Dear Brian:

<https://idwr.idaho.gov/apps/ExtSearch/WRAJSearch/WRADJSearch.aspx>. Please review the application, then complete the enclosed recommendation form and return it to this office within 21 days of the date of this letter.

If the application is approved, IDWR will include appropriate standard conditions of approval for a water right located within a water district, such as regulation by the watermaster, lockable controlling works, and/or measuring devices. Any special conditions or other concerns you have related to this application should be specifically addressed in your recommendation.

IDWR can finish reviewing an unprotested application as soon as the protest period has passed. Your prompt response to this request will ensure that your recommendation can be considered. If IDWR has not received your written recommendation within 21 days from the date of this letter, IDWR will presume that you do not oppose approval of the application and that you have no comments for IDWR to consider.

Re: Fee Evaluation

Filing fees charged for transfer application #88868 are based on the current transfer fee schedule and were calculated by determining the proportion of each water right in the transfer that could be moved to new ground in the POU proposed by the transfer application. The proportions add up to a total of 3.53 cfs, setting the application fee at \$740.00 (Receipt No. S040578).
