RE: Notice of Claim to a Water Right 97-7933

Dear Claimant,

The Idaho Department of Water Resources (department) has received your Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) Claim No. 97-7933. The department has made multiple attempts to notify you that an amendment to your claim is recommended. Through a review of your claim, the department found water right license 97-7166 to be applicable to your property. This water right license lists a higher diversion rate and volume than what is listed on the claim. Seeing that the license is for the same use on the same property, the department will renumber the claim from 97-7933 to match the water right license number. However, since the claim is for less water than is listed on the water right, the department would be required to recommend the claim/license at the lower rates as claimed.

Therefore, the department is recommending you amend the claim under 97-7933 to reflect the elements of the water right license 97-7166. **Please sign and submit the enclosed amended notice within 14 days, referring to the corresponding claim number (97-7933) on all correspondents.**

PLEASE NOTE: If an amendment to this claim is not submitted within 14 days, the department will proceed to change the claim number to correspond with the water right license and recommend the Court decree the license as claimed, effectively reducing the license to the limits that were claimed.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

Jared Adamson
Water Resource Agent, Sr.
