Subject: 86-12177 Well Location

Dear Elena Watson,

IDWR received examination fee payment on June 17, 2024. Thank you. We are reviewing the claim to prepare a recommendation.

I was hoping you could help with a follow up question. I was wondering if you could locate the well on the map below or on a different map. The claim and well driller report say that the well is in the SW1/4 of the NE1/4 (SWNE). Since your property is divided by a quarter section line (yellow line), I want to make sure that the well location is correct.

You could either print this map and draw in the location and e-mail it back to me, or you could generate a map on a different system like Google maps and locate the well there.
Or...if you have the GPS coordinates of the well location, you could send me that.

Please feel free to contact me if you have any questions.
Thanks,

Craig L. Saxton
