CONDITIONS OF APPROVAL

1. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 120.
2. Prior to the diversion and use of water under Transfer approval 86992, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.
3. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.
4. The period of use for the irrigation described in this approval may be extended to a beginning date of April 1 and an ending date of October 31 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before May 15 and after September 15 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than 3/6/2002.
