4. If the water rights and/or adjudication claims were split, how did the division occur?

- ☐ The water rights or claims were divided as specifically identified in a deed, contract, or other conveyance document.
☐ The water rights or claims were divided proportionately based on the portion of their place(s) of use acquired by the new owner.

5. Date you acquired the water rights and/or claims listed above: 5/23/2013

6. Do you own the land identified as the water right place of use? Yes
- ☒
- No
- ☐

- o If no, attach evidence that written notice of the change of water right ownership has been delivered to the landowner of record.

7. This form must be signed and submitted with the following
- REQUIRED**
- items:

- ☒ A copy of the conveyance document – warranty deed, quitclaim deed, court decree, contract of sale, etc. The conveyance document must include a legal description of the property or description of the water right(s) if no land is conveyed.
☐ Plat map, survey map or aerial photograph which clearly shows the place of use and point of diversion for each water right and/or claim listed above (if necessary to clarify division of water rights or complex property descriptions).
☐ Filing fee (see instructions for further explanation):
 o \$25 per undivided water right.
 o \$100 per split water right.
 o No fee is required for pending adjudication claims.
☐ If water right(s) are leased to the Water Supply Bank AND there are multiple owners, a Lessor Designation form is required.
☐ If water right(s) are leased to the Water Supply Bank, the individual owner or designated lessor must complete, sign and submit an IRS Form W-9.

Re: Change in Ownership for Water Right No(s): 63-21208, 63-21209

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at 208-287-4921.

Sincerely,

Debra Mansfield

Attachments: Bixler, Change in Ownership Confirmation .pdf; 63-21208, 63-21209 Updated Maps.pdf

Hello Cindy,

Please see the attached confirmation letter for your Change in Ownership, for Water Rights 63-21208 & 63-21209. Please note, this letter is also being mailed to you via USPS, per Department procedure.

Regarding the location of your water rights:

You are correct. The current water right maps overlap parcels owned by Jacobs and others in the NESE1/4. I have corrected the shapes to reflect the portion of property that you own in this quarter-quarter. Please see the attached maps, for your reference. The shapes should be uploaded to the Department's website by tomorrow. It takes about 24 hours for the system to sync my changes with the public website.

63-21208 & 63-21209 were decreed in the NESE1/4 of Sec 31, T03N, R01W. If you need to move the water use to a different part of your property or your Point of Diversion (the well) is located in a different quarter-quarter, then you will want to look into the transfer process for a water right. A Transfer allows you to change your Point of Diversion or your Place of Use. More information regarding the Transfer Process can be found here: [Water Right Transfers | Idaho Department of Water Resources](#)

If you have any other questions regarding Water Right Transfers, I recommend calling us and asking to speak with an Agent of the Day. You can contact the state office at (208)287-4800 or the Western Region (208)334-2190.

Good morning Debra -

executed QuitClaim Deed & Glenn Death Certificate attached. please let me know if you need anything else to proceed.

we are particularly driven to get the location of the water right corrected.. on your maps it shows on another property (Jacobs' I believe) - not ours. what would be necessary to get that corrected?

thank you for your patience and help!

Hello Cindy,

After consulting with a colleague, we think it may be in your best interest to change the acronym from IRCP to IDWR. IRCP is not commonly used and IDWR would be clearer.

Please keep in mind, the Department is unable to officially consult in matters of drafting documentation. If you have additional concerns about drafting your deed it may be in your best interest to consult with a Water Rights attorney for more official advice.

However, I have attached a couple of copies of quitclaim deeds that the Department has accepted in the past, for your reference. I hope this is helpful.

Thank you,

Hi Debra -

I was able to get this quitclaim deed from our title company.. would this be sufficient to transfer ownership once executed? I'll wait to hear back from you - my Mother in Law is 95 years old so don't want to have to get her out more than necessary.

thank you!

RE: Change in Ownership for Water Right No(s): 63-21208, 63-21209

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

During our review of the documentation you submitted we found that we will need further Evidence of Water Right Ownership to process your change. Water rights 63-21208 & 63-21209 are under the current ownership of GLENN E BIXLER & ELMA BIXLER. The Department received a Quitclaim Deed showing the conveyance of property from Steven G Bixler & Cynthia K Bixler to Steven G Bixler & Cynthia K Bixler. You will need to provide evidence showing the conveyance of water rights 63-21208 & 63-21209 from the current owners to you.

The documentation may be in the form of a deed, court decree or other conveyance document. If you are submitting a quitclaim deed and the grantor's name does not match the water right holder of record, you will need to provide a chain of title that goes back to the water right holder/claimant of record. You may obtain this information from the assessor's office in the county where the property is located. Items that are *not* conveyance documents are deeds of trust, mortgages, purchase and sales agreements, and property tax notices.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that water right holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to update ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at 208-287-4921.

Sincerely,

A handwritten signature in blue ink that reads "Debra Mansfield". The signature is written in a cursive style with a large, looped initial "D".
