RE: Address Change received, 55-2141
Change in Ownership 55-2141 and 55-10045

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your address change for water right 55-2141. Based on the information we received, the Department was only able to process the change of address for Luis C. Yturraspe. We do not have Nadine M. Yturraspe as an owner of the listed water right.

In order to have the Yturraspe Trust (Trust) and Nadine listed as owner/trustee of the water right you will need to complete a Notice of Change in Water Right Ownership (Notice), and submit supporting documents such as a deed, or other conveyance document(s) that demonstrate transfer of the land/water right to the Trust. Usually those conveyance documents name the trustee(s), yourself and Nadine Yturraspe. The department will require the chain of title from the three current owners to the trust. If not all owners are accounted for in the chain of title because of their passing, a death certificate should be included with your submission. A complete chain of title can be acquired from the county assessor's office of which the property exists.

In addition to the water right, 55-2141 for irrigation, you have a water right, 55-10045 for stockwater.

By submitting a Change in Ownership and the supporting documents for both water rights you will effectively change the ownership and the owners' addresses for the water rights.

If you have any questions regarding this matter, please contact me at (208) 605-4631

Sincerely,

Susy Hobson
Technical Records Specialist
