	= 89%
Capitol View	7.0 cfs	3.4%
Total	207.17 cfs	100%

* (5.86 cfs + 6.58 cfs + 3.27 cfs = 15.71 cfs = remainder of estimated loss)

* Boise Valley	15.71 cfs x 7.6% =	1.19 cfs
* Farmers Union	15.71 cfs x 89%	13.98 cfs
* Capitol View	15.71 cfs x 3.4%	.54 cfs
	100%	15.71 cfs

Summary:

Boise Valley	=	3.85 cfs
Farmers Union	=	23.69 cfs
Capitol View	=	.91 cfs
		28.45 cfs.

Total Acres: 8394

Conditions of Approval:

1. F01 WATER IS DELIVERED THROUGH THE FARMERS UNION CANAL
2. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
3. THIS RIGHT IS DESIGNATED AS NO 1 IN THE STEWART DECREE AND THE BOISE WATER MASTERS RECORDS
4. F06 THE FOLLOWING RIGHTS ARE ALSO DIVERTED THROUGH POINT OF DIVERSION DESCRIBED ABOVE: 63-123C, 63-123D, 63-123E, 63-123F, 63-123G, 63-124Q, 63-125J, 63-126F, 63-165M, 63-198AG, 63-248, 63-297, 63-2360, 63-21729, 63-18700, 63-31832, 63-31937
5. S45 Diversion for irrigation under this water right prior to April 1 and after October 31 shall occur only as authorized by the Water District 63 Water Master and only when water is being released for flood control by the United States from the Lucky Peak Dam outlet under procedures and requirements for the Memorandum of Agreement between the U.S. Department of the Army and the U.S. Department of the Interior for Flood Control Operations of the Boise River Reservoirs, dated November 20, 1953, the Water Control Manual for Boise River Reservoir dated April 1985 and any future amendments or revisions made thereto pursuant to state or federal procedures or law; provided that any such use of this water right prior to April 1 and after October 31 shall be subordinated to water rights for storage in Lucky Peak Reservoir, Lake Lowell, Arrowrock Reservoir, and/or Anderson Ranch Reservoir, as decreed in SRBA Case No. 39576.
6. 135 The boundary encompassing the place of use for this water right is described with a digital boundary as defined by I.C. Section 42-202B(2) and authorized pursuant to I.C. Section 42-1411(2)(h). The data comprising the digital boundary are incorporated herein by reference and are stored on a CD-ROM disk issued in duplicate originals on file with the SRBA District Court and the Idaho Department of Water Resources. A map depicting the place of use is attached hereto to illustrate the place of use described by the digital boundary.
7. K06 THIS RIGHT IS LIMITED TO THE IRRIGATION OF 8394 ACRES WITHIN THE BOUNDARY OF THE FARMERS UNION DITCH COMPANY
8. P21 THIS RIGHT IS A SPLIT FROM FORMER RIGHT 63-120
9. P29 THIS RIGHT IS A COMBINATION OF OLD RIGHT NOS. 63-120A, 63-120D, 63-120E

IDAHO DEPARTMENT OF WATER RESOURCES

Adjudication Recommendation Report 63-120G V1

10. 155 This right shall receive 100 percent of its decreed quantity until the natural flow of the waters of the Boise River shall decrease so that all rights containing this condition cannot receive 100 percent of their decreed quantities, at which time this right and the other rights containing this condition shall first be cut to 75 percent of their decreed quantities, as the natural flow of the river decreases, beginning with the latest rights containing this condition and preceding to the earliest rights containing this condition in the order of their priority dates, and after all of the rights containing this condition shall have been reduced to 75 percent of their decreed quantities, should the natural flow of the waters of the river decrease below the amount necessary to supply 75 percent of those decreed quantities, then this right and the other rights containing this condition, beginning with the latest and preceding to the earliest, shall be reduced to 60 percent of their decreed quantities.

Total Acres: 8394

Conditions of Approval:

1. F06 THE FOLLOWING RIGHTS ARE ALSO DIVERTED THROUGH POINT OF DIVERSION DESCRIBED ABOVE: 63-123C, 63-123D, 63-123E, 63-123F, 63-123G, 63-124Q, 63-125J, 63-126F, 63-165M, 63-198AG, 63-248, 63-297, 63-2360, 63-21729, 63-18700, 63-31832, 63-31937
2. 135 The boundary encompassing the place of use for this water right is described with a digital boundary as defined by I.C. Section 42-202B(2) and authorized pursuant to I.C. Section 42-1411(2)(h). The data comprising the digital boundary are incorporated herein by reference and are stored on a CD-ROM disk issued in duplicate originals on file with the SRBA District Court and the Idaho Department of Water Resources. A map depicting the place of use is attached hereto to illustrate the place of use described by the digital boundary.
3. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
4. THIS RIGHT IS DESIGNATED AS NO 1 IN THE STEWART DECREE AND THE BOISE WATER MASTERS RECORDS
5. P29 THIS RIGHT IS A COMBINATION OF OLD RIGHT NOS. 63-120A, 63-120D, 63-120E
6. S45 Diversion for irrigation under this water right prior to April 1 and after October 31 shall occur only as authorized by the Water District 63 Water Master and only when water is being released for flood control by the United States from the Lucky Peak Dam outlet under procedures and requirements for the Memorandum of Agreement between the U.S. Department of the Army and the U.S. Department of the Interior for Flood Control Operations of the Boise River Reservoirs, dated November 20, 1953, the Water Control Manual for Boise River Reservoir dated April 1985 and any future amendments or revisions made thereto pursuant to state or federal procedures or law; provided that any such use of this water right prior to April 1 and after October 31 shall be subordinated to water rights for storage in Lucky Peak Reservoir, Lake Lowell, Arrowrock Reservoir, and/or Anderson Ranch Reservoir, as decreed in SRBA Case No. 39576.
7. 155 This right shall receive 100 percent of its decreed quantity until the natural flow of the waters of the Boise River shall decrease so that all rights containing this condition cannot receive 100 percent of their decreed quantities, at which time this right and the other rights containing this condition shall first be cut to 75 percent of their decreed quantities, as the natural flow of the river decreases, beginning with the latest rights containing this condition and preceding to the earliest rights containing this condition in the order of their priority dates, and after all of the rights containing this condition shall have been reduced to 75 percent of their decreed quantities, should the natural flow of the waters of the river decrease below the amount necessary to supply 75 percent of those decreed quantities, then this right and the other rights containing this condition, beginning with the latest and preceding to the earliest, shall be reduced to 60 percent of their decreed quantities.
8. K06 THIS RIGHT IS LIMITED TO THE IRRIGATION OF 8394 ACRES WITHIN THE BOUNDARY OF THE FARMERS UNION DITCH COMPANY
9. F01 WATER IS DELIVERED THROUGH THE FARMERS UNION CANAL
10. P21 THIS RIGHT IS A SPLIT FROM FORMER RIGHT 63-120

Due 3/20/07

Shurte, Jan

From: Shurte, Jan
Sent: Friday, March 02, 2007 3:15 PM
To: 'Fredric_Price@blm.gov'; 'Larry.Brown@usdoj.gov'
Cc: Harvey, Becky; Favreau, Danielle
Subject: RE: 63-03170; Claimant: Vander Stelt Dairy

Fred & Becky,

Sandy has completed correcting all 3 rights to match the transfer previously approved. The stock water pou in the SWSW, S. 35, T2N, Rge. 1W has been left out of 63-3170 & 63-8087. 63-3093 was for irrigation only and did not include stock water. The other two water rights 63-18592 & 63-18594 were decreed in 2000 and I do not believe anything can be done about them at this time. The decrees were issued in 2/2000 and the transfer approved in 5/2000 which did include the SWSW, S35, T2N R. 1W. It did not appear to be protested and was approved, however, if you wish to speak further with the allocations staff you could contact Shelly Keen.

On another subject, I (with help from Danielle Favreau) am putting together the large places of use for 63-183, Pioneer Ditch Co. (aka Little Pioneer Ditch Co.) to delete Lot 7 (now known as Lot 9 (NWSE), S17, T1N, R1W) to handle BLM's settlement portion of this right although there are other objections. On the Pleasant Valley Irrigation Co. it looks like we need to delete the SESE, S. 19, T2N, R2E. Removing it from the claim data is not necessary since it will not be decreed and the recommendation is the only one to be decreed. It does not matter the claim has that 1/41/4 on it - it will not give the claimant any further ground. As far as the stock water place of use goes, it was claimed in the 5 1/41/4's you spoke of. Mel put it on only 63-329B and it was also claimed on all the others. It appears to me that he meant to put it on all of the others, however, the large place of use data entry wiped it out. If you would like we can put those 5 1/41/4's on as a part of the settlement - which you may have already done. Otherwise we do assume it covers the entire place of use for irrigation as it is listed with no pou.

STOCK
WATER
→
put on
all
others
OK

On Farmer's Union Ditch Co. it appears we need to delete the NWSW, S26: SESW, SESE, S27, NESE, NWSE, S31, T5N, R1W as a part of the large place of use. Please let us know on all of these if it is the entire 1/41/4, a portion or if it is a snapping issued.

If you agree with this memo we should be able to settle these prior to the hearings. We will complete the changes and send you a CD of the large places of use to go with the SF5's for signature as soon as we hear from you.

Thank you for your patience in this time of transition for the Department.

RE: 63-00183; Claimant: Pioneer
Ditch Co., LTD

Who is counsel for the Boise Project Board of Control? I will forward this to David Gehlert for his comment.

Subject: Re: 63-00183; Claimant: Pioneer Ditch Co., LTD

Larry,

Brad Carlson (your spelling is correct) is one of three Presidents of the "Pioneer Ditch Company, Limited." I checked the Secretary of State's website for any permutation of "pioneer ditch" and there is no such entity called "Little Pioneer Ditch Co., Ltd." See attached search results. I do not believe that a Change of Ownership would be appropriate.

There are two other objections that have been filed in this subcase (BOR and Boise Project Board of Control) and resolution of those objection

issues will need to be addressed in any SF-5. Both the BOR and the Boise Project Board of Control objections seek to decree the following remark under the Purpose and Period of Use element:

"Diversion for irrigation and mitigation under this right prior to April 1 and after October 31 shall occur only as authorized by the Water

District 63 Water Master and only when water is being released for flood control by the United States from the Lucky Peak Dam outlet under procedures and requirements for the Memorandum of Agreement between the

U.S. Department of the Army and the U.S. Department of the Interior for flood Control Operations of the Boise River Reservoirs, dated November

20, 1953, the Water Control Manual for the Boise River Reservoir dated

April 1985 and any future amendments or revisions made thereto pursuant

to state of federal procedures or law; provided that any such use of

this water right prior to April 1 and after October 31 shall be subordinated to water rights for storage in Lucky Peak Reservoir, as decreed in SRBA Case No. 39576."

This remark is included within the recommendations of 137 claims in the Director's Report which suggests that it is a standard remark where appropriate. The only question is whether this standard remark should be employed in this subcase.

Subject 63-00183; Claimant: Pioneer Ditch Co., LTD

I talked to Brad Carlson "SP" the president of "Little" Pioneer Ditch Co., Ltd., who is the owner of water right number 63-00183. I pointed out to him that the name on the water right was Pioneer Ditch Co. and asked if needed to have the name changed, and he said yes. Do we need a "Change of Ownership" form or is the name of the owner on the claim for "Little Pioneer Ditch Co., Ltd.?"

Anyway, we negotiated a settlement where T1N, R1W, Sec. 17, Lot 7 (now Lot 9) (NWSE) would be deleted from the digital boundary of the place of use. This POU was not part of the original claim. Also, please remove this POU from IDWR's claim data.

<u>PURPOSE OF USE</u>	<u>PERIOD OF USE</u>	<u>QUANTITY</u>
IRRIGATION	03/01 11/15	1.800 CFS
Diversion for irrigation under this water right prior to April 1 and after October 31 shall occur only as authorized by the Water District 63 Water Master and only when water is being released for flood control by the United States from the Lucky Peak Dam outlet under procedures and requirements for the Memorandum of Agreement between the U.S. Department of the Army and the U.S. Department of the Interior for Flood Control Operations of the Boise River Reservoirs, dated November 20, 1953, the Water Control Manual for Boise River Reservoir dated April 1985 and any future amendments or revisions made thereto pursuant to state or federal procedures or law; provided that any such use of this water right prior to April 1 and after October 31 shall be subordinated to water rights for storage in Lucky Peak Reservoir, Lake Lowell, Arrowrock Reservoir, and/or Anderson Ranch Reservoir, as decreed in SRBA Case No. 39576.		

PLACE OF USE:

8394 ACRES TOTAL

SCANNED

JUN 29 2006

The boundary encompassing the place of use for this water right is described with a digital boundary as defined by I.C. Section 42-202B(2) and authorized pursuant to I.C. Section 42-1411(2)(h). The data comprising the digital boundary are incorporated herein by reference and are stored on a CD-ROM disk issued in duplicate originals on file with the SRBA District Court and the Idaho Department of Water Resources. A map depicting the place of use is attached hereto to illustrate the place of use described by the digital boundary.

THIS RIGHT IS LIMITED TO THE IRRIGATION OF 8394 ACRES WITHIN THE BOUNDARY OF THE FARMERS UNION DITCH COMPANY

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: Decreed

WATER IS DELIVERED THROUGH THE FARMERS UNION CANAL

THIS RIGHT IS DESIGNATED AS NO 1 IN THE STEWART DECREE AND THE BOISE WATER MASTERS RECORDS

THE FOLLOWING RIGHTS ARE ALSO DIVERTED THROUGH POINT OF DIVERSION DESCRIBED ABOVE: 63-123C, 63-123D, 63-123E, 63-123F, 63-123G, 63-124Q, 63-125J, 63-126F, 63-165M, 63-198AG, 63-248, 63-297, 63-2360, 63-21729, 63-18700, 63-31832, 63-31937

THIS RIGHT IS A SPLIT FROM FORMER RIGHT 63-120

THIS RIGHT IS A COMBINATION OF OLD RIGHT NOS. 63-120A, 63-120D, 63-120E

TWP	RGE	SEC		NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	

Overlap with other water rights: yes

Does overlap increase rate of flow, volume, additional acres, different source for same acres? Explain:

Overlaps with groundwater and Boise Valley Irr. Co. water.

Delivery System Narrative: About 1 1/4 miles downstream from the P.O.D. the Boise Valley Ditch Co. canal is diverted from the Farmers Union Canal. From the B.V.D. Co. canal the Farmers Union canal continues to deliver Farmers water plus 785" of Boise Valley and all of Capital View Irr. Dist. 2 water.

Well or Diversion Identification No GPS ID	Motor Make	Hp	Motor Serial No.	Pump Make	Pump Serial No. or Discharge size
<u>NA</u>					

FLOW MEASUREMENTS:

See attached delivery loss worksheets.
Attach appropriate documents

NARRATIVE/REMARKS/COMMENTS

Gene Bailey is president and spokesman for the company. Bert Johnson is the ditch rider and knowledgeable about the system and users.

Designated as #1

The 8857 digitized acres includes overlapping acres with Boise Valley water and groundwater. The 8857 acres plus the delivery loss estimates serve to prove beneficial use of Farmers Union water.

BOISE RIVER

PARK

An aerial photograph of a large agricultural area, likely a valley or river basin. The land is divided into numerous small, irregularly shaped plots, many of which are shaded in red. A prominent blue line outlines a large, irregular area that encompasses most of the red-shaded plots. Within this blue-outlined area, there are several smaller, irregularly shaped areas shaded in green. The surrounding landscape is rugged and mountainous, with some areas covered in dense vegetation and others appearing more barren. The overall scene suggests a detailed land use or ownership map of a rural area.

BOISE VALLEY IRRIGATION DITCH COMPANY CANAL & FARMERS UNION DITCH COMPANY CANAL

Number 514

1974

The Boise Valley Irrigation Ditch Company Canal originates on the north bank of the Boise River in the NE 1/4 of the SE 1/4 of Section 32, T4N, R2E, and runs northwesterly through Sections 29, 30, and 32 of T4N, R2E and Sections 14, 23, and 24 in T4N, R1E. This canal was constructed in the fall of 1865 and spring of 1866 by Seth Bixby, William A. C. Fite, and others. When built, 3,000 inches of water under a four-inch pressure was appropriated and diverted. On October 2, 1894, the Boise Valley Irrigation Ditch Company transferred to the Farmers Union Ditch Company, Ltd., the right to enlarge, use, and maintain the canal; but they retained their 3,000 inches of water right which the latter company was to deliver to stockholders. This was accomplished by inserting a perpetual right clause into the transfer deed. Representatives of Farmers Union had earlier, in April, 1894, filed a water notice to appropriate and divert 15,000 inches of water under a four-inch pressure for their own use.

The Farmers Union Ditch Company began the enlargement of a portion of the old ditch and construction of a new one. In the fall of 1894, they followed the old ditch for one and one-half miles. At this point, the Boise Valley Irrigation Company built a new headgate for delivery of water to their stockholder's lands. Also, at this junction, the new canal began.

A new headgate at the Boise River diversion point was started in the fall of 1894 and completed on March 23, 1895. When finished, it was 48 feet long, 24 feet wide, 20 feet in the clear, and 14 feet high. The canal at first measured ten feet in width on the bottom, sixteen feet surface width, and three feet in depth. It was later enlarged to twelve feet on the bottom and eighteen feet on the top. The original grade of twenty-four inches to the mile was later reduced to twenty inches. In the spring of 1895, water was first diverted through the completed six miles of the canal. In the spring of 1898, the canal was completed to Big Gulch, north of Star. By 1899, it was completed to its entire length of twenty-four miles.

A partial breakdown of the costs expended on construction of this canal shows: \$4,320.80 in 1894, \$6,273.31 in 1895, \$15,979.58 in 1896, and \$16,879.98 in 1897. By the completion of the canal, \$77,858.00 had been spent on its construction. The canal was built by the farmers and 500 shares of stock were issued.

In 1903, the canal maintained a capacity of 130 second feet, extended twenty-four miles in length with fifty-nine miles in laterals, and could service an estimated 10,000 acres. However, at this time, only 4,639 acres of this total were actually irrigated. In addition to this acreage, the

Boise Valley Irrigation Company ditch serviced 3,532 acres of which 2,788.88 acres were irrigated by the twenty-seven stockholders. In 1906, the Boise Valley Irrigation Ditch Company received water right (15) of 2,729 inches. The Farmers Union Ditch Company received water right (126) of 5,500 inches.

Mr. Gene Bailey
President
Farmers' Union Ditch Company, Ltd.
2153 North Pollard Lane
Star ID 83669

Subject: Adjustment of Arrowrock Reservoir Storage Capacity

Dear Mr. Bailey:

A 1997 Sedimentation Survey has determined that the total active capacity of Arrowrock Reservoir has decreased to 272,224 acre-feet (see enclosed table of Arrowrock Reservoir Storage Space dated May 2000). The amount of storage space that is available to Farmers' Union Ditch Company, Ltd. (Company) will now be treated as the equivalent of 2,779 acre-feet.

Under Contract No. Ilr-412, dated August 13, 1917, the Company agreed to pay \$48,500 for storage capacity in Arrowrock Reservoir. The proportionate part of \$48,500 ÷ \$4,750,000 of the total available storage capacity has been recognized as entitling the Company to 1.02105 percent or 2,926 acre-feet. Applying this percentage to 272,224 acre-feet results in 2,779 acre-feet of storage space allocated to the Company, a reduction of 147 acre-feet from the amount previously recognized.

The 1997 Sedimentation Survey determined that in the 82 years the reservoir has been in operation, about 5 percent of the storage space has filled with sediment. The survey further determined that the reservoir has a total active storage capacity of 272,224 acre-feet and a surface area of 3,141 acres at spillway crest elevation 3,216.0 feet.

If you have any questions regarding the adjustment in your contract amount, please contact Jerry Gregg, Area Manager of our Snake River Area Office, at (208) 334-1460.

Sincerely,

J. William McDonald
Regional Director

Boise Project Board of Control Irrigation Districts

The total active capacity of Arrowrock Reservoir has been adjusted from 286,600 to 272,224 acre-feet. This table indicates the proportionate share of the 232,264 acre-feet for each district under their 1926 contracts when distributed in accordance with the acreage agreed upon by the districts for their 1990 contracts for the repayment of safety of dams costs for Deer Flat Dam. It also includes the storage space available in each of the five districts' 1987 contracts.
