9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.

MEMORANDUM FOR LEASE/RENTAL COMPANION-RENTAL APPLICATION # 2733

To: Water Rights 2-105 & 2-2201
From: Bob Howe
Date: 10/10/2023
Re: Review & Analysis of Application to Lease Water to the State Water Supply Bank

PURPOSE/NARRATIVE:

The lease/rental companion package for lease application 2731 and rental application 2733 was received August 29th, 2023, submitted by John Marshall Law PLLC, and signed by Mark Noble (President) on behalf of Farm Development Corporation. Lease application 2732 was submitted and signed by Donald Brandt on behalf of Marilyn Brandt. The applicants propose to idle portions of rights 2-105 and 2-2201 totaling 28.6 acres, to facilitate the irrigation of 28.6 acres of irrigation on property on the eastern boundary of the lease POU in the Dry Lake area of southwest Idaho. The diversion for the lease and rental places of use (POU) is facilitated by a high lift pumping system owner and operated by the West End Project.

AUTHORITY TO FILE:

A quick search of the IDSOS website determined that Mark Noble is a registered agent for Farm Development Corporation. The 2023 Annual Report was saved to the rental file. Donald Brandt submitted a notarized power of attorney signed by Marilyn Brandt, authorizing Donald as the representative. IDWR records list Marilyn Brandt as the current owner of right 2-2201, and Canyon County tax records list Marilyn Brandt as the current owner of the parcel appurtenant to the leased portion of right 2-2201.

Delivery of water for the leased rights and rental POU is owned and operated by the West End Project. Written authorization was submitted by the West End Project for the delivery of the leased water to the rental place of use.

WATER RIGHT VALIDITY:

Right 2-105 is for the diversion of surface water from the Snake River for irrigation, commercial, and stock water use, only 0.44 cfs and 98.55 AF for the irrigation of 21.9 acres is proposed for lease into the WSB. Right 2-2201 shares the same POD as 2-105 and several other rights for irrigation, only 0.13 cfs and 30.15 AF for the irrigation of 6.7 acres is proposed for lease into the WSB. Review of satellite and aerial imagery for the last 5 years indicated that the entire POU has been cultivated and irrigated. No concerns with validity of the water right and portion offered to the bank.

INJURY TO OTHER WATER RIGHTS:

Rights 2-105 & 2-2219C are limited to the irrigation of a combined total of 2774 acres in a single irrigation season. However, this combined limit is just a statement of the additive acre limits of the rights. Lease of this water right would not cause injury to other water rights.

ENLARGEMENT OF USE:

The rental POU has no appurtenant rights and aerial imagery indicates it has not previously been developed for irrigation. As the rental POU is adjacent to the leased POU, utilizes the same delivery system, and there is no change in beneficial use or duty of water there are no injury concerns evident. There are no enlargement concerns regarding the execution of the proposed lease/rental companion package.

LOCAL PUBLIC INTEREST:

Review staff have no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES:

The lease appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS:

The location for the rental POD in Basin 2, is not subject to the administration of a Water District. A comment request with the proposed lease and rental contracts, as well as a copy of the review memo was emailed to the Western Regional Manager, Nick Miller, on October 20th, 2023.

Dear Interested Agencies:

The Department of Water Resources is seeking comment from your agency, regarding the Water Supply Bank (WSB) Lease Contract 1745, for Marilyn Brandt. A copy of the proposed lease contract, the lease review, and map are attached for your reference.

Please submit your comments within 14 days, no later than November 03, 2023. If we do not hear from you by that date, we will assume that no comment from you means you have no objection to, concerns about, or conditions pertaining to the execution of the lease.

Comments are preferred to be received by e-mail to bob.howe@idwr.idaho.gov. However, comments by regular mail and/or FAX to 208-287-6700 are acceptable.
