11. I object because:

- ☐ This water right should not exist.
- ☐ This water right was not recommended, but should be recommended with the elements described above.

E. REASONS SUPPORTING OBJECTION(S):

The legal description for element nine (POU) above may include Federal land. The description should be specific enough to exclude Federal land. Section 29 SESW is entirely comprised of "lots" and should be described as such. Private land within the SESW should be described as Lot 11 (SESW). SESW is not a proper, legal land description when "lots" are involved. Federal land within the SESW is described as Lot 10 (SESW), which "lot" is intended by the claimant?
