Re: Astaris Production LLC's Application
for Transfer of Water Right 69620/Right 11-44B

Dear Pamela:

This letter is sent to you at the request of Astaris Production LLC ("Astaris"), to follow up on our telephone conversation and your letter dated August 23, 2002 regarding Statutory Claim 11-4034 and its apparent overlap in place of use with Water Right 11-44B. The following provides some history of the Claim and Astaris' proposed resolution of the "overlap."

The Statutory Claim was filed by Astaris' predecessor in interest, Harold Steele and his sons, on property now owned by Astaris (the "Property"). Prior to Astaris' purchase of the Property, the Steele family owned several parcels in the vicinity. The family members holding title conveyed the Property to Edith P. LLC prior to the conveyance to Astaris. As I understand it, the Claim filed by Harold Steele and Sons was intended to document all of the Steele family's water rights as used on their properties, including water used pursuant to Right 11-44B. Right 11-44B is an old decreed right that was acquired by one of Steele's sons when he purchased land from the decreed water right owner. The Steele family "transferred" this Right to the Property when they purchased the Property from the City of Soda Springs in about 1954. The City had reserved all water rights appurtenant to the Property when it conveyed the Property to the Steeles. The Department's file for Claim 11-4034 (which I reviewed prior to the purchase) documents the Steele's claims to water rights, including Right 11-44B, that were "transferred" to or appropriated for irrigation of the Property when they acquired it from the City. This family "transfer" of Right 11-44B was not formally documented with the Department until late 1999 (prior to the Astaris acquisition). The Claim mistakenly listed 1954 as the priority date.

Pamela Skaggs
October 18, 2002
Page 2

This was the date the Steele's purchased the land and began using the water on the Property, not the actual adjudicated priority date of the Right.

Before Astaris purchased the Property, the Steele family (Edith P. LLC as the vested owner) initiated a formal water rights transfer process to correct the Department's records and to document the prior transfer in fact of Right 11-44B to the Property. The file for Right 11-44B documents this transfer. But, Claim 11-4034 was not similarly amended to reflect this transfer (i.e., to delete the water used pursuant to Right 11-44B from the Claim). Thus, Claim 11-4034 (as reflected in the Department's records) is actually, in part, a duplicate claim to water previously decreed under Right 11-44B and transferred to the Property.

Based on the foregoing explanation, the extent to which Claim 11-4034 "overlaps" with Right 11-44B, it is because Claim 11-4034 still reflects the Steele's prior inclusion of this water right owned by the Steele family under Right 11-44B. When Astaris purchased the Property, it acquired Right 11-44B (as transferred to the Property in fact and of record) and Astaris filed a Notice of Change in Ownership for this Right. Astaris did not also file a Notice of Change in Ownership for Claim 11-4034. However, pursuant to Idaho law, Astaris acquired with the Property additional water rights under Claim 11-4034 to the extent they are valid and appurtenant to the Property. But, it is Astaris' understanding and position that these additional water rights are only to the extent such water rights are in addition to and do not overlap with Right 11-44B.

A Notice of Change in Ownership for Statutory Claim 11-4034, to the extent appurtenant to the Property, is enclosed. This will result in a split of Statutory Claim 11-4034, as portions of the water rights as claimed by Harold Steele and Sons lie outside the boundaries of the Property acquired by Astaris (that portion used in Section 18 and the portions used in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 29). These latter portions remain with Harold Steele and Sons, or whoever owns these portions of land. The enclosed Notice requests a split of the Claim based on acreage acquired by Astaris.

To avoid further confusion concerning the apparent overlap of the Claim and the Right, Astaris, by signing below, relinquishes any interest it has or may have had in Claim 11-4034 to the extent it duplicates (or overlaps with) Right 11-44B. Astaris also confirms its ownership and use of Water Right 11-44B, as stated in the pending transfer application (referenced above). Astaris requests that the pending transfer of Right 11-44B be finalized, as stated in the application, and relinquishes any interest in water claimed under Claim 11-4034

to the extent such claim overlaps or is inconsistent with Astaris' place and nature of use of Right 11-44B, as existing pre-transfer or as changed post-transfer. Accordingly, Astaris' interest in Statutory Claim 11-4034 under the enclosed Change in Ownership is only to that portion of the claimed water right that is appurtenant to the Property but not overlapping with Right 11-44B.

Please give Gary Resh or me a call if you have questions, if want to discuss this issue and request, or if you require further information in order to complete the pending water right transfer or to process the enclosed change in ownership.

Sincerely,

RE: Water Rights 11-7511, 11-2046 for Edith P LLC, and 11-424 for S. Mark Steele

To whom it may concern,

Enclosed is a check for \$221 to IDWR for Bear River Basin Adjudication of water rights we hold in the amounts for: Claim 11-7511, \$50 plus \$1/acre on 120 acres (\$120) for \$170; Claim 11-2046 \$50 plus \$1/acre on 1 acre for \$51, totalling \$221 for the enclosed payment. If this is incorrect, please notify.

Claim 11-424 for S. Mark Steele appears to be located at the Caribou County Sun, 169 South First West, in Soda Springs, which I have owned for 50 years, and have not used nor do I claim any use of water for irrigation on the parcel. It is likely an early water right for a block, with irrigation ditches that are now long gone and not used. Again, I appear to have no claim to any of that water right.

Claim for 11-7511 is enclosed along with supporting documents, many of which you should already have in the documents file, along with an updated map adjusting the total acres to 120 to land owned by Edith P LLC under 11-7511.

Claim for 11-2046 for Edith P LLC is a small spring and use is explained in the claim, along with the original license filing, which you should have on file.

I will leave my contact information below and am the manager for Edith P LLC. I apologize for the numerous attachments, which you likely have already. Thank you.
