

Motion to Rescind Partial Decree 77-10120

In Motion submitted Plans of Operation for various mining claims - #1, #2, #3, #4 & #5 - 2009

1948 Assay Test

Notes and letters from 1987 forward showing mining was taking place.

Letter from Pat's mother Clara which speaks to mining in the 1930's and after their acquisition of the mine in 1950.

Met with Pat after last status conference resulting in:

Obtained sizes and numbers of pumps now used for mining.

Sent in copies of the presentation for patents dated 6 & 7 1901.

Mineral Certificate of issuance of patent in 1907

Pictures showing the pumps and locations along with a map of the mining claims.

Water Right research shows the only other rights below are for Shepp Ranch approximately as the crow flies - 15 miles downstream from the mining claims. Shepp Ranch has water rights for .09 cfs and a storage right for power. Several large drainages and many smaller drainages and springs flow into Crooked Creek before it reaches Shepp Ranch.

I feel I could make a recommendation on this right with all of the information I have received. It is Forest Service land that the claims are on and I have not spoken with Steve Spencer regarding their stance on this part. I can talk with them, however, there is a water right that has been used and is being used that needs to be filed upon. They could file objections if there are any problems. My memory is that as long as they have a plan of operation approved with the Forest Service we have recommended these before.

WATER RESOURCES
WESTERN REGION

Hand delivered.

Dear Jan:

Attached you will find what you asked me to provide on my water right in Idaho County. It is referred to on the application as 77-10120.

Attachment 1: a copy of the map filed with the BLM which gives you a more detailed Look at the area.

2: Copies of the claim locations for three claims in 1901 that describes their placement in regards to my current claims.

3: Some pictures showing the size of the equipment that has been used in the past and some of the water use. These pictures are copies out of Forest Service files.

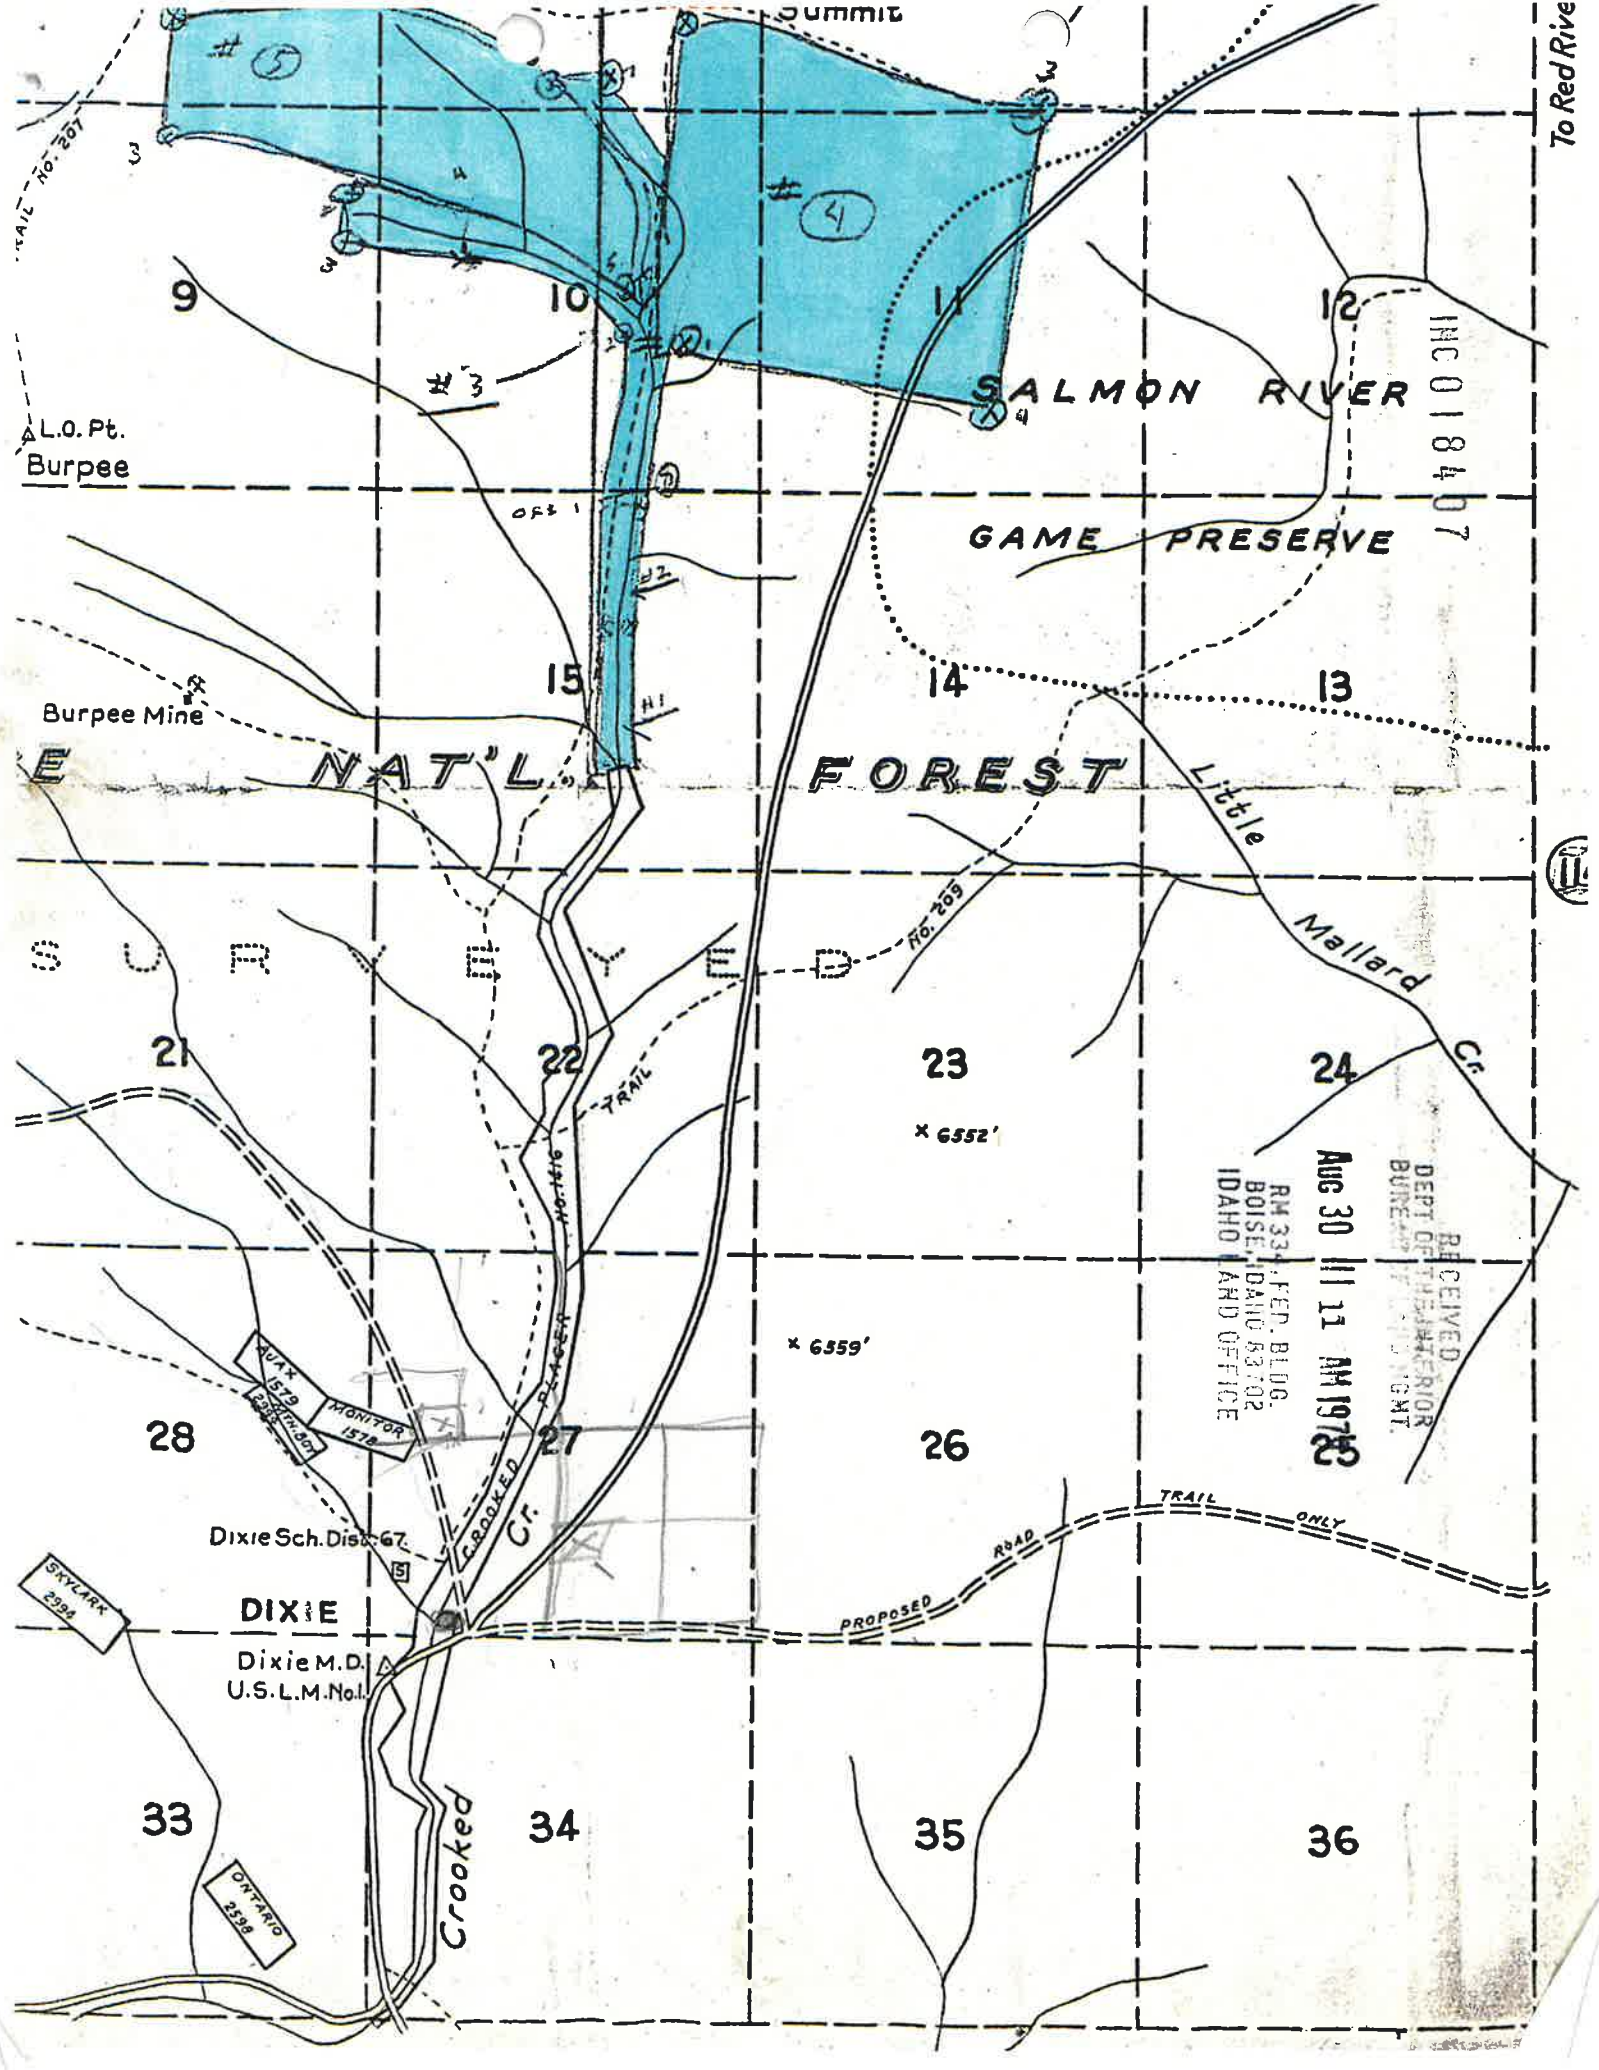

I also would like to put another fact in the record: There is no water right above me and I have the entire Crooked Creek Drainage under claim. The only water rights below me are for wells and springs.

As you know, my right was set aside and I have filed a motion to reverse that decision. I currently have 3 approved plans of operation which are bonded and able to be mined when the weather permits.

If I have forgotten anything we discussed please let me know and I will provide any thing else needed.

Sincerely yours
Pat Holmberg

Thence sixth course North nine degrees and fifty minutes East one thousand four hundred feet to corner No. 7.

Thence seventh course, North four degrees and thirty minutes West, one thousand and twenty-five feet to corner No. 8.

Thence eighth course, magnetic variation minus degrees and twenty-one minutes East, North twenty-five degrees West nine hundred and fifty feet to corner No. 9.

Thence ninth course magnetic variation minus degrees and twenty-seven minutes East, North twenty-one degrees East six hundred and seventy-five feet to corner No. 10.

Thence tenth course magnetic variation minus degrees and twenty-six minutes East, North three hundred and thirty-nine feet to corner No. 11.

Thence eleventh course, magnetic variation minus degrees and twenty-one minutes East, North thirty-eight degrees East eight hundred feet to corner No. 12.

Thence twelfth course magnetic variation minus degrees and twenty-seven minutes East, North seventy-one degrees East one thousand feet to corner No. 13.

Thence thirteenth course, magnetic variation minus degrees and twenty-one minutes East, North twenty-three degrees and ten minutes West, one thousand two hundred and twenty-five feet to corner No. 14.

Thence fourteenth course, magnetic variation minus degrees and twenty-eight minutes East, North one hundred four hundred and sixty feet to corner No. 15.

Thence fifteenth course magnetic variation minus degrees and twenty-eight minutes East, North thirty-eight degrees East one thousand four hundred and twenty-five feet to corner No. 16.

Thence sixteenth course magnetic variation minus degrees and twenty-eight minutes East, North twelve degrees West four hundred and eighty-two feet to corner No. 17.

Thence seventeenth course magnetic variation minus degrees and twenty-seven minutes East, North seventy-six degrees and fifty-one minutes East one hundred and sixty feet to corner No. 18.

Thence eighteenth course magnetic variation minus degrees and twenty-seven minutes East, North seventy-six degrees and fifty-one minutes East one hundred and sixty feet to corner No. 19.

Thence eighteenth course, magnetic variation nineteen degrees and twenty-seven minutes East, about twenty-degrees East six hundred and seventy-five feet to corner No. 19.

Thence nineteenth course, magnetic variation nineteen degrees and twenty-seven minutes East, about thirty-seven degrees and thirty minutes East, one thousand nine hundred feet to corner No. 20.

Thence twentieth course, magnetic variation nineteen degrees and twenty-six minutes East, about twenty-one degrees and eight minutes East one thousand seven hundred and sixty-five feet to corner No. 21.

Thence twenty-first course, magnetic variation nineteen degrees and twenty-six minutes East, about twenty-six degrees and thirty-seven minutes West one thousand one hundred and eighty-seven feet to corner No. 22.

Thence twenty-second course, magnetic variation nineteen degrees and twenty-six minutes East, about six degrees and five minutes East one thousand six hundred and fifteen feet to corner No. 23.

Thence twenty-third course, magnetic variation nineteen degrees and twenty-seven minutes East, about thirty-five minutes East, seven hundred and eighty-six feet to corner No. 24.

Thence twenty-fourth course magnetic variation nineteen degrees and twenty-six minutes East, about nineteen degrees and thirty minutes West one thousand six hundred and forty feet to corner No. 25.

Thence twenty-fifth course, magnetic variation nineteen degrees and twenty-six minutes East, about twenty-two degrees and fifteen minutes West one thousand five hundred and ten feet to corner No. 26.

Thence twenty-sixth course, magnetic variation nineteen degrees and twenty-six minutes East, about twenty-five degrees and forty-five minutes West one thousand eight hundred and sixty-five feet to corner No. 27.

Thence twenty-seventh course, about ten degrees and twenty minutes West one thousand six hundred and sixty-five feet to corner No. 28.

Thence twenty-eighth course, about fifteen degrees and fifteen minutes West six hundred and forty feet to corner No. 29.

Thence twenty-ninth course, about forty-four degrees and forty minutes East five hundred and twenty feet to corner No. 30.

Thence thirtietth course south sixteen degrees West four hundred and forty-three feet to corner No. 31.

Thence, thirty-first course, south fourteen minutes East one thousand seven hundred and eighty-eight feet to corner No. 32.

Thence thirty-second course, south thirty-four degrees and forty-five minutes West nine hundred and forty-four feet to corner No. 33.

Thence thirty-third course south fifty-seven degrees and one minute West three hundred feet to corner No. 34.

Thence thirty-fourth course, North thirty-one degrees and sixteen minutes West, one hundred and fifty feet. And creek; two hundred feet to corner No. 35.

Thence thirty-fifth course, north fifty-seven degrees and one minute East three hundred feet to corner No. 36.

Thence thirty-sixth course, North thirty-five degrees and five minutes East seven hundred and seventy feet to corner No. 37.

Thence, thirty-seventh course North six minutes West one thousand eight hundred and eight feet to corner No. 38. Thence, thirty-eighth course North seventeen degrees and forty-five minutes East three hundred and eighty-five feet to corner No. 39.

Thence thirty-ninth course North fifty-seven degrees and thirty minutes West, five hundred and twenty-five feet to corner No. 40.

Thence fortieth course North twenty-three degrees West four hundred and fifty-five feet to corner No. 41.

Thence forty-first course North twenty-one degrees and thirty minutes East six hundred and eighty feet to corner No. 42.

Thence forty-second course North thirty-five degrees and thirty-one minutes West six hundred and thirty-five feet to corner No. 1 the place of beginning. And Lot No 1416 containing five hundred and fifty-three acres and seven hundred and eighty-eight thousandths of an acre of land more or less.

Now know ye, that there is therefore hereby granted by the United States unto the said P. G. Dickinson, J. N. Cunningham and George Plante and their heirs and assigns, the land

place mining premises hereinbefore described.

To have and to hold said mining premises together with all the rights, privileges, immunities and appurtenances of whatever nature themselves belonging unto the said granted above named and to their heirs and assigns forever; subject nevertheless to the following conditions and stipulations.

First. That the grant hereby made is restricted in its inferior limits to the boundaries of the said mining premises, and to any vein or lode of quartz or other rock in place bearing gold, silver, copper, lead, tin, copper or other valuable deposits which may have been discovered within said limits, subsequent to and which were not known to exist on the first day of January A.D. One thousand nine hundred and one.

Second. That should any vein or lode of quartz or other rock in place bearing gold, silver, copper, lead, tin, copper, or other valuable deposits, be claimed or known to exist within the above described premises at said last named date, the same is expressly excepted and excluded from these powers.

Third. That the premises hereby conveyed may be utilized by the proprietor of any vein or lode of quartz or other rock in place bearing gold, silver, copper, lead, tin, copper, or other valuable deposits, for the purpose of extracting and removing the ore from such vein or lode, should the same or any part thereof, be found to penetrate, intersect, pass through, or dip into the mining ground or premises hereby granted.

Fourth. That the premises hereby conveyed shall be held subject to any water and reserved water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local laws, customs, and decisions of the courts. And there is reserved from the lands hereby granted a right of way thereon for ditches or canals constructed by the authority of the States States.

Fifth. That in the absence of necessary legislation by Congress, the Legislature of Idaho may provide rules for settling the mining claim or premises hereby granted, and for the same; and drainage and other necessary means to the complete development thereof.

In testimony whereof, I, Governor Ross, do hereby certify.

of the United States of America, have caused these letters to be made Patent, and the Seal of the General Land Office to be hereunto affixed.

Given under my hand at the City of Washington the seventeenth day of April, in the year of our Lord one thousand nine hundred and two, and of the Independence of the United States the one hundred and thirty-sixth.

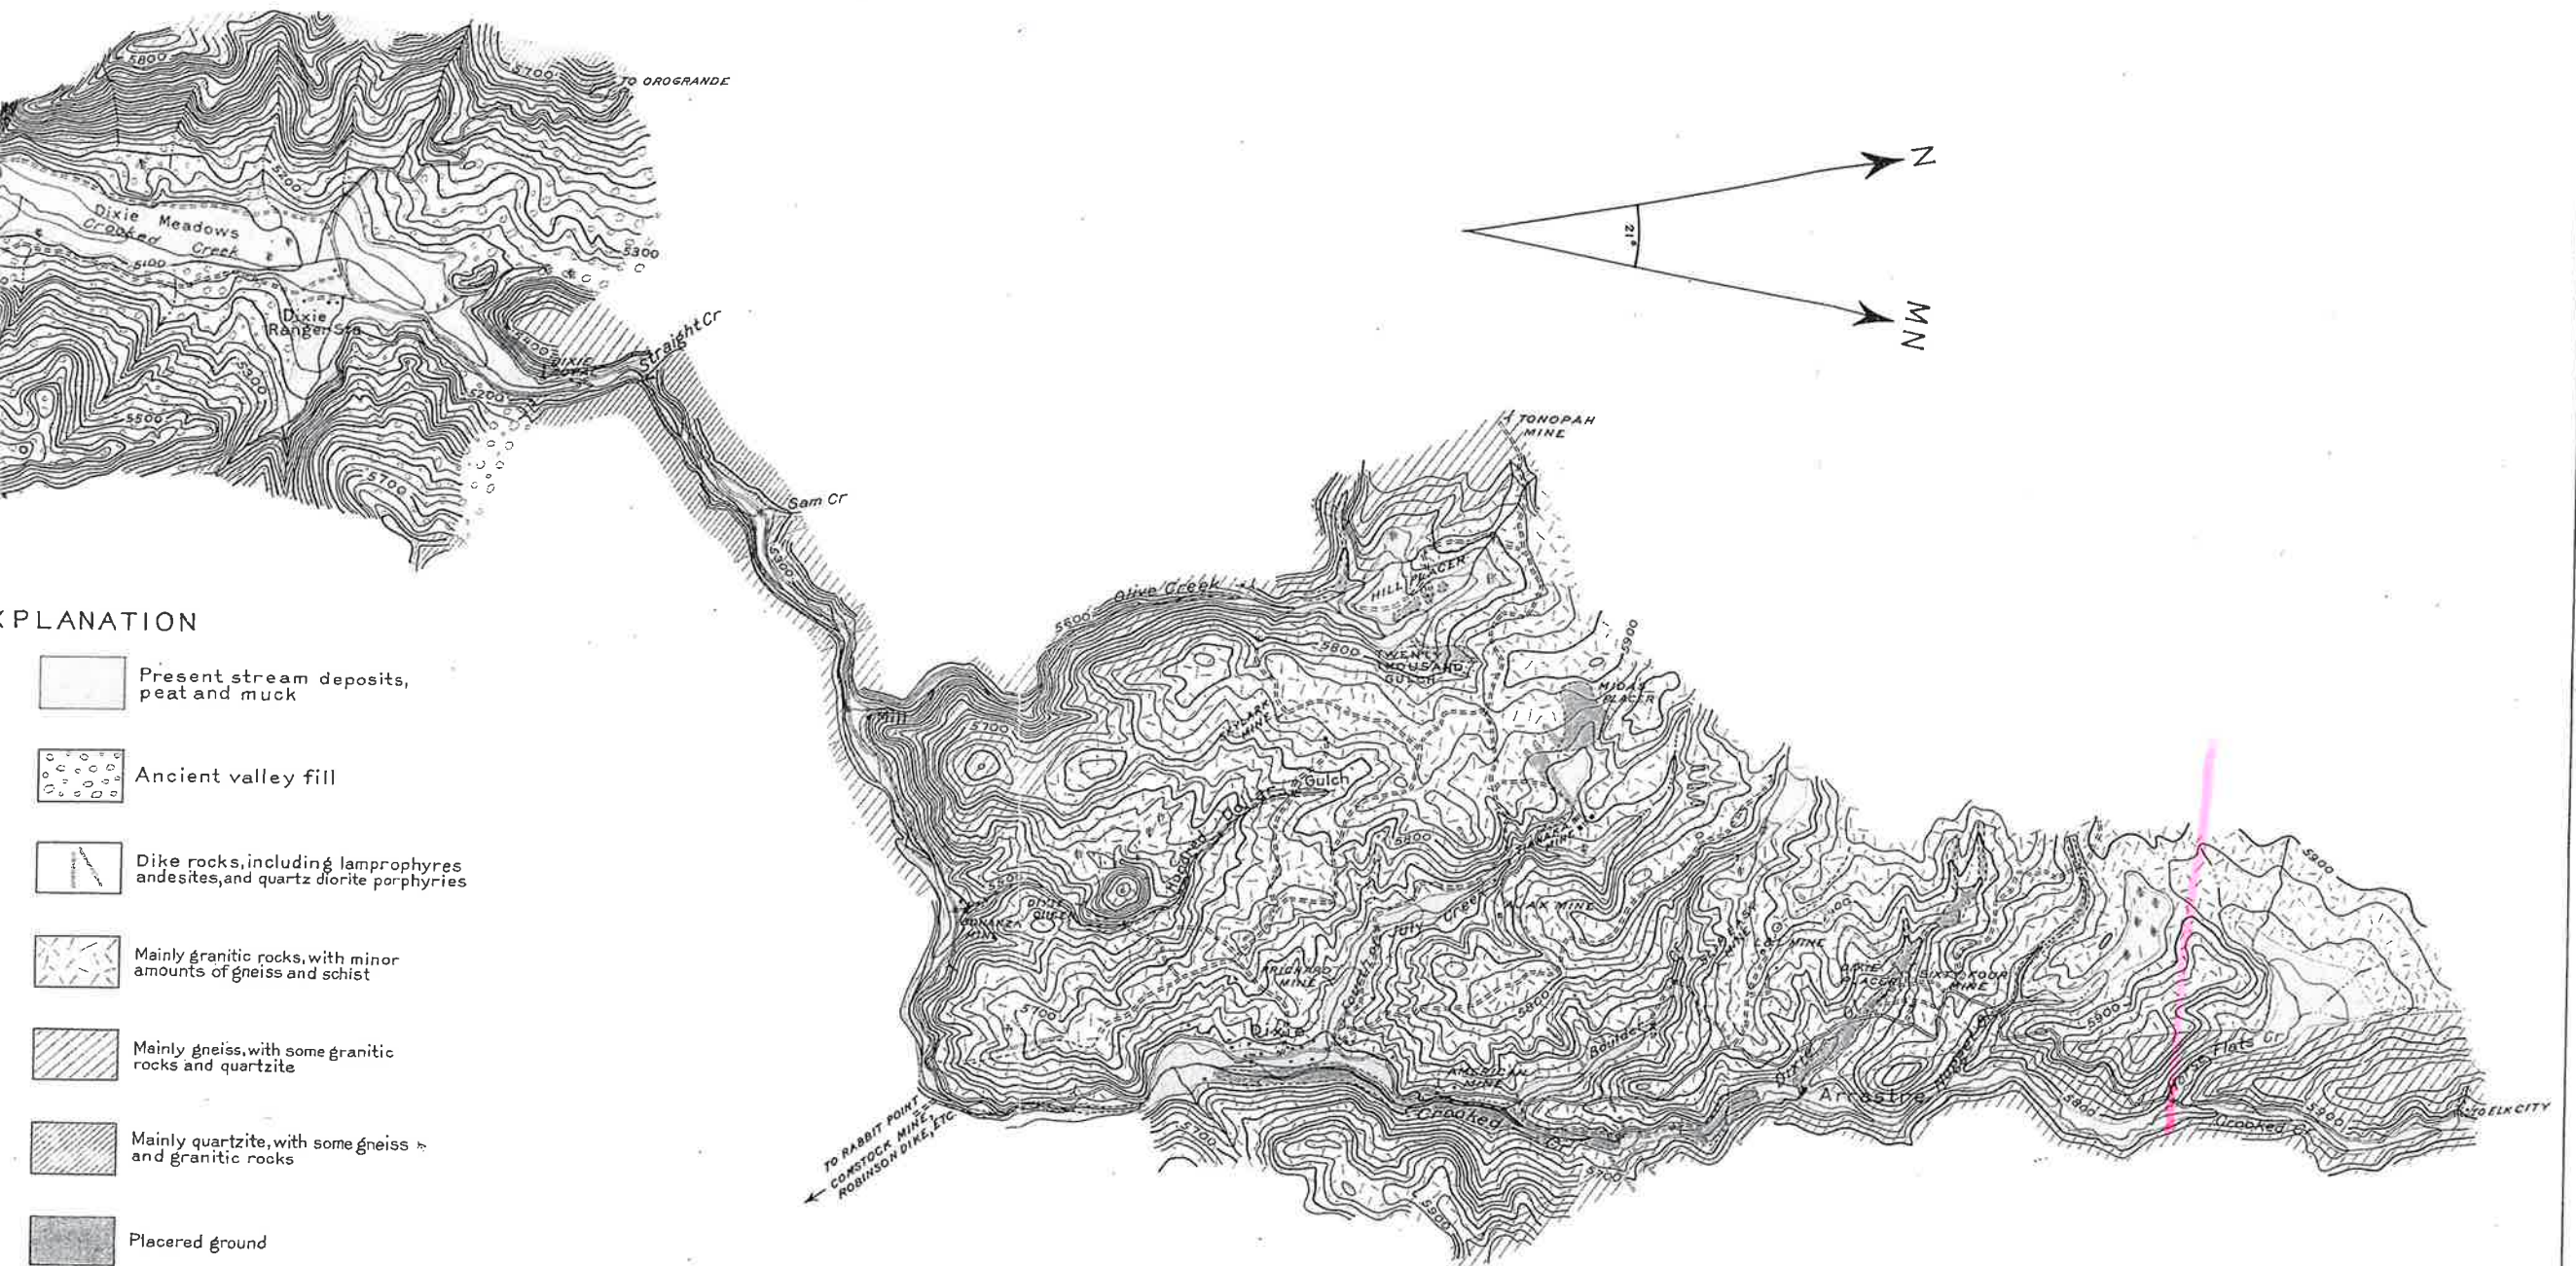

By the President J. Roosevelt,
By J. M. McKim, Secretary,
R. S. Smith,

Received Oct. 22, 1892, pages 25-3, & 235, enclosure.
State of Idaho. }
County of Idaho } ss.

I do hereby certify that the foregoing is a true and correct copy of the original of the same as the same is on file in the office of the Recorder of Idaho County, at the request of J. S. Smith on the 17th day of May A.D. 1907, at 2 o'clock P.M.

J. S. Overman
County Recorder.

Filed 2 60

EXPLANATION

-  Present stream deposits, peat and muck
-  Ancient valley fill
-  Dike rocks, including lamprophyres, andesites, and quartz diorite porphyries
-  Mainly granitic rocks, with minor amounts of gneiss and schist
-  Mainly gneiss, with some granitic rocks and quartzite
-  Mainly quartzite, with some gneiss and granitic rocks
-  Platted ground
