APR 15 2025

WATER RESOURCES
WESTERN REGION

RECEIVED

APR 17 2025

DEPARTMENT OF
WATER RESOURCES

This is to certify that:

TERRY C CAROTHERS
PO BOX 331
GRAND VIEW, ID 83624

filed an application to rent water from the Water Supply Bank ("Bank"). The Idaho Water Resource Board ("Board"), being authorized to operate a Bank and to contract by and through the Director of the Idaho Department of Water Resources ("Director, Department") for rental of water from the Bank, agrees to rent water as follows:

Summary of Water Rights or Portions Rented from the Bank

Water Right No.	Priority Date	Source	Diversion Rate (CFS)	Diversion Volume (AF)	Acres (AC)	Rate Per Acre (CFS/AC)	Volume Per Acre (AF/AC)
2-7071	11/7/1970	SNAKE RIVER	0.80	180.0	40.0	0.02	4.50
2-10014	3/15/1990	SNAKE RIVER	0.10	6.6	5.0	0.02	1.32
Combined Rental Totals			0.90	186.6	45.0	0.02	4.15

Term of Rental: This rental agreement shall take effect when all parties have signed it and shall continue in effect until December 31, 2029. Use of rental water shall be authorized as of either the date this rental agreement takes effect or the first day of the rental season of use, in 2025, whichever occurs last.

Annual Rental Fee:

2025 - 2029: \$6,157.80 annually

The full fee for the rental of the above-described right(s) is \$6,157.80 per year for years 2025 - 2029. The rental fee includes an administrative fee of \$615.78 per year for years 2025 - 2029.

An annual payment shall be received by the Department on or before December 31 each year preceding the use of the rented water rights. The agreement will be void if payment is not received by the due date in a given year. Rental fees are non-refundable. To voluntarily terminate the agreement early, notify the Department in writing prior to the rental fee due date.

Total Water Use Authorized Under Rental Agreement

Beneficial Use	Diversion Rate (CFS)	Diversion Volume (AF)	Acres (AC)	Rate/Acre (CFS/AC)	Volume/Acre (AF/AC)
IRRIGATION	0.90	120.0	30.0	0.03	4.00
Combined Total	0.90	120.0	30.0	0.03	4.00

* The authorized water usage reflects a reduction from the water right elements rented, to account for seepage and evaporation losses from the Grandview Canal.

Detailed water right conditions are attached.

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

WATER SUPPLY BANK RENTAL AGREEMENT No. 910

The undersigned renter agrees to use the water rented under this agreement in accordance with the Water Supply Bank rules and in compliance with the limitations and conditions of use described in this agreement:

Terry C Carothers 4-15-25
Signature of Renter Date

Terry C Carothers Renter / Owner

RENTAL AGREEMENT CONDITIONS OF ACCEPTANCE

1. The use of water under this agreement shall be subject to the provisions of Idaho Code § 42-1766.
2. Rental of the specified right from the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other department application process.
3. Use of water under this agreement does not constitute a dedication of the water to renter's place of use, and upon expiration of this agreement, the points of diversion and place of use of the water shall revert to those authorized under the water right and/or again be available to rent from the bank.
4. Use of water under this agreement shall not prejudice any action of the Department in its consideration of an application for transfer or permit filed by the applicant for this same use.
5. Renter agrees to comply with all applicable state and federal laws while using water under this agreement.
6. Renter agrees to hold the Board, the Director and the state of Idaho harmless from all liability on account of negligent acts of the renter while using water.
7. Renter acknowledges and agrees that the Director may terminate authorization for the use of a water right based on a water right's priority date.
8. Failure of the renter to comply with the conditions of this agreement is cause for the Director to rescind approval of the rental agreement.
9. When the minimum stream flow water rights in the Snake River at Murphy Gage are not being satisfied, the right holder shall cease diverting water for the consumptive uses authorized by this right. The minimum stream flow water rights are for 3,900 cfs from April 1 through October 31 and 5,600 cfs from November 1 through March 31.
10. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the place of use.

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

WATER SUPPLY BANK RENTAL AGREEMENT No. 910

11. The use of water for irrigation under this right may begin as early as March 1 provided other elements of the right are not exceeded. The use of water before March 15 under this remark is subordinate to all water rights having no subordinated early irrigation use and a priority date earlier than the date a partial decree is entered for this right.
12. Water authorized under this rental is delivered through the Grand View Mutual Canal.
13. Prior to diversion of water under this right, the right holder shall install and maintain a measuring device and lockable controlling works of a type acceptable to the Department as part of the diverting works.
14. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 2.
15. This right does not grant any right-of-way or easement across the land of another.

WATER RESOURCE BOARDAPPLICATION TO RENT WATER
FROM THE BOARD'S WATER SUPPLY BANK

RECEIVED

SEP 19 2024

DEPT. OF WATER RESOURCES

Applicant Name: Terry Carothers

Is this application being submitted with a lease application as a lease/rental package?

Yes ☐ No ☒

If yes, specify companion water rights in Section 4

This application must be completed according to the minimum requirement checklist below. This checklist is part of the rental application and must be included with the rental application. **Applications that do not meet the minimum requirements will not be placed in the processing queue and may be returned until all minimum requirements have been met.**

Rental applications should be submitted well in advance of the desired start date for the use of rental water. Rental applications may be processed as early as November 1 of the year prior to the intended use of rental water. Any rental application received on or before November 1 for use in the next year will be assigned a received date of November 1. Rental applications submitted more than one year in advance of the proposed start date for the use of rental water will not be accepted and will be returned to applicants. Rental applications may be returned to applicants if the desired start date for the use of rental water cannot be accommodated by the Water Supply Bank. Rental requests will not be accepted once the rental season of use period has concluded.

One rental application per beneficial use of water. For multiple beneficial uses of water, separate rental requests should be submitted for each unique beneficial use of water. One rental application can be submitted if you propose to rent water from multiple sources.

For additional instructions on completing a rental application, visit the Bank's website at http://idwr.idaho.gov/water_supply_bank.

MINIMUM REQUIREMENT CHECKLIST

Check All Items as Either Attached (Yes) or Not Applicable (N/A)

Yes

Completed *Application to Rent Water from the Board's Water Supply Bank*

Confirmation that this form has been printed single sided, per requirement of the Water Supply Bank

Attachment N/A Yes

2

A map showing the proposed point(s) of diversion, place(s) of use, and water diversion and distribution systems proposed to be used with your rental request

3A

Detailed information on a proposed use of rental water

3F

Authorization from the owner/operator of the rental point(s) of diversion

3H

Water modeling to account for the impacts of the rental request

3J

Documents justifying a rate of flow greater than 0.02 cfs/acre

3K

Authorization from the owner/operator of the property at the proposed rental place(s) of use

4B

Explanation of how the rental water will sufficiently accomplish your rental purposes

4C

Explanation of consumptive use amounts for water rights experiencing a change in nature of use

Department Use Only – Proposed Water Right(s)

Application to Rent Water (Continued)

1. CONTACT INFORMATION

A. Applicant Ferry Carothers

Mailing Address Po Box 331 Grand View Id 83624

Street City State Zip Code

Email Address H2olines @ Juno - com Phone Number 208-880-1609

B. Is this application being completed by an authorized representative on behalf of the applicant? Yes ☐ No ☒

If yes, representatives (includes company employees if the applicant is a corporation, as well as legal counsel or consultants) should provide their information below if they desire to be included on correspondence with the rental applicant.

Representative _____ Professional Title _____

Organization _____ Relationship to Applicant _____

Mailing Address _____

Email Address _____ Phone Number _____

2. MAP

Create a map of the proposed point(s) of diversion, place(s) of use and water diversion, delivery and distribution systems. Make sure the rental place of use is outlined and annotated with legal land descriptions (Township, Range, Section and Quarter-Quarters) or with GPS coordinates. For irrigation purposes, mark the number of acres you desire to irrigate. Attach the map to this application and label it **Attachment 2**.

3. DESCRIPTION OF PROPOSED USE FOR RENTAL WATER

A. Describe why you desire to rent water and provide a detailed description of your proposed use. If the proposed use is not for irrigation, describe in detail how you determined the amount of rental water required. If the space below is insufficient, attach additional sheets as required and label them **Attachment 3A**:

For Irrigation of 31 Ac

B. Enter the desired and/or minimum rates of flow, volume, or irrigable acres requested for your rental purposes:

Desired Rate (Cubic Feet/Second)	Desired Volume (Acre-Foot)	Minimum Rate* (Cubic Feet/Second)	Minimum Volume* (Acre-Foot)	Desired Acres (if applicable)
<u>0.6</u> CFS	AF	<u>0.6</u> CFS	AF	<u>30</u> AC

* Sometimes water rights provide an exceptionally low rate per acre and/or low volume per acre. This section is meant to establish an acceptable range of water sufficient for your proposed water use. Please see question 4B and complete if necessary.

C. This section must be completed in full. Enter the proposed start date and latest possible start date for using rental water as well as the number of years you would like to rent water. The latest possible start is the latest possible date by which you would be willing to pay for a rental and be able to benefit from utilizing rental water.

Desired Start Date (month/day/year)	Latest Possible Start Date (month/day/year)	*Mark Desired Rental Duration (Calendar Years)					**Applicant's preference if rental application cannot be processed prior to the latest possible start?	
		☐ 1	☐ 2	☐ 3	☐ 4	☒ 5	☐ Process application as soon as possible	☐ Return application to applicant

* The number of years permissible for a rental is subject to the lease contract duration for the water right(s) being rented.

** Per Idaho Code 42-201, it is unlawful to divert or use water without a valid water right. Water Supply Bank rental applicants are not authorized to utilize rental water prior to the execution of an approved rental agreement. Rental requests may be returned to applicants if no water is available from the Bank to fulfill a rental request.

STATE OF IDAHO
WATER RESOURCE BOARD

Application to Rent Water (Continued)

- D. Describe your water distribution system and how rental water will be delivered from the point(s) of diversion (POD) to the proposed place of use (POU):

From CJ Strike Dam Through The Shofly
Canal / Grand View Mutual Irrigation District
Canal Then Sprinkled onto Ground

- E. Describe the physical type (pump, headgate, etc.) and location of the POD from which rental water is proposed to be diverted:

POD Description	Water Source	Other Water Rights Diverted from this POD

If the POD(s) above are located where water is turned into a canal, lateral or ditch, or if they are located on your property but are serviced by water that is delivered via a canal, lateral or ditch, your rental request must include documented authorization from all relevant canal companies, irrigation districts and/or water delivery entities, confirming that they consent to your diversion of water from their system.

- F. Has documented consent from all relevant water delivery entities been obtained? Yes ☒ N/A ☐
If yes, include documented consent as **Attachment 3F**.

- G. Do any POD(s) identified in Question 3E divert from a water source that may require water modeling? Yes ☐ No ☒
Refer to the Water Modeling Requirements Information Sheet to determine if a rental POD may require water modeling.

- H. Has water modeling been provided with your rental request? Yes ☐ N/A ☒
If yes, label modeling Attachment 3 H.
Rental applications that require modeling will be returned if modeling is not provided.

- I. Specify the desired beneficial use of water and the requested season of use or number of acres required:

☒ Irrigation 30 (number of acres) Duration: Subject to IDWR standard seasons of use
☐ Commercial from: _____ (mm/dd) to: _____ (mm/dd)
☐ Stockwater from: _____ (mm/dd) to: _____ (mm/dd)
☐ Industrial from: _____ (mm/dd) to: _____ (mm/dd)
☐ Other: _____ from: _____ (mm/dd) to: _____ (mm/dd)

- J. For irrigation uses, do you propose to divert water at a rate greater than 0.02 cfs/acre? N/A ☐ Yes ☐ No ☒
If yes, justify the rate of flow and attach any supporting documents as **Attachment 3J**. Justification may include information on soil composition, conveyance losses, crop type, irrigation systems, public access areas, etc. A rate of 0.03 cfs/acre is permissible for irrigation of 5 acres or less.

- K. Do you own the land at the proposed rental place of use (POU)? Yes ☒ No ☐
If no, attach documentation from the POU owner/operator confirming your authorization to use the POU and label it **Attachment 3K**.

- L. List all other water rights and sources of water at the rental place of use for the same purpose, including privately owned water rights and water received from a municipal supplier, an irrigation district, a canal company or any other water delivery entity. Explain why additional water is required:

STATE OF IDAHO
WATER RESOURCE BOARD

Application to Rent Water (Continued)

4. RENTAL REQUESTS FOR SPECIFIC WATER RIGHTS

A. Are you requesting to rent specific water rights?

Yes ☒ No ☐

If yes, specify below the elements of the water rights you are requesting to rent. If no, continue to Question 4B.

Important Information: Diversion rates and volumes sought for rent must be proportionate to the per acre diversion rates and per acre volume limits of the water right under lease contract to the Water Supply Bank. Prior to completing this section, applicants should review all water right lease contracts and any active rental agreements to determine which elements of a water right are available to satisfy a rental request. Lease and rental documents are searchable via [IDWR's website](#).

Water rights identified below must either already be leased to the Bank or a lease proposal should accompany this rental request. **Rental requests for water rights not yet leased to the Bank will be returned if companion lease applications are not provided with the rental request.** For leased rights featuring combined limits, rentals must be consistent with combined diversion rate, volume or acre limits. Combined limits should be listed on a row below water right numbers.

Water Right Elements Leased to Water Supply Bank					Leased totals, minus water right elements involved in active rental agreements, equals water right elements available for rent	Water Supply Bank Rental Request		
Water Right Number (leave blank if sub-total of combined limits)	Nature of Use	Diversion Rate (CFS)	Volume (AF)	Acres (AC)		Diversion Rate (CFS)	Volume (AF)	Acres (AC)
						0.6		
Applicants must ensure the requested rate per acre and volume per acre do not exceed the rate per acre and volume per acre limits of water rights leased to the Water Supply Bank					TOTAL	0.6 CFS		30 AC

*Attach multiple copies of this page if space above is insufficient to list all water rights requested to be rented on this application.

B. If water right conditions, combined limits, or the sum of all water right elements being requested provide an unconventional duty of water (e.g., an unusually low rate per acre or volume per acre for irrigation use), explain how your proposed rental will sufficiently accomplish your intended purposes. Attach a separate page if space is insufficient and label it **Attachment 4B**:

C. Does your rental request propose to change the nature of use for any water right(s) being rented?

Yes ☐ No ☒

If yes, explain how the water right(s) will be converted to new uses. Include the historic, consumptive use amounts for the water right being rented if you have it, as well as the new consumptive use amount for your proposed beneficial use. If space below is insufficient, attach a separate page and label it **Attachment 4C**:

STATE OF IDAHO
WATER RESOURCE BOARD

Application to Rent Water (Continued)

5. ADDITIONAL INFORMATION

- A. Is this the first time that rental water is being requested for this purpose at the rental place of use? Yes ☐ No ☒

If no, list previous rental requests/agreements and explain why you have not secured a permanent water right for your needs:

Prior Agreements 426 + 820

Application waiting Approval

- B. Have you or do you intend to submit an application for permit or transfer proposing a similar use as this rental?

If yes, describe:

Yes ☒ No ☐

- C. Was this rental application submitted in response to a Notice of Violation (NOV) or a pending NOV?

Yes ☐ No ☒

If yes, describe the date and location of the NOV.

- D. Additional Information

DECLARATION

I hereby assert that the information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval. I understand that if this rental application is approved, it will be subject to the provisions of Section 42-1766, Idaho Code and all applicable state and federal laws. I understand that the submission of a rental application provides no guarantee for approval of a rental agreement. I also understand that, per Idaho Code 42-201, it is unlawful to divert or use water without a valid water right and that I am not authorized to utilize water as proposed in this application prior to the execution of an approved rental agreement.

**RE: RENTAL OF WATER FROM THE WATER SUPPLY BANK
WATER RIGHT NO(S). 2-7071 & 2-10014, AGREEMENT 910**

Dear Renter:

Please find enclosed a receipt in the amount of **\$6,157.80** and a copy of a fully executed Water Supply Bank Rental Agreement in connection with the rental of 186.6 acre-feet of water for irrigation of 45.0 acres during 2025. Upon receipt of this fully executed agreement, you are authorized to divert water in compliance with the conditions of water use described in the agreement.

Pursuant to the Water Supply Bank Rules, 90% or \$5,542.02 of the rental fee will be paid to the lessor(s) and 10% or \$615.78 will be retained by the Department to offset administrative costs.

The annual rental fee for 2026 is due by December 31, 2025. If you have questions regarding this matter, please contact this office at bank@idwr.idaho.gov or 208-287-4800.

Sincerely,

Debra Mansfield

**RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK
WATER RIGHT NO(S). 2-7071 AND 2-10014 AGREEMENT 910**

*****TIME SENSITIVE RESPONSE REQUIRED*****

Dear Applicant:

The Department of Water Resources acknowledges receipt of your application to rent water from the Water Supply Bank. **I have enclosed a Water Supply Bank Rental Agreement for your review and signature.** Upon signature and return of the original agreement, together with the rental fee described below, the Department will also sign the original agreement and return an executed copy to you. Execution of the agreement and compliance with the conditions of approval authorize diversion and use of water as provided in the agreement.

A rental fee of **\$6,157.80 per year** was calculated based on the current rental rate of \$33.00 per acre-foot times a diversion volume of 186.6 acre-feet. The annual rental fee for 2026 is due by December 31, 2025. The agreement will be void if payment is not received prior to the due date in a given year. If you would like to terminate the agreement prior to the end of the rental period, you must submit written notice of your intent to the Department at least 30 days prior to the rental fee due date.

Please send a check in the amount of \$6,157.80 for 2025 made payable to the Idaho Department of Water Resources, **together with the signed rental agreement, within 14 days** so I can complete processing.

Pursuant to the Water Supply Bank Rules, 90% or ~~\$5,554.02~~ ^{\$5,542.02} of the rental fee will be paid to the lessor(s) and 10% or \$615.78 will be retained by the Department to offset administrative costs for **2025**.

If you have any questions, please contact this office at bank@idwr.idaho.gov or (208) 287-4800.

Subject: RE: Water Supply Bank Rental Agreement 910 Terry Carothers

Skyler,

I am commenting on Agreement 906, 908, and 910 that you submitted.

Comments/Questions Rental Agreement 906

- Condition 9. (Min Stream Flow Condition) Is this for all rentals in WD02 or just some? The rented rights have priority date senior to the Swan Falls Agreement cutoff 10/25/1984 I think.
- Condition 10. and Condition 11. These two seem to contradict each other, that the any combination of rights cannot do more than 4 AF/Acre but the condition 11 math shows 10553 AF/2345 acres is 4.5 AF/acre. Not sure if there is a typo in condition 10. that might make it read differently (and, or, or and/or), while the cfs/acre is still under the limits. I am not sure if this matters, but when looking at data and compliance each season this would give some questions.
- In memo under the Enlargement of Use Paragraph, you reference wr 2-2255 but I think it should be 2-2251

Comments/Questions Rental Agreement 908

- None

Comments/Questions Rental Agreement 910

- This rental is including a water right that is junior to the Swan Falls agreement (2-10014) but does not have the minimum stream flow condition that 906 does. Does condition 7 suffice?
- Condition 11 water right list is from a different diversion. If the water will be diverted from the Grand View Mutual Canal, those water rights listed are delivered at the Bybee and should be adjusted to reflect the POD of Grandview Mutual.

Let me know if there are question about my questions, thank you.

Subject: Water Supply Bank Rental Agreement 910 Terry Carothers

Hello Nick, Kellie, and Jes,

I have completed my review of a Water Supply Bank Rental Application 3049 with the point of diversion within Administrative Basin 2 and Water District 2. The applicant is Terry Carothers. They proposed to rent 30 acres worth of

irrigation for at most 5 years (2025-2029). They did not provide specific water rights to rent from. I found lease contracts 1932 and 1927 fit the applicant's proposal from 2025-2029. Attached is a copy of a draft rental agreement, review memo, and map of the place of use. If you have any comments on the applicant's proposal or my review, please let me know within 7 days. If you have any questions or concerns, please let me know.

Best,

Skyler

Re: Review & Analysis of Application to Rent Water from the State Water Supply Bank

PURPOSE/NARRATIVE:

Application 3049 was sent in by Terry Carothers and received by the Department on September 19th, 2024. The applicant proposes to rent 30 acres worth of irrigation for at least 5 years (2025-2029). The applicant did not request specific water rights to rent from. Lease contracts 1932 for water right 2-7071 and 1927 for water right 2-10014 fits the applicant's proposal from 2025-2029. The proposed point of diversion (POD) is within the Snake River Basin Moratorium Area and Trust Water Area. This application is intended as a renewal of rental agreement 820 which expired on December 31st, 2024.

AUTHORITY TO FILE:

Terry Carothers signed the application. Mr. Carothers has authority to file this agreement because he is the current owner of the property containing the proposed place of use (POU).

INJURY TO OTHER WATER RIGHTS:

The proposed POD is the starting point for the Grandview Mutual Canal. An authorization letter was received from the Grandview Mutual Canal Company on January 6th, 2025. According to the letter the Canal Company will honor the rental request but recommends an additional ½ in of water or 0.03 cfs/acre total be delivered to account for seepage and evaporation losses from the canal. Therefore, I recommend the proportional rental amounts be increased to the irrigation of 45 acres and the authorized acres and volume be reduced to the applicant's proposal of 30 acres to achieve 0.03 cfs/acre.

The lease PODs are from 0 to 9.3 miles from the proposed rental POD. All PODs are within Administrative Basin 2 and administered by Water District 2. The water district can administer water by priority, there are no injury concerns.

ENLARGEMENT OF USE:

The applicant does have an active application for permit, 2-10561, according to Department records which would overlap the proposed POD and POU. However, Department records indicate the application has not advanced to an approved permit yet. Therefore, no combined limits with the exiting application are necessary. There are no other enlargement concerns.

LOCAL PUBLIC INTEREST:

Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES:

The rental appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS:

The proposed POD is within Administrative Basin 2 and Water District 2. The Watermaster and Western Regional Manager were contacted for comment on February 6th, 2025. If no comments are received it is assumed there are no concerns with the applicant's proposal.

Re: Rental Water from the Water Supply Bank
Terry and Jackie Carothers

Dear Idaho Department of Water Resources,

The Grand View Mutual Canal will honor the request of Terry Carothers to deliver his Rental water through the Grand View Mutual Canal system.

The Grand View Mutual Canal recommends one inch per acre plus and additional half inch for evaporation and ditch loss.

If you have any questions, please contact the Grand View Mutual Canal Company.

Sincerely,

Rohl Hipwell
Chairman of the Board
Grand View Mutual Canal Company
