INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Dear Sir:

Under the terms of your permit No. 8310, you are required to complete your diversion works on or before May 10, 1918. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

F. P. KING,
State Engineer

RE: Water Rights 11-7511, 11-2046 for Edith P LLC, and 11-424 for S. Mark Steele

To whom it may concern,

Enclosed is a check for \$221 to IDWR for Bear River Basin Adjudication of water rights we hold in the amounts for: Claim 11-7511, \$50 plus \$1/acre on 120 acres (\$120) for \$170; Claim 11-2046 \$50 plus \$1/acre on 1 acre for \$51, totalling \$221 for the enclosed payment. If this is incorrect, please notify.

Claim 11-424 for S. Mark Steele appears to be located at the Caribou County Sun, 169 South First West, in Soda Springs, which I have owned for 50 years, and have not used nor do I claim any use of water for irrigation on the parcel. It is likely an early water right for a block, with irrigation ditches that are now long gone and not used. Again, I appear to have no claim to any of that water right.

Claim for 11-7511 is enclosed along with supporting documents, many of which you should already have in the documents file, along with an updated map adjusting the total acres to 120 to land owned by Edith P LLC under 11-7511.

Claim for 11-2046 for Edith P LLC is a small spring and use is explained in the claim, along with the original license filing, which you should have on file.

I will leave my contact information below and am the manager for Edith P LLC. I apologize for the numerous attachments, which you likely have already. Thank you.
