Re: Change in Ownership for Water Right No(s): **63-2429**

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Regarding water right 63-8645: Water right 63-8645 will need to be split to change ownership. On August 22, 2024 the Department requested the required remaining processing fee of \$75. As of the date of this letter we have not received the necessary fees. A refund of \$25 has been requested and will be mailed to T-O ENGINEERS INC under separate cover from the Idaho State Controller's Office. You may re-submit a new Notice for this right, with the appropriate documents and fees.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208)287-4800.

Sincerely,

Debra Mansfield

RE: Change in Ownership for Water Right No(s): **63-8645**

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice)

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Remaining Filing Fee of \$75.00 for changes resulting from division of a water right

During our review of your Notice and attachments, we found that water right 63-8645 will need to be split to complete the change in ownership to you.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We have determined that the filing fee for your notice will be **\$75.00**.

Because the Department cannot process the Notice without proper fees, we will hold any action on your notice pending receipt of the necessary fees. If we do not receive the necessary fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208)287-4921.

Sincerely,

Debra Mansfield
