3. While a right is in the bank, the lessor may not use the right without approval of the Department even if the right is not rented from the bank. 9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.

 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.

13	Narrative: The Department received this application on November 9, 2023. Julie Schelhorn, current owner, signed the application. The applicant wishes to place the full right 63-32256 in the Bank through the 2028 season (5-year term). This right was decreed in 2009 and these acres were placed in the Bank in 2014-2023. In 2020 an ownership change Split the right into 63-32256 (22 acres-SEVERED), 63-35507 (1 acre), 63-35510 (15 acres), and 63-34871 (2 acres). The lessors kept 22 of the 40 acres of the parent water right. Right 63-32256 was severed from the land in the ownership change /split. There are no overlapping rights. This is a ground water right and not currently within a WD. Comments from region: This right is within the South Canyon Co. GW concern area (an area of GW level decline where permit apps. are often protested).
