RE: Change in Ownership Water Right No. 31-12200, 31-42, 31-11803, 31-11932, 31-11934, 31-11799, 31-11801

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** In order for the department to update the ownership on a water right a full copy of the recorded Warranty Deed is required. Please review the proof report and map for water right 31-12200, it does not appear that Chad owns any portion of that water right. For water right 31-42 it appears the Chad Larsen owns a portion of the place of use. However, the department did not receive a deed indicating Chad's ownership. Please supply a copy of the deed, covering the place of use of water right 31-42 also if a split is required an additional filing fee of \$75.00 would be required. The department also did not receive a deed for the place of use of water right 31-11803, 31-11932, 31-11934, 31-11799, 31-11801, the only deed received in Section 13 T 8 N R36 E was going from Chad and Jessica Larsen and Richard and Peggy Larson to Landen J Larsen and Sydney Jo Larsen. Please supply a copy of the deed going into Chad and Jessica Larsen for the property covered by the place of use of water rights 31-11803, 31-11932, 31-11934, 31-11799, 31-11801. Proof reports and maps are attached for your review.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Bailly
Technical Records Specialist

Conditions of Approval:

1. R05 Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 31.
2. R02 A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
3. R43 The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
4. R59 This right when combined with all other rights shall provide no more than 3.5 afa per acre at the field headgate for irrigation of the lands above.
5. X61 The period of use for the irrigation described in this approval may be extended

Proof Report

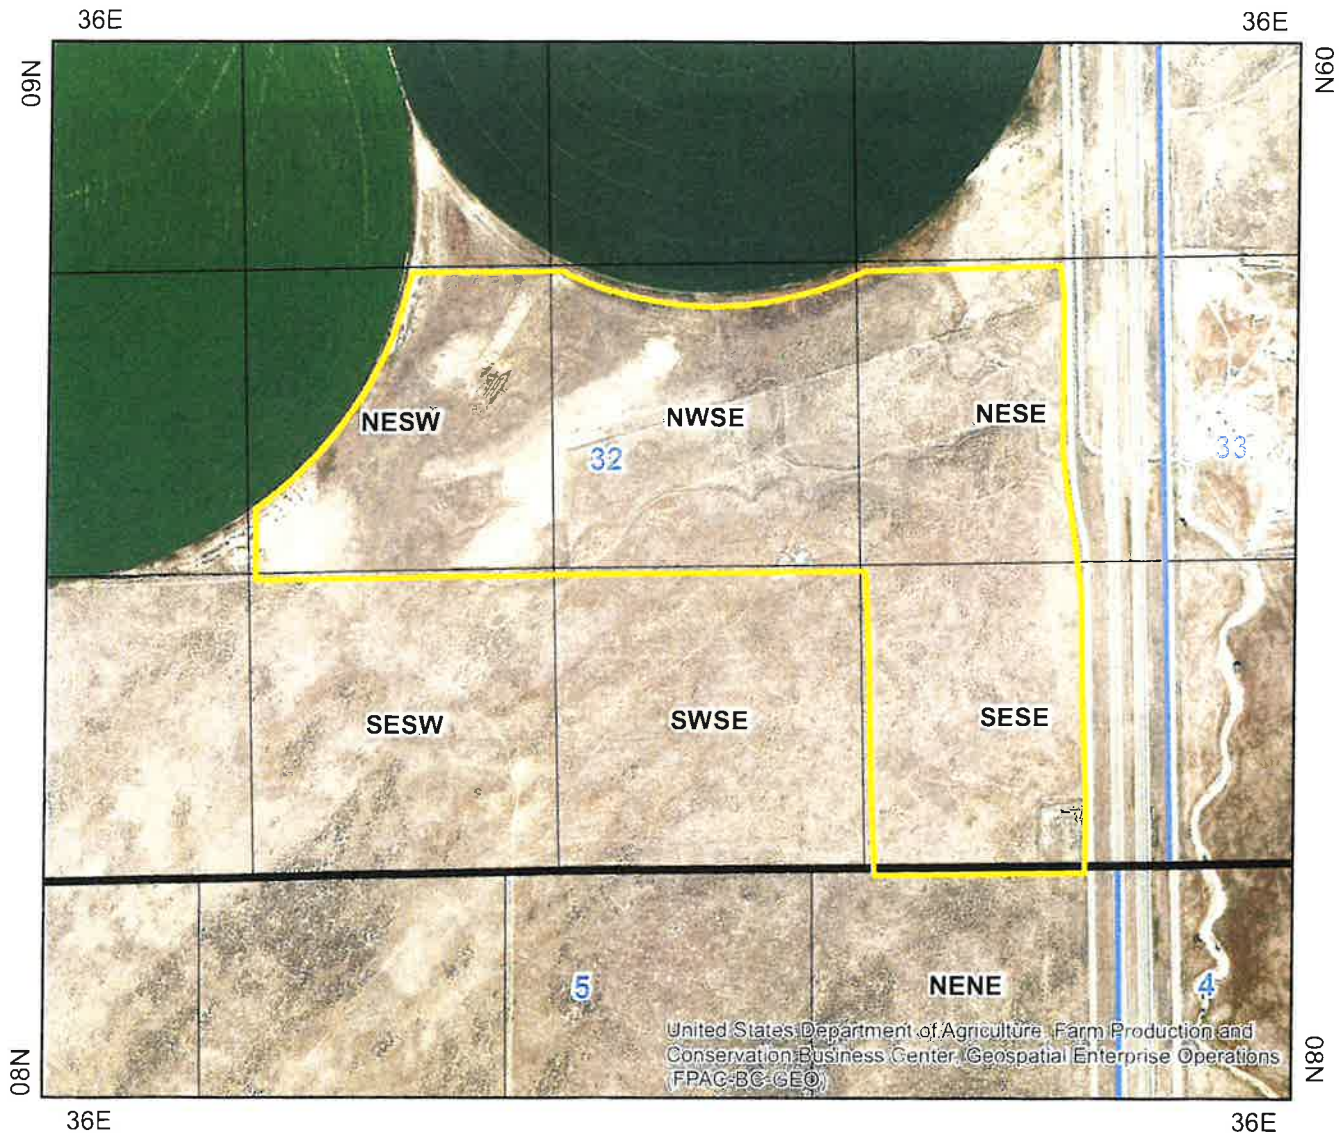

to a beginning date of April 1 and an ending date of October 31, provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before April 15 and after October 15 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than 2/22/2002.

6. Pursuant to a call in times of scarcity on Beaver Creek this right shall have a priority date of June 7, 2012.
7. T07 The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
8. T08 Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
9. T19 Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

Conditions of Approval:

1. X61 The period of use for the irrigation described in this approval may be extended to an ending date of 10/31 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water after 10/15 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than 6/14/2002
2. Right includes accomplished change in point of diversion pursuant to Section 42-1425, Idaho Code.
3. T19 Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
