JANIMAL – got a call from Ted few minutes ago – you were with someone. I removed this remark from the database today. I can see from the claim file that it was in the remark section. Org claim was for 77 cfs and we reduced it.

This claim is for the amount of water diverted from and after September 8, 1916 above the licensed amount (43.0 cfs) under water right 63-2276

SM B –

That crazy remark can be deleted. It is a remnant from claim data entry [was a remark on the claim, we data entered it as a remark] and should have been deleted when the recommendation record was made.
