RE: Change in Ownership Water Right No. 29-2330, 29-11427

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Additional Filing Fee:** According to the information received the ownership change for the above-mentioned water rights will require a split, for water right number 29-2330 a split is required for a portion of irrigation on property owned by Daniel E Dammaschke. It also appears you would only receive a portion of water right 29-11427, that water right is for domestic and stockwater and the department cannot see that there is a domestic dwelling on your parcel, there is also a cattle limitation on this water right and we will need an agreement with you and the other parcel owner as to how the cattle will be divided, please see the proof report attached. The filing fee for a split water right is \$100.00 per water right. The department received \$50.00 with your application, please provide an additional \$150.00 in order to split the water right.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Bailly
