Dear Parties:

I'm just following up on this email chain and the 2-26-2025 Draft Transfer. Does the draft transfer resolved the issues of protest? Are there additional items that we need to discuss? If so, I will schedule another informal settlement conference.

James

Subject: Re: Application for Transfer 87765 (Hard Way LP)

I apologize. I just realized that the acre limit (112 acres) was not properly reflected on the water right or in condition. I have updated the draft to make it clear that the right will continue to be limited to 112 acres of irrigation.

Subject: Application for Transfer 87765 (Hard Way LP)

Dear Parties,

Last week, Kristin provided a copy of her analysis of the historical pumping occurring under water right 22-14166. I have prepared a draft transfer approval incorporating the information from Kristin's report and the information provided by the Smiths during the settlement conferences. Please review the draft transfer approval and let me know if you have concerns. If the draft approval addresses the concerns of Fremont-Madison Irrigation District, the protest can be withdrawn with a reference to the 2-25-2025 document.
