H. NARRATIVE/REMARKS/COMMENTS

This permit qualifies for an in-office exam because it is for domestic use for external use and the total diversion rate is less than 0.24 cfs. The exam was conducted on April 7, 2025, by Jared Klay. At the time of the exam, ownership of the permit is in the name of Windy & Gregory Schooby. Current Lemhi County taxlot data represents Greg Schooby owns the land appurtenant to the place of use (POU) and point of Diversion (POD). Proof of Beneficial Use was submitted on November 28, 2023.

Lemhi County aerial imagery and GIS data verify the described purpose of use on the property. I am recommending the diversion rate as 0.04 cfs per Application Processing Memo #22. I am not recommending volume, as this use is exempt from volume reporting requirements as per the Beneficial Use Rules.

All the conditions of this permit have been met. Condition 26A will be dropped because the permit holders have submitted their Statement of Completion of Beneficial Use. Condition 029 will be dropped because the permit holders confirmed they installed a fish screen on their intake. All other conditions will be carried over to the license.

Have conditions of permit approval been met? ☒ x Yes ☐ No
