Fox Creek Canal Company

Justin Moulton Board Member 307-690-4646

Justinmoulton5@gmail.com

John Moulton Board Member Watermaster 509-834-5021

charlie_dog@live.com

1.

Total Limits

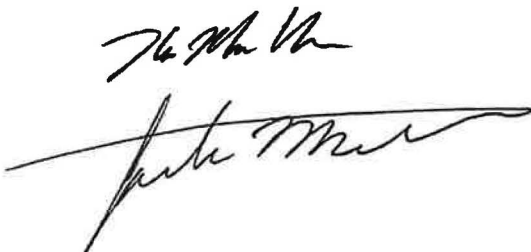

3377.7 acres

2. The proposed change is not going to add additional irrigated area to the water rights. The change proposes to divert water for aesthetic and recharge purposes into a ditch within the new service boundary. No additional irrigation will occur in this service area. The boundary was also adjusted to remove three quarter-quarters that water has never been physically deliverable to. The new areas being included in the service boundary have an existing ditch that can convey canal company water through.

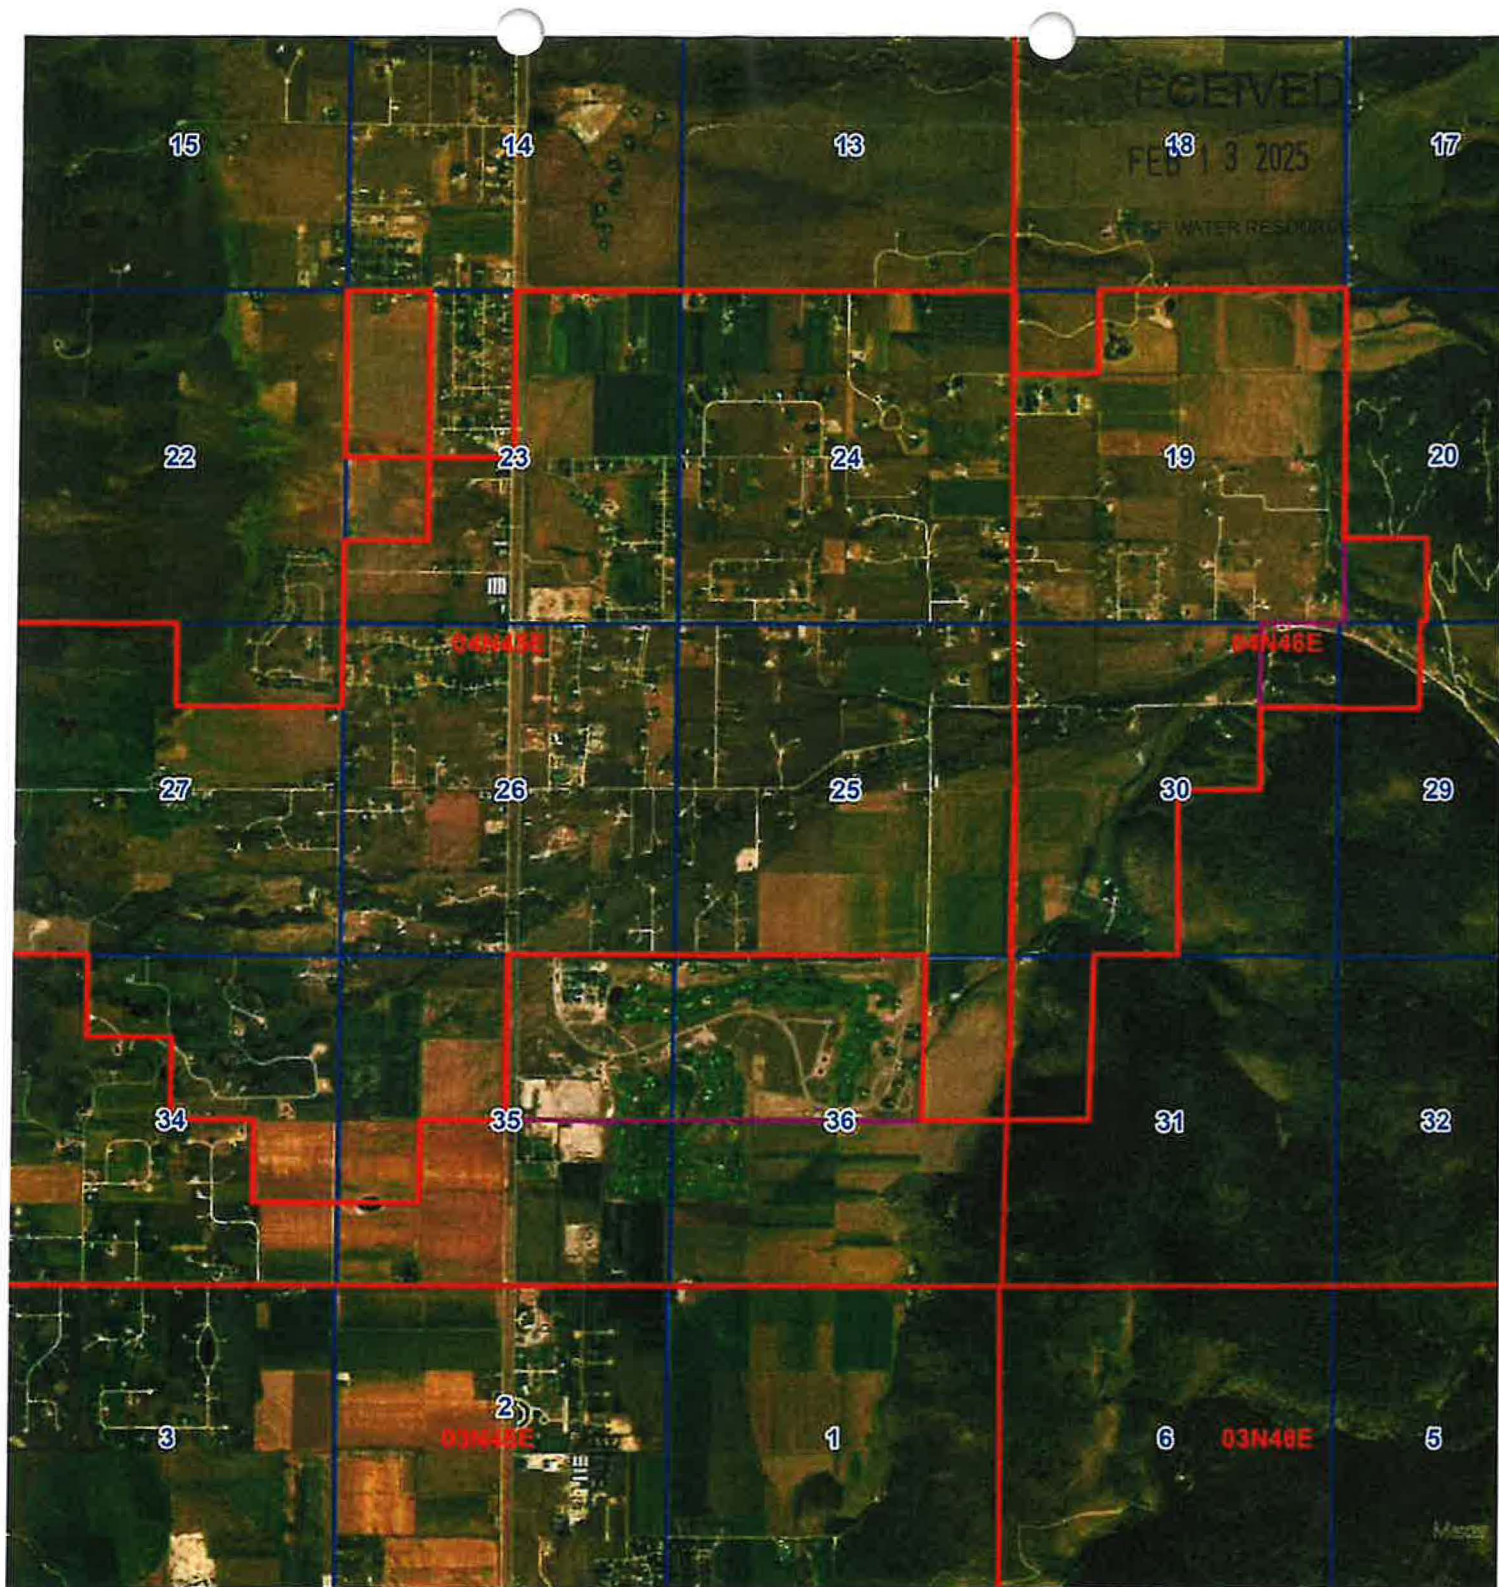

3. Water is already being run through the ditch beginning on April 1st every year and continuing into the irrigation season. This will not change as a result of inclusion of the ditch into the service area.

4. There is no overlap between Trail Creek Irrigation Company and the proposed service area being included. The ditch being used to serve the proposed areas is already in use to deliver irrigation water to downstream users within the boundary.

5.

Two handwritten signatures in black ink. The top signature is "Justin Moulton" and the bottom signature is "John Moulton".

Fox Creek Canal Co Boundary Map.pdf;

Hi Justin,

The letter should be picked up tomorrow and the map is attached.

I hope you have a great rest of your week and please let me know if you have any questions about the boundary.

Thank you!

Shilynn

Hey Shilynn,

Thanks for getting this done!

Would it be possible for you to also include an aerial view of a map showing our POU boundary please.

Subject: Request to Change Irrigation Corporation Boundary Approval

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence requesting to change the Place of Use (POU) of the above referenced water right(s). The Department has modified its records based on the information received.

Your water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion or nature of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change other elements of your water right, then no further action is required at this time. If you wish to adjust the boundary in the future, please review Idaho Code § 42-222B to determine the criteria for this change and submit Form 222B to the Department.

Updating the POU record for this water right does not reconfirm the validity of the right. When processing irrigation corporation boundary adjustments, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please respond to this email with a current mailing address so I may send a physical copy of the approval for your records.

If you have any questions concerning the boundary modification, please contact me at (208) 287-4915.

Sincerely,

Shilynn

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence requesting to change the Place of Use (POU) of the above referenced water right(s). The Department has modified its records based on the information received.

Your water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion or nature of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change other elements of your water right, then no further action is required at this time. If you wish to adjust the boundary in the future, please review Idaho Code § 42-222B to determine the criteria for this change and submit Form 222B to the Department.

Updating the POU record for this water right does not reconfirm the validity of the right. When processing irrigation corporation boundary adjustments, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

A Change in Address form is enclosed along with a list of the current owners on file in case you need to update the contact information on the water rights.

If you have any questions concerning the boundary modification, please contact me at (208) 287-4915.

Sincerely,

Shilynn Novak
