RE: Water Permit 78-12523

Dear Property Owner:

The Department of Water Resources (Department) has reason to believe you may be the owners of all or part of the property associated with water right permit 78-12523 (permit). The permit authorizes a total diversion rate of 0.01 cubic feet per second of waste water for irrigation use in a portion of Section 24, Township 19 North, Range 01 East, Adams County.

According to Department records, the current permit holder is Bruce Stuart and Debrorah Stuart. A condition of the permit required the permit holder to submit a proof of beneficial use statement to the Department on or before **November 1, 2025**. The Department notified Bruce Stuart and Debrorah Stuart by certified mail at PO Box 10, New Meadows, ID 83654-0010. The correspondence was returned to our office marked "return to sender- attempted- not known- unable to forward" by the US Postal Service.

If you are the current owner of the property appurtenant to water permit 78-12523, a Notice of Change in Water Right Ownership must be completed.

Along with the ownership change notice, you must submit either a *Statement of Completion for Submitting Proof Beneficial Use* or a *Request for Extension of Time* form. If the Department does not receive either a *Statement of Completion for Submitting Proof Beneficial Use* or a *Request for Extension of Time* by **November 1, 2025**, the permit will lapse.

I am enclosing a copy of the permit, a map showing the place of use, a Statement of Completion for Submitting Proof Beneficial Use, a Request for Extension of Time and a Notice of Change in Water Right Ownership form for your benefit. These forms can also be found on the Department's website, www.idwr.idaho.gov.

If you have any questions, please contact me at (208) 287-4945.

Sincerely,

Julie Adams
