RE: Transfer No. 89820
Water Right No(s). 41-7029A

Dear Applicant(s):

The Department recently sent you a letter regarding processing your Application for Transfer of a Water Right, as referenced above. It was recently brought to our attention that the legal notice was not published as scheduled in the local Power County newspaper.

The legal notice has been resubmitted and is scheduled for publication in the **POWER COUNTY PRESS on 7/16/2025 and 7/23/2025**. Protests to this application may be submitted for a period ending ten (10) days after the second publication. Because the legal notice was not published as previously scheduled, the protest deadline has been extended. Any protest against this application must be filed with the Department of Water Resources, together with a protest fee of \$25.00 for each application, on or before **August 4, 2025**.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the approval document.

Please contact this office if you have any questions regarding the application.

Sincerely,

Denise Maline
Administrative Assistant
