KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Identify water right(s) for which extension is requested

State reason(s) why an extension of time is requested:

More time is needed to confirm district acreages and descriptions and changes in point of diversion on #03114 and 03116 and changes in amount of storage and priority date on #03115.
Claimant requests an extension to June 1, 1989.

RE: Data Changes

On this date I remedied the problem of duplicate water right numbers on the node 3 region file and the master file. Both had the above numbers.

The attached proof reports indicate the records existing on the host master file on this date. You can see that the files lack the place of use and the point of diversion as contrasted with the complete land list and different point of diversions shown on what was the regional file.

In both cases, the fees were paid under AR #C000011. The previous host master record, as shown on the proof report, had the appropriate receipt #C004770 that represented the initial payment on this AR account.

On this date, I deleted the host master files to allow the more complete region files to update to the host master and thus have a single record for this water right claim. Correspondence and claims in the file may explain the transition from one set of records to a second set. The previous host master file had an audit of 12/27/88.
