

MEMORANDUM

To: Transfer 89820 Benson Ranch Trust

From: Denise Maline

Date: July 10, 2025

Subject: Legal notice publication in the Power County Press

On June 12, 2025, a legal notice was submitted for the above referenced application for transfer to be published in the Power County Press, as well as the 4 Statewide newspapers. This legal notice was scheduled to be published in the Power County Press on June 18 & 25, 2025. As of July 7, 2025, I had not yet received the affidavit of publication or payment invoice from Power County Press.

I called the newspaper July 9, 2025 and spoke to Brett Compton. After a brief discussion, it was determined that the e-mail address IDWR had on file was no longer a valid e-mail for the newspaper. That being said, I did not receive any return e-mails indicating that the e-mail we had on file was invalid. Brett did say that he understood e-mails were supposed to be forwarded to the new account, but apparently that did not happen. He confirmed that the legal notice was not published in June as requested. Due to needing to resubmit to Power County Press, the protest deadline will be advanced.

On July 10, 2025, I submitted the legal notice to Power County Press again. Brett promptly replied and confirmed he received the legal notice, and it will run later in July as scheduled. Publication dates are July 16 & 23, 2025 with an (advanced) protest deadline of August 4, 2025.
