

**IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS**

**IN RE THE GENERAL ADJUDICATION
OF RIGHTS TO THE USE OF WATER FROM
THE BEAR RIVER BASIN WATER SYSTEM**

CIVIL CASE NUMBER 79576

Claim ID: 13-4335

Date Rcd: 4-28-24

Receipt No: P002003

Claim Fee: 52.00 **By:** MB

RECEIVED

APR 28 2025

**NOTICE OF CLAIM TO A WATER RIGHT
ACQUIRED UNDER STATE LAW**

IDWR/Preston

1: Name of Claimant(s): PacifiCorp
Phone: 801-220-7803
Mailing Address: 1407 W North Temple Suite 110, Salt Lake City, UT 84116
E-mail Address: Buffi.Morris@PacifiCorp.com

2: Date of Priority (mm/dd/yyyy): 6/1/1905

3: Source of water: Ground Water () or Other (x) (a) Bear River
which is tributary to (b) Great Salt Lake

4a: Location of Point of Diversion

T	R	S	QQ	Lot	County	Div. Name or Parcel
10S	40E	1	SWNE		Caribou	Grace Dam

5. Description of existing diversion works. A 180 foot rock fill and timber crib dam. Dam height is 51 feet, crest elevation is 5559.0. Overflow spillway is 120 feet wide. The water is conveyed by means of a 5 mile long wood and steel flume (penstock). A tap on the penstock delivers water into a 2" pipe for irrigation of lawns near the power plant.

6. Water is claimed for the following purposes:

Purpose	From (date)	To (date)	cfs	(or) acre feet
Irrigation	4/15	10/31	0.12	

7. Total quantity claimed (a) 0.12 **(cfs) and/or (b) (acre feet)**

8. Non-irrigation uses; describe fully: None

9: Description of Place of Use

Twp	Rge	Sec	NE				NW				SW				SE				Total
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	Total
10S	40E	21			0.5						5	0.2		0.5					6.2

Parcel no(s):

Total Acres 6.2

10. In which counties are lands listed above as the place of use located? Caribou

11. Do you own the property listed above as place of use? Yes (X) No ()

If "no" explain in Remarks

12: Describe any other water rights used at the same place and for the same purposes as described above. or None ()

Irrigation water right 13-4336 overlaps a portion of the place of use, but it is used as a supplemental supply.

13. Remarks (include an explanation of the priority date selected):

Remarks to aid in claims review:

1. Priority date: Per Statutory Claim 13-4335. The claimed priority date represents beneficial use commencing with the construction camp that housed construction workers building the power plant. The plant has a decreed December 1905 priority. Irrigation has continued, generally on the same acres as it was originally developed, but with some small changes as houses were removed or areas were added or taken out of irrigation.
2. The statutory claim that was submitted in 1998 indicated 3 acres of irrigation. However, improved mapping abilities verifies that over 6 acres were actually under irrigation, albeit with slightly different boundaries. An attached map on a 1992 DOQ image, which is very similar to practices at the time the statutory claim was filed, shows the extent of irrigation to be 6.6 acres. Older historical imagery from 1953 and 1976 confirm similar irrigation practices. While this claim represents more irrigated acres than the statutory claim, it is not a physical increase in irrigation but a more accurate reflection of historical practices.
3. Point of Diversion is the Grace Dam.

Conditions necessary to the definition and administration of the right.

6.2 irrigated acres

Revised January 30, 2023

Instructions for Form No. 42-1409-1

FILING FEES

Each claim submitted must include the filing fee. The filing fee for domestic and/or stockwater use claims diverting less than 13,000 gallons of water per day is \$25.00. However, if you are filing more than four (4) claims in which the only purpose of use listed is stockwater, only the first four (4) claims require the \$25.00 filing fee. All additional stockwater claims are fee exempt once the \$100.00 in filing fees has been paid for the first four (4) stockwater only claims filed after July 1, 2017.

The flat fee for filing all other claims filed is \$50.00 per claim. An additional variable filing fee based upon acreage, power generating nameplate capacity, cubic feet per second (cfs) amount, or an equivalent volume of storage water is required for claims for water uses other than domestic and/or stockwater uses diverting less than 13,000 gallons of water per day. Use Table 3 to calculate the variable fee. Add the calculated variable fee to the \$50.00 flat fee to determine the total fee for the claim. The exceptions are fire protection or ground water recharge which have a \$50.00 flat fee, and no variable fee.

Examples for a single claim to a water right with single source and same priority date:

Single family domestic and stockwater use, less than 13,000 gallons per day in total	\$25.00
100 acres irrigation, domestic and stockwater as above	\$150.00
Fish propagation, 4.2 cfs	\$92.00
Multiple family domestic, 1.6 cfs, irrigation of yards and gardens, 14 acres	\$224.00

TABLE 3. VARIABLE FEE SCHEDULE

Irrigation	\$1.00 per acre	Each acre is charged only once.
Power generation	\$3.50 per kilowatt of capacity	Manufacturer's nameplate rating, or \$250,000.00, whichever is less
Aquaculture	\$10.00 per cfs	
Domestic, stockwater use in excess of 13,000 gallons per day	\$100.00 per cfs	
Municipal, industrial, commercial, mining, heating, cooling	\$100.00 per cfs	
Public instream flow, public lake level maintenance, wildlife	\$100.00 per cfs	
Exceptions:	No variable fee is charged for fire protection or ground water recharge.
