Hello, I am reviewing your water right claims 97-8081 and 97-8083 (see attached). I have also attached a map showing what I understand to be your place of use. Can you tell me if I have identified the correct location of the well? Also, using the map can you identify the spring location claimed under 97-8083?

Please note we marked the location of the spring with white on the map.
