Subject: Hart Davis Rights transferred to Seven Suckers

Cindy:

After a quick look at this, I still do not fully understand. However, WD 63 lists 1.04 cfs from rights 63-186 and 187 (Stewart Decree original numbers 57 and 58 decreed for a total of 7.7 cfs) as transferred and delivered thru Seven Suckers. The SRBA recommendation at this point is that 63-186 and 187 be combined and decreed as 63-31772 to Hart Davis in the amount of 6.66 cfs. This is the accurate amount left over after the transfers to the Seven Suckers ditch, but there is no hint or mention of any SRBA claim on the parts of these rights transferred to Seven Suckers.

I have to be missing something somewhere, because Mel Schulte would have had this information at his finger tips as he made his recommendation. In fact he recommends disallow of a large competing claim for these rights by Ron Sali.

At this point my only thought is to ask Mel why the claims have not been filed for Seven Suckers share of the rights.

RE: Filing a claim in the Snake River Basin Adjudication (SRBA)

Dear Ms. Girdner,

Per our conversation on May 24, 2004, I am enclosing a Notice of Claim to a Water right. I filled out the information on the claim based on the original license, which appears to include your property as part of the original irrigated place of use (enclosed).

This is your claim and you should fill it out the way you are comfortable. The information I filled out is just what I felt was reasonable based on the limited information I have. Please look over the claim and initial any changes you wish to make. When satisfied, sign the claim in front of a notary and return it to this office with the filing fee of \$70.00. Fee breakdown is as follows: \$50 filing fee, and \$1 per acre.

Please feel free to contact me if you have any questions.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Craig L. Saxton'.
