Nolan was instructed by the Department of Water Resources that the Water Master is responsible to coordinate and perform the ditch work. Garth Monroe tried to explain that this is not the water master duties. Nolan still insisted that it was said to him that it is the water masters duties. Garth agreed to disagree and will meet with the Department of Water Resources to verify.

Chris Holmes Spoke on how to file claims on water rights for the Adjudication. All attending were very informed on the matter. Chris said he would be happy to help anyone who needed it.
