RE: Notice of Security Interest for Water Right/Permit No(s): 35-8910,35-12853,35-12062

Dear Security Interest Holder:

The Department of Water Resources (Department) acknowledges receipt of correspondence adding security interest of the above referenced water right(s) to you. The Department has modified its records to reflect the change in security interest and has enclosed a computer-generated report for you. This letter is to inform you that the Security Interest for Water Rights 35-8910,35-12853,35-12062 was completed in February 15, 2023. No Action is needed at this time.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Security Interest, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

If you have any questions concerning the enclosed information, please contact me at (208)287-4920.

Sincerely,

Catalina Beck

COVENANTS

Mortgagor covenants and agrees as follows:

3.01 Insurance.

Mortgagor, at its sole cost and expense, with respect to itself and the Property, will keep and maintain for the mutual benefit of Mortgagor and Lender the insurance required under the Loan Agreement. All of Mortgagor's right, title and interest in and to all policies of property insurance and any unearned premiums paid thereon are hereby assigned, to the fullest extent assignable, to Lender, who shall have the right, but not the obligation, to assign the same to any purchaser of the Property at any foreclosure sale.

3.02 [Reserved].

3.03 Water.

(a) The Property will continue to have continuing, enforceable Water Rights to receive irrigation water from such sources, in such quantities, and at such times and locations as are reasonably satisfactory for the purposes of farming and the operation of the Processing Facilities, without substantially increased cost, and in such quantities, and at such times and locations as has been historically available to the Land.

(b) Mortgagor shall timely take or cause to be taken such actions as shall be necessary to maintain all Water Rights and shall not materially decrease the entitlement under any Water Right without Lender's prior written consent.

(c) Mortgagor shall abide by the provisions of the rules and regulations of the water district and local drainage district in which the Land is located. Mortgagor covenants to immediately apply for all permits and approvals to adequately provide water for the Property in amounts and of such nature as shall be sufficient to allow the development, operation and maintenance of the agricultural operations on the Land and, once issued, will keep them in full force and effect.

(d) Mortgagor shall endeavor to provide Lender with prompt written notice in the event there is any material change in the Law and Restrictions applicable to the Water Rights, the rules and regulations of the water district or local drainage district in which the Land is located or any permits and approvals with respect to water for the Property.

(e) If Lender acquires title to the Property whether by foreclosure, deed in lieu of foreclosure or otherwise, Mortgagor agrees to continue to operate and maintain the irrigation, drainage and water control system currently operating on any adjoining land owned or controlled by Mortgagor to provide drainage and irrigation to the Property and to furnish the same in a fair and equitable manner and at a cost to be determined but which shall be the then customary and proportional charge for lands in similar use within said irrigation, drainage and water control system. To the extent continuation of the operation and maintenance of said irrigation, drainage and water control system requires the assignment, transfer, or renewal of any Water Right, Mortgagor agrees to cooperate with Lender in accomplishing the same, to the extent such Water Rights are assignable, transferable or renewable.

(f) The covenants contained in this Section 3.03 shall survive the foreclosure of this Security Instrument and the conveyance to or acquisition by Lender of title to the Property, and are covenants running with the Land, and shall be binding upon Mortgagor, its successors and assigns so long as this Security Instrument and the Obligations remain outstanding or so long as Lender or its successors and assigns hold title to the Property, whichever is later, but shall terminate upon payment in full of the Obligations and the release and reconveyance of this Security Instrument (taking title by foreclosure or deed in lieu of foreclosure is not such payment or release and reconveyance).

3.04 Restrictive Uses.

Except as expressly contemplated under, and in accordance with the provisions of, Section 5.05 of the Loan Agreement with respect to Non-Core Assets, Mortgagor will not initiate, join in, or consent to any change in the current use of the Land or in any zoning ordinance, private restrictive covenant, assessment proceedings or other public or private restriction limiting or restricting the uses that may be made of the Land or any part thereof or in any way change the boundaries of the Land (including without limitation, any agreed boundary line changes or lot line adjustments).

3.05 Prohibited Transfers.

Mortgagor will not cause, suffer or permit any Transfer except as permitted under the Loan Agreement.

3.06 Permitted Exceptions; Appurtenant Easements.

Mortgagor will timely perform all of the material covenants and other obligations made or owing by Mortgagor to any other person related to the Property, including, without limitation, the Permitted Exceptions and each easement that is appurtenant to the Land. Mortgagor shall keep the Property free from all liens, security interests and encumbrances, whether prior or subordinate to this Security Instrument, other than the Permitted Exceptions and the lien of current real estate taxes and assessments that are not past due.

3.07 Right to Inspect FSA Records.

Lender shall have at all times the right for its officers, employees and agents to inspect and copy any and all records, reports, applications, forms, correspondence and payment records in the offices of the United States of America, Department of Agriculture, Farm Service Agency (FSA) which relate in part or in whole to the Property.

Mortgagor irrevocably appoints Lender its agent to, at any time, demand, receive and enforce payment, to give receipts, releases and satisfactions, and to sue, either in the name of Mortgagor or in the name of Lender, for all such Rents and Proceeds.

4.02 Assignment of Property Agreements.

Mortgagor sells, assigns, transfers, sets over, and delivers to Lender, all of Mortgagor's right, title and interest in and to any and all Property Agreements. The foregoing assignment encompasses the right of Mortgagor to (a) terminate any of the Property Agreements, (b) perform or compel performance and otherwise exercise all remedies under the Property Agreements, and (c) collect and receive all sums which may become due Mortgagor or which Mortgagor may now or shall hereafter become entitled to demand or claim, under the Property Agreements.

4.03 Revocable License.

So long as there is no Event of Default, Mortgagor shall have a license to collect all Rents and Proceeds and all other sums which may become payable to Mortgagor under the Property Agreements. If there is an Event of Default, Lender shall have the right, on written notice to Mortgagor, to terminate and revoke such license and shall have the right and authority then or thereafter to exercise and enforce any and all of its rights and remedies provided in Section 4.01 and Section 4.02 or by law or at equity.

4.04 Non-Responsibility.

Lender's acceptance of the assignments in Section 4.01 and Section 4.02 and all the rights, powers, privileges and authority so granted shall not obligate Lender to assume any obligations in respect of the Rents and Proceeds or under the Property Agreements or take any action thereunder or to expend any money or incur any expense or perform or discharge any obligation, duty or liability in respect of the Rents and Proceeds or under the Property Agreements or to assume any obligation or responsibility for the nonperformance of the provisions thereof by Mortgagor.

ARTICLE V.

ARTICLE VI.
REMEDIES

6.01 Remedies.

If there exists an Event of Default, Lender may at any time declare all of the Indebtedness to be due and payable without any further presentment, demand, protest or notice of any kind. Lender, in its sole discretion, may also do any of the following: (i) Lender may, in person or by agent, and without notice to Mortgagor, enter upon and take possession of the Property, in its own name, and exercise all rights and powers of Mortgagor with respect to the Property, either in the name of Mortgagor or Lender, and do any act which Lender deems necessary to preserve the value or marketability of the Property. (ii) Lender may sue for or otherwise collect the Rents and Proceeds, and apply them, less Costs incurred in their collection, against the Secured Obligations, all in such order as Lender may determine. (iii) Lender may appear in and defend any action or proceeding purporting to affect, in any manner whatsoever, the Secured Obligations, the security hereof or the rights or powers of Lender. (iv) Lender may pay, purchase or compromise any encumbrance, charge or lien (other than Permitted Exceptions) that in the judgment of Lender is prior or superior to this Security Instrument. (v) Lender may commence an action to foreclose this Security Instrument in any manner provided hereunder or by law. (vi) With respect to any personal property, Lender may proceed as to both the real and personal property in accordance with Lender's rights and remedies in respect of the Land, or proceed to sell said personal property separately and without regard to the Land. (vii) Lender may seek specific performance of any provisions in the Loan Documents. (viii) Lender may sue for and recover judgment on the Note either before, during or after any proceedings for the enforcement of the Loan Documents and without any requirement of any action being taken to realize on the Property

or otherwise enforce the Loan Documents. (ix) Lender may exercise any other right or remedy available at law or in equity under this Security Instrument, the other Loan Documents or any applicable law. In exercising any of the foregoing, Lender may pay necessary Costs. All remedies of Lender in this Security Instrument are cumulative and in addition to any and all other rights and remedies provided in the other Loan Documents or by law, including any right of offset. The exercise of any right or remedy by Lender shall not cure or waive any Event of Default, or invalidate any act done pursuant to any notice of Default, or prejudice Lender in the exercise of any of its other rights under the Loan Documents.

6.02 Appointment of Receiver.

In addition to the rights and remedies provided under this Security Instrument, if there exists an Event of Default, as a matter of strict right and without notice to Borrower or anyone claiming under Mortgagor, and without regard to the then value, adequacy or condition of the Property, the danger of loss, removal, or material injury to the Property, or the solvency of any Loan Party, or the condition of the Property, Lender may apply *ex parte* to any court having jurisdiction to appoint a Receiver without bond to enter upon and take possession of the Property. Mortgagor waives notice of any application for the appointment of a Receiver, provided a hearing to confirm such appointment with notice to Mortgagor is set within the time required by law. Mortgagor hereby agrees that Lender has a special interest in the Property and absent the appointment of such Receiver the Property shall suffer waste and deterioration, and Mortgagor agrees it shall not contest the appointment of a Receiver and hereby so stipulates to such appointment pursuant to this Section. Any such Receiver shall have all the powers and duties of receivers in like or similar cases and all the powers and duties of Lender in case of entry as provided herein. Unless earlier terminated, the receivership shall continue until the date of confirmation of a foreclosure sale.

6.03 UCC Remedies.

In addition to the rights and remedies provided under this Security Instrument, during an Event of Default, Lender may exercise all rights and remedies of a secured party under the Uniform Commercial Code as to any Property that is personal property and shall have (i) the right to cause any of the Property which is personal property to be sold at any one or more public or private sales as permitted by applicable law and to apply the proceeds thereof to the Indebtedness or the satisfaction of any of the Secured Obligations, and (ii) the right to apply any Property which is cash, negotiable documents or chattel paper to the Indebtedness or to the satisfaction of any of the Secured Obligations. Any such disposition may be conducted by an employee or agent of Lender. Any person, including both Mortgagor and Lender, shall be eligible to purchase any part or all of such personal property at any such disposition.

6.04 Advances.

If Mortgagor fails to perform or comply with any term in the Loan Documents or any other agreement, then Lender in its sole discretion: (a) may make any payment hereunder or thereunder payable by Mortgagor, and take out, pay for and maintain any of the insurance policies provided for herein or therein; and/or (b) during an Event of Default, perform any such other act to be performed by Mortgagor and enter the Property for such purpose. No payment or performance by Lender shall be deemed to have cured any Default or Event of Default.

6.05 Lender's Rights; No Waiver by Lender.

The rights, powers and remedies of Lender under this Security Instrument are in addition to all rights, powers and remedies given to Lender under the other Loan Documents and applicable statute or rule of law, including, but not limited to, the Uniform Commercial Code. All such rights, powers and remedies

are cumulative and may be exercised successively or concurrently in Lender's sole discretion without impairing Lender's security interest, rights or other available remedies. Any forbearance, failure or delay by Lender in exercising any right, power or remedy shall not preclude further exercise thereof, and every right, power or remedy of Lender shall continue in full force and effect until such right, power or remedy is specifically waived in a writing executed by Lender. Mortgagor waives any right to require the Lender to proceed against any other person or to exhaust all or any part of the Property or to pursue any remedy in Lender's power.

6.06 No Mortgagee in Possession.

Neither the assignments in Section 4.01 or Section 4.02 or Lender's exercise of any of its rights or remedies under this Security Instrument shall be deemed to make Lender a "mortgagee-in-possession" or otherwise responsible or liable in any manner with respect to the Property or the use, occupancy, enjoyment or operation of all or any part thereof, unless and until Lender, in person or by its own agent, assumes actual possession thereof, nor shall appointment of a Receiver for the Property by any court at the request of Lender or by agreement with Mortgagor or the entering into possession of the Property by such Receiver be deemed to make Lender a "mortgagee-in-possession" or otherwise responsible or liable in any manner with respect to the Property or the use, occupancy, enjoyment or operation thereof.

6.07 Foreclosure Sale.

To the full extent allowed by law, Mortgagor waives its right, if any, to require that the Property be sold as separate lots, parcels or items, and Lender shall have the right, in its sole and absolute discretion, to cause the Property to be sold either as a whole or in separate lots or parcels or items as Lender shall determine, and in such order as Lender may determine, and if Lender elects more than one sale or other disposition of the Property, Lender at its option may cause the sales to be conducted simultaneously or successively, on the same day or at different days or times and in such order as Lender may deem to be in its best interests, and no such sale shall terminate or otherwise affect the lien or security interest of this Security Instrument on any part of the Property not then sold until all the Indebtedness has been paid. If Lender elects to dispose of the Property through more than one sale, Mortgagor shall pay the Costs incurred with each such sale and proceeding. At any such sale, Lender may acquire the Property and, in lieu of paying cash, may pay by crediting against the Secured Obligations the amount of its bid, after deducting therefrom any sums which Lender is authorized to deduct under the provisions of the Loan Documents.

6.08 Waiver of Order of Sale and Marshaling.

Lender shall have the right to determine the order in which any or all portions of the Secured Obligations are satisfied from the proceeds realized upon the exercise of any of the remedies provided herein. To the fullest extent permitted by law, Borrower, any party who consents to this Security Instrument, and any party who now or hereafter acquires an interest in the Property and who has actual or constructive notice hereof, waives any and all right to require marshaling of assets in connection with the exercise of any of the remedies permitted by applicable law or provided herein, or to direct the order in which any of the Property will be sold in the event of any sale under this Security Instrument.

6.09 [Reserved].

6.10 Costs.

All Costs incurred by Lender in the exercise of any right or remedy under this Security Instrument: (i) shall be immediately due and payable on demand; (ii) shall accrue interest under the Note from the date of

expenditure by Lender; and (iii) shall be added to the Indebtedness and secured by the other Loan Documents prior to any right, title or interest in or claim upon the Property attaching or accruing subsequent to the lien of this Security Instrument. This Section 6.10 shall apply whether or not the sum was expended or the cost or expense incurred while there is an Event of Default.

6.11 Expenses.

Expenses of retaking, holding, preparing for sale, selling or the like pertaining to the Property shall be borne by Mortgagor and shall include Lender's Attorney Fees. Mortgagor, upon demand of Lender, shall assemble the Property and make it available to Lender at the Property, a place which is deemed to be reasonably convenient to Lender and Mortgagor. Lender shall give Mortgagor at least ten (10) days prior written notice of the time and place of any public sale or other disposition of the Property or of the time after which any private sale or any other intended disposition is to be made. Any such notice sent to Mortgagor in the manner provided for the mailing of notices herein is deemed to be reasonable notice to Mortgagor.

6.12 Expenses during Redemption Period.

The purchaser at any foreclosure sale hereunder may, during any redemption period under applicable law, make such repairs and take such actions on the Property as may be reasonably necessary for the proper operation, care, preservation, protection and insurance of the Property. All sums expended by the purchaser in the exercise of any such right or remedy and all reasonable costs and actual out-of-pocket expenses so incurred, together with interest thereon as provided in the Loan Agreement from the date of expenditure are Costs and shall be added to the amount required to be paid for the redemption from such sale.

6.13 Additional Provisions as to Remedies.

No recovery of any judgment by Lender and no levy of an execution upon the Property or any other property of Mortgagor shall affect the lien and security interest created by this Security Instrument and such liens, rights, powers, and remedies shall continue unimpaired as before. Lender may resort to any security given by this Security Instrument or any other security now given or hereafter existing to secure the Indebtedness, in whole or in part, in such portions and in such order as Lender may deem advisable, and no such action shall be construed as a waiver of any of the liens, rights, or benefits granted hereunder. If Lender has started enforcement of any right by foreclosure, sale, entry, or otherwise and such proceeding shall be discontinued, abandoned, or determined adversely for any reason, then Mortgagor and Lender shall be restored to their former positions and rights under the Loan Documents with respect to the Property, subject to the lien and security interest hereof.

6.14 Waiver of Rights and Defenses.

To the fullest extent Mortgagor may do so under applicable law, Mortgagor (a) will not at any time insist on, plead, claim, or take the benefit of any statute or rule of law now or later enacted providing for any appraisement, valuation, stay, extension, moratorium, redemption, rescission, or any statute of limitations; (b) for itself, its successors and assigns, and for any person ever claiming an interest in the Property (other than Lender), waives and releases all rights of redemption, reinstatement, valuation, appraisement, rescission, set-off, notice of intention to mature or declare due the whole of the Indebtedness, in the event of foreclosure of the liens and security interests created under the Loan Documents, and all rights relating to homestead, dower, curtesy, or other similar exemptions; (c) shall not be relieved of its obligation to pay the Indebtedness as required in the Loan Documents nor shall the lien or priority of the Loan Documents be impaired by any agreement renewing, extending, or modifying the time of payment or the provisions of

the Loan Documents (including a modification of any interest rate), unless expressly released, discharged, or modified by such agreement. Regardless of consideration and without any notice to or consent by the holder of any subordinate lien, security interest, encumbrance, right, title, or interest in or to the Property, Lender may (i) release any person liable for payment of the Indebtedness or any portion thereof or any part of the security held for the Indebtedness or (ii) modify any of the provisions of the Loan Documents without impairing or affecting the Loan Documents or the lien, security interest, or the priority of the modified Loan Documents as security for the Indebtedness over any such subordinate lien, security interest, encumbrance, right, title, or interest.

6.15 Abandonment of Personal Property.

Any personal property remaining upon the Property after the Property has been possessed or occupied by Lender following foreclosure of this Security Instrument or any deed in lieu of foreclosure shall be conclusively presumed to have been abandoned by Mortgagor or any other former owner thereof. Lender shall in no way incur any liability or obligation to Mortgagor or any former owner of said personal property by reason of any action which Lender in its sole discretion chooses to take with respect to said personal property. In no event shall Lender be required to take any affirmative action in preserving, protecting or otherwise overseeing the deployment or storage of said personal property, nor shall Lender incur any liability to Mortgagor or any former owner of said personal property because of failure to take such affirmative action with respect thereto.

ARTICLE VII.
[RESERVED]

ARTICLE VIII.
ADDITIONAL TERMS

8.01 General Provisions

(a) No Waiver. No failure or delay by Lender to insist upon strict, full and complete payment when due of any portion of the Indebtedness, or to insist upon the performance of any Secured Obligation when due, or to exercise any right or remedy hereunder shall constitute a waiver of any such failure to pay, or waiver of the breach of any such Secured Obligation, or a waiver of the later exercise of such right or remedy.

(b) Notices. All notices or other written communications hereunder between Mortgagor and Lender shall be given as provided in the Loan Agreement.

(c) Joinder of Foreclosure. Should Lender hold any other or additional security for the performance of the Secured Obligations, its sale or foreclosure upon any Event of Default, in Lender's sole discretion, may be prior to, subsequent to, or joined or otherwise contemporaneous with any sale or foreclosure under this Security Instrument.

(d) Governing Law. The provisions of this Security Instrument regarding the creation, validity, perfection, and enforcement, including, without limitation, foreclosure of the liens and security interests herein granted, shall be governed by and construed under the requirements of the laws of the State in which the Land is located. (e) Subordination. At Lender's option evidenced by Lender's unilateral declaration to this effect, this Security Instrument may be foreclosed subject to any or all Property Agreements or Leases and to any and all contracts of sale; provided that the lien and security interest of this Security Instrument and Lender's rights to any proceeds and Net Proceeds for any Casualty or Taking shall remain prior.

(f) Waiver of Right to Trial by Jury. Mortgagor waives, to the fullest extent allowed by law, the right to a jury trial in any action under or relating to the Loan Documents, all as provided in the Loan Agreement.

(h) Execution in Counterparts. This Security Instrument may be executed in any number of counterparts, each of which shall be effective upon delivery and thereafter shall be deemed an original, and all of which shall be taken to be one and the same instrument, for the same effect as if all parties hereto had signed the same signature page. Any signature page of this Security Instrument may be detached from any counterpart of this Security Instrument without impairing the legal effect of any signatures thereon and may be attached to another counterpart of this Security Instrument identical in form hereto but having attached to it one or more additional signature pages.

(i) Defense of Title and Rights under Loan Documents. Mortgagor shall forever warrant, defend and preserve Mortgagor's title to the Property, the validity, enforceability and priority of this Security Instrument and the other Loan Documents and the lien or security interest created thereby, and any rights of Lender under the Loan Documents against the claims of all persons, and shall promptly notify Lender of any such claims. Lender is authorized and empowered (but shall not be obligated) to take such additional steps as it may deem necessary or proper for the defense of any such proceeding or the protection of the lien, security interest, validity, enforceability, or priority of the Loan Documents, title to or value of the Property, or any rights of Lender under the Loan Documents. Mortgagor authorizes Lender to take any actions required to be taken by Mortgagor, or permitted to be taken by Lender, in the Loan Documents in the name and on behalf of Mortgagor. Lender, without notice to or demand upon Mortgagor, and without waiving or releasing any Secured Obligations or any Default of Event of Default, may (but shall not be obligated to) make such payment or perform such act for the account and at the expense of Mortgagor, and Mortgagor shall reimburse Lender on demand for all expenses (including attorney fees and costs of recovery) incurred by it in connection with the foregoing. All such expenses of Lender, until reimbursed by Mortgagor, shall be part of the Secured Obligations, bear interest from the date of demand at the Default Rate, and shall be secured by this Security Instrument.

(j) [Reserved].
