RE: Rejection of Notice of Claim to a Water Right Claims 11-7839 & 11-7840

Dear Claimant:

The Idaho Department of Water Resources (IDWR) has received your Bear River Basin Adjudication Notice of Claim to a Water Right. We are unable to process your adjudication claim for the following reason(s).

1)-Line 4-Location of Point of Diversion-Please check your QQ for your POD, according to our records the legal description you claimed is not on your property. Could you please place a mark where the spring is located on the map provided.

2)-Line 9-Location of Place of Use- Please check your QQ for your POU, the QQ that you listed is not included in your parcel number. We did mark your parcel number for the POU, if that is correct, then nothing else needs to be done.

3)-Line 15-Signature-Sign with both signatures and date the claim on the new claim form.

The highlighted areas of the forms must be completed as directed in the instructions for the claim to be valid.

If there are areas of the form you need any help with, please call our office and one of our agents will be more than happy to help you fill it out. They can be reached by phone during business hours at 208-701-7200.

Sincerely,
